India (2007-2008) Participation and Expenditure in Education

Overview	
Type	Other Household Survey [hh/oth]
Identification	Schedule 25.2
Version	anonymised dataset for public distribution.
Series	64 round of National Sample Survey : Socio-Economic Survey
Abstract	
<p>Introduction: This is the 64th round of NSS conducted from 1.7.2007 to 30.6.2008 The National Sample Survey (NSS), set up by the Government of India in 1950 to collect socio-economic data employing scientific sampling methods, will start its sixty-fourth round from 1st July 2007. The survey will continue up to 30th June 2008.</p> <p>Subject Coverage: The 64th round (July 2007-June 2008) of NSS covered the subjects of 'Employment-Unemployment and Migration', 'Participation and expenditure in Education' and 'Household Consumer Expenditure'. NSS 55th round (July 1999 - June 2000) and 49th round (January - June 1993) were the two latest rounds where migration was taken up as one of the subjects. Detailed information on education was collected in NSS 52nd round (July 1995 - June 1996), prior to which such information were collected during the 47th round of NSS (July - December 1991).</p> <p>Geographical coverage: The survey covered the whole of the Indian Union except (i) Leh (Ladakh) and Kargil districts of Jammu & Kashmir (for central sample), (ii) interior villages of Nagaland situated beyond five kilometres of the bus route and (iii) villages in Andaman and Nicobar Islands which remain inaccessible throughout the year.</p> <p>Period of survey and work programme: The period of survey is from 1st July 2007 to 30th June 2008. The survey period is divided into four sub-rounds of three months' duration each as follows:</p> <p>sub-round 1 : July - September 2007 sub-round 2 : October - December 2007 sub-round 3 : January - March 2008 sub-round 4 : April - June 2008</p> <p>In each of these four sub-rounds equal number of sample villages/ blocks (FSUs) was covered to ensuring uniform spread of sample FSUs over the entire survey period.</p>	
Kind of Data	Sample survey data [ssd]
Unit of Analysis	Households and persons

Scope & Coverage

Scope

The survey collected data on household characteristics, demographic particulars of household members, education participation for the currently attending persons.

The scope of the Multiple Indicator Sample Survey includes:

- HOUSEHOLD:

Household characteristics, household size, principal industry (NIC-2004), principal occupation (NCO-2004), household type, religion, social group, land possessed, incurring any expenditure during the current academic session/year on dependants aged 5-29 years studying away from home - if yes no such dependants with total expenditure, distance of nearest school having primary/upper primary/secondary level classes, household consumption expenditure (Rs.) during last 30 days out of purchase / home produced stock / receipts in exchange of goods and services / gifts and loans / free collection.

- PERSONS (All ages):

Relation to head, sex, marital status, educational level, educational enrolment & attendance status for persons aged 5-29 years.

- PERSONS (5-29 years) - Education particulars :

Age at entry in school, no of courses attended, type of current education, level of current attendance, present class / grade / year of study, type of institution, nature of institution, medium of instruction, type of course, is education free, whether tuition fee waived, annual amount waived, reason for waiver, received scholarship / stipend, annual amount of scholarship / stipend received with reason for receiving, received textbooks, received stationery, agency if any provided free mid-day meal / tiffin / nutrition, distance of institution from place of residence, mode of transport, whether concession received in case of public transport, whether changed educational institution last one year

- PERSONS (5-29 years) - Particulars of private expenditure (Course specific) :

Tuition fee, examination fee, other fees & payments, books, stationery, uniform, transport, private coaching, total expenditure, other expenditure, Amount of donation if any paid to whom

- PERSONS (5-29 years) - Particulars of currently not attending persons :

Whether ever enrolled, age at first enrolment in school (years), level of enrolment, type of education, whether completed, grade/class completed before dropping / discontinuance, age when discontinued / dropped, type of institution last attended, reason for never enrolling / discontinuing / dropping out, usual principal activity status

Keywords	Participation, Education, Expenditure
-----------------	---------------------------------------

Geographic Coverage

The survey covered the whole of the Indian Union except (i) Leh (Ladakh) and Kargil districts of Jammu & Kashmir (for central sample), (ii) interior villages of Nagaland situated beyond five kilometres of the bus route and (iii) villages in Andaman and Nicobar Islands which remain inaccessible throughout the year.

Sampling

Sampling Procedure

Sample Design

Outline of sample design:

A stratified multi-stage design has been adopted for the 64th round survey. The first stage units (FSU) will be the 2001 census villages (Panchayat wards in case of Kerala) in the rural sector and Urban Frame Survey (UFS) blocks in the urban sector. However, for the newly declared towns and out growths (OGs) in census 2001 for

which UFS has not yet been done, each individual town/ OG will be considered as an FSU. The ultimate stage units (USU) will be households in both the sectors. In case of large FSUs i.e. villages/ towns/ blocks requiring hamlet-group (hg)/ sub-block (sb) formation, one intermediate stage will be the selection of two hgs/ sbs from each FSU.

Sampling Frame for First Stage Units:

For the rural sector, the list of 2001 census villages (Panchayat wards for Kerala) will constitute the sampling frame. For the urban sector, the list of latest available Urban Frame Survey (UFS) blocks and for non-UFS towns list of such towns/ OGs will be considered as the sampling frame.

Stratification:

Within each district of a State/ UT, generally speaking, two basic strata will be formed: i) rural stratum comprising of all rural areas of the district and (ii) urban stratum comprising of all the urban areas of the district. However, within the urban areas of a district, if there are one or more towns with population 10 lakhs or more as per population census 2001 in a district, each of them will form a separate basic stratum and the remaining urban areas of the district will be considered as another basic stratum. For a few districts, particularly in case of Tamil Nadu, if total number of towns in the district for which UFS is not yet done exceeds certain number, all such towns taken together will form another basic stratum. Otherwise, they will be merged with the UFS towns for stratification.

Sub-stratification:

Rural sector:

If 'r' be the sample size allocated for a rural stratum, the number of sub-strata formed will be 'r/4'. The villages within a district as per frame will be first arranged in ascending order of population. Then sub-strata 1 to 'r/4' will be demarcated in such a way that each sub-stratum will comprise a group of villages of the arranged frame and have more or less equal population.

Urban sector:

If 'u' be the sample size for a urban stratum, 'u/4' number of sub-strata will be formed. The towns within a district, except those with population 10 lakhs or more and also the non-UFS towns, will be first arranged in ascending order of population. Next, UFS blocks of each town will be arranged by IV unit no. × block no. in ascending order. From this arranged frame of UFS blocks of all the towns, 'u/4' number of sub-strata will be formed in such a way that each sub-stratum will have more or less equal number of FSUs.

For towns with population 10 lakhs or more, the urban blocks will be first arranged by IV unit no. × block no. in ascending order. Then 'u/4' number of sub-strata will be formed in such a way that each sub-stratum will have more or less equal number of blocks.

All non-UFS towns taken together within the district will form one sub-stratum.

Total sample size (FSUs):

12688 FSUs for central sample and 13624 FSUs for state sample have been allocated at all-India level.

Allocation of total sample to States and UTs:

The total number of sample FSUs is allocated to the States and UTs in proportion to population as per census 2001 subject to a minimum sample allocation to each State/ UT. While doing so, the resource availability in terms of number of field investigators has been kept in view.

Allocation of State/ UT level sample to rural and urban sectors:

State/ UT level sample is allocated between two sectors in proportion to population as per census 2001 with 1.5 weightage to urban sector subject to the restriction that urban sample size for bigger states like Maharashtra, Tamil Nadu etc. should not exceed the rural sample size. A minimum of 8 FSUs is allocated to each state/ UT separately for rural and urban areas. Further the State level allocation for both rural and urban have been adjusted marginally in a few cases to ensure that each stratum gets a minimum allocation of 4 FSUs.

Allocation to strata:

Within each sector of a State/ UT, the respective sample size will be allocated to the different strata in proportion to the stratum population as per census 2001. Allocations at stratum level will be adjusted to a multiple of 4 with a minimum sample size of 4.

Selection of FSUs:

From each sub-stratum of a district of rural sector, four FSUs are selected with Probability Proportional to Size With Replacement (PPSWR), size being the population as per census 2001. For urban sector, from each sub-stratum four FSUs are selected by using Simple Random Sampling Without Replacement (SRSWOR) for UFS towns and by PPSWR in case of non-UFS towns with size being the population as per Census 2001. Within each sub-stratum, samples are drawn in the form of two independent sub-samples in both the rural and urban sectors.

Formation and selection of hamlet-groups/ sub-blocks:

In case hamlet-groups/ sub-blocks are to be formed in the sample FSU, the same done by more or less equalizing population. It is ensured that the hamlet-groups/ sub-blocks formed are clearly identifiable in terms of physical landmarks.

Two hamlet-groups (hg)/ sub-blocks (sb) are selected from a large FSU wherever hamlet-groups/ sub-blocks have been formed, by SRSWOR. Listing and selection of the households are done independently in the two selected hamlet-groups/ sub-blocks to be described as sample hg/ sb 1 and 2. The FSUs without hg/ sb formation will be treated as sample hg/ sb number 1.

Schedule 25.2 (participation and expenditure in education)

The listed households will be stratified into two SSS as under:

SSS 1: households having any member of age 5 - 29 years enrolled at primary and above level

SSS 2: other households

Response Rate

97% of households

Data Collection

Data Collection Dates	start 2007-07-01 end 2008-06-30
Time Period(s)	4: start 2007-07-01 4: end 2008-06-30
Data Collection Mode	Face-to-face [f2f]

Questionnaires

In the present round, Schedule 25.2 on participation and expenditure in education consists of 10 blocks.

The first three blocks, viz., Block 0, Block 1 and Block 2 were used for recording identification of sample households and particulars of field operations, as practiced in previous rounds. The last three blocks, viz., Block 8, Block 9 and Block 10 were used to record the remarks of investigator/senior investigator, superintendent/senior superintendent and other supervisory officer respectively. Block 3 was for recording the household characteristics like household size, principal industry, principal occupation, household type, religion, social group, land possessed, details of household expenditure for dependants studying away from home, distance from nearest school having primary/upper primary/secondary level classes and five questions for capturing household consumption expenditure etc. Block 4 was used for recording the demographic and other particulars of all the household members. Particulars of current educational attendance and current enrolment status for household member aged 5-29 years was also collected in Block 4. The education particulars of the household members, aged 5 years to 29 years, who were currently attending educational institutions at primary level and above were recorded in Block 5. In this block, information on course, level, class/grade/year, type of institution,

medium of instruction, etc., were collected for at most two courses. Block 6 was designed to collect particulars of private expenditure for the household members, whose educational particulars were collected in block 5. Here, the break-up of expenditure in detail of the basic course of each such member was collected along with the aggregate expenditure of the second course and all other courses (taken together), if any. Particulars of household members, aged 5 years to 29 years, who were currently not attending any educational institution, were collected in Block 7. In this block, information like whether ever enrolled, age at entry in school, age of discontinuation / dropping, etc. were recorded.

In a nutshell, the schedule consists of the following blocks:

Block 0: Descriptive identification of sample household

Block 1 : Identification of sample household

Block 2: Particulars of field operations.

Block 3 : Household characteristics

Block 4 : Demographic and other particulars of household members

Block 5: Education particulars of those aged 5-29 years who are currently attending at primary level and above

Block 6: Particulars of the private expenditure for those aged 5-29 years, who are currently attending at primary level and above

Block 7 : Particulars of currently not attending persons in the age group 5-29 years

Block 8: Remarks by investigator/senior investigator

Block 9 : Remarks by superintendent/ senior superintendent

Block 10: Remarks by other supervisory officer

Variables Description

Dataset contains 329 variable(s)

File Block-1 & 2 Identification of sample household			
#1 CENTRE_ROUND_SHIFT: Centre code, Round and Subfolder name			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
000		100581	100.0%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#2 FSU_SL_NO: FSU Serial No.			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
#3 ROUND: Round			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
64		100581	100.0%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#4 SCH_NO: Schedule Number			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
252		100581	100.0%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#5 SAMPLE: Sample			
Information	[Type= discrete] [Format=numeric] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
1	Central	100581	100.0%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#6 SECTOR: Sector			
Information	[Type= discrete] [Format=numeric] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
1	Rural	63318	63.0%
2	Urban	37263	37.0%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#7 STATE: state			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
<i>Frequency table not shown (35 Modalities)</i>			

File Block-1 & 2 Identification of sample household			
#8 REGION: Region			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
1		38803	38.6%
2		25104	25.0%
3		16553	16.5%
4		10018	10.0%
5		8759	8.7%
6		1344	1.3%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#9 DISTRICT: District			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
<i>Frequency table not shown (70 Modalities)</i>			
#10 STRATUM: Stratum			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
<i>Frequency table not shown (92 Modalities)</i>			
#11 SUB_STRATUM_NO: Sub-Stratum no.			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
01		38978	38.8%
02		24401	24.3%
03		14189	14.1%
04		8067	8.0%
05		4837	4.8%
06		2962	2.9%
07		1915	1.9%
08		1175	1.2%
09		756	0.8%
10		636	0.6%
11		510	0.5%

16		128	0.1%
17		128	0.1%
18		127	0.1%
19		95	0.1%
20		94	0.1%

File Block-1 & 2 Identification of sample household

#11 SUB_STRATUM_NO: Sub-Stratum no.

Value	Label	Cases	Percentage
21		96	0.1%
22		94	0.1%
23		60	0.1%
24		63	0.1%
25		64	0.1%
26		64	0.1%
27		32	0.0%
28		32	0.0%
29		32	0.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#12 SUB_ROUND: Sub-Round

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]

Value	Label	Cases	Percentage
1		25215	25.1%
2		25167	25.0%
3		25134	25.0%
4		25065	24.9%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#13 SUB_SAMPLE: Sub-sample

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]

Value	Label	Cases	Percentage
1		50341	50.1%
2		50240	49.9%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#14 FOD_SUB_REGION: FOD-Sub-Region

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]

Frequency table not shown (193 Modalities)

#15 HG_SB_NO: Hg/Sb No.

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]

Value	Label	Cases	Percentage
1		75299	74.9%
2		25282	25.1%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#16 SSS_NO: Second-stage-stratum No.

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]

File Block-1 & 2 Identification of sample household

#16 SSS_NO: Second-stage-stratum No.

Value	Label	Cases	Percentage
1		50301	50.0%
2		50280	50.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#17 SAMPLE_HH_NO: Sample Household No.

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100580 /-] [Invalid=0 /-]

Value	Label	Cases	Percentage
01		37787	37.6%
02		37765	37.5%
03		12476	12.4%
04		12461	12.4%
05		41	0.0%
06		25	0.0%
07		14	0.0%
08		11	0.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#18 LEVEL: Level

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]

Value	Label	Cases	Percentage
01		100581	100.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#19 FILLER: Filler

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]

Value	Label	Cases	Percentage
00000		100581	100.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#20 INF_SL_NO: Informant SI. No.

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]

Interviewer's instructions
The serial number (as recorded in column 1 of block 4 of the schedule) of the person, who will provide the bulk of information is to be entered here. It may be noted that under general circumstances, information are to be collected from the members of the household. However, under the compelling circumstances, if a major part of the information is collected from a person, who is not a member of the household, code '99' will be recorded against this item.

Value	Label	Cases	Percentage
01		24401	24.3%
02		13105	13.0%
03		2120	2.1%
04		1006	1.0%

File Block-1 & 2 Identification of sample household

#20 INF_SL_NO: Informant SI. No.

Value	Label	Cases	Percentage
05		394	0.4%
06		227	0.2%
07		146	0.1%
08		73	0.1%
09		38	0.0%
1		34781	34.6%
10		43	0.0%
11		33	0.0%
12		15	0.0%
13		6	0.0%
14		6	0.0%
15		3	0.0%
16		4	0.0%
17		1	0.0%
18		2	0.0%
19		1	0.0%
2		18491	18.4%
3		2900	2.9%
4		1345	1.3%
5		525	0.5%
6		318	0.3%
7		203	0.2%
8		117	0.1%
9		56	0.1%
99		221	0.2%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#21 RESP_CODE: Response Code

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]
Interviewer's instructions	<p>This item will be filled in after collecting information for all items in the schedule. The entry is to be made in terms of codes on the basis of the impression formed by the investigator regarding the overall response of the informant. The codes are:</p> <p>informant co-operative and capable 1 informant co-operative but not capable 2 informant busy 3 informant reluctant 4 others 9</p>

Value	Label	Cases	Percentage
1	informant co-operative and capable	81189	80.7%
2	informant co-operative but not capable	17441	17.3%
3	informant busy	1233	1.2%
4	informant reluctant	636	0.6%
9	others	82	0.1%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

File Block-1 & 2 Identification of sample household			
#22 SURVEY_CODE: Survey Code			
Information	[Type= discrete] [Format=numeric] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Interviewer's instructions	Whether the originally selected sample household or a substitute household has been surveyed will be indicated against this item by recording code '1' if the originally selected household has been surveyed and code '2' if the substitute household has been surveyed. If neither the originally selected household nor a substitute household could be surveyed, i.e., if the sample household is a casualty, code '3' will be recorded. In case of a casualty only the blocks 0, 1, 2, 8,9 and 10 are to be filled up and on the top of the front page of the schedule the word 'CASUALTY' should be written in block capitals.		
Value	Label	Cases	Percentage
1	original h.h. surveyed	97564	97.0%
2	substituted h.h. surveyed	3017	3.0%
3	casualty	0	0.0%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#23 SUBST_CODE: Substitution Code			
Information	[Type= discrete] [Format=numeric] [Missing=*]		
Statistics [NW/ W]	[Valid=3017 /-] [Invalid=97564 /-]		
Value	Label	Cases	Percentage
1	informant busy	2378	78.8%
2	members away from home	361	12.0%
3	informant non- cooperative	152	5.0%
4		126	4.2%
9	Others	0	0.0%
Sysmiss		97564	
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#24 DATE_SURVEY: Date of Survey			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100569 /-] [Invalid=0 /-]		
<i>Frequency table not shown (391 Modalities)</i>			
#25 DATE_DESPATCH: Date of Dispatch			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=99744 /-] [Invalid=0 /-]		
<i>Frequency table not shown (423 Modalities)</i>			
#26 TIME_TO_CANVAS_SCH: Time of canvas Sch25.2(mins.)			
Information	[Type= continuous] [Format=numeric] [Missing=*]		
Statistics [NW/ W]	[Valid=100507 /-] [Invalid=74 /-] [Mean=72.253 /-] [StdDev=34.337 /-]		
#27 SPL_CH_OK: Special characters for OK stamp			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=0 /-] [Invalid=0 /-]		
#28 BLANK: Blank			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=0 /-] [Invalid=0 /-]		

File Block-1 & 2 Identification of sample household			
#29 NSS: NSS			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
1		223	0.2%
2		97741	97.2%
4		2617	2.6%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#30 NSC: NSC			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
1		24	0.0%
2		32	0.0%
3		558	0.6%
4		97350	96.8%
8		2617	2.6%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#31 MLT: Multiplier			
Information	[Type= continuous] [Format=numeric] [Range= 1200-15919950] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
#32 HHID: Household unique Identification number (Primary key)			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Definition	HHID stands for Household Identification number consisting of 9 characters obtained by joining FSU serial number, Hamlet-group/Sub-block number, Second stage stratum number, Household serial number. HHID is essential to identify any household record uniquely. It is useful for merging the household level records of various blocks properly.		
#33 weight: Weight			
Information	[Type= continuous] [Format=numeric] [Range= 6-79599.75] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-] [Mean=2212.253 /-] [StdDev=1846.328 /-]		
#34 region_code: state_region			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
<i>Frequency table not shown (123 Modalities)</i>			
#35 district_code: state_region_district			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
<i>Frequency table not shown (721 Modalities)</i>			

File Block-3 Household characteristics			
#1 CENTRE_ROUND_SHIFT: Centre code, Round and Subfolder name			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
001		100581	100.0%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#2 FSU_SL_NO: FSU Serial No.			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
#3 ROUND: Round			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
64		100581	100.0%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#4 SCH_NO: Schedule Number			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
252		100581	100.0%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#5 SAMPLE: Sample			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
1		100581	100.0%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>			
#6 SECTOR: Sector			
Information	[Type= discrete] [Format=numeric] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Value	Label	Cases	Percentage
1	Rural	63318	63.0%
2	Urban	37263	37.0%
<i>Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.</i>

#19 HH_SIZE: Household size			
Information	[Type= continuous] [Format=numeric] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Interviewer's instructions	Size refers to the number of members listed in the household. Actually, the total number of persons normally residing together (i.e., under the same roof) and taking food from the same kitchen (including temporary stay-aways and excluding temporary visitors and guests) will be recorded against this item. This number will tally with the last serial number in the column 1 of Block 4 i.e. 'Demographic Block'.		
#20 NIC_2004_CODE: NIC-2004 Code (5-digit)			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=94059 /-] [Invalid=0 /-]		
Literal question	Principal industry (NIC - 2004)		
Post-question	Description Code(5-digit)		
Interviewer's instructions	Principal industry (NIC-2004): The description of the principal household industry is to be recorded. The description of the principal industry is to be recorded in as specific terms as possible based on the description given by the informant. In other words, the industry description is not to be copied from the NIC booklet if the informant's description gives a clearer idea of the industrial activity, which determines the principal industry of the household. The appropriate five-digit industry code of the NIC-2004 is to be recorded . For households deriving income from non-economic activities only, a dash (-) is to put against this item.		
<i>Frequency table not shown (1192 Modalities)</i>

#21 NCO_2004: NCO-2004 Code (3-digit)			
Information	[Type= discrete] [Format=character] [Missing=*]		
Statistics [NW/ W]	[Valid=94040 /-] [Invalid=0 /-]		
Literal question	Principal Occupation (NCO - 2004)		
Post-question	Description Code (3 -digit)		
Interviewer's instructions	The description of the principal household occupation is to be recorded. As in the case of principal household industry, the description of the principal occupation, too, is to be recorded in as specific terms as possible based on the description given by the informant. In other words, the occupation description should not be copied from the NCO booklet if the informant's description gives a clearer idea of the principal occupation pursued by the household. The appropriate three-digit occupation code of the NCO-2004 is to be recorded in the entry cell, which has been divided into three parts for recording each digit separately. For households deriving income from non-economic activities only, a dash (-) is to be put against this item.		
<i>Frequency table not shown (116 Modalities)</i>			
#22 household_type: household_type_validated			
Information	[Type= discrete] [Format=numeric] [Missing=*]		
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]		
Definition	Rural-Self-employed in non-agriculture - 11, Rural-Agricultural labour - 12, Rural-Other labour - 13, Rural-Self-employed in agriculture - 14, Rural-Others - 19 For urban areas, the household type codes are as follows: Urban-Self-employed - 21, Urban-Regular wage/salary earning - 22, Urban-Casual labour - 23, Urban-Others - 29

8	No Response	7	0.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#24 SOCIAL_GROUP: Social Group

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100581 /-] [Invalid=0 /-]
Literal question	Social group (code)
Interviewer's instructions	<p>Whether or not the household belongs to scheduled tribe, scheduled caste or other backward class is to indicate in terms of the specified codes which are: Scheduled tribe - 1, Scheduled caste - 2, Other backward class - 3, Others - 9.</p> <p>Those who do not come under any one of the first three social groups will be assigned code 9, meant to cover all other categories. In case different members belong to different social groups, the group to which the head of the household belongs will be considered as the 'social group' of the household.</p>

Value	Label	Cases	Percentage
1	scheduled tribe	13773	13.7%
2	scheduled caste	17720	17.6%
3	other backward class	37634	37.4%
9	others	31454	31.3%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#25 LAND_POSSESSED_CODE: Land Possessed code

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=100467 /-] [Invalid=0 /-]
Literal question	Land possessed as on date of survey (code)
Interviewer's instructions	<p>The area of land possessed will include land 'owned', 'leased in' and 'land neither owned nor leased in' (i.e. encroached) by the household but exclude land 'leased out'. The total land area possessed by the household as on the date of survey is taken into account. A piece of land is considered to be owned by the household if permanent heritable possession with or without the right to transfer the title vests in a member or members of the household. Land held in owner-like possession say, under perpetual lease, hereditary tenure, long-term lease for 30 years or more, etc., will also be considered as land owned. For a piece of land under the possession of the</p>

File Block-3 Household characteristics

#25 LAND_POSESSED_CODE: Land Possessed code

household, if the household lacks title of ownership and also does not have lease agreement for the use of land transacted, either verbally or in writing, such land will be considered as 'neither owned nor leased in'. In collecting information regarding land possessed, the actual position as obtained on the date of survey will be considered. It may be noted that the 'area of land possessed' to be recorded should not include the area of land owned, leased-in, etc. by the servants/ paying guests who are considered as normal members of the household.

The total land area possessed by the household as on the date of survey will be worked out and recorded against this item in code. The codes

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#24 EDUCATION_LEVEL: Educational Level

Information [Type= discrete] [Format=character] [Missing=*]

Statistics [NW/ W] [Valid=445851 /-] [Invalid=0 /-]

File Block-4 Demographic and other particulars of household members

#24 EDUCATION_LEVEL: Educational Level

Interviewer's instructions	<p>Education level refers to the highest level successfully completed. For example, if a person has failed in his B. A. examination, then his level will be treated only as 'higher secondary'. The Education level of each member is to be ascertained carefully before making entry here. A person is considered literate if he/she can read and write a simple message in any language with understanding. It will be essential to probe in detail whenever it is felt that the educational achievement of the person is not sufficient to accept the response, particularly if the person has not completed primary level of school education.</p> <p>The codes to be given for various levels are as follows :</p> <p>Not literate01 Literate without any schooling:02</p> <p>Literate without formal schooling: through NFEC/ AIEP03 through TLC/AEC04 others05</p> <p>Literate with formal schooling including EGS: below primary06 primary07 middle08 secondary10 higher secondary11 diploma /certificate course12 graduate13 post graduate and above14</p> <p>A person, who can both read and write a simple message with understanding in at least one language is to be considered literate. Those who are not able to do so, are to be considered not literate and would be assigned code 01. Those who acquired this skill without attending any type of schooling would be assigned code 02. Some persons achieve literacy by attending Non-formal Education Courses (NFEC) or Alternative Innovative Education Programme (AIEP). Such persons will be given code 03. Persons, who have become literate through attending Total Literacy Campaign (TLC) or Adult Education Centres (AEC) are to be given code 04. Persons, who are literate through means other than formal schooling and not under above two categories, would be given code 05. Those, who are by definition literate through formal schooling including primary schools created under Education Guarantee Scheme (EGS) but who are yet to pass primary standard examination, would be assigned code 06. Similarly codes 07, 08, and 10 to 14 should be assigned to those who have passed the appropriate levels. The criteria for deciding primary, middle, secondary, etc. levels will be that followed in the concerned states/union territories. Persons who have attained proficiency in Oriental languages (e.g., Sanskrit, Persian, etc.) through formal but not through the general type of education will be classified appropriately at the equivalent level of general education standard. For them who have completed some diploma or certificate course in general or technical education, which is equivalent to below graduation level, code 12 will be assigned. Whereas, code 13 will be recorded for them who have obtained degree or diploma or certificate in general or technical education, which is equivalent to graduation level. Similarly, code 14 will be assigned for them who have obtained degree or diploma or certificate in general or technical education, which is equivalent to post-graduation level and above.</p>
-----------------------------------	---

Value	Label	Cases	Percentage
01	not literate	153993	34.5%
02	literate without any schooling	2672	0.6%
03	literate without formal schooling: through NFEC/AIEP	447	0.1%
04	literate though TLC/ AEC	331	0.1%
05	others	711	0.2%
06	literate with formal schooling including EGS: below primary	74648	16.7%
07	primary	70323	15.8%
08	upper primary/middle	57481	12.9%
10	secondary	39163	8.8%
11	higher secondary	21014	4.7%
12	diploma/certificate course	2766	0.6%

File Block-4 Demographic and other particulars of household members

#24 EDUCATION_LEVEL: Educational Level

Value	Label	Cases	Percentage
13	graduate	17409	3.9%
14	postgraduate and above	4893	1.1%

#25 STATUS_CURR_EDU_ATTENDANCE: Status of current educational attendance

Information	[Type= discrete] [Format=numeric] [Range= 1-8] [Missing=*]
Statistics [NW/ W]	[Valid=200866 /-] [Invalid=245094 /-]
Interviewer's instructions	The current attendance status refers to whether the person is currently attending any educational institution or not. This is to be differentiated from current enrolment. Persons, who are temporally not attending due to reasons like illness, vacation etc. will be treated as currently attending. Same treatment would be applicable for the persons, who are awaiting their results after completing a particular course. The codes are to be given to identify the broad level of course/education currently attending. Those, who have never attended any educational institution, code 1 is to be provided. Those, who are not currently attending any educational institutions, would be given code 2. For those who are currently attending in NFEC/AIEP code 3 would be given. Similarly, code 4 is to be given for those attending TLC/AEC. The household members whose current educational attendance is not covered under any of the other categories should be given code 5. The non-formal education, the courses other than those coming under the scope of 'education' as defined in the beginning of this chapter etc. are to be considered under code 5. Those studying in Pre-primary level in Kindergarten, nursery etc. should be given code 6. Persons attending educational institutions in classes at primary level and above should be given code 7. The students attending institution under EGS should be given code 6 or 7 depending upon their current level of class.

Value	Label	Cases	Percentage
1	Never attended	27684	13.8%
2	Ever attended but currently not attending	76492	38.1%
3	Currently attending in : NFEC/ AIEP	50	0.0%
4	Currently attending in :TLC/AEC	37	0.0%
5	Currently attending in : Other non-formal	114	0.1%
6	Currently attending in : Pre-primary (nursery / Kindergar	2084	1.0%
7	Currently attending in : primary (class I to IV/ V) and abo	94405	47.0%
8	upper primary/middle	0	0.0%
Sysmiss		245094	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#26 EDU_ENROL_STATUS: Educational enrolment status

Information	[Type= discrete] [Format=character] [Missing=**]
Statistics [NW/ W]	[Valid=104057 /-] [Invalid=0 /-]
Interviewer's instructions	<p>While every person, who is attending an educational institution, is necessarily enrolled in that institution it may so happen that a person, who has enrolled in current academic session/ year is not currently attending the institution. In order to identify those persons, who are enrolled but currently not attending or never attended, their latest enrolment status should be noted. The codes are:</p> <p>Not enrolled ...01; Enrolled in : NFEC/ AIEP ...03, TLC/AEC ...04, Other non-formal ...05, Pre-primary (nursery/ Kindergarten, etc.) ...06, Primary (class I to IV/ V) ...07, Upper primary / middle ...08, Secondary ...10, Higher secondary ...11, Diploma or certificate (below graduate level) in: agriculture ...21, engineering/ technology ...22,</p>

#20 AGE: Age

Information	[Type= continuous] [Format=numeric] [Range= 5-29] [Missing=*]
Statistics [NW/ W]	[Valid=94524 /-] [Invalid=0 /-] [Mean=11.681 /-] [StdDev=4.26 /-]
Interviewer's instructions	The age in completed years of all the members listed, will be ascertained and recorded . For infants below one year of age, '0' will be entered .

#21 AGE_AT_SCHOOL_ENTRY: Age at entry in school

Information	[Type= continuous] [Format=numeric] [Range= 2-14] [Missing=*]
Statistics [NW/ W]	[Valid=94524 /-] [Invalid=0 /-] [Mean=5.532 /-] [StdDev=0.808 /-]
Interviewer's instructions	Age at entry at school is the age in completed years, at which the person started attending the primary level class. This generally will be the age at which the child is admitted to class I. In many states, there is a minimum age prescribed for admission to class I. However, the age is to be recorded as ascertained from the informant. Moreover, if a person is admitted for the first time at a higher class in the primary level then the age at that entry should be recorded.

#22 NO_OF_COURSE_ATTENDED: Number of course attended

Information	[Type= discrete] [Format=numeric] [Range= 1-4] [Missing=*]
Statistics [NW/ W]	[Valid=94524 /-] [Invalid=0 /-]
Interviewer's instructions	<p>A person may attend more than one course simultaneously. In this item, the number of such courses is to be recorded. A course is</p> <ol style="list-style-type: none"> a structured educational programme having a specified syllabus, duration, level, etc. and it should necessarily involves appearing in some kind of examination/performance appraisal for getting the degree/diploma/certificate or advancing to the next class/level. <p>Depending upon the subjects covered and the mode of instruction, the courses can be categorised broadly as</p> <ol style="list-style-type: none"> general, technical/professional and vocational. <p>For vocational courses, only those courses of duration 3 months or more should be considered. Moreover, for the purpose of this survey, only those courses covered under the definition of 'education' in the paragraph below should be considered. Curriculum in art, music or of similar nature conducted by individuals in their houses or unrecognised/ unaffiliated institutions or classes taken by private tutors should not be considered as a "course".</p> <p>The coverage of the 'education' includes:</p> <ol style="list-style-type: none"> School education including those under Education Guarantee Scheme (EGS) commencing from class I to X or XII, as the case may be, irrespective of the recognition status of the educational institution, Higher secondary / Pre-university education leading to certificate/ diploma/ degree etc. It also includes enrolment in private unrecognised institutions, which have regular classes and following the syllabus and pattern of the education as in recognised schools or colleges and which sponsor students for public examinations as private or external candidates, General University education, whether full time or part time, leading to certificate/ diploma/ degree etc. The Universities not recognised by University Grant Commission will not be covered, Correspondence courses conducted by Universities, Deemed Universities or Institutions, authorised by competent authorities for awarding regular degrees or diplomas or certificates, Higher secondary / Pre-university / Under-graduate/ Post-graduate / Professional/ Technical education leading to certificate/diploma/degree etc. conducted by recognised open university/schools, Technical or Professional courses, leading to degree/diploma/certificates, conducted by Universities, Deemed Universities or institutes like, National Institute of Fashion Technology, National School of Drama, Satyajit Ray Film and Television Institute, Film and Television Institute of India, Lok Nayak Jayaprakash Narayan National Institute of Criminology and Forensic Science, etc. or Institutions, authorised by competent authorities like All India Council of Technical Education (AICTE), Medical Council of India (MCI) etc., Professional courses conducted by Institutes like The Institute of Chartered Accountants of India, The

#23 COURSE_NO: Course Number

Information [Type= discrete] [Format=character] [Missing=*]

Statistics [NW/ W] [Valid=94524 /-] [Invalid=0 /-]

Interviewer's instructions

Though a person may be attending more than two courses, information for items 6 to 29 are to be collected only for two courses. Necessary entries have already been made in the schedule for this purpose. The entries against the column corresponding to course no. 1 should be for 'basic course'.

When the number of courses a particular member is undertaking is more than one, the basic course should be determined using the following rules -

· If an individual is pursuing more than one course then the course, which is in the highest level, should be considered as the basic course.

· If all the courses simultaneously pursued currently are in the same level then the course of the general education should be the basic course

· In absence of any general education, the course, which involves higher cost, should be taken as the basic course.

· If a person is enrolled both in regular course and course through distance learning then regular course should be treated as the basic course irrespective of the cost involved.

For example: if a person undergoes MSc and DOEACC A-level courses simultaneously then MSc is to be taken as basic course.

If an individual is pursuing more than two courses then the basic course should be taken as first course in the way as suggested. After the first course is selected then from the remaining courses, the course, which involves highest cost, should be taken as the second course.

#25 COURSE: Course

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=94519 /-] [Invalid=0 /-]
Interviewer's instructions	<p>The course indicates the broad subject for which the person is currently attending. The definition of course should be in accordance with that given in paragraph 1.7.22. The codes for this item is as follows :</p> <p>Course: A course is a) a structured educational programme having a specified syllabus, duration, level, etc. and it should b) necessarily involves appearing in some kind of examination/performance appraisal for getting the degree/diploma/certificate or advancing to the next class/level. Depending upon the subjects covered and the mode of instruction, the courses can be categorised broadly as (a) general, (b) technical/professional and (c) vocational. For the purpose of this survey, only those courses covered under the definition of 'education' as below shall be considered.</p> <p>For the purpose of this survey, 'education' will cover only the following:</p> <ol style="list-style-type: none"> I. School education including those under Education Guarantee Scheme (EGS) commencing from class I to X or XII, as the case may be, irrespective of the recognition status of the educational institution, II. Higher secondary / Pre-university education leading to certificate/ diploma/ degree etc. It also includes enrolment in private unrecognised institutions, which have regular classes and following the syllabus and pattern of the education as in recognised schools or colleges and which sponsor students for public examinations as private or external candidates, III. General University education, whether full time or part time, leading to certificate/ diploma/ degree etc. The Universities not recognised by University Grant Commission will not be covered, IV. Correspondence courses conducted by Universities, Deemed Universities or Institutions, authorised by competent authorities for awarding regular degrees or diplomas or certificates, V. Higher secondary / Pre-university / Under-graduate/ Post-graduate / Professional/ Technical education leading to certificate/diploma/degree etc. conducted by recognised open university/schools, VI. Technical or Professional courses, leading to degree/diploma/certificates, conducted by Universities, Deemed Universities or institutes like, National Institute of Fashion Technology, National School of Drama, Satyajit Ray Film and Television Institute, Film and Television Institute of India, Lok Nayak Jayaprakash Narayan

File Block-5 Education particulars of those aged 5-29 years who are currently attending primary level and above

#25 COURSE: Course

National Institute of Criminology and Forensic Science, etc. or Institutions, authorised by competent authorities like All India Council of Technical Education (AICTE), Medical Council of India (MCI) etc.,
 VII. Professional courses conducted by Institutes like The Institute of Chartered Accountants of India, The Institute of Cost and Works Accountants of India, The Institute of Company Secretaries of India, Actuarial Society of India, etc.,
 VIII. All types of vocational courses of duration three months or more
 , conducted by Institutions like Industrial Training Institute (ITI), National Vocational Training Institute, Regional Vocational Training Institutes, etc., authorised by competent authorities
 IX. All the courses at primary level and above, whether recognised or not, conducted by recognised educational institutions and which are not covered under above-mentioned categories.

The following courses shall be specifically excluded:

- Art, music and similar type of courses conducted by individuals in their houses or unrecognised/ unaffiliated institutions,
- Classes taken by Private tutors,
-
-
- Education in nursery/Kindergartens/Preparatory levels except for their enrolment statuses and dropout / discontinuance statuses
-
- The non-formal system of education being implemented through various programs by government or other agencies except for their enrolment statuses and dropout / discontinuance statuses
-

The course code is as below :

General course (upto class X) ...01
 Arts/Humanities02
 Science03
 Commerce04
 Medicine05
 Engineering06
 Agriculture07
 Law08
 Management10
 Education11
 Chartered Accountancy and similar courses ...12
 IT/computer courses:
 At basic level13
 With minimum entry requirement secondary/higher
 secondary14
 With minimum entry requirement graduation15
 With minimum entry requirement post graduation16
 Others17
 vocational18
 others19

For school education upto class X for which generally no specialisation is available code 01 will be given. . Here the term is restricted upto the education in class X. After class X the courses can be coded according to the broad classification as above. Arts and humanities i.e code 02 is applicable for broad subjects like History, Classical studies, Cultural and Media studies, Literature, Music, Philosophy, Popular Culture, Geography etc. Science i.e code '03' is applicable for subjects like Physics, Chemistry, Mathematical Sciences, Biological Sciences, Geology, Economics etc. However, for subjects like Geography, Economics etc. it should be verified that whether that subject is treated as science or arts in the institute, where the member is studying. For subjects related to Commerce, code '04' is applicable. Codes '05' and '06' are applicable to subjects related to Medical Sciences and Engineering, respectively. Subjects like Apicultures, Sericulture, Agricultural philosophy, Aquaculture, Agronomy and Horticulture, Soil science, etc. should be covered under Agriculture i.e Code '07'. Codes '08' and '10' are applicable to subjects related to Law and Management, respectively. Code '11' is for Education, which covers subjects related to the profession of

File Block-5 Education particulars of those aged 5-29 years who are currently attending primary level and above

#25 COURSE: Course

teaching. Code '12' relates to subjects like Chartered Accountancy, Cost Accountancy, Company Secretariate, etc. Keeping in view the large number of persons participating in Information Technology (IT) courses, details about such courses will be collected appropriately in codes 14 to 17 on the basis of the eligibility criteria for admission in such courses. All the vocational courses excluding those relating to IT should be given code 18. Others should be coded as 19

Value	Label	Cases	Percentage
01	general course (upto class X)	81510	86.2%
02	arts/humanities	6263	6.6%

#27 PRESENT_CLASS_GR_YRS_STUDY: Present class/grade/year of study

Information	[Type= discrete] [Format=numeric] [Range= 1-21] [Missing=*]
Statistics [NW/ W]	[Valid=94456 /-] [Invalid=68 /-]
Interviewer's instructions	The class or the grade or the year, the member of the household, currently attending should be recorded here. For a student studying in any class upto class X the entry should correspond to that class (to be recorded in numeric). For example, for a student studying in class VI the entry will be 6. For further higher level of study the no. of years of study after class 10 should be added to 10 without taking the repetition, if any. For example a student in 2nd year of higher secondary course should get 10+2=12 irrespective of the name by which the higher secondary course is known in the state. Again, a first year degree student will get 10+3=13. and one doing, say, M.A. second year will get 12+3+2=17. The no. of years in graduation level for Engineering, Medical, etc. are more than 3 years. This fact should be appropriately kept in view while making entries for such courses. For some courses like Chartered Accountancy etc. one may take more number of years to complete than the minimum prescribed. In such cases, number of years to be counted as per the

File Block-5 Education particulars of those aged 5-29 years who are currently attending primary level and above

#27 PRESENT_CLASS_GR_YRS_STUDY: Present class/grade/year of study

minimum duration prescribed. To summarise, the working rule for entry for this item is

entry = class when class ≤ 10
 $= 10 + (\text{no. of completed academic years after } 10) + 1,$

Illustrative example:

A household member in the age-group 5-29 is simultaneously doing two courses, namely, M.Com (2nd year) and a graduation level computer course.(1st year).

Here, M.Com is his/her 'basic course' i.e. course 1.

Now, for course 1, Entry in item 9 = $10+(2+3+1)+1 = 17$

And for course 2, Entry = $10+(2)+1 = 13$

(.) implies completed academic years

Value	Label	Cases	Percentage
1	Class I	10271	10.9%
2	Class II	11041	11.7%
3	Class III	9621	10.2%
4	Class IV	8380	8.9%

#29 TYPE_OF_INSTIT: Type of institution

Information	[Type= discrete] [Format=numeric] [Range= 1-5] [Missing=*]		
Statistics [NW/ W]	[Valid=94416 /-] [Invalid=108 /-]		
Interviewer's instructions	<p>The type of institution refers to the type of management by which the institution is run. It may be government, local body, or private body either receiving or not receiving government aid. Thus, the type may be (a) Government, (b) Local body, (c) Private aided or (d) Private unaided. The informant may not be in a position to provide this information correctly. In such cases code 5 is applicable. Otherwise codes 1,2,3 or 4 should be given appropriately. All schools/institutions run by the State, Central Govt., Public Sector Undertakings or Autonomous Organisations completely financed by the Govt. will be treated as government institutions. All institutions run by Municipal Corporations, Municipal Committees, Notified area committees, Zilla Parishads, Panchayat Samitis, Cantonment boards, etc. will be treated as local body institutions. Private aided institution is one, which is run by an individual or a private organisation and receives maintenance grant from a Govt. or local body. Private unaided institution is one, which is managed by an individual or a private organisation and not receiving maintenance grant either from a Govt. or a local body. Here, appropriate type of institute should be entered.</p> <p>The code should be used as below: Government 1 Local Body..... 2 Private aided 3 Private un-aided4 Not known5</p>		
Value	Label	Cases	Percentage
1	government	59625	63.2%
2	local body	4130	4.4%
3	private aided	11359	12.0%
4	private un-aided	18721	19.8%
5	not known	581	0.6%

#29 TYPE_OF_INSTT: Type of institution

Value	Label	Cases	Percentage
108			
108			

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#30 NATURE_OF_INSTT: Nature of Institution

Information	[Type= discrete] [Format=numeric] [Range= 1-3] [Missing=*]
Statistics [NW/ W]	[Valid=13817 /-] [Invalid=80707 /-]
Interviewer's instructions	Nature of institution means whether the school/institution is recognized or not. A recognized school/institution is one in which the course(s) of study followed is/are prescribed or recognized by the Govt. or any other agency authorised in this behalf by the Central or State Government. It also satisfies one or more of the authorities e.g. Directorate of Education, Municipal Board, Secondary Board, etc., with regard to its standard of efficiency. If the household member is studying in primary or upper primary/middle level in private unaided educational institutions, codes 1, 2 or 3 should be suitably used. Code 3 will be given only when it is not possible to clearly record the nature of the institution. However, the investigator should try to find the status from well-informed persons in the locality whenever the household is not in a position to supply the information. Not known code should be given only in exceptional cases when all efforts fail

Value	Label	Cases	Percentage
1	recognised -1;	10474	75.8%
2	unrecognised-2,	1635	11.8%
3	not known-3	1708	12.4%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#32 TYPE_OF_COURSE: Type of course

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=94434 /-] [Invalid=0 /-]
Interviewer's instructions	Depending on whether the course enrolled is a part-time course or full-time course or distance learning codes 1,2 or 3 is to be entered based on code list as below : Part time 1 Full time 2 Distance learning3

Value	Label	Cases	Percentage
1	part time	2122	2.2%
2	full time	91809	97.2%
3	distance learning	503	0.5%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#33 IS_EDU_FREE: Is education free

Information	[Type= discrete] [Format=numeric] [Range= 1-2] [Missing=*]
Statistics [NW/ W]	[Valid=94524 /-] [Invalid=0 /-]

File Block-5 Education particulars of those aged 5-29 years who are currently attending primary level and above

#33 IS_EDU_FREE: Is education free

Interviewer's instructions	Tuition fee is generally not charged in Govt. schools in most of the states and also in private schools in some of the states upto certain level of education. There are some schools where students are not required to pay tuition fee. Nevertheless, a fixed some of money is to be paid such as development fee, library fee. Education in such schools should be considered as free. This item is applicable to the institution as a whole and not to the specific situation obtaining for the student.
-----------------------------------	--

Value	Label	Cases	Percentage
1	yes	56477	59.7%
2	No	38047	40.3%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#34 TUTION_FEE_WAIVED: Whether tuition fee waived

Information [Type= discrete] [Format=character] [Missing=*]

Statistics [NW/ W] [Valid=38052 /-] [Invalid=0 /-]

Interviewer's instructions	In those institutions, where the education is not free, it is to be ascertained whether the student is waived from paying tuition fee or not. Even where the education is not free, tuition fee may be waived for some students on special consideration. If he/she is fully exempted then code 1 will be entered. Where partly exempted code 2 will be given and if no exemption is provided then code 3 will be recorded. If code 1 or 2 is reported in this item only then entries are to be made in items (i) Annual amount waived in Rs. and (ii) Reason for waiver .
-----------------------------------	--

Value	Label	Cases	Percentage
0	No Response	5	0.0%
1	yes: Fully	1235	3.2%
2	Partly	748	2.0%
3	No	36064	94.8%
4	No response	0	0.0%
6	No Response	0	0.0%
8	No Response	0	0.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#35 ANNULAL_AMT_WAIVED: If tuition fee waived, annual amount waived (Rs.)

Information [Type= continuous] [Format=numeric] [Range= 0-55000] [Missing=*]

Statistics [NW/ W] [Valid=2007 /-] [Invalid=92517 /-] [Mean=1055.02 /-] [StdDev=2812.258 /-]

Interviewer's instructions	If the member is enjoying full or part waiver of tuition fee, the amount of waiver for the current academic year will be recorded in nearest rupees (in whole no.). Obviously, the amount will have to be imputed for the part of the academic year yet to be completed on the date of survey.
-----------------------------------	--

#36 REASON_FOR_WAIVER: If tuition fee waived, reason for waiver

Information [Type= discrete] [Format=character] [Missing=*]

Statistics [NW/ W] [Valid=2030 /-] [Invalid=0 /-]

Interviewer's instructions	Tuition fee waived is generally given by virtue of the student belonging to some special category like underprivileged class etc. The category under which the fee is being exempted will be given as the reason for exemption.
-----------------------------------	---

These are :

- Scheduled tribe ... 1
- Scheduled caste ... 2
- Other backward class ... 3
- Handicapped ... 4
- Merit ... 5
- Financially weak ... 6

File Block-5 Education particulars of those aged 5-29 years who are currently attending primary level and above

#36 REASON_FOR_WAIVER: If tuition fee waived, reason for waiver

Others ... 9

If tuition fee waiver is granted to all the students in the class, irrespective of the category then 'others' may be recorded in such cases. Codes 1 to 6 are to be given only if the exemption is specifically due to those factors.

Value	Label	Cases	Percentage
0	No response	2	0.1%
1	ST	282	13.9%

#40 RECD_TXT_BOOKS: Received textbooks

Information	[Type= discrete] [Format=numeric] [Range= 1-6] [Missing=*]
Statistics [NW/ W]	[Valid=94444 /-] [Invalid=80 /-]
Interviewer's instructions	This item is to record whether the student is receiving text books for the course from the institution, charitable organisation, individuals etc. all free(code-1), some free (code-2), all subsidised(code-3), some subsidised(code-4), some free and some subsidised (code-5). In case, no such benefit is received, code 6 will be recorded.

Value	Label	Cases	Percentage
1	all free	36477	38.6%
2	some free	7106	7.5%
3	all subsidised	442	0.5%
4	some subsidised	377	0.4%
5	some free and some subsidised	208	0.2%
6	no	49834	52.8%
Sysmiss		80	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#41 RECD_STATIONERY: Received stationery

Information	[Type= discrete] [Format=numeric] [Range= 1-6] [Missing=*]
Statistics [NW/ W]	[Valid=94373 /-] [Invalid=151 /-]
Interviewer's instructions	Similar to item on Received textbooks? (code), the receipt of stationery materials for the studies is to be recorded here. Stationery will include notebooks, writing materials and other instruments for the use in the class or for the study. The codes to be used as below : all free(code-1), some free (code-2), all subsidised(code-3), some subsidised(code-4), some free and some subsidised (code-5). In case, no such benefit is received, code 6 will be recorded.

Value	Label	Cases	Percentage
1	all free	2572	2.7%
2	some free	4441	4.7%
3	all subsidised	187	0.2%
4	some subsidised	80	0.1%

File Block-5 Education particulars of those aged 5-29 years who are currently attending primary level and above

#41 RECD_STATIONERY: Received stationary

Value	Label	Cases	Percentage
5	some free and some subsidised	149	0.2%
6	no	86944	92.1%
Systemiss		151	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#42 MID_DAY_MEAL_ETC_RECD: Is free mid-day meal/tiffin/nutrition provided

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=94521 /-] [Invalid=0 /-]
Interviewer's instructions	There are schools, which provide food to all or some students as mid-day meal, tiffin etc., free. If such food is regularly received in the school by the students, code 1 is to be recorded. Institutions, which run canteen facilities where the students can merely purchase the food of their choice, should not be considered even though they may be subsidised to some extent. For recording 1(for Yes to "Is free mid-day meal/tiffin/nutrition provided?), the food supplied must be similar to all students.

Value	Label	Cases	Percentage
1	Yes	36372	38.5%
2	No	58149	61.5%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#43 AGENCY_PROVIDED: If free mid-day meal/tiffin/nutrition provided, agency

Information	[Type= discrete] [Format=numeric] [Range= 1-8] [Missing=*]
Statistics [NW/ W]	[Valid=36159 /-] [Invalid=58365 /-]
Interviewer's instructions	If code 1(Yes) is reported against the item "Is free mid-day meal/tiffin/nutrition provided ? ", then it is to be ascertained if the mid-day meal/tiffin/nutrition is provided by the Government (code : 1) or by other agency (code : 2).

Value	Label	Cases	Percentage
1	Govt.	35575	98.4%
2	Others	581	1.6%
3	No Response	2	0.0%
8	No esponse	1	0.0%
Systemiss		58365	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#44 DIST_OF_INSTT: Distance of institution from place of residence

Information	[Type= discrete] [Format=numeric] [Range= 1-5] [Missing=*]
Statistics [NW/ W]	[Valid=94366 /-] [Invalid=158 /-]
Interviewer's instructions	<p>The distance to be covered by the usual way of transport in the normal course to reach the educational institution, where currently attending, from the place of residence should be recorded.</p> <p>The following codes are to be used for recording the distance(d) :</p> <p>d <1km : 1 1km <= d < 2 kms : 2 2kms<= d < 3 kms : 3 3kms<= d < 5 kms : 4 d >=5 kms : 5</p>

Value	Label	Cases	Percentage
1	d<1km	57025	60.4%

File Block-5 Education particulars of those aged 5-29 years who are currently attending primary level and above

#44 DIST_OF_INSTT: Distance of institution from place of residence

Value	Label	Cases	Percentage
2	1km <= d <2kms	14785	15.7%
3	2kms<= d <3 kms	7852	8.3%
4	3kms<= d <5kms	5115	5.4%
5	d>=5kms	9589	10.2%
Sysmiss		158	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#45 MODE_OF_TRANSPORT: Mode of transport

Information	[Type= discrete] [Format=numeric] [Range= 1-9] [Missing=*]
Statistics [NW/ W]	[Valid=94406 /-] [Invalid=118 /-]
Interviewer's instructions	<p>The mode of going to the school/institution i.e. the type of transport used will be entered in this item. The codes to be used for various modes of transport are as follows:</p> <p>On foot ...1 School/institution bus ...2 Public transport ...3 Bicycle ...4 Others ...5</p> <p>If more than one mode is used then the one, which covers the maximum distance for most part of the year, is to be considered. Public transport will include both rail and road transport. If transport is provided by public sector undertakings for children of their employees etc. they may be considered under others.</p>

Value	Label	Cases	Percentage
1	on foot	71151	75.4%
2	school/institution bus	3819	4.0%
3	public transport	8297	8.8%
4	bicycle	7173	7.6%
9	others	3966	4.2%
Sysmiss		118	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#46 CONSESSION_RECDD: Whether concession received

Information	[Type= discrete] [Format=numeric] [Range= 1-2] [Missing=*]
Statistics [NW/ W]	[Valid=8189 /-] [Invalid=86335 /-]
Interviewer's instructions	Generally students enjoy concessional fare in public transport for attending educational institutions. For students availing public transport facilities, it is to be inquired whether they have received any concession.

Value	Label	Cases	Percentage
1	Yes	4352	53.1%
2	No	3837	46.9%
Sysmiss		86335	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#47 CHANGE_ED_INSTT_LAST_YR: Changed educational institution in last 1 year

Information	[Type= discrete] [Format=numeric] [Range= 1-5] [Missing=*]
Statistics [NW/ W]	[Valid=94524 /-] [Invalid=0 /-]
Interviewer's instructions	A student may change his educational institution during last one year. In this item it is intended to capture the type of such change or shift i.e. whether the student is shifting from Govt. to private educational institutions or vice versa. The codes to be used are:

File Block-5 Education particulars of those aged 5-29 years who are currently attending primary level and above

#47 CHANGE_ED_INSTT_LAST_YR: Changed educational institution in last 1 year

No ...1
 Yes: Govt. to Private ...2
 Private to Govt ...3
 Govt to Govt ...4
 Private to Private...5

Value	Label	Cases	Percentage

#21 TUTION_FEE: Tuition fee (Rs.)

Information	[Type= continuous] [Format=numeric] [Range= 0-550000] [Missing=*]
Statistics [NW/ W]	[Valid=34351 /-] [Invalid=60054 /-] [Mean=2967.034 /-] [StdDev=7961.147 /-]
Interviewer's instructions	For this item, the total amount of expenditure for the academic year/session should be calculated on the basis of specified monthly/bi-monthly/quarterly/half-yearly/annual rates. The amount to be paid for the remaining

File Block-6 Particulars of private expenditure for those aged 5-29 years who are currently attending at primary level and above

#21 TUTION_FEE: Tuition fee (Rs.)

	academic year is to be imputed on some objective basis. The total amount of such fees, actually paid or to be paid is to be recorded here in nearest rupees in whole number. For example, if the tuition fees of Rupees 300 have been paid till the date of the survey for one quarter, the entry to be recorded should be Rupees 1200 by imputing the remaining tuition fee for the next three quarters of the academic session. If the academic session of the course is of duration less than one-year imputation should be done only for the remaining duration of the course.
--	--

#22 EXAMINATION_FEE: Examination fee(Rs.)

Information	[Type= continuous] [Format=numeric] [Range= 0-82800] [Missing=*]
Statistics [NW/ W]	[Valid=62824 /-] [Invalid=31581 /-] [Mean=184.912 /-] [StdDev=647.284 /-]
Interviewer's instructions	This should include the fees for appearing examination which may be one time or on periodical basis. The total amount of such fees, actually paid or to be paid is to be recorded here in nearest rupees in whole number.

#23 OTHER_FEES_PAYMENTS: Other fees & payments (Rs.)

Information	[Type= continuous] [Format=numeric] [Range= 0-252700] [Missing=*]
Statistics [NW/ W]	[Valid=59181 /-] [Invalid=35224 /-] [Mean=585.669 /-] [StdDev=2544.832 /-]
Interviewer's instructions	This item includes development fees, session charge, library fees, games fees, laboratory fees and other similar payments, which may be one time or on periodical basis. The method of imputation should be the same as in item 3. Donations and capitation fees should not be recorded under this item and they should be recorded together in item 16 to 18 of this block.

#24 BOOKS: Books(Rs.)

Information	[Type= continuous] [Format=numeric] [Range= 0-35000] [Missing=*]
Statistics [NW/ W]	[Valid=61960 /-] [Invalid=32445 /-] [Mean=558.303 /-] [StdDev=791.19 /-]
Interviewer's instructions	The amount of expenditure on books should be estimated on the basis of expected requirements during the current academic year. Books will include textbooks, reference books, journals, periodicals etc. required for the purpose of the study. If a same book is used for more than one course, currently the member is undergoing, then the expenditure on it should be taken only once with highest priority to the basic course and then to the second course. Books are usually purchased at the beginning of the session. With a little bit of probing such as how much was purchased at the beginning of the session, how much was purchased subsequently and how much more would be required for the remaining part of the session, a fairly accurate figure of total expenditure on this item can be obtained.

#25 STATIONERY: Stationery(Rs.)

Information	[Type= continuous] [Format=numeric] [Range= 0-50000] [Missing=*]
Statistics [NW/ W]	[Valid=92405 /-] [Invalid=2000 /-] [Mean=294.747 /-] [StdDev=445.062 /-]
Interviewer's instructions	This item will include expenditure in that academic session/year on stationery and other appliances, instruments, tools and equipments etc. exclusively required for pursuing the particular course. This will cover items like notebook, pen, pencil, eraser, geometry box, instruments required for engineering courses or medical courses or vocational courses, etc. For the courses on Information Technology and related courses, possession of personal computer is sometimes basic requirement. In such situation the expenditure incurred on purchasing the personal computer and its accessories will be also included. It should be taken care that the article should be purchased in that academic year and used exclusively for the purpose of the course. If a same stationery is used for more than one course, currently the member is undergoing, then the expenditure on it should be taken only once with highest priority to the basic course and then to the second course. Like books, bulk of these stationary articles is also purchased at the early part of the academic session. However, the requirement of stationeries and their purchases are sometimes sudden in nature. Keeping a note on this fact, probing should be done in such a fashion that along with the expenditure on already purchased articles the intended/expected expenditure on the items, required for the remaining part of the session can be captured.

#26 UNIFORM: Uniform(Rs.)

Information	[Type= continuous] [Format=numeric] [Range= 0-10000] [Missing=*]
Statistics [NW/ W]	[Valid=63165 /-] [Invalid=31240 /-] [Mean=480.87 /-] [StdDev=411.035 /-]

File Block-6 Particulars of private expenditure for those aged 5-29 years who are currently attending at primary level and above

#26 UNIFORM: Uniform(Rs.)

Interviewer's instructions	The expenditure on school dresses, aprons, P.T. dresses, specific uniforms, etc. required exclusively for the purpose of the course and purchased or to be purchased during the current academic year/session should be taken against this item.
-----------------------------------	--

#27 TRANSPORT: Transport(Rs.)

Information	[Type= continuous] [Format=numeric] [Range= 0-21500] [Missing=*]
Statistics [NW/ W]	[Valid=19013 /-] [Invalid=75392 /-] [Mean=1273.381 /-] [StdDev=1649.126 /-]
Interviewer's instructions	Expenditure on transport may vary from season to season. Further, during vacation expenditure on this item may be nil. Considering these factors and on the basis of the actual expenditure incurred so far during the academic year, the expenditure on this account for the entire academic year is to be estimated. The cost incurred on purchasing bicycle, motorcycle, car etc., even if used predominantly for commuting to educational institution, should not be covered under this item. However, the expenditure on running these vehicles such as petrol, diesel, minor repair and maintenance, etc. should be included. If the vehicle is used for other purposes also then, the entries should be made by apportioning the expenses for commuting to educational institution

#28 HHID: HHID

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=94405 /-] [Invalid=0 /-]

#29 PID: PID

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=94405 /-] [Invalid=0 /-]

#30 weight: weight

Information	[Type= continuous] [Format=numeric] [Range= 6-79599.75] [Missing=*]
Statistics [NW/ W]	[Valid=94405 /-] [Invalid=0 /-] [Mean=2559.339 /-] [StdDev=1950.253 /-]

#31 region_code: state_region

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=94405 /-] [Invalid=0 /-]

Frequency table not shown (721 Modalities)

#33 PRIVATE_COACHING: Private coaching (Rs.)

Information	[Type= continuous] [Format=numeric] [Range= 1-349] [Missing=*]
Statistics [NW/ W]	[Valid=20309 /-] [Invalid=74096 /-]
Interviewer's instructions	Expenses for private coaching/tuition should cover all expenses for teaching at home or at any other place by a single tutor or by more than one. Private coaching may be obtained individually or in a group. If two students of a household are coached by same tutor, the payment made should be halved and shown against each student. The total of such expenses already made and expected to be made in the remaining academic year is to be recorded here.

Frequency table not shown (349 Modalities)

#34 OTHER_EXPENDITURE: Other Expenditure (Rs.)

Information	[Type= continuous] [Format=numeric] [Missing=*]
--------------------	---

File Block-6 Particulars of private expenditure for those aged 5-29 years who are currently attending at primary level and above

#34 OTHER_EXPENDITURE: Other Expenditure (Rs.)

Statistics [NW/ W]	[Valid=50568 /-] [Invalid=43837 /-]
Interviewer's instructions	In this item, other expenses not covered in the above items and relating to the education of the household member for the academic year should be recorded. This may include expenses for study tours etc. However, expenses for social gathering, picnics, etc. are not to be covered.

#35 TOT_EXP_ON_COURSE_1: Total expenditure on course number1(items 3 to 11) (Rs.)

Information	[Type= continuous] [Format=numeric] [Missing=*]
Statistics [NW/ W]	[Valid=94221 /-] [Invalid=184 /-]
Interviewer's instructions	The total (items 3 to 11) of the expenditures on the basic course_1 for various items for the current academic year should be added and recorded under this item.

#36 TOT_EXP_ON_COURSE_NO2: Total expenditure on course no. 2 (Rs.)

Information	[Type= continuous] [Format=numeric] [Missing=*]
Statistics [NW/ W]	[Valid=1649 /-] [Invalid=92756 /-]
Interviewer's instructions	The total of the expenditures on various items (as taken in items 3 to 11 for the basic course) for the current academic year for the course no. 2, as in item 5 of block 5, should be obtained and recorded under this item

#37 TOT_EXP_ON_ALL_OTHER_COURSES: Total expenditure on all other courses(Rs.)

Information	[Type= discrete] [Format=numeric] [Missing=*]
Statistics [NW/ W]	[Valid=604 /-] [Invalid=93801 /-]
Interviewer's instructions	The total of the expenditures on various items (as taken in items 3 to 11 for the basic course) for the current academic year for all the courses except course no.1 and 2, as in item 5 of block 5, should be obtained and recorded under this item.

Value	Label	Cases	Percentage
0		601	99.5%
750		1	0.2%
4000		1	0.2%
5000		1	0.2%
Sysmiss		93801	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#38 GRAND_TOTAL: Grand Total (Rs.)

Information	[Type= continuous] [Format=numeric] [Missing=*]
Statistics [NW/ W]	[Valid=94222 /-] [Invalid=183 /-]
Interviewer's instructions	The sum total of entries in item no.s 12(i.e total expenditure on course-no. 1),13 (i.e total expenditure on course no. 2)and 14 (i.e total expenditure on all other courses)should be recorded under this item.

#39 GIVEN_ANY_DONATION: Whether given any donation

Information	[Type= discrete] [Format=numeric] [Range= 1-2] [Missing=*]
Statistics [NW/ W]	[Valid=94405 /-] [Invalid=0 /-]
Interviewer's instructions	Generally donations are accepted by many institutions at the time of admission of the student to a particular level. However, for this item, all donations paid, whether for seeking admission or for continuing the education, during the academic year is to be considered. Capitation fee charged by the institution will also be considered.

Value	Label	Cases	Percentage
1	Yes	1459	1.5%
2	No	92946	98.5%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

File Block-6 Particulars of private expenditure for those aged 5-29 years who are currently attending at primary level and above

#40 AMOUNT_PAID: Amount Paid (Rs.)

Information	[Type= continuous] [Format=numeric] [Missing=*]
Statistics [NW/ W]	[Valid=1503 /-] [Invalid=92902 /-]
Interviewer's instructions	If code '1-Yes' is given in item 16 (Whether given any donation (yes-1, No-2), the amount of donation paid is to be recorded.

#41 AGENCY_TO_WHOM_PAID: Agency to whom paid

Information	[Type= discrete] [Format=numeric] [Range= 0-3] [Missing=*]
Statistics [NW/ W]	[Valid=1478 /-] [Invalid=92927 /-]
Interviewer's instructions	If code '1-Yes' is given in item 16 (Whether given any donation (yes-1, No-2), the amount of donation paid is to be recorded.and the agency to whom paid are to be recorded in rupees (whole no.) and in code respectively. The codes to be used are: - Institution/management ...1, Other organisations 2, Individuals 3.

Value	Label	Cases	Percentage
0	No RESPONSE OR NA	22	1.5%
1	Institution / Management	1344	90.9%
2	Other Institution	68	4.6%
3	Individuals	44	3.0%
Sysmiss		92927	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#42 RELATION_TO_HEAD: Relation to Head

Information	[Type= discrete] [Format=numeric] [Range= 1-9] [Missing=*]
Statistics [NW/ W]	[Valid=94405 /-] [Invalid=0 /-]

Value	Label	Cases	Percentage
1	self	1016	1.1%
2	spouse of head	76973	81.5%
3	married child	63	0.1%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#22 AGE_AT_FIRST_ENROL_IN_SCHOOL: Age at first enrolment in school

Information	[Type= continuous] [Format=numeric] [Missing=*]
Statistics [NW/ W]	[Valid=76489 /-] [Invalid=27687 /-] [Mean=5.629 /-] [StdDev=0.773 /-]
Interviewer's instructions	Age at entry at school is the age in completed years, at which the person started attending the primary level class. This generally will be the age at which the child is admitted to class I. In many states, there is a minimum age prescribed for admission to class I. However, the age is to be recorded as ascertained from the informant. Moreover, if a person is admitted for the first time at a higher class in the primary level then the age at that entry should be recorded

#23 EDU_LEVEL: Education level

#24 TYPE_OF_EDUCATION: Type of education

Information	[Type= discrete] [Format=numeric] [Range= 1-3] [Missing=*]
Statistics [NW/ W]	[Valid=76497 /-] [Invalid=27679 /-]
Interviewer's instructions	<p>Depending on whether the last course attended was a general or technical/professional or vocational course, code 1 or 2 or 3 will be entered against this item.</p> <p>Education is broadly divided into three categories: (i) general education and (ii) technical and professional</p>

File Block-7 Particulars of currently not attending persons aged 5-29 years

#24 TYPE_OF_EDUCATION: Type of education

education and (iii) vocational education. General education, in this survey, includes general school education from the primary to the higher secondary level, normal university education for a degree whereas technical/professional courses involve the hands on training in addition to theoretical classes. Education like Engineering, Medicine, Agriculture, Management, Chartered Accountancy, Cost Accountancy etc are examples of technical/professional courses. The education which aims at imparting training in very specific fields through providing significant 'hands on' experience in acquiring necessary skill, which will make them employable or create for them opportunities of self employment and the degree/ diploma/ certificate awarded by the institute should have recognition by State/ Central Government/ public sector or similar employers are included under vocational education. Education offered by ITIs, polytechnics, etc. are examples of vocational courses.

Value	Label	Cases	Percentage
1	general	74863	97.9%
2	professional/technical	1366	1.8%
3	vocational	268	0.4%
Sysmiss		27679	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#25 WHETHER_COMPLETED: Whether completed

Information	[Type= discrete] [Format=numeric] [Range= 1-2] [Missing=*]
Statistics [NW/ W]	[Valid=76488 /-] [Invalid=27688 /-]
Interviewer's instructions	It is to be ascertained whether the household member has completed the level where he last enrolled or not. For example, if a person enrolls in higher secondary level and completes it then the entry should be 1. If he had discontinued in class 11 or 12, then entry should be 2.

Value	Label	Cases	Percentage
1	Yes	38753	50.7%
2	No	37735	49.3%
Sysmiss		27688	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#26 GRADE_CLASS_BEFORE_DROPPING: Grade / class completed before dropping

Information	[Type= discrete] [Format=numeric] [Range= 0-51] [Missing=*]
Statistics [NW/ W]	[Valid=62072 /-] [Invalid=42104 /-] [Mean=6.969 /-] [StdDev=2.511 /-]
Interviewer's instructions	This item is applicable for the household members for whom the last class attended was class X or below. Here, exact class/grade in which he/she dropped/discontinued should be recorded.

Value	Label	Cases	Percentage
0		103	0.2%
1		847	1.4%
2		1885	3.0%
3		3538	5.7%
4		5142	8.3%
5		9060	14.6%
6		3967	6.4%
7		6650	10.7%

#27 AGE_WHEN_DISCONT_DROPPED: Age when discontinued/dropped

Information	[Type= continuous] [Format=numeric] [Range= 4-29] [Missing=*]
Statistics [NW/ W]	[Valid=76377 /-] [Invalid=27799 /-] [Mean=14.689 /-] [StdDev=3.719 /-]
Interviewer's instructions	An ever-enrolled student currently not pursuing the education may be due to either: (i) he/ she has discontinued after completing the last level of education for which he/ she was enrolled or (ii) he/ she has discontinued education before attaining a specific level. For the first category, for example, if a person has completed the middle level but does not enroll for the next higher level of education, he/ she is not considered as a dropout. It is considered as a case of discontinuation. However, if the person enrolls for the secondary level but does not complete it, then he/ she is considered a dropout. For this survey, dropouts and discontinuance will be treated alike

#28 TYPE_INSTT_LAST_ATTENDED: Type of institution last attended

Information	[Type= discrete] [Format=numeric] [Range= 1-5] [Missing=*]
Statistics [NW/ W]	[Valid=76414 /-] [Invalid=27762 /-]
Interviewer's instructions	The type of institution refers to the type of management by which the institution is run. The type of institution refers to the type of management by which the institution is run. It may be government, local body, or private body either receiving or not receiving government aid. Thus, the type may be (a) Government, (b) Local body, (c) private aided or (d) private unaided. The informant may not be in a position to provide this information correctly. In such cases code 5 is applicable. Otherwise codes 1,2,3 or 4 should be given appropriately. All schools/institutions run by the State, Central Govt., Public Sector Undertakings or Autonomous Organisations completely financed by the Govt. will be treated as government institutions. All institutions run by Municipal Corporations, Municipal Committees, Notified area committees, Zilla Parishads, Panchayat Samitis, Cantonment boards, etc. will be treated as local body institutions. Private aided institution is one, which is run by an individual or a private organisation and receives maintenance grant from a Govt. or local body. Private unaided institution is one, which is managed by an individual or a private organisation and not receiving maintenance grant either from a Govt. or a local body. Here, appropriate type of institute should be entered.

Value	Label	Cases	Percentage
1	Govt	61572	80.6%
2	local body	3787	5.0%
3	private aided	7463	9.8%
4	private unaided	3179	4.2%
5	not known	413	0.5%
Sysmiss		27762	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#29 REASON_FOR_NEVER_ENROLING_DISCON: Reason for never enrolling / discontinuing

Information	[Type= discrete] [Format=character] [Missing=*]
Statistics [NW/ W]	[Valid=104176 /-] [Invalid=0 /-]
Interviewer's instructions	The reason for never enrolling/discontinuing/dropping out any educational institution is to be recorded for

File Block-7 Particulars of currently not attending persons aged 5-29 years

#29 REASON_FOR_NEVER_ENROLING_DISCON: Reason for never enrolling / discontinuing

each of the persons eligible for this Block. For those who have completed their education, no detailed probing is to be made. In other cases where it is felt that the person is of school going age or has discontinued his education for any reason, detailed probing is necessary for making entry in this item. Codes 01 to 12 are applicable to any person whereas codes 13 and 14 are applicable to "never enrolled" members only. Similarly, codes 15-18 and 20-21 are applicable for "ever enrolled" and "female" members respectively. The codes are as follows

Applicable for any person :

Parent not interested in studies 01
 Inadequate number of teachers 02
 School is far off 03
 To work for wage / salary..... 04
 For participating in other economic activities .05
 To look after younger siblings06
 To attend other domestic chores07
 Financial constraints08
 Timings of educational institution not suitable10
 For helping in household enterprises.....11
 Language / medium of instruction used unfamiliar 12

Applicable for "never enrolled" cases only

No tradition in the community13
 Education not considered necessary 14

Applicable for "Ever enrolled " cases only

Child not interested in studies 15
 Unable to cope up or failure in studies..... 16
 Unfriendly atmosphere at school 17
 Completed desired level / class 18

Applicable for female students only

Non-availability of lady teacher 20
 Non-availability of ladies toilet 21

Others 29

Value	Label	Cases	Percentage
01	parent not interested in studies	15021	14.4%
02	inadequate number of teachers	57	0.1%
03	school is far off	2207	2.1%
04	to work for wage/salary	4413	4.2%
05	for participating in other economic activities	5280	5.1%
06	to look after younger siblings	829	0.8%
07	to attend other domestic chores	4730	4.5%
08	financial constraints	21909	21.0%
10	timings of educational institution not suitable	118	0.1%
