प्राक्कथन

राष्ट्रीय प्रतिदर्श सर्वेक्षण कार्यालय (एनएसएसओ) द्वारा किए जाने वाले अनिगमित गैर-कृषिगत उद्यमों के सर्वेक्षण विनिर्माण, व्यापार तथा अन्य सेवा क्षेत्र (निर्माण को छोड़कर) में अनिगमित गैर-कृषिगत उद्यमों की आर्थिक और प्रचालनात्मक विशेषताओं के विभिन्न संकेतकों के बारे में राष्ट्रीय तथा राज्य स्तर पर आंकड़ों के बुनियादी स्रोत हैं। इन आंकड़ों का उपयोग नियोजन, नीतिनिर्माण, निर्णय में सहायता तथा विभिन्न सरकारी संगठनों, शिक्षाविदों, शोधकर्ताओं और विद्वानों द्वारा सांख्यिकीय प्रक्रियाओं में इनपुट के रूप में किया जाता है। 67वें दौर के दौरान (जुलाई 2010 से जून 2011), राष्ट्रीय प्रतिदर्श सर्वेक्षण कार्यालय (एनएसएसओ) ने विनिर्माण, व्यापार तथा अन्य सेवा क्षेत्र (निर्माण को छोड़कर) में अनिगमित गैर-कृषिगत उद्यमों की आर्थिक तथा प्रचालनात्मक विशेषताओं पर एक अखिल भारतीय उद्यम सर्वेक्षण किया था। इस सर्वेक्षण का क्षेत्र कार्य राष्ट्रीय प्रतिदर्श सर्वेक्षण कार्यालय (एनएसएसओ) के क्षेत्र संकार्य प्रभाग (एफओडी) द्वारा किया गया था जिसमें केन्द्रीय प्रतिदर्शों को सम्मिलित किया गया था। अधिकांश राज्य सरकारों ने भी समान प्रतिदर्श आकार के आधार पर इस सर्वेक्षण में सहभागिता की थी।

सर्वेक्षणों के परिणाम एनएसएसओ द्वारा कई रिपोर्टों में प्रकाशित किए जाते हैं जो केन्द्रीय प्रतिदर्श आंकड़ों पर आधारित होते हैं। एनएसएसओ का यह निरन्तर प्रयास रहा है कि वह अपने सर्वेक्षणों के परिणामों को शीघ्रतः प्रकाशित करे ताकि इसके प्रयोक्ताओं की आवश्यकताओं को समय पर पूरा किया जा सके। इस लक्ष्य को ध्यान में रखते हुए तथा सर्वेक्षण के मुख्य परिणामों को रिपोर्ट जारी होने से पहले उपलब्ध कराने के मद्देनजर, एनएसएसओ ने जून 2012 में अनिगमित गैर-कृषिगत उद्यमों पर एनएसएस के 67वें दौर के मुख्य परिणामों को जारी किया। वर्तमान रिपोर्ट, श्रृंखला में दूसरे स्थान पर होते हुए, भारत तथा राज्यों में केन्द्रीय प्रतिदर्श पर आधारित अनिगमित गैर-कृषिगत उद्यमों की कुछ प्रचालनात्मक विशेषताओं के अनुमान प्रस्तुत करती है।

एनएसएसओ के अलग-अलग प्रभागों द्वारा विभिन्न कार्यकलापों के बेहतरीन नियोजन और निष्पादन तथा एनएसएस के सहायक अधिकारियों और स्टाफ की कड़ी मेहनत से यह प्रतिवेदन वर्तमान रूप में संभव हो सका है। मैं राष्ट्रीय सांख्यिकीय आयोग (एनएससी) के सदस्यों तथा एनएसएस के 67वें दौर के कार्यदल समूह के सदस्यों को उनके रचनात्मक सुझाव और मार्गदर्शन के लिए धन्यवाद देता हूँ जिससे रिपोर्ट में सुधार लाने में मदद मिली।

आशा है कि यह प्रतिवेदन योजनाकारों, नीतिनिर्माताओं, शिक्षाविदों तथा शोधकर्ताओं के लिए उपयोगी होगा। इसकी विषय-वस्तु एवं इसके दायरे में सुधार हेतु सुझावों का स्वागत है।

Preface

The unincorporated non-agricultural enterprise surveys conducted by NSSO are the primary source of data on various indicators of economic and operational characteristics of unincorporated non-agricultural enterprises in manufacturing, trade and other service sector (excluding construction) at national and state level. These are used for planning, policy formulation, decision support and as an input for further statistical exercises by various Government organizations, academicians, researchers and scholars. During 67th round (July 2010 to June 2011), National Sample Survey Office (NSSO) carried out an all-India enterprise survey on economic and operational characteristics of unincorporated non-agricultural enterprises in manufacturing, trade and other service sector (excluding construction). Field work of the survey covering the central samples was carried out by the Field Operations Division (FOD) of NSSO. Most of the State Governments also participated in the survey on matching sample size basis.

The results of the surveys are brought out by the NSSO in a number of reports, based on its central sample data. It has been the persistent endeavour of NSSO to bring out its survey results at the earliest to meet the timely requirements of its users. With that aim in mind and with a view to making available the salient results of the survey, well in advance of the release of its reports, the NSSO released Key Results of NSS 67th round on unincorporated non-agricultural enterprises in June 2012. The present report, being second in the series, presents the estimates of some operational characteristics of unincorporated non-agricultural enterprises in India and States based on central sample.

This report in its present form has been possible because of the efforts made by the different Divisions of NSSO in meticulous planning and execution of various activities involved and the hard work done by the supporting officials and staff of NSSO. I am thankful to members of National Statistical Commission (NSC) and Working Group of NSS 67th round for their constructive suggestion and guidance which helped in improving the report.

It is hoped that the report will be found useful by planners, policy makers, academicians and researchers. Suggestions for improvement of its content and coverage will be highly appreciated.

New Delhi.
November 2012

Secretary

मुख्य बातें

67वें दौर के सर्वेक्षण के लिए एक स्तरीकृत बहुचरणीय अभिकल्प अपनाया गया है। प्रथम चरण इकाइयां (प्र.च.इ.) ग्रामीण क्षेत्र के लिए जनगणना ग्राम (केरल के मामले में पंचायत वार्ड) और नगरीय क्षेत्र में नगरीय ढांचा सर्वेक्षण (न.ढा.स.) खंड होंगे। दोनों क्षेत्रों में अंतिम चरण इकाइयां (यू.एस.यू.) उद्यम होंगे।

ग्रामीण क्षेत्रों के लिए जनगणना 2001 परिवारों की सूची को प्रतिदर्श ढांचे के लिए प्रयोग किया गया है। केवल में, गणना 2001 के अनुसार पंचायत वार्डों की सूची को ढांचे के रूप में प्रयोग किया गया क्योंकि ऐसे वार्डों की सूची आर्थिक गणना 2005 ढांचे में उपलब्ध नहीं था। नगरीय क्षेत्र में, जनगणना 2001 के अनुसार 10 लाख से अधिक जनसंख्या वाले 26 शहरों के लिए आ.ग.-2005 ढांचे का प्रयोग किया गया। यद्यपि मुम्बई 10 लाख से अधिक वाला शहर है, परन्तु पहचान की समस्या के कारण आर्थिक गणना-2005 ढांचा का प्रयोग मुम्बई के लिए नहीं किया गया। अन्य शहरों नगरों (मुम्बई सहित) के लिए न.ढा.स. ढांचा (2002-07 चरण या यदि वह उपलब्ध न हो तो 2002-2007 से पूर्व अंततम उपलब्ध चरण) का प्रयोग किया गया।

जनगणना 2001 के अनुसार 647970 ग्रामों में से 8380 ग्रामों के प्रतिदर्श नियतन में से 8296 ग्रामों में एवं न.ढा.स. ढांचा के अनुसार 441538 नगरीय खंडों में से 7620 नगरीय खंडों के प्रतिदर्श नियतन में से 7602 नगरीय खण्डों पर सर्वेक्षण चलाया गया। देश भर में, विनिर्माण व्यापार और अन्य सेवाओं में लगे लगभग 3.34 लाख उद्यमों से सूचना एकत्र की गई। सभी असमाविष्ट गैर-कृषि उद्यमों, निर्माण को छोड़कर, को सूचीकृत किया गया, जिसमें से कुल 334474 को आँकड़ा एकत्रण के लिए चयनित किया गया। उन 334474 उद्यमों में से 162375 नगरीय क्षेत्रों के थे और 172099 ग्रामीण क्षेत्रों के थे। इनमें से सर्वेक्षित 49 प्रतिशत उद्यम नगरीय क्षेत्रों के थे। इसके अलावे कुल सर्वेक्षित उद्यमों में से 66 प्रतिशत स्व कार्यरत उद्यम (ओ.ए.इ.) थे।

- ✓ 2010-11 के दौरान अखिल भारतीय स्तर पर निर्माण को छोड़कर 5.77 करोड़¹ असमाविष्ट गैर-कृषि उद्यमों को प्राक्कलित किया गया। जिसमें से 30 प्रतिशत उद्यम विनिर्माण में थे, 36 प्रतिशत व्यापार में एवं 34 प्रतिशत उद्यम सेवा क्षेत्र में थे।
- ✓ प्राक्कलित (अनुमानित) असमाविष्ट गैर-कृषि उद्यमों के कुल संख्या का करीब 54 प्रतिशत ग्रामीण क्षेत्रों में था और 46 प्रतिशत नगरीय क्षेत्रों में
- ✓ सर्वेक्षण सीमा क्षेत्र के तहत असमाविष्ट, गैर-कृषि उद्यमों का प्रमुख शेयर (85%) ओएइएस के पास था। अखिल भारतीय स्तर पर ओएइएस की सुस्थिति अधिक संख्या में सभी तीन विस्तृत क्रियाकलापों की श्रेणियों - जैसे - विनिर्माण में (84%), व्यापार (86%) और अन्य सेवाएँ (84%) में थी।
- ✓ 4.9 करोड़ ओएइएस में से नगरीय क्षेत्र के 42 प्रतिशत ओएइएस की तुलना में 58 प्रतिशत ओएइएस ग्रामीण क्षेत्र में थे। तो भी नगरीय क्षेत्र में स्थापना अधिक थी। सर्वेक्षण क्षेत्र के

¹ (1 करोड़ = 10⁷)

तहत 89 लाख स्थापना में, ग्रामीण क्षेत्र के 30 प्रतिशत स्थापना की तुलना में नगरीय क्षेत्र की हिस्सेदारी 70 प्रतिशत स्थापनाओं की है ।

- ✓ 'ब्यापार' में उद्यमों का प्रतिशत ग्रामीण एवं नगरीय दोनों क्षेत्रों में सबसे अधिक था, ग्रामीण (34%) एवं नगरीय (38%) और संयुक्त क्षेत्र के लिए भी (36%) 'अन्य सेवाओं' के उद्यमों का विस्तृत श्रेणी क्रियाकलापों में दूसरा सबसे अधिकशेयर (34%) विनिर्माण के (30%) के शेयर से आगे था ।
- ✓ यह सर्वेक्षण यह प्रकाशित किया कि उत्तर प्रदेश का शेयर असमाविष्ट गैर-कृषि उद्यमों के कुल संख्या में सबसे अधिक (14.5%) था, इसके बाद पश्चिम बंगाल का (12.6%), आंध्र प्रदेश (9.7%), महाराष्ट्र (8.9%) एवं तमिलनाडू (7.8%) था । अखिल भारतीय स्तर पर ये पाँचों राज्य में असमाविष्ट गैर-कृषि उद्यमों का प्रतिशत 53.6 पाया गया ।
- ✓ 2010-11 के दौरान निर्माण को असमाविष्ट गैर-कृषि उद्यमों के क्रियाकलापों में करीब 10.8 करोड़ कामगार संलग्न थे । कुल अनुमानित कामगारों में से 51 प्रतिशत नगरीय क्षेत्र में एवं 49 प्रतिशत ग्रामीण क्षेत्र में देखे गए ।
- ✓ ओएइएस ग्रामीण भारत में सर्वेक्षण क्षेत्र के तहत कामगारों का प्रमुख शेयर रखता था । अखिल भारतीय स्तर पर संलग्न कामगारों में ओएइएस की सुस्थिति, जो सभी तीन विस्तृत क्रियाकलापों-यथा-विनिर्माण, (60%) ब्यापार (72%) और सेवा (63%), में संलग्न थे । तौ भी ओएइएस से उपर स्थापना में कामगारों का शेयर नगरीय क्षेत्रों में मामूली अधिक दर्ज हुआ, विनिर्माण में (53%) एवं अन्य सेवाओं में (51%)
- ✓ 'अन्य सेवा' क्षेत्र ग्रामीण, नगरीय क्षेत्रों के लिए सबसे अधिक कामगारों का प्रतिशत (36%) रखता था और ग्रामीण एवं नगरीय संयुक्त के लिए भी सबसे अधिक (36%) था । अखिल भारतीय स्तर, पर 'व्यापार' एवं विनिर्माण के पास कामगारों का करीब बराबर शेय (32%) था ।
- ✓ उत्तर प्रदेश का कुल कामगारों की संख्या में सबसे अधिक शेयर (15%) था, इसके बाद आंध्र प्रदेश (11%) पश्चिम बंगाल (11%), महाराष्ट्र (9%) एवं तमिलनाडू (8%) ये पाँचों राज्य के लिए निर्माण को छोड़कर असमाविष्ट गैर-कृषि क्षेत्र के कुल कामगारों का 54 प्रतिशत था ।
- ✓ मालिकाना उद्यमों (जैसे - एक परिवार द्वारा अपनाया गया उद्यम) असमाविष्ट गैर-कृषि उद्यमों का सबसे अधिक शेयर (96%) था, जिनमें से की 17 प्रतिशत मालिक महिलाएँ थी और शेष पुरुष थे । केवल दो प्रतिशत उद्यम साक्षेदारी आधार पर चलाये गए थे ।
- ✓ बारहमासी उद्यमों वे हैं जो वर्ष भर नियमित रूप से अधिक या कम कार्य किया है । कुल असमाविष्ट गैर-कृषि उद्यमों का करीब 99 प्रतिशत शास्वत था, जबकि कुल उद्यमों की संख्या का 1 प्रतिशत से थोड़ा सा अधिक मौसमी एवं आकस्मिक उद्यम एक साथ गठित हुए । प्रचालन की प्रकृति से सम्बन्धित असमाविष्ट, गैर-कृषि उद्यमों का वितरण में - ग्रामीण एवं नगरीय क्षेत्रों के बीच, या ओएइ एवं स्थापना के बीच खास अन्तर नहीं है ।

- ✓ पिछले 365 दिनों के दौरान करीब 93 प्रतिशत असमाविष्ट गैर-कृषि उद्यमों ने 9 महीना या उससे अधिक कार्य किया, जबकि 2 प्रतिशत उद्यम सर्वेक्षण क्षेत्र के तहत उसी आवधि में - एक तिमाही से भी कम के लिए प्रचालित किया गया,
- ✓ करीब 67 प्रतिशत सभी असमाविष्ट गैर-कृषि उद्यमों ने एक सामान्य दिन में 8 घंटा से अधिक काम किया। नगरीय क्षेत्र में 75 प्रतिशत असमाविष्ट गैर-कृषि-उद्यमों ने एक दिन में- 8 घंटा से अधिक कार्य किया, जबकि ग्रामीण क्षेत्र में उनमें से 61 प्रतिशत ने एक दिन में 8 घंटा से अधिक कार्य किया। केवल 5 प्रतिशत असमाविष्ट, गैर कृषि उद्यमों ने एक सामान्य दिन में 4 घंटा से कम कार्य किया।
- ✓ 85 प्रतिशत असमाविष्ट गैर-कृषि उद्यमों अपना कारोबार एक निश्चित अवस्थान चाहे अपने आवास परिसर के अन्दर या उसके बाहर चलाए और करीब 15 प्रतिशत बिना किसी निर्धारित अवस्थान में अपना कारोबार चलाए। सर्वेक्षण क्षेत्र के अर्न्तगत करीब 2 प्रतिशत उद्यमों बिना किसी संरचना के चलाये गए, लेकिन उनके पास एक निश्चित अवस्थान था, जबकि 10.8 प्रतिशत असमाविष्ट गैर-कृषि उद्यमों स्ट्रीट मेन्डर के रूप में चलाए गए और 4 प्रतिशत मोबाइल मार्केट में संचालित हुए।
- ✓ अखिल भारतीय स्तर पर करीब 90 प्रतिशत असमाविष्ट उद्यमों किसी तरह का लेखा नहीं रखते थे यह अनुपात ओएडएस के लिए करीब 94 प्रतिशत और स्थापनाओं के लिए 68 प्रतिशत था।
- ✓ 62 प्रतिशत असमाविष्ट गैर-कृषि उद्यमों का मालिक अनुसूचित जनजाति (एसटी) अनुसूचित जाती(एससी) एवं अन्य पिछड़ी जातियों (ओबीसी) वर्ग के व्यक्तियों में से था। यह प्रतिशत ओएडएस के मामले में स्थापना (47%) से अधिक (65%) था। पुनः ग्रामीण क्षेत्र के अधिक ओएडएस (69%) पिछड़ी जातियों के उद्यमकर्त्ताओं द्वारा चलाया गया जबकि नगरीय क्षेत्रों में (54%) ओएडएस द्वारा चलाया गया।
- ✓ अखिल भारतीय स्तर पर सभी स्थापनाओं का 1 प्रतिशत नीजी एनपीआइएस (NPIS) बनाया गया, जिनका ओएडएस के बीच उपस्थिति बहुत कम (0.3%) था।
- ✓ सर्वेक्षण क्षेत्र के तहत 29 प्रतिशत सभी उद्यमों किसी कानून या किसी पंजीयन प्राधिकारी के अर्न्तगत पंजीकृत थे। सर्वेक्षण क्षेत्र के तहत पंजीकृत उद्यमों का कुल अनुपात नगरीय क्षेत्र में अधिक था (39%) ग्रामीण क्षेत्रों (21%) की तुलना में। विनिर्माण क्षेत्र (86%) का प्रतिशत अपंजीकृत उद्यमों में सबसे अधिक था, फिर ब्यापार (68%) और 'अन्य सेवाएँ' (61%)
- ✓ सभी असमाविष्ट गैर-कृषि उद्यमों का 66 प्रतिशत यह रिपोर्ट किया कि उन्हें दैनिक प्रचालन कार्यों में कोई किसी विशेष समस्या का सामना नहीं करना पड़। कमी होना या माँग घटना (11%) और 'वित्तीय बकाया का वसूली नहीं होना' (9%) उद्यमों को इन्हीं दो प्रमुख समस्याओं का सामना करना पड़ा

- ✓ असमाविष्ट गैर-कृषि उद्यमों का केवल 6 प्रतिशत कम से कम कुछ कार्य कोन्ट्रैक्ट (संविदा) के आधार पर लिया था । यह प्रतिशत विनिर्माण उद्यमों के लिए अधिक था (20%)
- ✓ असमाविष्ट गैर-कृषि उद्यमों का करीब 3 प्रतिशत मिश्रित क्रियाकलापों का अनुसरण किया । व्यापार उद्यमों ने विनिर्माण एवं 'अन्य सेवाएँ' उद्यमों की तुलना में कुछ अधिक मिश्रित क्रियाकलापों का अनुसरण किया और ओएडएस का शेयर स्थापना के मुकाबले तीनों विस्तृत क्रियाकलापों की श्रेणियों में से प्रत्येक के लिए बहुत अधिक शेयर था ।
- ✓ असमाविष्ट गैर-कृषि उद्यमों का 2 प्रतिशत सरकार से किसी तरह की सहायता प्राप्त करने का रिपोर्ट किया । असमाविष्ट गैर-कृषि उद्यमों का करीब 1 प्रतिशत सरकार से वित्तीय ऋण के रूप में सहायता प्राप्त किया ।

Highlights

A stratified multi-stage design had been used in 67th round survey. The first stage units (FSU) were the census villages (Panchayat wards in case of Kerala) in the rural sector and Urban Frame Survey (UFS) blocks in the urban sector. The ultimate stage units (USU) were enterprises in both the sectors.

Census 2001 list of villages had been used as the sampling frame for rural areas. In Kerala, list of panchayat wards as per Census 2001 was used as frame since 1 of such wards were not available as per Economic Census (EC) - 2005 frame. In the urban sector, EC-2005 frame was used for 26 cities with population more than a million as per census 2001. Although Mumbai was a million plus city, EC-2005 frame could not be used for Mumbai because of identification problem. For other cities/towns (including Mumbai), UFS frame (2002-07 phase or latest available phase prior to 2002-07 if it was not available) was used.

The survey was conducted in 8296 villages out of a sample allocation of 8380 villages selected from 647970 villages as per census 2001 and in 7602 urban blocks out of a sample allocation of 7620 urban blocks selected from 441538 urban blocks as per UFS frame. Information was collected from about 3.34 lakh enterprises engaged in the manufacturing, trade and other services activities throughout the country. All unincorporated non-agricultural enterprises, excluding construction, were listed; of which a total of 334474 were selected for data collection. Of those 334474 enterprises, 162375 were in rural areas and 172099 were in urban areas. About 49 per cent of these enterprises surveyed belonged to the rural sector. Moreover, 66 per cent of the total surveyed enterprises were Own Account Enterprises (OAEs).

Ü During 2010-11, 5.77 crore¹ unincorporated non-agricultural enterprises excluding construction were estimated at the all-India level. Out of them, 30 percent enterprises were engaged in manufacturing, 36 percent enterprises were in trading and 34 percent enterprises were in service sector.

Ü Of the total number of unincorporated non-agricultural enterprises estimated, about 54 per cent were located in rural areas and 46 per cent were located in urban areas

¹ (1 crore = 10⁷)

- ü OAEs had the dominant share (85%) of unincorporated non-agricultural enterprises under survey coverage. At all-India level, OAEs outnumber establishments in all the three broad activity categories namely ‘Manufacturing’ (84%), ‘Trade’ (86%) and ‘Other Services’ (84%).
- ü Out of 4.9 crore OAEs, 58 percent OAEs were in rural sector against 42 percent OAEs in urban area. However Establishments were higher in urban areas. Out of 89 lakh establishments under survey coverage, urban area has a share of 70 percent establishments against 30 percent in rural area.
- ü ‘Trade’ had the highest percentage of enterprises for rural (34%) and urban (38%) sectors and also for combined sector (36%). ‘Other Services’ had next highest share (34%) of enterprises among broad activity categories followed by ‘Manufacturing’ (30%).
- ü The survey revealed that Uttar Pradesh had the highest share (14.5%) in total number of unincorporated non-agricultural enterprises followed by West Bengal (12.6%), Andhra Pradesh (9.7%), Maharashtra (8.9%) and Tamil Nadu (7.8%). These five states accounted for 53.6 percent of unincorporated non-agricultural enterprises at all-India level.
- ü About 10.8 crore workers were engaged in unincorporated non-agricultural enterprise activities excluding construction during 2010-11. Out of the total estimated number of workers, 51 percent were located in urban areas and 49 percent were located in rural areas.
- ü OAEs had dominant share of workers under survey coverage in rural India. At all-India level, workers engaged in OAEs outnumber those engaged in establishments in all the three broad activity categories namely, manufacturing (60%), trade (72%) and service (63%). However, urban areas recorded slightly higher share of workers in establishments over OAEs in ‘Manufacturing’ (53%) and ‘Other Services’ (51%).
- ü The sector ‘Other Services’ had the highest percentage of workers (36%) for rural, urban and also for rural & urban combined (36%) areas. At all India level ‘Trade’ and ‘Manufacturing’ had almost equal share (32%) of workers.
- ü Uttar Pradesh had the highest share in total number of workers (15%) followed by Andhra Pradesh (11%), West Bengal (11%), Maharashtra (9%), and Tamil Nadu (8%). These five states accounted for 54 percent of total workers of the unincorporated non-agricultural sector excluding construction.

- Ü Proprietary enterprises (i.e. enterprises owned by a single household) had the highest share (96%) of unincorporated non-agricultural enterprises, out of which only 17 per cent of the owner proprietors were females and the rest were males. Only two per cent of enterprises were operated on a partnership basis.
- Ü The perennial enterprises are those which worked more or less regularly throughout the year. About 99 percent of the total unincorporated non-agricultural enterprises were perennial while the seasonal and casual enterprises together constituted a little more than 1 percent of the total number of enterprises. The distribution of unincorporated non-agricultural enterprises in respect of nature of operation does not differ significantly between rural and urban areas, or between OAE and establishments.
- Ü About 93 percent of the unincorporated non-agricultural enterprises had worked for 9 months or more during the last 365 days while about 2 percent of the enterprises under survey coverage had operated for less than a quarter of the same period.
- Ü About 67 percent of all unincorporated non-agricultural enterprises had worked more than 8 hours in a normal day. In urban area 75 percent of unincorporated non-agricultural enterprises worked more than 8 hours in a day while in rural area, 61 percent of them worked more than 8 hours a day. Only 5 percent of unincorporated non-agricultural enterprises had worked less than 4 hours in a normal day.
- Ü 85 percent unincorporated non-agricultural enterprises run the business at fixed location either within the household premises or outside and about 15 percent operated their business without any fixed location. Around 2 percent of the enterprises under survey coverage operated without any structure but had a fixed location while 10.8 percent unincorporated non-agricultural enterprises were operated as street vendors and 4 percent were operated in mobile market.
- Ü At all-India level, about 90 percent of unincorporated non-agricultural enterprises were not maintaining any sort of accounts. This proportion was nearly 94 percent for OAEs and 68 percent for establishments.
- Ü 62 percent of unincorporated non-agricultural enterprises were owned by persons belonging to Scheduled Tribes (ST), Scheduled Castes (SC) and Other Backward

- Classes (OBC). This proportion was more in case of OAEs (65%) than establishments (47%). Again, more OAEs in the rural areas (69%) were run by entrepreneurs from the backward sections than OAEs in urban areas (54%).
- Û Private Non Profit Institutes constituted roughly 1 percent of all establishments at all-India level and their presence among OAEs was very low (0.3%).
 - Û 29 percent of all enterprises under survey coverage were registered under any Act or with any registration authority. The overall proportion of registered enterprises under survey coverage was higher in urban areas (39%) as compared to rural areas (21%). ‘Manufacturing’ sector (86%) had the highest percentage of unregistered enterprises followed by ‘Trade’ (68%) and ‘Other Servi .
 - Û 66 percent of all unincorporated non-agricultural enterprises reported to not having faced any specific problem in their day-to-day operation. ‘Shrinking or fall of demand’ (11%) and ‘non recovery of financial dues’ (9%) were the two main problems faced by the enterprises.
 - Û Only 6 percent of unincorporated non-agricultural enterprises had undertaken at least some work on contract basis. This percentage was higher for manufacturing enterprises (20%).
 - Û About 3 percent of unincorporated non-agricultural enterprises pursued mixed activities. Trading enterprises had pursued more mixed activities in comparison to manufacturing and ‘other services’ enterprises and OAEs had much more share than establishment for each of three broad activity categories.
 - Û 2 percent of unincorporated non-agricultural enterprises had reported receiving any assistance from government. About 1 percent of unincorporated non-agricultural enterprises received assistance from the government in the form of financial loans.

Chapter One

Introduction

1.1.1 The National Sample Survey Office (NSSO), Ministry of Statistics and Programme Implementation (MOSPI), Government of India, since its inception in 1950 has been conducting nationwide integrated large scale sample surveys, employing scientific sampling methods, to generate data and statistical indicators on diverse socio-economic aspects. During the period 1st July 2010 to 30th June 2011, NSSO carried out an all-India enterprise survey on economic and operational characteristics of unincorporated non-agricultural enterprises in manufacturing, trade and other service sector (excluding construction).

1.1.2 The household-based non-agricultural activities, irrespective of their scale of operations, were covered in the surveys of NSSO in the early periods. The non-household based units in the unorganised sector thus remained outside the coverage, primarily due to non-availability of a comprehensive frame and background information needed for formulating an efficient sampling design. The need for auxiliary information on areas of concentration of enterprises for stratification purpose was strongly felt for developing more efficient sampling designs. This demand ultimately culminated in the conduct of periodic Economic Censuses (EC), which provided the frame for the follow-up surveys on non-agricultural enterprises including the non-household based units in the service sector.

1.1.3 With the launching of the first EC in 1977, the follow-up surveys of EC on unorganised manufacturing and service sector enterprises generally used the village and block level information on number of enterprises/workers as per the EC for selection of villages and urban blocks in the first stage. The approach of data collection from enterprises was also changed from the 'household approach' used earlier (i.e. prior to the launching of EC) to the 'site approach' wherever such sites existed.

1.1.4 Last surveys of enterprises on trade, unorganised manufacturing and service sectors (excluding trade and construction) were conducted during 53rd round (January – December 1997), 62nd round (July 2005 – June 2006) and 63rd round of NSS (July 2006 – June 2007) respectively. Other enterprise surveys carried out in between were 55th round (informal sector enterprises, 1999-2000), 56th round (unorganised manufacturing, 2000-2001) and 57th round (unorganised service sector excluding trade, finance and construction, 2001 –2002).

1.2 Objective of the unincorporated non-agricultural enterprises survey

1.2.1 The main objective of the unincorporated non-agricultural enterprise surveys conducted by NSSO was to get estimates of various economic and operational characteristics of unincorporated non-agricultural enterprises in manufacturing, trade and other service sector (excluding construction) at national and State level. The survey was designed to estimate value of key characteristics per enterprise like average no. of workers, fixed assets, outstanding loans, total receipts, total operating expenses and gross value added separately for ‘Own Account Enterprises (OAEs)’ and ‘establishments’. Information on various operational characteristics like ownership, nature of operation, location, status of registration etc., were also collected to have an insight into economic scenario of the unincorporated non-agricultural enterprises in the country. These economic and operational indicators are required for planning, policy and decision making at various levels, both within the government and outside. These aspects of the unorganised enterprise sector are captured in detail in the present NSS survey and estimates are generated.

1.2.2 The enterprises covered in NSS 67th round were divided into three broad industry groups, viz. (i) manufacturing, (ii) trade and (iii) other service sector enterprises. Under the above sectoral coverage, enterprises were categorised into two types, the first type being Own Account Enterprises (OAE) i.e. those enterprises that do not employ hired workers on a fairly regular basis in the reference year and the second type being Establishments employing at least one hired worker on a fairly regular basis in the reference year. The eligibility criteria for an enterprise to be covered in the survey was at least 30 days of operation (15 days of operation for seasonal enterprises / SHGs) in the reference year i.e. “last 365 days preceding the date of survey”.

1.3 Survey outline of unincorporated non-agricultural survey

1.3.1 Geographical coverage: The survey covers the whole of the Indian Union *except* (i) interior villages of Nagaland situated beyond five kilometres of the bus route and (ii) villages in Andaman and Nicobar Islands which remain inaccessible throughout the year. Leh (Ladakh) and Kargil districts of Jammu & Kashmir did not have any separate sample first-stage units (FSUs) for ‘central sample’. For these two districts, sample FSUs drawn as ‘state sample’ was considered as central sample.

1.3.2 Sub round: The survey period of one year was divided into four sub-rounds of three months’ duration each as follows:

sub-round 1 :	July - September 2010
sub-round 2 :	October - December 2010
sub-round 3 :	January - March 2011
sub-round 4 :	April - June 2011

In each of these four sub-rounds equal number of sample first stage units (FSUs) i.e. villages/blocks were allotted for survey with a view to ensuring uniform spread of sample FSUs over the entire survey period. Every attempt was made to survey each of the FSUs during the sub-round to which it was allotted. Because of the arduous field conditions, this restriction was not strictly enforced in Andaman and Nicobar Islands, Lakshadweep and rural areas of Arunachal Pradesh and Nagaland.

1.4 Subject Coverage:

1.4.1 The coverage of NSS 67th round (July 2010 – June 2011) was non-agricultural unincorporated enterprises belonging to three sectors viz., Manufacturing, Trade and Other Services. The survey considered the following broad categories of enterprises:

- (a) Manufacturing enterprises excluding those registered under Sections 2m (i) and 2m (ii) of the Factories Act, 1948.
- (b) Manufacturing enterprises registered under Section 85 of Factories Act, 1948.
- (c) Enterprises engaged in cotton ginning, cleaning and baling (code 01632 of National Industrial Classification (NIC) - 2008) excluding those registered under Factories Act.
- (d) Enterprises manufacturing bidi and cigar excluding those registered under bidi and cigar workers (condition of employment) Act, 1966.
- (e) Trading enterprises.
- (f) Other Service sector enterprises excluding construction.

The Ownership categories of enterprises under coverage in (a) to (f) above was

- (a) Proprietary and partnership enterprises.
- (b) Trusts, Self-help groups (SHGs), Non-Profit Institutions (NPIs), etc.

And the following ownership categories of enterprises were excluded from the coverage of the survey:

- (a) Enterprises which are incorporated i.e. registered under Companies Act, 1956.
- (b) Government and public sector enterprises.
- (c) Cooperatives.

1.4.2 *Outline of sample design:* A stratified multi-stage design had been adopted for the 67th round survey. The first stage units (FSU) were the census villages (Panchayat wards in case of Kerala) in the rural sector and Urban Frame Survey (UFS) blocks in the urban sector. The ultimate stage units (USU) were enterprises in both the sectors. In case of large FSUs, one

intermediate stage of sampling was done by the selection of three hamlet-groups (hgs)/ sub-blocks (sbs) from each large rural/ urban FSU.

1.4.3 Sampling frame: Census 2001 list of villages were used as the sampling frame for rural areas. Auxiliary information such as number of enterprises, number of workers, type of enterprises, activities of enterprises, etc. available from EC-2005 frame were used for stratification, sub-stratification and selection of enterprises. In Kerala, list of panchayat wards as per Census 2001 were used as frame since list of such wards is not available as per EC 2005 frame.

In the urban sector, EC-2005 frame was used for 26 cities with population more than a million as per census 2001. Although Mumbai is a million plus city, EC-2005 frame was not used for Mumbai because of identification problem for IV unit/blocks in the EC for the city. For other cities/towns (including Mumbai), UFS frame (2002-07 phase or latest available phase prior to 2002-07 if it was not available) was used.

1.4.4 Schedules of enquiry: During this round, the following two schedules of enquiry were canvassed, viz. Schedule 0.0: list of households and non-agricultural enterprises and Schedule 2.34: unincorporated non-agricultural enterprises (excluding construction). The detail concepts and definition of the main schedule (i.e. Schedule 2.34) is discussed in Chapter Two while in Appendix C, the schedule is reproduced.

1.4.5 Out of the total number of 16000 FSUs (8380 villages and 7620 urban blocks) allotted for the central sample, 15898 FSUs (8296 villages and 7602 urban blocks) could be surveyed at the all-India level for canvassing Schedule 2.34. The total number of enterprises surveyed was 334474 (162375 in rural areas and 172099 in urban areas). The State-wise detailed allocation of FSU and corresponding numbers of surveyed FSU is given in Table A1 below. The sample design and estimation procedure used for the survey is given in Appendix B document.

1.5 NSS 67th round Reports on unincorporated non-agricultural enterprises

1.5.1 The results of NSS rounds are released in reports based on comprehensive tabulation of subject parameters and indicators in various cross classifications generated from the central sample data. Corresponding to NSS 67th round survey, NSS first published a Key Report in June 2012 covering key indicators of unincorporated non-agricultural enterprises (excluding construction). Besides this key report the results are planned for release in other two reports covering 'operational characteristics' and 'economic characteristics' of unincorporated non-agricultural enterprises (excluding construction) respectively. The present report discusses the

‘operational characteristics’ of unincorporated non-agricultural enterprises (excluding construction) in details.

1.6 Contents of the present report:

1.6.1 This report contains Three Chapters and Three Appendices. Following the present introductory chapter (Chapter One), Chapter Two outlines different concepts and definition that were used during the survey. Summary findings on operational characteristics of unincorporated non-agricultural enterprises (excluding construction) are presented in Chapter Three. The coverage of the survey in terms of NIC 2008 and notations of different activities covered in the survey are given in Table A2 and A3 respectively.

1.6.2 The detailed tables elaborating the results for all-India and States are given in Appendix A. An outline of the sample design and estimation procedure is presented in Appendix B while Appendix C gives a facsimile of the schedule canvassed in the survey.

1.6.3 The estimates of different indicators related to operational characteristics of unincorporated non-agricultural enterprises (excluding construction) have been presented for all the States and UTs. While using the estimates for the smaller States, it may be kept in mind that the sample sizes for them may not be adequate enough for getting sufficiently reliable estimates.

Chapter Two

Concepts and Definitions

2.1 Important concepts and definitions of some important terms used in the survey and relevant to this report are explained in the following paragraphs.

2.2 **Population coverage:** The following rules regarding the population/households covered were followed while visiting households for the purpose of listing of enterprises:

1. Under-trial prisoners in jails and indoor patients of hospitals, nursing homes etc., were excluded, but residential staff therein was included during listing. The persons of the first category were considered as normal members of their parent households. Convicted prisoners undergoing sentence were outside the coverage of the survey.
2. Floating population, i.e., persons without any normal residence were not considered. But households residing in open space, roadside shelter, under a bridge, etc., more or less regularly in the same place, were taken into account.
3. Foreign nationals were not considered, nor do their domestic servants, if by definition the latter belong to the foreign national's household. If, however, an enterprise was run by a member of such household located within the premises of the household or without any fixed premises, it was listed as an enterprise.
4. Persons residing in barracks of military and paramilitary forces (like police, BSF, etc.) was kept outside the survey coverage due to difficulty in conduct of survey therein. However, civilian population residing in their neighbourhood, including the family quarters of service personnel, were covered.
5. Orphanages, rescue homes, *ashrams* and vagrant houses were outside the survey coverage but enterprises run by them and located within the premises of those institutions were considered. However, persons staying in old age homes, students staying in *ashrams*/ hostels and the residential staff (other than monks/ nuns) of these ashrams were treated as forming households (as per the standing practice in NSS) for the purpose of identifying enterprises through such households. For orphanages, although orphans were not covered, the persons looking after them and staying there were considered as forming households.

2.3 **House:** Every structure, tent, shelter, etc. was considered as a house irrespective of its use. It might have been used for residential or non-residential purpose or both or even it might have been vacant.

2.4 Household: A group of persons who normally lived together and taking food from a common kitchen constituted a household. It included temporary stay-aways (those whose total period of absence from the household was expected to be less than 6 months) but excluded temporary visitors and guests (expected total period of stay less than 6 months). Even though the determination of the actual composition of a household was left to the judgment of the head of the household, the following procedures were adopted as guidelines.

(i) Each inmate (including residential staff) of a hostel, mess, hotel, boarding and lodging house, etc., constituted a single-member household. If, however, a group of persons among them normally pool their income for spending, they were together treated as forming a single household. For example, a family living in a hotel was treated as a single household.

(ii) In deciding the composition of a household, more emphasis was given on 'normally living together' than on 'ordinarily taking food from a common kitchen'. In case the place of residence of a person was different from the place of boarding, he or she was treated as a member of the household with whom he or she resided.

(iii) A resident employee, or domestic servant, or a paying guest (but not just a tenant in the household) was considered as a member of the household with whom he or she resided even though he or she was not a member of the same family.

(iv) When a person sleeps in one place (say, in a shop or in a room in another house because of space shortage) but usually took food with his or her family, he or she was treated not as a single member household but as a member of the household in which other members of his or her family stayed.

(v) If a member of a family (say, a son or a daughter of the head of the family) stayed elsewhere (say, in hostel for studies or for any other reason), he/ she was not considered as a member of his/ her parent's household. However, he/ she were considered as a single member household if the hostel is listed.

2.5 Public works: 'Public works' were those activities which were sponsored by Government or Local Bodies, and which covered local area development works like construction of roads, dams, bunds, digging of ponds, etc., as relief measures, or as an outcome of employment generation schemes under the poverty alleviation programme such as National Rural Employment Guarantee Act (NREG) programme, Sampoorna Grameen Rozgar Yojana (SGRY), National Food for Work Programme (NFFWP), etc.

2.6 National Rural Employment Guarantee Act (NREGA): The National Rural Employment Guarantee Act, 2005 (NREGA) is an important step towards the realization of the right to work and to enhance the livelihood security of the households in the rural areas of the country. The Scheme provides at least 100 days of guaranteed wage employment in every financial year to

NSS Report No. 546: Operational Characteristics of Unincorporated Non-agricultural Enterprises (Excluding Construction) in India

every household whose adult members volunteer to do unskilled manual work. Adult means a person who has completed his/ her eighteen years of age. Unskilled manual work means any physical work which any adult person is capable of doing without any special skill/ training. The implementing agency of the scheme may be any Department of the Central Government or a State Government, a Zila Parishad, Panchayat/ Gram Panchayat or any local authority or Government undertaking or non-governmental organization authorized by the Central Government or the State Government. If an applicant for employment under the scheme is not provided employment within 15 days of receipt of his application seeking employment or from the date on which employment has been sought, the applicant will be entitled for getting daily unemployment allowances.

2.7 Enterprise: An enterprise is an undertaking which is engaged in the production and/ or distribution of some goods and/ or services meant mainly for the purpose of sale, whether fully or partly. An enterprise may be owned and operated by a single household or by several households jointly, or by an institutional body.

2.8 Non-agricultural enterprise: All enterprises covered under Sections 'C' to 'S' of NIC-2008 are "non-agricultural enterprises". All non-agricultural enterprises will be henceforth referred to as NAE for this survey.

2.9 Unincorporated non-agricultural enterprises: Non-agricultural enterprises which are not incorporated (i.e. registered under Companies Act, 1956) were covered in the survey. Further, the domain of 'unincorporated enterprises' excluded (a) enterprises registered under Sections 2m(i) and 2m(ii) of the Factories Act, 1948 or bidi and cigar manufacturing enterprises registered under bidi and cigar workers (condition of employment) Act, 1966, (b) government/public sector enterprises and (c) cooperatives. Thus the coverage was restricted primarily to all household proprietary and partnership enterprises. In addition, Self Help groups (SHGs), Private Non-Profit Institutions (NPIs) including Non-Profit Institutions Serving Households (NPISH) and Trusts were also covered.

2.10 Manufacturing Enterprise: A manufacturing enterprise was a unit engaged in the physical or chemical transformation of materials, substances or components into new products. It covers units working for other concerns on materials supplied by them. The units primarily engaged in maintenance and repair of industrial, commercial and similar machinery and equipment, which were, in general, classified in the same class of manufacturing as those specialising in manufacturing the goods were also included.

Thus all activities covered by NIC – 2008 divisions 10 to 33 of NIC- 2008 were considered as 'manufacturing' for the purpose of the survey. In addition, the activity of cotton ginning, cleaning

and baling (NIC - 2008 code 01632) was covered in the present survey. However the production of goods for the sole purpose of domestic consumption was not considered as manufacturing.

2.11 Trading Enterprise: A trading enterprise is an undertaking engaged in trade. Trade is defined to be an act of purchase of goods and their disposal by way of sale without any intermediate physical transformation of the goods. Thus all the trading activities, both wholesale and retail (perennial, casual or seasonal) listed under NIC-08 divisions 45 to 47 was treated as trade in this survey. The activities of intermediaries who do not actually purchase or sell goods but only arrange their purchase and sale and earn remuneration by way of brokerage and commission was also treated as trade. The purchase and sale agents, brokers listed under NIC-08 division and auctioneers listed under NIC group were also covered in this survey.

2.12 Servicing Enterprise: A servicing enterprise or service sector enterprise is engaged in activities carried out for the benefit of a consuming unit and typically consists of changes in the condition of consuming units realized by the activities of servicing unit at the demand of the consuming unit. It is possible for a unit to produce a service for its own consumption provided that the type of activity is such that it could have been carried out by another unit. Some examples of changes that a producer of service brings about in the condition of consumers of service are:

- a) Changes in the condition of consumer's goods: the producer works directly on goods owned by the consumer by transporting, cleaning, repairing or otherwise transforming them;
- b) Changes in the physical condition of persons: the producer transports the persons, provides them with accommodation, provides them with medical or surgical treatments, improves their appearance etc;
- c) Changes in the mental condition of persons: the producer provides education, information, advice, entertainment or similar services;
- d) Changes in the general economic state of the institutional unit itself: the producer provides insurance, financial intermediation, protection, guarantees, etc.

All activities under NIC – 2008 Sections D – U except section G (trade) are considered as service activities other than trade. However, sections D (Electricity, gas, steam and air conditioning supply), F (Construction), O (Public administration and defence; compulsory social security), T (Activities of households as employer; undifferentiated goods and services producing activities of households for own use) and U (Activities of extraterritorial organisations and bodies) were excluded from coverage of this survey. Only unincorporated enterprises in the service sector under coverage were surveyed. Among these also, activities under certain NIC - 2008 codes, viz. 36 (water collection, treatment and supply), 491 (transport via railways), 49212 (urban or suburban tramways), 49213 (urban or suburban underground or elevated railways), 493 (transport via pipeline), 51 (air transport), 641 (monetary intermediation), 642 (activities of

holding companies), 6611 (Administration of financial markets), 774 (Leasing of nonfinancial intangible assets), 942 (activities of trade unions), 9491 (activities of religious organisations [although activities of individuals are covered]), 9492 (activities of political organisations) were kept out of survey coverage.

2.13 Financial enterprise: A financial enterprise is a servicing enterprise that is principally engaged in financial intermediation or in auxiliary financial activities which are closely related to financial intermediation. Financial intermediation is a productive activity in which an institutional unit incurs liabilities on its own account for the purpose of acquiring financial assets by engaging in financial transactions on the market. The role of financial intermediaries is to channel funds from lenders to borrowers by intermediating between them.

2.14 Household Enterprise: A household enterprise is one which is run by one or more members of a household or run jointly by two or more households on partnership basis irrespective of whether the enterprise is located in the premises of the household(s) or not. In other words, all proprietary and partnership enterprises are household enterprises.

2.15 Non-household Enterprise: Non-household enterprises are those which are institutional i.e. owned and run by the public sector (Central or State Government, local self-governments, local bodies, government undertakings, etc.), corporate sector, co-operative societies, other type of societies, institutions, associations, trusts, etc. Non-household enterprises covered under public sector were not included in the current survey.

2.16 Own-account Enterprise: An enterprise, which is run without any hired worker employed on a fairly regular basis¹, is termed as an own account enterprise.

2.17 Establishment: An enterprise which is employing at least one hired worker on a fairly regular basis is termed as establishment. Paid or unpaid apprentices, paid household member/servant/resident worker in an enterprise are considered as hired workers.

2.18 Non-directory establishment (NDE): An establishment having one to five workers (household and hired taken together) is termed as a non-directory establishment.

2.19 Directory establishment (DE): A directory establishment is an establishment, which has got six or more workers (household and hired taken together).

¹ "fairly regular basis" means the major part of the period when operation(s) of an enterprise are carried out during a reference period.

2.20 Perennial enterprise: Enterprises that are run more or less regularly throughout the year are called perennial enterprises.

2.21 Seasonal enterprise: Seasonal enterprises are those, which are usually run in a particular season or fixed months of a year.

2.22 Casual enterprise: Enterprises that are run occasionally, for a total of at least 30 days in the last 365 days, are called ‘casual enterprises’.

2.23 Classification of enterprises based on ownership:

(i) *Proprietary:* When an individual is the sole owner of an enterprise it is a proprietary enterprise. Own account production of fixed assets for own use, when produced by a single member, was classified as proprietary enterprise.

(ii) *Partnership:* Partnership is defined as the ‘relation between persons who have agreed to share the profits of a business carried on by all or any one of them acting for all’. There may be two or more owners, belonging to the same or different households, on a partnership basis, with or without formal registration (where there is a tacit understanding about the distribution of profit among the so-called partners). Own account production of fixed assets, when produced by two or more members belonging to the same or different households will be classified as partnership enterprises. Thus, own account production of fixed assets by a group of households for community use was classified as partnership enterprise. The partnership enterprises registered under Limited Liability Partnership (LLP) Act, 2008 were excluded from coverage of the survey. Also, partnership enterprises registered under Factories Act, 1948 was outside the survey coverage.

(iii) *Government/public Sector Enterprise:* An enterprise, which is wholly owned/ run/managed by Central or State governments, quasi-government institutions, local bodies like Panchayat, Zilla Parisad, City Corporation, Municipal authorities, etc., autonomous bodies like Universities, Education boards, and institutions like schools, libraries etc. set up by the government, panchayat, etc., was considered as public sector enterprise. Enterprises owned/ managed by a single or a group of private persons with no participation of the Government, local body etc. in it, both in terms of management and shares, was considered as private sector enterprises. An enterprise was not considered as a public sector enterprise if it is run on a loan granted by government, local body, etc.

(iv) *Private Limited Company:* Private company means a company which by its articles:

(a) restricts the right to transfer its shares, if any,

- (b) limits the number of its members to fifty not including-
 - (i) persons who are in the employment of the company, and
 - (ii) persons who, having been formerly in the employment of the company, were members of the company while in that employment and have continued to be members after the employment ceased; and
- (c) prohibits any initiation to the public to subscribe for any share in, or debentures of, the company.

Where two or more persons hold jointly one or more shares in a company, they were considered as a single member in this survey.

(v) *Public Limited Company*: A public limited company is defined as a company that is not a private company. As such public companies can have an unlimited number of members and can invite the public to subscribe to its shares and debentures. The minimum number of members required to form a public company is seven.

(vi) *Co-operative Societies*: Co-operative society is one that is formed through the co-operation of a number of persons, recognised as members of the society to benefit themselves. In the process, the funds are raised by members' contributions/investments and the profits generated out of the society's activities are shared by the members. A government agency itself can also be a member or shareholder of a registered co-operative society but this fact cannot render the society into a public sector enterprise for the purpose of this survey.

(vii) *Trust*: An arrangement through which one set of people, the trustees, are the legal owners of property which is administered in the interest of another set, the beneficiaries. Trusts may be set up to provide support for individuals or families, to provide pensions, to run charities, to liquidate the property of the bankrupts for the benefit of their creditors, or for the safe keeping of securities bought by trusts with their investor's money. The assets, which trusts hold are regulated by law, must be administered in the interests of the beneficiaries, and not for the profit of the trustees.

(viii) *Non-Profit Institutions (NPI)*: Non-profit institutions are legal or social entities created for the purpose of producing goods and services whose status does not permit them to be a source of income, profit or other financial gain for the units that establish, control or finance them. In practice, their productive activities are bound to generate either surpluses or deficits but the units that establish, control or finance them cannot appropriate surpluses. The articles of association by which they are established are drawn up in such a way that the institutional units which control or manage them are not entitled to a share in any profits or other income which the NPI's receive and for this reason, they are frequently exempted from various kinds of taxes.

NPIs are principally market producers but they may engage in non-market production also. It is important to distinguish between NPI's engaged in market and non-market production as this affects the sector of the economy to which an NPI is allocated. Most market NPIs serving businesses are created by associations of the businesses whose interests they are designed to promote. They consist of chambers of commerce, agricultural, manufacturing or trade associations, employers' organisations, research or testing laboratories or other organisations or institutes which engage in activities which are of mutual interest or benefit to the group of businesses that control and finance them.

2.24.1 Self-help Groups: A self-help group (SHG) is a financial intermediary usually composed of between 10-20 local persons. Members of a SHG make small regular savings contributions over a few months until there is enough capital in the group to begin lending. Funds may then be lent back to the members or to others in the locality for any purpose. Also many SHGs are 'linked' to banks for the delivery of microcredit. The characteristic features of self-help groups may be summarised as follows:

- SHG is a small group generally comprising of people who are poor or economically weak, who have voluntarily come forward to form a group for improvement of the social and economic status of the members.
- It can be formal (registered) or informal.
- The concept underlines the principle of Thrift, Credit and Self Help.
- Members of SHG agree to save regularly and contribute to a common fund.
- The members agree to use this common fund and such other funds (like grants and loans from banks), which they may receive as a group, to give small loans to needy members as per the decision of the group.
- The ideal size of an SHG is 10 to 20 members. Also, legally it is required that an informal group should not be of more than 20 people). However, in difficult areas like deserts, hills and areas with scattered and sparse populations and in case of disabled persons, this number may be 5-20.
- The group need not be registered.
- From one family, only one person can become a member of an SHG. (More families can join SHGs this way).
- The group normally consists of either only men or only women.
- Members should be between the age group of 21-60 years.
- Members should be poor people [the term poor is in relation to the economic and living conditions and this has no relation to poverty line. People living above poverty line (APL) can also form SHG like people living below poverty line (BPL)].

2.24.2 Activity of self-help groups

In most cases, self-help groups are engaged in financial intermediation only i.e. the activity of the SHG is confined to providing loans to the members and the members can utilise the loan for any purpose - personal or entrepreneurial. However, an SHG may be formed initially and later and it may be engaged in group-based enterprise. Examples of such group-based activities are given below:

- Collective organisation of marketing for the produce of individual enterprises established using micro-credit, particularly milk collection centres/ diary cooperatives at village level.
- Collective activities of SHGs using group credit to access larger natural assets for production e.g. leasing lands and ponds for cultivation and pisciculture.
- Other collective economic activities based on group credit that combines labour and management: stone-cutting, processing rice, managing a tent house etc.
- Management of government contracts such as running ration shops (as part of public distribution systems), cooking mid-day meal for school children, managing a subsidised fodder depot etc.

While listing the self-help groups engaged in financial intermediation and self-help groups running group based enterprises, the following three cases should be considered:-

- (a) The SHG was engaged in financial activities only. In that case, it was listed under financial intermediation.
- (b) An SHG was formed and later it was engaged only in some non-financial activity. In that case if that activity was under survey coverage, then it was listed under the corresponding non-financial activity. The enterprise would continue to be considered as SHG.
- (c) An SHG was engaged in financial as well as non-financial activity. In that case, the major activity was decided based on maximum value added / sales turnover/ employment in that order. The enterprise would continue to be considered as SHG.

2.24.3 Determination of eligibility of an SHG

An SHG was considered as eligible enterprise for the purpose of survey if the total number of days of operation of that SHG in last 365 days was at least 15. Working days would include-

- a) Days of meeting.
- b) Days of interaction with the bank for purpose of deposit/withdrawal/loan/repayment etc.
- c) Days of performing other jobs related to SHG like maintenance of register.

2.24.4 Determination of number of working owners of an SHG

Those members of SHG who are regularly attending meetings or taking part in decision making procedure like secretary, treasurer, active committee member etc. was considered as working owners.

2.25 Mixed Activity: There are enterprises that carry out a number of activities simultaneously. For example, a bakery may also sell cold drinks, a rice mill may sell sugar, a factory may run a hospital in its premises, etc. Each such activity was treated as a separate enterprise if information for them was separately available. If the accounts were not separable then the data pertaining to the enterprise as a whole was collected and the enterprise was classified as having mixed activities and the activities of such enterprises are generally a mixture of NIC's. The activities may be mixed at any level of NIC, but for the present survey an enterprise was considered to have mixed activities if its activities are different at 2-digit level of NIC-2008. The appropriate NIC in such cases was determined on the basis of major activity. Major activity refers to the activity which yields maximum income/turnover/employment. The above criteria are applied in the given order, i.e., income first, then turnover and then employment, to determine the major activity.

2.26 Multiple Activity: Since many of the entrepreneurs belonging to the unorganised and informal sector operate at small or marginal levels, the phenomenon of carrying out more than one activity simultaneously or at different points of time is quite prevalent. If the activities were carried out at one point of time at the same location and the information was not separately available, then it was taken as "mixed activity". Carrying out of more than one economic activity by the entrepreneur during the reference year was called multiple activities. It differs from mixed activities in the sense that former is with respect to the entrepreneur whereas the latter is with respect to the enterprise. However, an entrepreneur of a manufacturing enterprise manufacturing woollen garments before winter and cotton clothes before summer was not considered as carrying out multiple activities.

2.27 Reference Period: Last 30 days preceding the date of survey or last month had been used as the reference period to collect most of the data. Various items of receipts and expenses as well as data on employment, emoluments, rent, interest, net surplus and value added for the enterprises were collected for the above reference period only. However, for seasonal enterprises the reference period was the last 30 days (preceding the date of survey), if they have worked continuously for last 30 days or more (including scheduled holidays) in the current season. For seasonal enterprises which had worked for less than 30 days in the current season, last month would refer to an average month in the last working season.

2.27.1 If some enterprise was unable to give information for the last 30 days and was able to give information for the latest calendar month from their books, figures for the latest calendar month were taken. Month would refer to a period of 30 days. For some of the items like value of fixed assets, amount of loan outstanding etc., the reference period was 'as on the date of survey'. For some other items like net additions to fixed assets, number of months operated, number of other economic activities taken up etc., the period of reference was the 'last 365 days preceding the date of survey'. For enterprises maintaining accounts and giving information from their books of accounts, reference year, 'last 30 days/ last month' and 'last date of the reference year' would respectively relate to 'last accounting year for which information is available', 'last month of the said accounting year' and 'last date of the accounting year'.

2.28 **Worker:** For this survey, a worker was defined as all persons working within the premises of the enterprise who were in the payroll of the enterprise as also the working owners and unpaid family workers. The worker may serve the enterprise in any capacity - primary or supervisory. He/she may or may not receive wages/salaries in return to his/her work incidental to or connected with the entrepreneurial activity. Salespersons appointed by an enterprise for selling its services and apprentices, paid or unpaid were also treated as workers.

2.28.1 *Volunteers, who work without salary / honorarium, were not considered as workers.* Voluntary participation without remuneration in production of goods and services in philanthropic organisation/ institutions or in any other organisation/ institution or even in the individual capacity will not render one to be counted as worker/enterprise. Voluntary participation will mean that the person has performed these activities without coercion or obligation but has participated in his/ her own volition. Moreover, the voluntary participation in the work should be without remuneration, which means that the person does not become entitled to receive, in respect of the work performed by him/ her, any compensation including honorarium from the institution/ organisation. For the purpose of the survey, minor contingencies/ honorarium received from the institution/ organization against the voluntary work done may not be considered as remuneration. To determine 'minor', average daily wage received by the lowest paid full-time/part-time worker of that enterprise may be used as a guiding tool.

2.28.2 Some enterprises do not hire individuals like porters, sweepers, accountants, etc., on a fairly regular basis. These individuals can **work in one or more enterprises** in a locality, has some autonomy to determine the charges receivable by him depending upon volume of job performed and usually receive service charges as and when they render such services to the enterprise. Such persons were not considered as workers of the enterprise using their services. Instead, they were considered as independent OAEs.

2.28.3 If an enterprise has some contract with some other agency (e.g. security, cleaning, nursing, midwife), or persons (like CA, lawyer, etc.), the employees of the agency (or persons)

who were working within the premises of the enterprise under survey (e.g. sweeper, guard, nurse, etc.) were not counted as the employee of the enterprise. Rather they were considered as the worker of the agency (or separate OAE, for persons).

2.29 Working owner. In the case of proprietary enterprises, if the owner himself/ herself works in the enterprise on a fairly regular basis, then he/she will be treated as working owner. In fact, in most of the own-account enterprises the owner himself/ herself manages all activities of the enterprise without help of anybody else (on fairly regular basis). In the case of partnership enterprises, if only one partner or some of the partners or all the partners work in the enterprise on a fairly regular basis then information for them shall be recorded.

2.30 Formal hired worker: A formal hired worker is one having continuity of job and eligible for paid annual leave and also eligible for social security benefits like provident fund or insurance provided by the employer.

2.31 Informal hired worker: An informal hired worker is not having continuity of job and/or not eligible for paid annual leave and/or not eligible for social security benefits like provident fund or insurance provided by the employer.

2.32 Other worker/ helper: This includes all persons belonging to the household of the proprietor or households of the partners who are working in or for the enterprise without regular salary or wages. Persons working as exchange labourer in the enterprise without salary or wages will also be covered in this category. All unpaid household workers / helpers who are associated with the activities of the enterprise during the reference month are considered in this category.

2.33 Working on Contract: The enterprises in the unorganised sector are mainly small units. In many cases, the enterprises are seen to be working as per orders from a bigger unit. In such cases, certain conditions are put on the servicing unit by the contractor or master unit. Conditions may pertain to sale of products, supply of raw materials, mode of payment etc. In many cases, the contractor specifies the design of the product to the servicing unit e.g. garment manufacturing, shoe manufacturing etc. If the surveyed enterprise had undertaken any work on contract during the reference year, it was considered as 'enterprises working on contract'.

Chapter Three

Summary of Findings

3.1 The present survey covers exclusively all the unincorporated non-agricultural enterprises in manufacturing, trade and other service sector (excluding construction). Data were collected on both economic and operational characteristics of the enterprises. The coverage excludes enterprises registered under Companies Act 1956, Government & Public Sector Services and Cooperatives. This report presents the estimates of some operational characteristics of unincorporated non-agricultural enterprises (*hereafter 'enterprises' would refer to 'enterprises under survey coverage'*), like distribution of estimated number of enterprises by type of ownership, their location, registration status, nature of operation by activity category for each State/Union Territory. A summary of some of these results is presented and discussed in this section. Detailed tables provide estimates separately for rural, urban and for both sectors combined at the all-India and State/UT level by activity category. In addition, information for 'Own Account Enterprises (OAEs)' and 'establishments' have been presented separately. The marginal totals and the sum of the proportions presented in various detailed tables may, in some cases, differ slightly due to rounding off.

3.2 Wherever state wise results have been presented in this report, estimates have been given for all the states and UTs. However, because of small sample sizes for some of the North-eastern and smaller states, before using estimates, users may consult Relative Standard Error (RSE) given in detailed tables to determine their level of reliability.

3.3 The term 'enterprise' is used in general to represent OAEs and also establishments. In the statements, 'all' is used to denote all the enterprises taken together. A "-" has been used in the statements and tables if no enterprise was surveyed in that particular level of disaggregation. On the other hand, the figure "0" appears in some levels of disaggregation when the estimated figure is very low and has become "0" due to rounding off.

3.4 **Sample number of enterprises:** Information was collected from about 3.34 lakh enterprises engaged in the manufacturing, trade and other services activities throughout the country. About 49 per cent of these enterprises surveyed belonged to the rural sector (vide Table 2). Moreover, 66 per cent of the total surveyed enterprises were OAEs (vide Table 2).

3.5 **Estimated number of enterprises:** Before looking into various characteristics of the enterprises in the unincorporated non-agricultural sector (excluding construction), it may be worthwhile to know the extent of their presence in the economy as a whole as well as in different broad activities as revealed by the survey. During 2010-11, out of the estimated 5.77 crore¹

¹(1 crore = 10⁷)

unincorporated non-agricultural enterprises excluding construction, 30 percent enterprises were engaged in manufacturing, 36 percent enterprises were in trading and 34 percent enterprises were in service sector. While about 54 percent of such enterprises were located in rural areas, 46 per cent were located in urban areas. Though in rural India, these enterprises were more or less equally (between 33 to 34 percent) distributed by broad activity category, enterprises engaged in trading sector had the dominant share (38%) of enterprises under survey coverage in urban area followed by service sector (35.5%) and manufacturing sector (26.5%). The break-up of these estimates is shown in **Statement 1** and their percentage distribution in **Statement 1.1**. The percentage distribution of enterprises in the unincorporated non-agricultural sector by broad activity category is also shown in **Chart C1** for rural and urban areas combined.

Statement 1: Estimated number of enterprises by enterprise types and sector for each broad activity category

all-India									
broad activity category	number of enterprises (in '000)								
	rural			urban			rural + urban		
	OAE	estt	all	OAE	estt	all	OAE	estt	all
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)
manufacturing	9138	977	10115	5292	1803	7095	14430	2780	17210
trade	9954	611	10565	7870	2316	10186	17824	2926	20751
other services	9154	1057	10211	7402	2098	9501	16556	3156	19712
all	28246	2645	30891	20564	6218	26782	48810	8863	57673

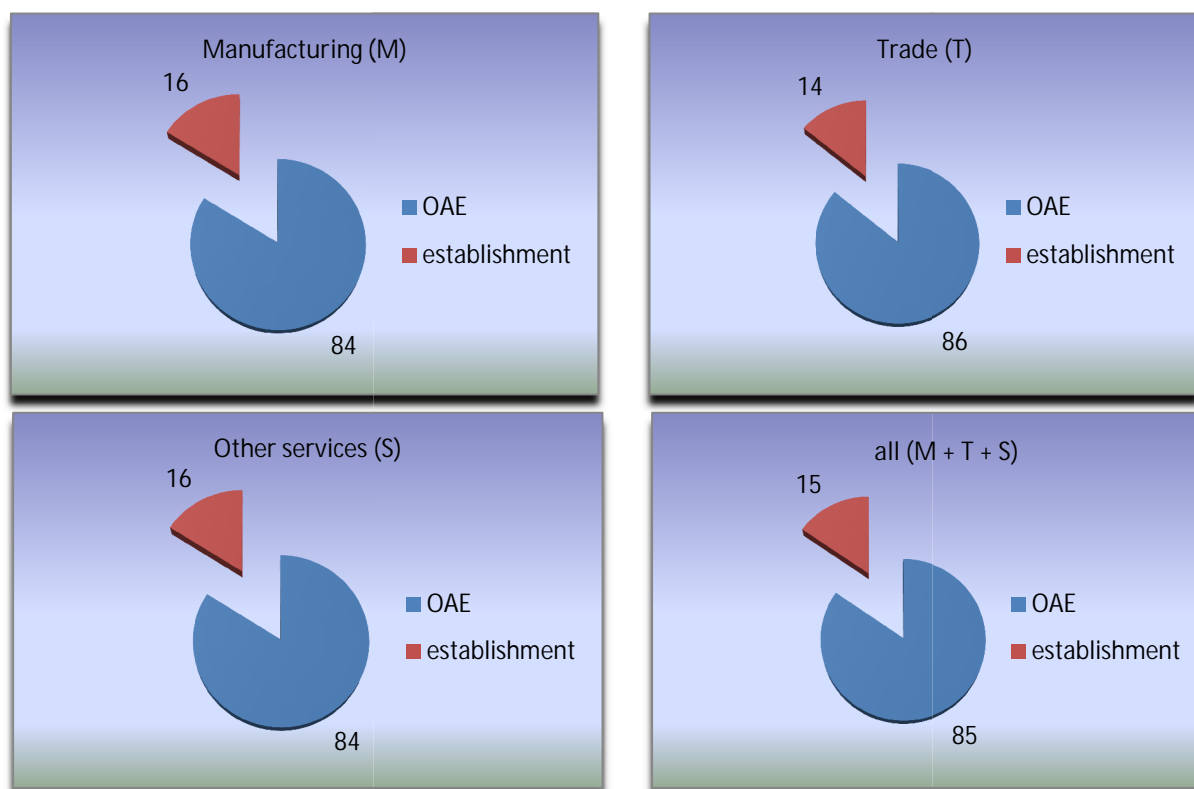

Statement 1.1: Percentage distribution of enterprises by broad activity category

all-India									
broad activity category	percentage of enterprises								
	rural			urban			rural + urban		
	OAE	estt	all	OAE	estt	all	OAE	estt	all
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)
manufacturing	32.35	36.94	32.74	25.73	29.00	26.49	29.56	31.37	29.84
trade	35.24	23.10	34.20	38.27	37.25	38.03	36.52	33.01	35.98
other services	32.41	39.96	33.05	35.99	33.74	35.48	33.92	35.61	34.18
all	100.00	100.00	100.00	100.00	100.00	100.00	100.00	100.00	100.00

3.5.1 **Statement 1.1** reveals that the broad activity 'Trade' had the highest percentage of enterprises for both rural (34%) and urban (38%) sectors and also for combined sector (36%). 'Other Services' had next highest share (34%) of enterprises among broad activity category followed by 'Manufacturing' (30%).

3.5.2 Out of the estimated 1.72 crore manufacturing enterprises, 25.10 percent enterprises were engaged in 'Manufacture of wearing apparel' (M6) followed by 15.35 percent enterprises engaged in 'Manufacture of textiles' (M5) and 13.06 percent engaged in 'Manufacture of tobacco products' (M4). About 59 percent of manufacturing enterprises were located in rural areas and 41 percent were located in urban areas.

C1: Percentage of enterprises by enterprise type for each broad activity category

3.5.3 Largest segment of non-agricultural enterprises were engaged in trading activities; about estimated 2.08 crore in numbers. Of these, about 88 percent of trading enterprises were engaged in 'Other retail trade' (T4), 7 percent in 'Other wholesale trade' (T3), 4 percent in 'Trade and repair of motor vehicles and motor cycles' (T1) and 1 percent in 'Activities of commission agents' (T2). Trading enterprises were marginally higher (about 51%) in rural areas than (49%) in urban areas.

3.5.4 Out of the estimated 1.97 crore service sector enterprises, 27 percent enterprises were engaged in 'Other community, social and personal service activities' (S15) followed by 26 percent enterprises engaged in 'Land transport' (S3) and 14 percent engaged in 'Food service activities' (S2). About 52 percent of service sector enterprises were located in rural areas and 48 percent were located in urban areas.

3.5.5 Estimated number of enterprises by enterprise type: The survey result revealed that OAEs (85%) had the dominant share of enterprises under survey coverage. At all India level, OAEs outnumber establishments in all the three broad activity category namely 'Manufacturing' (84%), 'Trade' (86%) and 'Other Services' (84%). The same pattern of dominance can be observed in rural and urban areas also. Out of 4.9 crore OAEs, 58 percent OAEs were in rural sector against 42 percent OAEs in urban area. However urban area establishments outnumber

rural area establishments. Out of 89 lakh establishments under survey coverage, urban area has a share of 70 percent establishments against 30 percent in rural area.

3.5.6 In manufacturing sector, out of the estimated 1.44 crore OAEs, 38.3 lakh (27%) OAEs were engaged in 'Manufacture of wearing apparel' (M6) followed by 22.7 lakh (16%) OAEs engaged in 'Manufacture of textiles' (M5) and 22.2 lakh (15%) engaged in 'Manufacture of tobacco products' (M4). About 63 percent of manufacturing OAEs were located in rural areas and 37 percent were located in urban areas.

3.5.7 Out of estimated 27.8 lakh manufacturing establishments, 4.9 lakh (18%) establishments were engaged in 'Manufacture of wearing apparel' (M6) followed by 4.5 lakh (16%) establishments engaged in 'Manufacture of food products' (M2) and 3.7 lakh (13%) engaged in 'Manufacture of textiles' (M5). About 35 percent of manufacturing establishments were located in rural areas and 65 percent were located in urban areas.

3.5.8 In trading sector, out of the estimated 1.78 crore OAEs, 1.63 crore (91%) OAEs were engaged 'Other retail trade' (T4), 8.6 lakh (5%) OAEs in 'Other wholesale trade' (T3), 5.4 lakh (3%) OAEs engaged in 'Trade and repair of motor vehicles and motor cycles' (T1) and 1.7 lakh (1%) engaged in 'Activities of commission agents' (T2). About 33 percent of trading OAEs were located in rural areas and 67 percent were located in urban areas.

3.5.9 Out of estimated 29.3 lakh trading establishments, 19.5 lakh (67%) establishments were engaged 'Other retail trade' (T4), 5.3 lakh (18%) establishments in 'Other wholesale trade' (T3), 3.7 lakh (13%) establishments engaged in 'Trade and repair of motor vehicles and motor cycles' (T1) and 0.8 lakh (3%) engaged in 'Activities of commission agents' (T2). About 21 percent of trading establishments were located in rural areas and 79 percent were located in urban areas.

3.5.10 In service sector, out of the estimated 1.66 crore OAEs, 48.5 lakh (29%) OAEs were engaged in 'Other community, social and personal service activities' (S15) followed by 45.9 lakh (28%) OAEs engaged in 'Land transport' (S3) and 21.6 lakh (13%) engaged in 'Food service activities' (S2). About 55 percent of service sectors OAEs were located in rural areas and 45 percent were located in urban areas.

3.5.11 Out of estimated 31.6 lakh service sector establishments, 6.2 lakh (20%) establishments were engaged in 'Food service activities' (S2) followed by 5.3 lakh (17%) establishments in 'Land transport' (S3) and 5.2 lakh (17%) establishments engaged in 'Other community, social and personal service activities' (S15). About 34 percent of service sector establishments were located in rural areas and 66 percent were located in urban areas.

3.5.12 **Statement 3.0** presents estimated number of unincorporated non-agricultural enterprises in descending order in different States and UTs. The percentage share indicated in column 11 has been calculated for all enterprises in the combined sector and all the States/UTs have been

ranked on the basis of column 11. The survey revealed that Uttar Pradesh had the highest share (14.5%) in total number of enterprises followed by West Bengal (12.6%), Andhra Pradesh (9.7%), Maharashtra (8.9%) and Tamil Nadu (7.8%). Thus these five states accounted for 53.6 percent of enterprises at all-India level.

3.5.12.1 Similarly **Statement 3.1** shows the estimated number of manufacturing enterprises in descending orders in different States and UTs. As explained, the percentage share indicated in column 11 has been calculated for all manufacturing enterprises in the combined sector. It is seen that West Bengal had the highest share (16.1%) in total number of manufacturing enterprises followed by Uttar Pradesh (13.60%), Tamil Nadu (9.60%), Andhra Pradesh (9.4%) and Gujarat (8.2%). Thus these five states accounted for 56.9 percent of manufacturing enterprises at all-India level.

3.5.12.2 **Statement 3.2** presents estimated number of trading enterprises in descending order in different States and UTs. As earlier, the percentage share indicated in column 11 has been calculated for all trading enterprises in the combined sector and all the States/UTs have been ranked on the basis of column 11. The result shows that Uttar Pradesh had the highest share (16.5%) in total number of trading enterprises followed by West Bengal (10.9%), Maharashtra (9.0%), Andhra Pradesh (7.7%) and Tamil Nadu (6.1%). Thus these five states accounted for 50.2 percent of trading enterprises at all-India level.

3.5.12.3 **Statement 3.3** presents estimated number of 'other services' enterprises in descending order in different States and UTs. It has been observed that Uttar Pradesh had the highest share (13.3%) in total number of 'other services' enterprises followed by Andhra Pradesh (12.0%), West Bengal (11.4%), Maharashtra (9.6%) and Tamil Nadu (7.8%). Thus these five states accounted for 54.1 percent of 'other services' enterprises at all-India level.

3.5.13 Percentage distribution of unincorporated non-agricultural enterprises by State/UT separately for each enterprise type and sector is presented in **Statement 4.0**. It has been observed that West Bengal and Uttar Pradesh were the top two states having almost equal share of enterprises as well as OAEs and establishments for rural India. However, significantly lower share of West Bengal in terms of percentage of OAEs, establishments as well as enterprises for urban India compared to Uttar Pradesh resulted in significant variation between the two states at combined sector level. For urban India, Uttar Pradesh (13.7%) topped the list followed by Maharashtra (12.1%) in terms of share of enterprises.

3.5.13.1 Percentage distribution of manufacturing enterprises by State/UT separately for each enterprise type and sector is presented in **Statement 4.1**. It is observed that as per as estimated number of manufacturing enterprises is concerned, West Bengal (16.1%) has the highest number of manufacturing enterprises while Uttar Pradesh (13.6%) and Tamil Nadu (9.6%) are the ranked

Statement 3.0: Estimated number of enterprises in descending order in different States/UTs

second and third respectively. Taken together, these states cover almost 40 percent of manufacturing enterprises in India. The survey also revealed that while West Bengal has the maximum number of manufacturing enterprises as a whole, Tamil Nadu has more share if one considers manufacturing establishments only.

3.5.13.2 Percentage distribution of trading enterprises by State/UT separately for each enterprise type and sector is presented in **Statement 4.2**. It is observed that as per as estimated number of trading enterprises is concerned, Uttar Pradesh (16.5%) topped the list followed by West Bengal (10.9%) and Maharashtra (9.0%). Taken together, these states cover almost 37 percent of manufacturing enterprises in India. West Bengal also has maximum number of trading establishments while Uttar Pradesh has maximum number of OAEs performing trading activities.

3.5.13.3 Percentage distribution of ‘other services’ enterprises by State/UT separately for each enterprise type and sector are presented in **Statement 4.3**. For combined sector Uttar Pradesh (13.3) topped the list followed by Andhra Pradesh (12.1) and West Bengal (11.5) in terms of share of enterprises. It has been observed that Uttar Pradesh has maximum number of other services enterprises both for OAEs and establishments.

3.6 **Estimated number of workers: Statement 5** reveals that during 2010-11, about 10.8 crore workers were engaged in unincorporated non-agricultural enterprise activities excluding construction. While about 51 percent of workers were located in urban areas, 49 per cent were located in rural areas. The survey result revealed that OAEs had dominant share of workers under survey coverage in rural India. At all India level, workers engaged in OAEs outnumber those engaged in establishments in all the three broad activity category namely ‘Manufacturing’ (60%), ‘Trade’ (72%) and ‘Other Services’ (63%). Though the same pattern of dominance can be observed in rural areas also, urban areas recorded slightly higher share of workers in establishments over OAEs in ‘Manufacturing’ (53%) and ‘Other Services’ (51%).

C2: Percentage distribution of workers by broad activity category for each enterprise type in India

3.6.1 **Statement 5.1** gives the percentage distribution of workers by broad activity category. The sector 'Other Services' had the highest percentage of workers (36%) for rural, urban and also for rural and urban combined (36%) areas. At all India level 'Trade' and 'Manufacturing' had almost equal share (32%) of workers. The distribution is also depicted in **Chart C2**.

3.6.2 **Statement 6.0** shows the estimated number of workers for each type of activities categorized by enterprise types and sectors. The corresponding percentage distribution of workers is shown at **Statement 6.1**. The survey revealed that out of the estimated 3.49 crore workers working in manufacturing enterprises, 18.73 percent were engaged in 'Manufacture of wearing apparel' (M6) followed by 16.80 percent workers engaged in 'Manufacture of textiles' (M5) and 12.67 percent engaged in 'Manufacture of food products' (M2). About 53 percent of workers working in the manufacturing enterprises were located in rural areas and 47 percent were located in urban areas.

3.6.3 Out of the estimated 3.41 crore workers working in the trading sector enterprises, 83.22 percent were engaged in 'Other retail trade' (T4) followed by 9.69 percent engaged in 'Other wholesale trade' (T3). About 55 percent of workers working in the trading sector enterprises were located in urban areas and the remaining 45 percent were located in rural areas.

3.6.4 Largest segment of non-agricultural enterprises workers were engaged in 'other services' activities; there were about 3.89 crore workers working in 'other services' enterprises. Out of them, about 20.28 percent workers were engaged in 'Other community, social and personal service activities' (S15), 16.44 percent were engaged in 'Land transport' (S3), 15.89 percent were engaged in 'Food service activities' (S2) and 14.69 percent were engaged in 'Financial services activities except insurance and pension funding' (S8). Workers working in the 'other services' enterprises were more or less equal (around 50 percent) in both rural and urban areas.

3.6.5 Out of the total 6.98 crore workers working in OAEs, 2.08 crore (30%) were worked in manufacturing sector while 2.45 crore (35%) and 2.44 crore (35%) were worked in trading and 'other services' enterprises respectively. 60 percent of OAE workers worked on those OAEs which were located in rural areas.

3.6.6 Among 2.08 crore workers worked in manufacturing OAEs, 21.87 percent were engaged in 'Manufacture of wearing apparel' (M6) followed by 18.07 percent in 'Manufacture of textiles' (M5) and 14.15 percent in 'Manufacture of tobacco products' (M4). Similarly, among 2.45 crore workers worked in trading OAEs, 91.12 percent were engaged in 'Other retail trade' (T4) followed by 5.17 percent engaged in 'Other wholesale trade' (T3). Among 'other services' OAEs workers, about 25.11 percent were engaged in 'Other community, social and personal service activities' (S15), 22.94 percent were engaged in 'Financial services activities except insurance and pension funding' (S8), 19.77 percent were engaged in 'Land transport' (S3) and 14.37 percent were engaged in 'Food service activities' (S2) .

3.6.7 The survey revealed that during 2010-11, about 3.82 crore workers were engaged in establishments of unincorporated non-agricultural enterprises in India. Out of them, 1.40 crores (37%) were engaged in manufacturing activities, 0.96 crores (25%) were engaged in trading activities and 1.45 crores (38%) were engaged in 'other services' activities. The survey also shows the dominance of urban workers over rural workers in case of establishments. It has been estimated that about 70 percent of workers who had worked in establishments were from urban areas.

3.6.8 Out of 1.40 crore workers worked in manufacturing establishments, 14.92 percent were engaged in 'Manufacture of textiles' (M5) followed by 14.08 percent in 'Manufacture of wearing apparel' (M6) and 13.45 percent in 'Manufacture of food products' (M2). Similarly, among 0.96 crore workers worked in trading establishments, 63.11 percent were engaged in 'Other retail trade' (T4) followed by 21.19 percent in 'Other wholesale trade' (T3) and 12.45 percent in 'Trade and repair of motor vehicles and motor cycles' (T1). Among 'other services' establishments workers, 26.87 percent were engaged in 'Education' (S13), 18.43 percent were engaged in 'Food service activities' (S2) and 12.17 percent were engaged in 'Other community, social and personal service activities' (S15).

3.6.10 **Statement 7.0** presents different States/UTs in descending order of estimated number of workers in unincorporated non-agricultural enterprises. It revealed that Uttar Pradesh had the highest share in total number of workers (15%) followed by Andhra Pradesh (11%), West Bengal (11%), Maharashtra (9%), and Tamil Nadu (8%). Thus these five states accounted for 54 percent of total workers of the unincorporated non-agricultural sector excluding construction.

Statement 7.0: Estimated number of workers (in descending order) for each States/UTs by sector and enterprise type

3.6.10.1 **Statement 7.1** presents different States/UTs in descending order of estimated number of workers in manufacturing sector. It revealed that Uttar Pradesh had the highest share in total number of workers (15%) followed by West Bengal (14.3%), Tamil Nadu (10%), Maharashtra (9.2%), and Gujarat (9.2%). Thus these five states accounted for 57.7 percent of total workers of the unincorporated non-agricultural sector excluding construction.

3.6.10.2 **Statement 7.2** presents different States/UTs in descending order of estimated number of workers in trading sector. The survey revealed that Uttar Pradesh had the highest share in total number of workers (16.1%) followed by West Bengal (9.9%), Maharashtra (9.6%), Andhra Pradesh (8.5%), and Tamil Nadu (6.7%). Thus these five states accounted for 50.8 percent of total workers of the unincorporated non-agricultural sector excluding construction.

3.6.10.3 **Statement 7.3** presents different States/UTs in descending order of estimated number of workers in 'other services' sector. It revealed that Andhra Pradesh had the highest share in total number of workers (15.9%) followed by Uttar Pradesh (13%), Maharashtra (9.4%), West Bengal (8.9%), and Tamil Nadu (8.4%). Thus these five states accounted for 55.6 percent of total workers of the unincorporated non-agricultural sector excluding construction.

3.7 Type of ownership of enterprises: One of the principal characteristics of an enterprise is the type of ownership it has and it may be interesting to study the distribution pattern by type of ownership. **Statement 8.0** gives the percentage distribution of unincorporated non-agricultural enterprises by type of ownership of the enterprises categorized by type of enterprise separately for rural, urban and combined sector. Proprietary enterprises (i.e. enterprises owned by a single household) had the highest share (96%) of unincorporated non-agricultural enterprises, out of which only 17 percent of the owner proprietors were females and the rest males. Only two percent of enterprises were operated on a partnership basis. Self-help groups also constituted about 2 percent of the total enterprises. Share of 'trusts' (0.2%) and 'others' (0.1%) in the total number of enterprises were negligible.

3.7.1 **Statement 8.1** gives the percentage distribution of manufacturing enterprises by type of ownership of the enterprises categorized by type of enterprise separately for rural, urban and combined sector. Out of 100 manufacturing enterprises in India, almost 98 percent enterprises are Proprietary enterprises (i.e. enterprises owned by a single household). 39 percent of the owners of the proprietary manufacturing enterprises were females. Only two percent of the total manufacturing enterprises were operated on a partnership basis. Share of 'Self-help groups', 'trusts' and 'others' in the total number of manufacturing enterprises were miniscule.

3.7.2 **Statement 8.2** gives the percentage distribution of trading enterprises by type of ownership. The survey revealed that almost 98 percent of trading enterprises in India are of proprietary types. Around 9 percent of proprietary trading enterprises were owned by female.

Only 2 percent of trading enterprises were operated on partnership basis. Share of 'Self-help groups', 'trusts' and 'others' in the total number of manufacturing enterprises were miniscule.

3.7.3 **Statement 8.3** gives the percentage distribution of 'other services' enterprises by type of ownership. Proprietary enterprises had the highest share (92%) of 'other services' enterprises. Only 7 per cent of the owner proprietors of other services enterprises were females and the rest males. Less than two percent of 'other services' enterprises were operated on a partnership basis.

Self-help groups also constituted about 6 percent of the total enterprises operating in 'other services' sector. Share of 'trusts' (0.4%) and 'others' (0.2%) in the total number of 'other services' enterprises were negligible.

3.7.4 **Chart C4** depicts the percentage distribution of enterprises categorized by broad activity categories and type of ownerships at all India level.

C4: Percentage distribution of enterprises by type of ownership in India

3.7.5 The corresponding distribution of unincorporated non-agricultural enterprises by type of ownership is given in **Statement 9.0** separately for rural and urban areas of each State/UT. It is

seen that male proprietary enterprises dominated the unincorporated non-agricultural enterprises in rural and urban areas in all states except Manipur where female proprietary is more than male proprietary. The share of male proprietary enterprises is more than seventy percent in both rural and urban areas for most of the States/UTs except a few states in North-eastern part of India. In rural areas the percentage of proprietary enterprises owned by females was maximum in Manipur (50%) followed by Puducherry (42%) and Meghalaya (34%) whereas in urban areas the top three states in respect of female owned proprietary enterprises were Manipur (54%), Daman & Diu (40%) and Meghalaya (39%). Noticeably, in the north-eastern States where the female headed households are, generally, in large proportions, the proportions of female proprietors were also high as compared to other States and UTs.

3.7.5.1 **Statement 9.1** gives the distribution of manufacturing enterprises by type of ownership separately for rural and urban areas of each State/UT. Here also it is observed that male proprietary enterprises dominated the manufacturing enterprises in rural and urban areas in all states except Manipur where female proprietary is more than male proprietary. Except a few states in North-eastern part of India, the share of male proprietary manufacturing enterprises is more than seventy percent in both rural and urban areas for most of the States/UTs. In rural areas the percentage of proprietary manufacturing enterprises owned by females was maximum in Manipur (74%) followed by Karnataka (59%) and both Puducherry (56%) and West Bengal (56%). In urban areas the top three states in respect of female owned proprietary manufacturing enterprises were Manipur (75%), Daman & Diu (60%) and Gujarat (59%).

3.7.5.2 **Statement 9.2** gives the distribution of trading enterprises by type of ownership separately for rural and urban areas of each State/UT. In case of trading enterprises also the male proprietary enterprises dominated in rural and urban areas in all states except Manipur where female proprietary is more than male proprietary in urban areas only. Except a very few states, the share of male proprietary trading enterprises is more than seventy five percent in both rural and urban areas. In rural areas the percentage of proprietary trading enterprises owned by females was the maximum in Manipur (44%) followed by Meghalaya (42%) and Puducherry (35%). In urban areas the top three states in respect of female owned proprietary manufacturing enterprises were Manipur (58%), Meghalaya (41%) and Daman & Diu (35%).

3.7.5.3 **Statement 9.3** shows the distribution of 'other services' enterprises by type of ownership separately for rural and urban areas of each State/UT. In 'other services' enterprise, male proprietary enterprises dominated considerably both in rural and urban areas in all states. The share of male proprietary 'other services' enterprises is more than seventy percent in rural areas and it is more than eighty percent in urban areas for most of the States/UTs. In rural area, the percentage of proprietary 'other services' enterprises owned by females was maximum in Puducherry (36%) followed by Meghalaya (35%) and Sikkim (18%). In urban area, Meghalaya (37%) has the highest percentage of female proprietor 'other services' enterprises followed by both Manipur (24%) and Daman & Diu (24%).

3.8 Nature of operation: Enterprises in the unorganized sector sometimes do not operate throughout the year and the number of months of operation of an enterprise largely depends on the type of activity it carries out. A small proportion of enterprises operate only in seasons when the raw materials for the enterprise are available or certain services are in demand in the season. Broadly, an enterprise may operate more or less throughout the year or in seasons or intermittently throughout the year and accordingly they are termed as perennial, seasonal and casual enterprises, respectively. The distribution of unincorporated non-agricultural enterprises by the nature of operation and activity categories is given in **Statement 10.0** for rural, urban and combined sector.

Statement 10.0: Percentage distribution of enterprises by nature of operation in India for each broad activity category

broad activity category	percentage of enterprise								
	rural			urban			rural + urban		
	perennial	seasonal	casual	perennial	seasonal	casual	perennial	seasonal	casual
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)
manufacturing	97.0	2.3	0.7	98.9	0.7	0.3	97.8	1.7	0.5
trade	98.4	1.4	0.3	99.5	0.4	0.1	98.9	0.9	0.2
other services	98.6	0.9	0.4	99.3	0.5	0.2	99.0	0.7	0.3
all	98.0	1.5	0.5	99.3	0.6	0.2	98.6	1.1	0.3

3.8.1 About 99 percent of the total enterprises were perennial while the seasonal and casual enterprises together constituted a little more than 1 percent of the total enterprises. The distribution of unincorporated non-agricultural enterprises in respect of nature of operation does not differ significantly between rural and urban areas, or between OAE and establishments. **Chart C5** depicts the percentage distribution of enterprises by nature of operation in India for each activity category and by different sectors.

3.8.2 **Statement 10.1** depicts the percentage distribution of enterprises by nature of operation in India for each activity category and sector. It has been observed that unorganized manufacturing sector enterprises are mostly following a perennial nature of operation in both rural and urban areas and the trend is same for all most all types of manufacturing activities except 'Cotton ginning, cleaning and bailing' (M1) and 'Manufacture of pharmaceuticals, medicinal chemical and botanical products' (M13). In rural India, only 36.8 percent of the enterprises engaged in 'Cotton ginning, cleaning and bailing' (M1) activity was perennial in nature whereas in urban areas it was 79.7 percent. Also 63.2 percent and 33.5 percent of manufacturing enterprises engaged in 'Cotton ginning, cleaning and bailing' (M1) and 'Manufacture of pharmaceuticals, medicinal chemical and botanical products' (M13) activities respectively were operated on seasonal basis.

3.8.3 The scenario of the unorganized trading sector enterprises was more or less similar to that of the manufacturing sector enterprises in both rural and urban India. Here, the trading activity 'Activities of commission agents' (T2) depict a significant (5.5%) seasonal type of operation in the rural sector. Overall around 99 percent of the trading enterprises were involved in perennial type of operation.

3.8.4 About 99 percent of 'other services' enterprises were operated on perennial basis. It has been observed that in rural areas, 9.1 percent of 'Warehousing and storage' (S5) enterprises were

seasonal in nature. In general almost all ‘other services’ enterprises were operated on perennial basis.

C5: Percentage distribution of enterprises by nature of operation in India for each activity category:

3.9 Number of months operated: Statement 11.0 gives the distribution of unincorporated non-agricultural enterprises by number of months operated during last 365 days. About 93 percent of the enterprises had worked for 9 months or more during the last 365 days while about 2 percent of the enterprises had operated for less than a quarter of the same period. In urban areas, the percentages of enterprises having specified duration of operation were nearly equal among OAEs and establishments (93%). Interestingly, the distribution of enterprises over months of operation is more or less equal in rural and urban areas for OAEs but it differs in case of establishments.

3.9.1 **Statement 11.1** gives the distribution of manufacturing enterprises by number of months operated during the last 365 days. It is observed that about 91 percent of the manufacturing enterprises had worked for 9 months or more during the last 365 days while about 2 percent of the manufacturing enterprises had operated for less than a quarter of the same period. In urban areas, the percentages of manufacturing enterprises having specified duration of operation were nearly equal among OAEs and establishments. Here also the distribution of manufacturing enterprises over months of operation is more or less equal in rural and urban areas for OAEs but it differs in case of establishments.

3.9.2 **Statement 11.2** gives the distribution of trading enterprises by number of months operated during the last 365 days. 93 percent of trading enterprises had worked for 9 months or more during the last 365 days while about 2 percent of them had operated for less than a quarter of the same period. The percentages of trading enterprises having specified duration of operation were nearly equal among OAEs and establishments in both rural and urban areas. Also the distribution

of trading enterprises over months of operation is more or less equal in both rural and urban areas.

3.9.3 The distribution of 'other services' enterprises by number of months operated during the last 365 days, separately for rural, urban and combined sector is given in **Statement 11.3**. The survey revealed that 94 percent of the 'other services' enterprises had worked for 9 months or more during the last 365 days while about 2 percent of them had operated for less than a quarter of the same period. The distribution of 'other services' enterprise over months of operation is more or less even for rural and urban areas. The percentages of 'other services' enterprises having specified duration of operation were nearly equal among OAEs in both rural and urban areas and it differs marginally in case of establishments.

3.9.4 **Statement 11.4** presents a comparative picture of percentage distribution of enterprise by number of months operated during the last 365 days for each broad activity category and type of enterprise. Above 90 percent enterprises in all three sectors operated more than 9 months during the last 365 days. Distribution of OAEs by no. of months of operation is similar in all broad

activity categories. However the same for establishments in manufacturing sector is markedly different from trading and other services sector establishments. In manufacturing sector, establishments operated more than 9 months were 88 percent against 94 percent in trading and 92 percent in other services.

3.10 Number of working hours: Percentage distribution of unincorporated non-agricultural enterprises by working hours in a normal day during the reference month by sector and type of enterprise is shown in **Statement 12.0**. It is seen that about 67 percent of all unincorporated non-agricultural enterprises had worked more than 8 hours in a normal day. In urban area 75 percent of unincorporated non-agricultural enterprises worked more than 8 hours in a day while in rural area, 61 percent of them worked more than 8 hours a day. Only 5 percent of unincorporated non-agricultural enterprises had worked less than 4 hours in a normal day. The same was true for 6 percent unincorporated non-agricultural enterprises in rural areas and 3 percent unincorporated non-agricultural enterprises in urban areas. Among OAEs, percentage of unincorporated non-agricultural enterprises having worked for more than 8 hours was more in urban areas (70%) as compared to corresponding percentage in rural areas (58%). 6 percent of OAEs had worked less than 4 hours in a normal day in rural areas while the same was true for 4 percent OAEs in urban areas.

3.10.1 Percentage distribution of manufacturing enterprises by working hours in a normal day during the reference month is shown in Statement 12.1. About 52 percent of all manufacturing enterprises had worked more than 8 hours in a normal day. 47 percent of manufacturing enterprises in rural areas worked more than 8 hours a day, while in urban areas around 59 percent of manufacturing enterprises worked more than 8 hours in a normal day. 5 percent of manufacturing enterprises had worked less than 4 hours in a normal day at rural, urban and combined sector. Among OAEs, 48 percent of manufacturing enterprises worked for more than 8 hours in urban areas while the corresponding figure in rural areas was 43 percent. 6 percent of

OAEs had worked less than 4 hours in a normal day in rural areas while the same was true for 7 percent OAEs in urban areas.

3.10.2 **Statement 12.2** shows the percentage distribution of trading enterprises by working hours in a normal day during the reference month. It is seen that about 81 percent of all trading enterprises had worked more than 8 hours in a normal day. In urban area 87 percent of trading enterprises worked more than 8 hours in a day while in rural area, 74 percent of them worked more than 8 hours a day. 1 percent of manufacturing enterprises had worked less than 4 hours in a normal day at rural, urban and combined sector. Among OAEs, percentage of trading enterprises having worked for more than 8 hours was more in urban areas (84%) as compared to corresponding percentage in rural areas (74%). 1 percent of OAEs had worked less than 4 hours in a normal day in both rural and urban areas.

3.10.3 Percentage distribution of ‘other services’ enterprise by working hours in a normal day during the reference month, for rural, urban and combined sector is shown in **Statement 12.3**. It is seen that about 66 percent of all ‘other services’ enterprises had worked more than 8 hours in a normal day. 59 percent of ‘other services’ enterprises in rural areas worked more than 8 hours a day, while in urban areas around 73 percent of ‘other services’ enterprises worked more than 8

hours in a normal day. 8 percent of 'other services' enterprises had worked less than 4 hours in a normal day. The same was true for 10 percent 'other services' enterprises in rural areas and 5 percent 'other services' enterprises in urban areas. Among OAEs, 70 percent of 'other services' enterprises worked for more than 8 hours in urban areas while the corresponding figure in rural areas was 57 percent. 12 percent of OAEs had worked less than 4 hours in a normal day in rural areas while the same was true for 6 percent OAEs in urban areas.

3.10.4 **Statement 12.4** presents a comparative picture of percentage distribution of enterprise by working hours in a normal day during the reference month for each broad activity category and type of enterprise. Significant difference can be observed in working pattern among manufacturing, trading and service sector enterprises. Whereas only 45 percent OAEs in manufacturing sector worked for 8 hours or more in a normal day, percentages of such OAEs are 78 percent and 63 percent in trading and service sector respectively. Significantly higher percentage of establishments worked 8 hours or more in normal day than OAEs in all three broad activity categories. Enterprises worked less than 4 hours in a normal day in trading sector is negligible (0.7%) when compared to service sector (7.8%) and manufacturing sector (5.4%) enterprises. The same pattern can be observed for OAEs also in trading sector. OAEs worked less than 4 hours in a normal day in trading sector is only 0.8 percent compared to service sector (9%) and manufacturing sector (6.4%) OAEs.

3.11 **Location of enterprises:** One of the characteristics of the enterprises in the unorganized sector is the presence of units that do not have fixed location. They operate as street vendors or as mobile market. On the other hand, many of them, particularly the OAEs, operate from within the household premises.

3.11.1 It can be seen from **Statement 13.0** that about 85 percent unincorporated non-agricultural enterprises run the business at fixed location either within the household premises or outside and about 15 percent operated their business without any fixed location. Around 2 percent of the enterprises operated without any structure but had a fixed location. 10.8 percent unincorporated non-agricultural enterprises were operated as street vendors and 4 percent were operated in mobile market. The percentage of unincorporated non-agricultural enterprises operating without fixed location was less in the case of establishments (4%) as compared to OAEs (17%). About 96 percent of establishments had fixed location as compared to 83 percent in case of OAEs.

3.11.1.1 The estimates for the States/UTs are given in **Statement 14.0** taking all unincorporated non-agricultural enterprises. If the enterprises located within household premises are considered, the proportion was the highest in Madhya Pradesh (70%) among rural areas and in Manipur (47%) among urban areas. For the enterprises operating from outside household premises with fixed location, the proportion is highest in Daman & Diu (81%) in rural areas and in Himachal Pradesh (88%) among urban areas. For the enterprises operating from outside household premises without fixed location, the proportion is highest in Chandigarh both in rural areas (31%) and in urban areas (37%).

3.11.2 **Statement 13.1** shows the percentage distribution of manufacturing enterprises by type of location. The survey revealed that about 97 percent manufacturing enterprises run the business at fixed location either within the household premises or outside and about 3 percent operated their business without any fixed location. Around 1 percent of the manufacturing enterprises operated under the sky without any structure but had a fixed location. The enterprises operating outside

household premises without fixed location had the characteristics of street vendors i.e. those who operate on the streets or mobile market. In case of manufacturing enterprises, this percentage was less in the case of establishments (1%) as compared to OAEs (2%). 99 percent establishments working in the manufacturing sector had fixed location as compared to 83 percent of OAEs.

3.11.2.1 The corresponding estimates for the States/UTs are given in **Statement 14.1**. If manufacturing enterprises located within household premises are considered, the proportion was the highest in West Bengal (90%) among rural areas and in Manipur (91%) among urban areas. For the enterprises operating from outside household premises with fixed location, the proportion is highest in Daman & Diu (78%) in rural areas and in Himachal Pradesh (83%) among urban areas. For the enterprises operating from outside household premises without fixed location, the proportion is highest in Jammu & Kashmir (14%) in rural areas and in Sikkim (16%) among urban areas.

3.11.3 **Statement 13.2** gives the percentage distribution of trading enterprises by type of location. The survey revealed that about 85 percent trading enterprises run the business at fixed location either within the household premises or outside and about 15 percent operated their business without any fixed location. Around 2 percent of the trading enterprises operated under the sky without any structure but had a fixed location. In case of trading enterprises, the percentage of enterprises operating outside household premises without fixed location was 1 percent for establishments and 18 percent for OAEs. 99 percent establishments working in the trading sector had fixed location as compared to 82 percent of OAEs.

3.11.3.1 The corresponding estimates for the States/UTs are given in **Statement 14.2**. For trading enterprises located within household premises, the proportion was the highest in Mizoram (77%) among rural areas and in Chhattisgarh (35%) among urban areas. For the enterprises operating from outside household premises with fixed location, the proportion is highest in Lakshadweep (94%) in rural areas and in Himachal Pradesh (96%) among urban areas. For the enterprises operating from outside household premises without fixed location, the proportion is highest in Puducherry (34%) in rural areas and in Chandigarh (36%) among urban areas.

3.11.4 **Statement 13.3** shows the percentage distribution of ‘other services’ enterprises by type of location. It has been observed that about 75 percent enterprises run the business at fixed location either within the household premises or outside and about 25 percent operated their business without any fixed location. About 4 percent of ‘other service’ enterprises were operated under the sky without any structure but have fixed location. The ‘other services’ enterprises operating outside household premises without fixed location have the characteristics of street vendors i.e. those who operate on the streets or mobile market. This percentage was less in the case of establishments (9%) as compared to OAEs (27%). About 91 percent of establishments had fixed location as compared to 73 percent in case of OAEs.

3.11.4.1 The estimates for the States/UTs are given in **Statement 14.3** taking all types of enterprises together. If the enterprises located within household premises are considered, the proportion was the highest in Andhra Pradesh (62%) among rural areas and in Sikkim (52%) among urban areas. For the enterprises operating from outside household premises with fixed location, the proportion is highest in Goa (81%) in rural areas and in Himachal Pradesh (83%) among urban areas. For the enterprises operating from outside household premises without fixed location, the proportion is highest in Tripura (55%) in rural areas and in Chandigarh (44%) among urban areas.

3.11.5 **Statement 13.4** presents a comparative picture of percentage distribution of enterprise by type of location for each broad activity category and type of enterprise. Significant difference can be observed in type of location pattern among manufacturing, trading and service sector enterprises. Whereas 80 percent OAEs in manufacturing sector worked from within household premises, percentages of such OAEs are only 32 percent and 38 percent in trading and service

sector respectively. About 28 percent OAEs engaged in 'other services' activities are operating from outside household premises without fixed location compared to 18 percent and 3 percent of such OAEs engaged in trading and manufacturing activities respectively. Share of street vendors are higher for all broad activity categories than those operating in mobile market. Establishments operating from outside household premises with fixed location having permanent structure are significantly higher than other locations for all three types of broad activity category.

Statement 13.4: Percentage distribution of enterprises by type of location for each broad activity category separately by sector and type of enterprise

location of enterprise		percentage distribution of enterprises								
		manufacturing			trading			other services

3.12 **Maintenance of accounts:** **Statement 15.0** gives percentage of unincorporated non-agricultural enterprises that maintained written accounts. This is especially relevant in the context of unincorporated enterprises in the household sector. At all-India level, about 90 percent of unincorporated non-agricultural enterprises did not maintain any sort of accounts. This proportion was nearly 94 percent for OAEs and 68 percent for establishments. Around 32 percent establishments maintained some sorts of accounts. 14 percent of unincorporated non-agricultural enterprises had maintained some accounts in urban area. The corresponding figure was only 7 percent in rural areas.

Statement 15.0: Percentage of enterprises maintaining accounts, separately by sector and type of enterprise

3.12.1 The percentage of manufacturing enterprises that maintained written accounts is presented in **Statement 15.1**. The survey shows that 95 percent of manufacturing enterprises did not maintain any sorts of accounts. This proportion was nearly 98 percent for OAEs and 77 percent for establishments. 23 percent establishments maintained some accounts. While in urban area, 26 percent of manufacturing enterprises had maintained some accounts, the same was only 3 percent in rural areas.

3.12.2 The percentage of trading enterprises that maintained written accounts is presented in **Statement 15.2**. The survey shows that 88 percent of trading enterprises were not maintained any sorts of accounts. This proportion was nearly 93 percent for OAEs and 58 percent for establishments. About 42 percent establishments maintained some sort of accounts. While in urban area, 19 percent of trading enterprises had maintained some accounts, the same was only 6 percent in rural areas.

3.12.3 **Statement 15.3** shows the percentage of 'other services' enterprises that maintained written accounts. It is observed that 88 percent of 'other services' enterprises were not maintained any sorts of accounts and this proportion was nearly 92 percent and 69 percent for OAEs and establishments respectively. 11 percent establishments maintained some accounts. In urban area, 13 percent of 'other service' enterprises had maintained some accounts, while it was 12 percent in rural areas.

3.12.4 **Statement 15.4** presents a comparative picture of percentage distribution of enterprise by maintenance of accounts for each broad activity category and type of enterprise. It can be observed that incidence of not maintaining usable books of accounts is significantly high in all three broad activity category; 98 percent in manufacturing, 93 percent in trading and 92 percent in other services. The scenario is slightly better in case of establishments; 77 percent in manufacturing, 58 percent in trading and 69 percent in other services. Among trading sector establishments, though about 42 percent usually maintained accounts, for only about 2 percent data were recorded from books of accounts.

3.13 **Social group of owner:** Information on the social group of the owner / partner of unincorporated non-agricultural enterprises operating as proprietary and partnership basis was collected during the survey and the percentage distribution of proprietary and partnership enterprises is presented in **Statement 16.0**. About 62 percent of unincorporated non-agricultural enterprises were owned by persons belonging to Scheduled Tribes (ST), Scheduled Castes (SC) and Other Backward Classes (OBC). This proportion was more in case of OAEs (65%) than establishments (47%). Again, more OAEs in the rural areas (69%) were run by entrepreneurs from the backward sections than OAEs in urban areas (54%).

3.13.1 **Statement 16.1** shows that about 67 percent manufacturing enterprises were owned by persons belonging to Scheduled Tribes (ST), Scheduled Castes (SC) and Other Backward Classes (OBC). This proportion was 69 percent for OAEs and 53 percent for establishments. In rural area, 72 percent of OAEs were run by entrepreneurs from the backward sections and 64 percent OAEs were run by backward sections in urban areas.

3.13.2 **Statement 16.2** shows that about 58 percent trading enterprises were owned by persons belonging to Scheduled Tribes (ST), Scheduled Castes (SC) and Other Backward Classes (OBC). This proportion was 62 percent for OAEs and 38 percent for establishments. The survey revealed that more OAEs in the rural areas (68%) were run by entrepreneurs from the backward sections than OAEs in urban areas (53%).

3.13.3 The corresponding percentage distribution for enterprises having broad activity as 'other services' is given in **Statement 16.3**. It has been observed that 62 percent of the proprietary or partnership 'other services' enterprises were owned by persons belonging to Scheduled Tribes (ST), Scheduled Castes (SC) and Other Backward Classes (OBC). This proportion was 65 percent for OAEs and 49 percent for establishments. In rural area, 69 percent of OAEs were run by entrepreneurs from the backward sections and 59 percent OAEs were run by backward sections in urban areas.

3.13.4 **Statement 16.4** presents a comparative picture of percentage distribution of proprietary and partnership enterprises by social group of their owner / managing partner for each broad activity category and type of enterprise. It can be observed that proprietary and partnership held by Scheduled Tribes (ST) are minimum (ignoring the same held by those whose social group

was not known) for OAEs and establishments in all broad activity category followed by Schedule castes (SC). It is interesting to note that proprietary and partnership enterprises held by Other backward classes (OBC) are quite at par with those held by Others. While OBCs recorded dominance in OAEs in all three broad activity categories, proprietary and partnership enterprises held by persons belonging to other social groups had dominance in establishments in all three broad activities. **Chart C6** depicts the percentage distribution of proprietary and partnership of enterprises by social group of their owner / managing partner and different enterprise types at all India level.

C6: Percentage distribution of proprietary and partnership of manufacturing enterprises by social group of their owner / managing partner in India

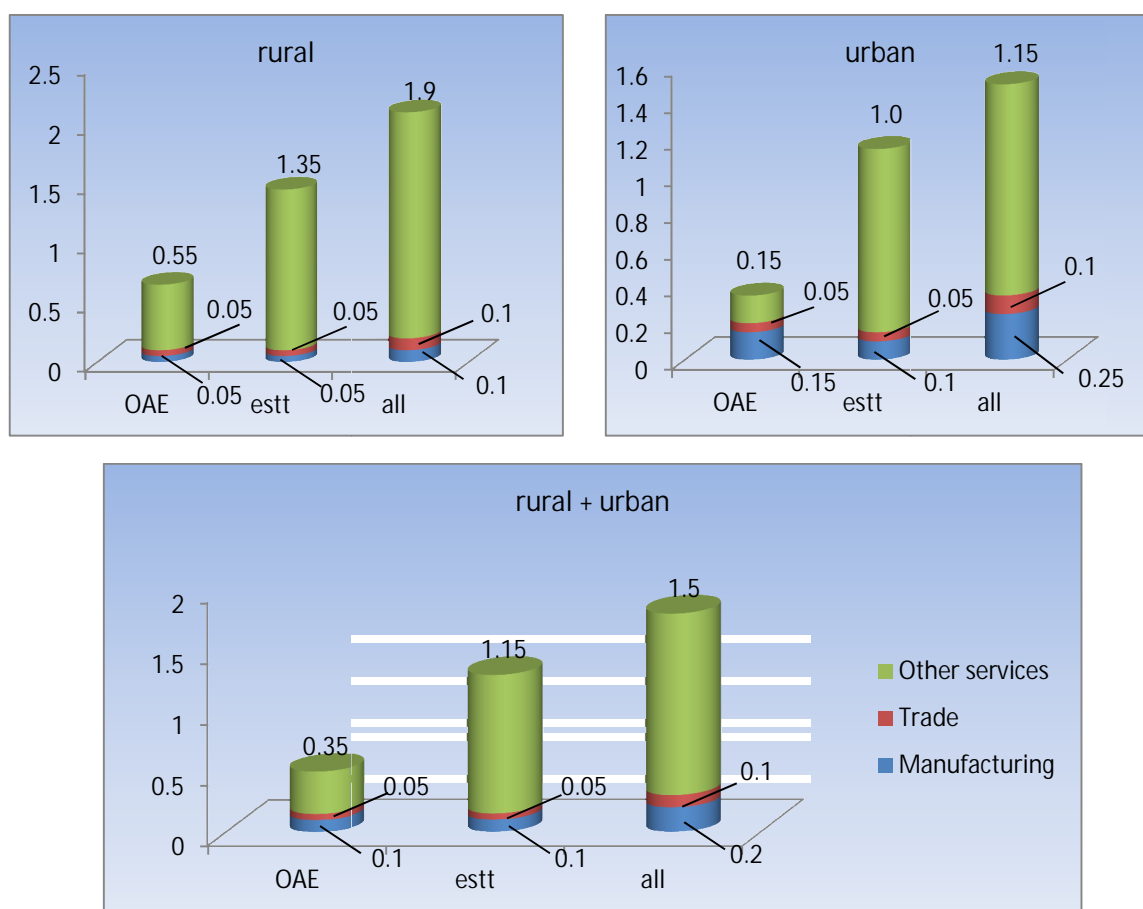

3.14 Non-profit institutions: The information on whether the unincorporated non-agricultural enterprises netted was a private Non-Profit Institution (NPI) or not, was also collected during this survey. The percentage of private NPIs in total number of unincorporated non-agricultural enterprises categorized by enterprise types and sectors at all-India level is presented in **Statement 17.0**. Private NPIs constituted 0.6 percent of all establishments at all-India level of which 0.15 percent were OAEs and 0.45 percent were establishments. The survey result revealed that about 2 percent of the enterprises engaged in other services were NPIs in rural areas compared to about 1 percent in urban area. Overall, presence of NPIs among all unincorporated

non-agricultural enterprises under coverage was very insignificant. The same level of insignificance of presence of NPIs can be observed in the State wise estimates presented in the **Statement 17.1**. Among the states, Arunachal Pradesh (2%) has the highest proportion of private NPIs. **Chart C7** shows the percentage of private NPIs categorized by enterprise type and sector in India.

3.15 Status of registration: Statement 18.0 gives the distribution of unincorporated non-agricultural enterprises by status of registration. About 29 percent of all enterprises were registered under any Act or with any registration authority. The types of registration or authorities of registration included State Directorate of Industries, Khadi and Village Industries Commission/Board, Coir Board, Silk Board, Jute Commissioner, Pollution Control Board, Directorate of Education/AICTE/NCTE, Societies Registration Act, Indian Charitable Act, Cinematograph Act, Money Lender's Act, Public Trust Act and others. The overall proportion of registered enterprises was higher in urban areas (39%) as compared to rural areas (21%). 'Manufacturing' sector (86%) had the highest percentage of unregistered enterprises followed by 'Trade' (68%) and 'Other Services' (61%).

Statement 18.0: Percentage of enterprises by status of registration for each broad activity category

broad activity category	rural		urban		rural + urban	
	registered	unregistered	registered	unregistered	registered	unregistered
(1)	(2)	(3)	(4)	(5)	(6)	(7)
manufacturing	9.2	90.8	21.3	78.7	14.2	85.8
trade	20.5	79.5	44.9	55.1	32.5	67.5
other services	33.4	66.6	44.7	55.3	38.8	61.2
all	21.1	78.9	38.5	61.5	29.2	70.8

3.15.1 Statement 18.1 presents percentage of enterprises by status of registration for each activity category. In the rural manufacturing sector, largest share of registration (64%) can be observed for enterprises engaged in Manufacture of pharmaceuticals, medicinal chemical and botanical products (M13) followed by 55 percent enterprises engaged in Manufacture of motor vehicles, trailers and semi-trailers (M21). In urban areas, largest share of registration (93%) was in enterprises engaged in Manufacture of coke and refined petroleum products (M11) followed by 73 percent registration among enterprises engaged in Manufacture of pharmaceuticals, medicinal chemical and botanical products (M13). In combined sector largest number of registration (70%) can be observed in Manufacture of pharmaceuticals, medicinal chemical and botanical products (M13) followed by 62 percent registration among enterprises engaged in Manufacture of coke and refined petroleum products (M11).

3.15.2 For enterprises in engaged in trading in rural areas registration was very low for all type of trading activities; from 18 percent to 26 percent. However the situation is much better in urban areas where percentage of registration varied from 43 percent to 62 percent. In combined sector variation of percentage of registration was from 31 percent to 47 percent.

T1: Trade and repair of motor vehicles and motor cycles, T2: Activities of commission agents, T3: Other wholesale trade, T4: Other retail trade, T: Trading activities (Total)

S1: Accommodation, S2: Food service activities, S3: Land transport, S4: Water transport, S5: Warehousing and storage, S6: Support activities for transportation, postal and courier activities, S7: Information and Communication, S8: Financial service activities except insurance and pension funding, S9: Other financial activities, S10: Real estate activities, S11: Professional, Scientific and Technical activities, S12: Administrative and support service activities, S13: Education, S14: Human Health and Social work, S15: Other community, social and personal service activities, S: Other services (Total); M+T+S: all

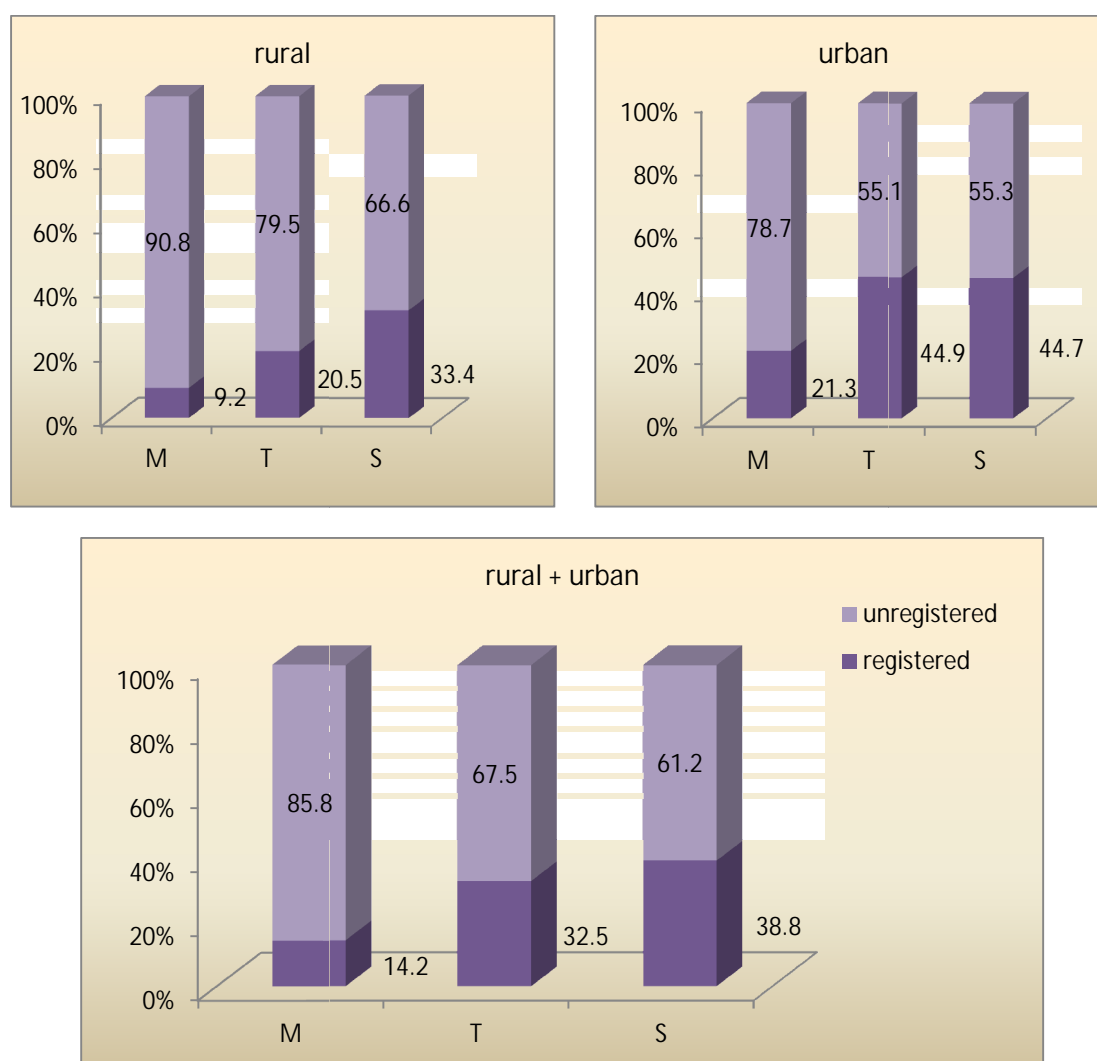

3.15.3 In the rural service sector largest share of registration (76%) can be observed for enterprises engaged in Accommodation service (S1) in rural areas against 93 percent enterprises engaged in Water transport (S4) in urban areas. In combined sector largest number of registration (72%) can be observed enterprises engaged in Accommodation service (S1).

3.15.4 **Statement 18.2** presents percentage of all enterprises by status of registration for each State/ UT. It can be observed that in most of smaller states share of registration was significantly

NSS Report No. 546: Operational Characteristics of Unincorporated Non-agricultural Enterprises (Excluding Construction) in India

high compared to that in large states. The survey revealed that in the five states of Uttar Pradesh, West Bengal, Andhra Pradesh, Maharashtra and Tamil Nadu which accounted for 53.6 percent of enterprises at all-India level, percentage of registration was less than 41 percent in rural areas, less than 55 percent in urban areas and less than 50 percent in combined sector. Status of registration in Uttar Pradesh for all enterprise was only 14 percent which was only higher than three other states namely Odisha (13%), Jharkhand (10%) and Bihar (7%). **Statement 18.3, 18.4 and 18.5** presents corresponding percentage separately for enterprises engaged Manufacturing, trading and other services respectively. It can be observed status of registration in all three broad activity categories was almost similar in nature to that of all enterprises together. **Chart C8** presents the percentage of enterprises by status of registration for each broad activity category.

3.16 Specific problem faced in operation: Information on different types of problems faced by unincorporated non-agricultural enterprises in carrying out their day-to-day operation was collected in this survey. **Statement 19.0** gives the percentage of unincorporated non-agricultural enterprises reporting specific problems faced. About 66 percent of all unincorporated non-agricultural enterprises reported to not having faced any specific problem in their day-to-day operation. ‘Shrinking or fall of demand’ (11%) and ‘non recovery of financial dues’ (9%) were the two main problems faced by the enterprises. These two problems are more prominent in rural areas in comparison with the urban areas. In general, rural OAEs had faced more problems than urban OAEs. Only 2 percent of rural establishments and 2 percent of urban establishments had reported of facing ‘labour disputes and related problem’.

3.16.1 Statement 19.1 gives the percentage of manufacturing enterprises reporting specific problems faced. It has been observed that 63 percent of all manufacturing enterprises reported to not having faced any specific problem in their day-to-day operation. ‘Shrinking or fall of demand’ (12%) and ‘erratic power supply or cut’ (8%) were the two main problems faced by manufacturing enterprises. The problem ‘shrinking or fall of demand’ is more prominent in rural areas (13%). In general, establishments had faced the problem of ‘erratic power supply or cut’ and OAEs had faced the problem of ‘shrinking or fall of demand’ in both rural and urban areas. Only 3 percent of rural establishments and 3 percent of urban establishments in manufacturing sector had reported of facing the ‘labour disputes and related problem’.

3.16.2 **Statement 19.2** shows that about 65 percent of trading enterprises reported to not having faced any specific problem in their day-to-day operation. 'Non recovery of financial dues' (12%) and 'shrinking or fall of demand' (10%) were two major problems faced by trading enterprises. 9 percent of trading enterprises had reported of facing the problem of 'non-availability of high cost of credits'. The problem 'non recovery of financial dues' is more prominent in rural areas (16%) and it is more among OAEs than establishments in both rural and urban sectors. Only 2 percent of rural establishments and 1 percent of urban establishments in the trading sector had reported of facing the 'labour disputes and related problem'.

3.16.3 **Statement 19.3** represents the percentage of 'other services' enterprises reporting specific problems faced. The survey revealed that 70 percent of all 'other services' enterprises reported to not having faced any specific problem in their day-to-day operation. 'Shrinking or fall of demand' (10%) and 'non recovery of financial dues' (7%) were the two main problems faced by 'other services' enterprises. The problem 'shrinking or fall of demand' is more prominent in rural areas (11%). In rural area, 12 percent of establishments had faced the problem of 'shrinking or fall of demand' while in urban area, 8 percent establishments had faced the problem of 'erratic power supply or power cuts'. OAEs had faced the problem of 'shrinking or fall of demand' in both rural and urban areas. 2 percent of rural 'other services' establishments and 2 percent of urban 'other service' establishments had reported of facing the 'labour disputes and related problem'.

3.16.4 **Statement 19.4** presents a comparative picture of percentage of enterprises reporting any specific problem faced for each broad activity category and type of enterprise. It can be observed that while shrinking/fall of demand remained major cause of concern for OAEs who reported facing specific problems in Manufacturing (13%) and Other Services (11%) sector, non-recovery of financial dues (13%) was a major cause of concern for OAEs in trading sector. While non-recovery of financial dues also remained major problem for establishments both in trading (8%) and other services sector (7.3%), establishments engaged in manufacturing identified erratic power supply/power cuts (17%) as major problem faced by them.

3.17 **Working on contract:** In certain cases, the enterprises in this segment of economy might be working as per the orders from a bigger unit. In such cases certain conditions on the sale of product, mode of payment, supply of raw material etc. are put by the contractor or master unit. The percentage of enterprises under such contract is given in **Statement 20.0**. Only 6 percent of unincorporated non-agricultural enterprises had undertaken at least some work on contract basis. The percentage was very high for manufacturing enterprises (20%). About 24 percent manufacturing enterprises in rural areas and 16 percent manufacturing enterprises in urban areas had worked on contract basis. In general OAEs in the manufacturing sector had taken more work on contract basis.

3.17.1 **Statement 20.1** depicts the percentage of all unincorporated non-agricultural enterprises working on contract by enterprise type and sector for each State/UT. The survey reveals that at all India level around 6 percent enterprises were working on contract and it was 8 percent in rural areas and 4 percent in urban areas. Among all the States/UTs, almost 22 percent of all enterprises in West Bengal were working on contract basis. If one considers the combined sector, the survey shows that about 20 percent of OAEs in West Bengal were working on contract basis. The percentage of enterprises working on contract was significantly higher in rural areas of West Bengal (27%) as compared to urban areas (12%). It has also been observed that 25 percent OAEs in rural West Bengal were working on contract basis whereas very few establishments were working on contract. Among other states, the enterprises working on contract in Tamil Nadu and Madhya Pradesh were having a share of around 11 percent and 10 percent respectively.

3.17.2 The percentage of all manufacturing enterprises working on contract by enterprise type and sector for each State/UT is shown at **Statement 20.2**. It has been observed that at all India level 20 percent of manufacturing enterprises were working on contract and OAEs had the major share (19%) as compared to establishments (1.8%). About 24 percent manufacturing enterprises in rural areas and 16 percent in urban areas were worked on contract basis. Among all the States/UTs, manufacturing enterprises in West Bengal had the maximum share of working on contract with 56 percent in the combined sector, followed by Tamil Nadu with 29 percent. In rural West Bengal around 55 percent of OAEs were working on contract in contrast to just 3 percent of establishments. The corresponding percentages in urban West Bengal for OAEs and establishments were 41 and 9 percent respectively. A general conclusion can be drawn from the combined sector data that manufacturing OAEs constituted the major share in working on contract category with almost 19% as compared to a meager 1.8% in establishments.

3.17.3 **Statement 20.3** and **20.4** presents the scenario of trading and ‘other services’ enterprises in working on contract basis for all enterprise types and sectors. From these two tables it has been observed that very insignificant number of trading and other services enterprises were worked on contract basis. The survey reveals that only 0.4 percent of trading enterprises and 0.3 percent of ‘other services’ enterprises were working on contract basis and the scenario is not very different for rural and urban areas.

3.18 **Enterprises pursuing mixed activity: Statement 21** presents the percentage of unincorporated non-agricultural enterprises pursuing mixed activity by sector and type of enterprise. About 3 percent of unincorporated non-agricultural enterprises pursued mixed activity. 3 percent and 2 percent enterprises had pursued mixed activity in urban and rural areas respectively. Trading enterprises had pursued more mixed activities in comparison to manufacturing and ‘other services’ enterprises. However, among unincorporated non-agricultural enterprises pursuing mixed activity OAEs had much more share than establishment for each of three broad activity categories.

Statement 21: Percentage distribution of enterprises pursuing mixed activity by sector and type of enterprise

3.19 **Enterprises receiving assistance: Statement 22.0** gives the proportion of unincorporated non-agricultural enterprises receiving government assistance separately by type of assistance received. Kinds of assistance include financial loans, subsidies, machines/equipment, training, marketing, raw materials and others. Provision was made in the schedule for recording information on two such kinds of assistances received based on their relative importance. Only about 2 percent of unincorporated non-agricultural enterprises had reported receiving any assistance from government. About 1 percent of unincorporated non-agricultural enterprises received assistance from the government in the form of financial loans. The percentage of unincorporated non-agricultural enterprises reported not receiving any assistance from government is marginally higher in urban areas (99%) than in rural areas (98%). The establishments (3%) had received more assistance than OAEs (2%).

3.19.1 **Statement 22.1** shows that 97 percent manufacturing enterprises had not received any assistance from the government. This percentage is 99 percent in urban and 98 percent in rural areas. Only 3 percent manufacturing establishments in rural areas had reported of receiving any assistance from government in the form of 'financial loan'. The corresponding figure in urban areas is only 1 percent.

3.19.4 **Statement 22.4** presents a comparative picture of percentage of enterprises receiving government assistance by type of assistance received for each broad activity category and type of enterprise. It can be observed assistance received by OAEs and establishments in all three broad activity category was negligible during the reference period. 99% of enterprises both in manufacturing and trading and 97% enterprises engaged in other services did not receive any assistance at all. For those who received assistance, financial loan remained major assistance in manufacturing (0.6%), trading (0.7%) and other service (2.7%) sector enterprises.

3.20 **Use of information and communication technology:** Information was collected on particulars of use of information and communication technology (ICT) by unincorporated non-agricultural enterprises for all activity categories. **Statement 23.0** shows the number per 1000 of unincorporated non-agricultural enterprises using information and communication technology categorized by enterprise type and sector. It has been observed that unincorporated non-agricultural enterprises had used computer and internet facilities much more as compared to other ICT facilities such as ‘intranet’, ‘LAN’, ‘Extranet’ etc. At all India level, 76 out of 1000 enterprises had used computer followed by internet (43 out of 1000). The use of ICT was much more prevalent in urban areas and among establishments. In urban India around 99 out of 1000 enterprises had used computers followed by internet (58 out of 1000 enterprises). It has been observed that 88 out of 1000 establishments had used computers in urban India as compared to only 26 out of 1000 establishments in rural India.

3.20.1 **Statement 23.1, 23.2 and 23.3** respectively shows the use of information and communication technology among manufacturing, trading and 'other services' enterprises respectively categorized by sector and enterprise types. The survey revealed that among manufacturing enterprises, the use of computer and internet was much more for establishments as compared to OAEs in both rural and urban sector. This trend is same in case of trading and 'other services' enterprises also. Considerable number establishments of the 'other services' enterprise had used the other ICTs like 'intranet', 'LAN', 'extranet' etc and the use was much more in urban areas as compared to rural areas.

3.20.2 **Statement 23.4** presents a comparative picture of number per 1000 of enterprises using ICT for each broad activity category and type of enterprises. It can be observed that the use of almost all of the studied ICT facilities was much higher in 'other services' enterprises compared to other two broad activities and the use were much higher in establishments. Among different studied ICT facilities, 'using computer' had the highest share followed by 'using internet' for all the three broad activity categories. 121 out of 1000 enterprises under 'other services' category had used computers whereas 74 out of 1000 trading enterprises and 28 out of 1000 manufacturing enterprises had used computers.

Statement 23.4: Number per 1000 of enterprises using information and communication technology for each broad activity category separately and type of enterprise

all-India									
types of ICT	number per 1000 of enterprises using ICT								
	manufacturing			trading			other services

3.21 Precision of estimates: Relative Standard Errors (RSEs) of estimated number of unincorporated non-agricultural enterprises and estimated number of workers categorized by broad activity/sector at all-India level are given in **Statement 24** to show the reliability of estimates. It may be seen that barring RSEs for estimated number of workers for rural and urban establishments engaged in 'manufacturing' (5.31% and 6.50% respectively) and urban establishments engaged in 'other services' (5.14%), RSEs are less than 5 percent at all-India level both for estimated number of enterprises and estimated number of workers for all other activity categories, indicating that estimates are fairly reliable. Corresponding State wise RSEs are available in Table 37 and 38. The data users are advised to use the estimates with caution particularly in cases where RSEs of estimates are high (say, more than 15% or so).

Statement 24: RSEs of estimated number of enterprises by broad activity category and sector

all-India

3.22 Comparison of estimates: The present survey covers the unincorporated non-agricultural enterprises (excluding construction) in manufacturing, trade and other service sectors. This is first time that an integrated survey was attempted during NSS 67th round. The last survey on ‘unorganized manufacturing’ was conducted during NSS 62nd round (2005-2006). In 62nd round survey, NSS covered all manufacturing enterprises, which were not under the coverage of Annual Survey of Industries (ASI). All government and public sector undertakings were also outside the survey coverage. In the following round (NSS 63rd round, 2006-2007), the last survey on ‘service sector enterprises’ was conducted. The 63rd round covered broadly service sector enterprises engaged in the activities of hotels and restaurants (Section H of NIC 2004); transport, storage and communication (I); financial intermediation (J); real estate, renting and business activities (K); education (M); health and social work (N) and other community, social and personal service activities (O). The ‘unorganized trade’ sector was last covered during NSS 53rd round (1997) of survey. The coverage of the 53rd round of NSS was restricted to all non-directory trading establishments (NDTEs) and own-account trading enterprises (OATEs) except the public sector trading enterprises / establishments. Because of differences in coverage with the earlier rounds, comparison of estimates generated in 67th round with those of earlier round have been avoided in this report.

Appendix B

Sample Design and Estimation Procedure

Appendix B

Sample Design and Estimation Procedure

1. Introduction

1.1 Since its inception National Sample Survey Office (NSSO), Ministry of Statistics and Programme Implementation (MOSPI), Government of India, in 1950 has been conducting nationwide integrated large scale sample surveys, employing scientific sampling methods, to generate data and statistical indicators on diverse socio-economic aspects. The sixty-seventh round of NSS is devoted exclusively for collection of on economic and operational characteristics of unincorporated non-agricultural enterprises in manufacturing, trade and other service sector (excluding construction). The field operations of the survey on 1st July 2010 and will continue up to 30th June 2011. Last surveys of enterprises on trade, unorganised manufacturing and service sectors (excluding trade and construction) were conducted during 53rd round (January – December 1997) , 62nd round (July 2005 – June 2006) and 63rd round of NSS (July 2006 – June 2007) respectively. Other enterprise surveys carried out in between were 55th round (informal sector enterprises, 1999-2000), 56th round (unorganised manufacturing, 2000-2001) and 57th round (unorganised service sector excluding trade, finance and construction, 2001–2002).

2. Sample Design

2.1 *Outline of sample design:* A stratified multi-stage design had been adopted for the 67th round survey. The first stage units (FSU) were the census villages (Panchayat wards in case of Kerala) in the rural sector and Urban Frame Survey (UFS) blocks in the urban sector. The ultimate stage units (USU) were enterprises in both the sectors. In case of large FSUs, one intermediate stage of sampling was the selection of three hamlet-groups (hgs)/ sub-blocks (sbs) from each large rural/ urban FSU.

2.2 *Sampling frame to be used for selection of first stage units:* Census 2001 list of villages have been used as the sampling frame for rural areas. Auxiliary information such as number of enterprises, number of workers, type of enterprises, activities of enterprises, etc. available from EC-2005 frame were used for stratification, sub-stratification and selection of enterprises. In Kerala, list of panchayat wards as per Census 2001 was used as frame since list of such wards is not available as per EC 2005 frame.

In the urban sector, EC-2005 frame was used for 26 cities with population more than a million as per census 2001. Although Mumbai is a million plus city, EC-2005 frame could not be used for Mumbai because of identification problem for IV unit/blocks in the EC for the city. For other

cities/towns (including Mumbai), UFS frame (2002-07 phase or latest available phase prior to 2002-07 if it is not available) was used.

2.3 *Stratification*: Each district was a basic stratum in both rural and urban areas. However, in case of urban, each city with population of 1 million more as per Census 2001 forms a separate stratum and all other cities/towns of a district are grouped to form another stratum.

2.4 *Sub-stratification*:

(i) Rural: There were three sub-strata in the rural sector, viz.:

- (1) Villages with at least 5 establishments (NDE/DE) under coverage in the manufacturing sector as per EC-2005 information;
- (2) Remaining villages having at least 5 NDE/DE under coverage in the services sector including trade as per EC-2005 information;
- (3) Remaining villages of the stratum.

For the State(s) where EC-2005 information could be used as auxiliary information for stratification/sub-stratification due to limitations of EC 2005 frame, each district was sub-stratified into 'r/4' sub-strata with a sample allocation of 4 per sub-stratum where 'r' is the sample allocation for the district/stratum. The sub-strata were formed by arranging the villages in terms of population so that total population of each sub-stratum is approximately the same.

(ii) Urban, Million plus cities (excluding Mumbai):

For each stratum / million plus city, 20 sub-strata were formed as follows:

- | | |
|-------------------|---|
| Sub-stratum 1: | Blocks with one or more establishment in insurance & pension funding; |
| Sub-stratum 2: | Remaining blocks with one or more establishment in storage & warehousing; |
| Sub-stratum 3: | Remaining blocks with one or more establishment in accommodation; |
| Sub-strata 4-8: | Remaining blocks with one or more establishment in broad activities of manufacturing (as per SSS formation discussed subsequently under para 3.9); |
| Sub-strata 9-12: | Remaining blocks with one or more establishment in broad activities of trade (as per SSS formation in para 3.9); |
| Sub-strata 13-19: | Remaining blocks with one or more establishment in broad activities of other services (as per SSS formation in para 3.9) excluding the activities covered under sub-strata 1-3. |
| Sub-strata 20: | All remaining blocks of the stratum. |

(iii) Urban, Other cities and towns (including Mumbai): Two sub-strata were formed:

Sub-stratum 1: UFS block types: Bazaar area (BA)/ Industrial area (IA)/ Hospital area/ (HA)/ Slum area (SA) which are likely to contain relatively higher number of enterprises;

Sub-stratum 2: Remaining UFS blocks of the stratum.

Note that if the number of FSUs in the frame of a rural or urban sub-stratum was found to be less than 8, then separate sub-stratum was not formed and it was merged with the adjacent sub-stratum. There is only one town (Leh) in Leh district and one town (Kargil) in Kargil district of J & K. These two towns were out of UFS coverage. These were treated as sub-stratum 2 and the entire town was treated as one FSU.

2.5 *Total Sample size (FSUs)*: A sample of 16000 FSUs for central sample out of 1089508 FSUs and 18248 FSUs for state sample have been allocated at all-India level. Allocations for the State/UTs and sectors for central and state samples are given in Table B1.

2.6 *Allocation of total sample FSUs*:

(i) All-India allocation over States:

All-India sample size (FSUs) had been allocated to different State/UTs taking into account the minimum allocations required for a State/UT and the proportion of non-agricultural workers as per EC-2005 in the State/UT.

(ii) State/UT allocation over rural/urban sectors: State/UT sample sizes had been allocated to rural and urban sectors of the State/UT in proportion to number of non-agricultural workers as per EC-2005 with the constraint that urban allocation should not be too high compared to rural allocation and both rural and urban allocations were in multiples of 8.

(iii) State \times sector allocation over strata: Stratum allocations of State/UT sample sizes for each sector had been made in proportion to number of non-agricultural workers as per EC-2005. For the States/UTs where census 2001 frame was used in the rural sector, allocations to strata were made in proportion to population as per census.

(iv) Stratum allocation over sub-strata: Allocations to sub-strata was made

(a) In proportion to number of non-agricultural workers under coverage as per EC-2005 in rural sector as well as in million plus cities (after assuming the number as 1 for those villages/blocks where number of non-agricultural workers is 0);

- (b) In proportion to number of blocks with a double weight to sub-stratum 1 for other than million plus cities.

The minimum allocation for a sub-stratum was 4.

2.7 Selection of FSUs:

(a) Rural & million plus cities: From each sub-stratum, required number of sample villages/blocks had been selected by probability proportional to size with replacement (PPSWR), size being the number of total non-agricultural workers under coverage in the village/block as per EC-2005. For the State(s) where EC-2005 information could be used as auxiliary information for selection of FSUs due to limitations of EC 2005 frame, size for PPSWR selection had been the population of the village as per Census 2001.

(b) Urban (other than million plus cities): From each sub-stratum FSUs were selected by using Simple Random Sampling Without Replacement (SRSWOR). However, for and Kargil towns, each town was selected 4 times, once in each sub-round.

Both rural and urban samples had been drawn in the form of two independent sub-samples and equal number of samples had been allocated among the four sub rounds.

2.8 Formation of segment 9 and selection of hamlet-groups/ sub-blocks:

2.8.1 *Formation of Segment 9:* After determining the boundaries of the sample FSU, all non-agricultural enterprises with 20 or more workers in the entire FSU and had been operated for at least one day during last 365 days preceding the day of survey (hereinafter to be called as ‘big enterprises’) were listed and all the eligible units under coverage were surveyed. All the listed big units (whether under coverage or not) constituted segment 9 and all eligible enterprises under coverage were surveyed in segment 9.

2.8.2 *Criterion for hamlet-group/ sub-block formation:* After forming the segment 9 as stated above, it was to be determined whether listing had to be done in the whole sample FSU or not. For this, approximate present population (P) and approximate total number of non-agricultural enterprises (E) for the whole FSU was ascertained first from knowledgeable persons. Depending upon the values of ‘P’ and ‘E’, it was divided into a suitable number (say, D) of ‘hamlet-groups’ in the rural sector and ‘sub-blocks’ in the urban sector as stated below. Final value of ‘D’ was the higher of the two values ‘P’ and ‘E’ based on the dual criteria. While considering enterprise criteria, segment 9 enterprises, if any, was excluded from the count of ‘E’, if possible.

Population/enterprise dual criteria			
population (P)	no. of hgs/ sbs to be formed	no. of non-agricultural enterprises (E)	no. of hgs/ sbs to be formed
less than 1200	1	less than 120	1
1200 - 1599	4	120 - 159	4
1600 - 1999	5	160 - 199	5
2000 - 2399	6	200 - 239	6
and so on	...	and so on	...

For rural areas of Himachal Pradesh, Sikkim, Uttarakhand (except four districts Dehradun (P), Nainital (P), Haridwar and Udham Singh Nagar), Poonch, Rajouri, Udhampur, Doda, Leh (Ladakh), Kargil districts of Jammu and Kashmir and Idukki district of Kerala, the number of hamlet-groups were formed as follows:

Population/enterprise dual criteria			
population (P)	no. of hgs/ sbs to be formed	no. of non-agricultural enterprises (E)	no. of hgs/ sbs to be formed
less than 600	1	less than 120	1
600 - 799	4	120 - 159	4
800 - 899	5	160 - 199	5
1000 - 1199	6	200 - 239	6
and so on	...	and so on	...

2.8.3 Formation and selection of hamlet-groups/ sub-blocks: In case hamlet-groups/ sub-blocks were formed in the sample FSU, the same was done either by more or less equalizing population or by equalising number of non-agricultural enterprises. If the criterion for deciding the value of 'D' was population, then hgs/sbs were formed by equalising population. On the other hand if enterprise criterion had been used for deciding the value of 'D', then equalise the number of non-agricultural enterprises to form 'D' number of hg/sb. the value of 'D' was same for both population and enterprise criteria, then hg/sb may be formed by equalising population.

2.8.4 Segments 1 & 2: Two segments (in addition to segment 9 already formed) were selected from a large FSU wherever hamlet-groups/sub-blocks were formed in the following manner – Segment 1 was the hg/sb having maximum number of establishments under the coverage. Two more hg's/sb's were chosen by SRSWOR and combined to form Segment 2. Listing and

selection of the enterprises were done independently in the two selected segments. The FSUs without hg/ sb formation was treated as sample segment number 1.

2.9 Formation of Second Stage Strata and allocation of enterprises for schedule 2.34:

A maximum of nineteen (19) second-stage strata (SSS) were formed within each sample FSU. Composition of various SSS was as follows:

- (i) 5 SSS considering various broad manufacturing groups were formed in each segment for Manufacturing sector Establishments: (1) SSS 1 - Food products, Beverage and Tobacco Products, (2) SSS 2 - Textiles, Leather, etc. and Cotton ginning, cleaning and baling, (3) SSS 3 - Wood and wood products, paper and paper products, printing and publishing etc & Furniture, (4) SSS 4 - Petroleum Products, chemicals, rubber, metals, metal products, machinery and equipments, etc., and (5) SSS 5 – remaining manufacturing activities.
- (ii) 4 SSS were formed in each segment for Trade sector Establishments: SSS 6 comprises the activities of commission agents. Excluding the activity of commission agents, three more SSS were formed. They were as follows: SSS 7 - Trade and repair of motor vehicles and motor cycles; SSS 8 – other wholesale trade and SSS 9 – other retail trade.
- (iii) 7 SSS were formed in each segment for Service sector Establishments (other than trade) corresponding to the following broad activities: SSS 10 – Accommodation & food service, SSS 11 - Transport, storage, information & communication, SSS 12 - Financial & insurance activities, SSS 13 - Real Estate and Renting and Business Activities, SSS 14 - Education, SSS 15 – Human health & Social work, and SSS 16 - Other services.
- (iv) 3 SSS were formed in each segment for own account enterprises (OAEs) as follows: SSS 17 – OAEs in Manufacturing, SSS 18 – OAEs in Trade, and SSS 19 – OAEs in Other services.

NIC 2008 codes grouped under each SSS are listed in the following table:

SSS number	NIC 2008 Codes	Description of major activities
A. Establishments		
A.1 Manufacturing		
1	10 – 12	Food products, Beverages and Tobacco products
2	01632, 13 – 15	Cotton ginning, cleaning and bailing, Textiles, Wearing Apparel, Leather and Leather products
3	16 – 18, 31, 32	Wood and wood products, paper and paper products, printing etc.
4	19 – 25, 27, 28, 33	Petroleum Products, Chemicals, Pharmaceuticals, Rubber, Plastics, Metals, Metal products, machinery and equipments etc.
5	26, 29, 30	Remaining manufacturing activities

SSS number	NIC 2008 Codes	Description of major activities
A.2 Trade		
6	461	Commission agents for wholesale trade
7	45	Trade and repair of motor vehicles and motorcycles
8	462, 463, 464, 465, 466, 469	Other wholesale trade
9	47	Other retail trade
A.3 Other Services		
10	55, 56	Accommodation and food service activities
11	49211, 49219, 4922, 4923, 50, 52, 53, 58 – 63	Transport, Storage, Information and Communication
12	64300, 64309 (SHG), 6491, 64920, 64929 (activity of money lenders), 6499, 65, 6612, 6619, 662, 663	Financial and Insurance activities
13	68, 69, 70 – 75, 771, 772, 773, 78 – 82	Real Estate, Professional, Scientific and Technical, Rental & Leasing activities
14	85	Education
15	86 – 88	Human Health and Social work
16	37 – 39, 90 – 93, 941, 9491, 9499, 95, 96	Other personal services
B. OAEs : Manufacturing, Trade and Other Services		
17	01632, 10 – 33	Manufacturing
18	45 – 47	Trade
19	37 – 39, 49211, 49219, 4922, 4923, 50, 52 – 63, 64300, 64309, 6491, 64920, 64929, 6499, 65, 6612, 6619, 662, 663, 68, 69, 70 – 75, 771, 772, 773, 78 – 82, 85 – 93, 941, 9491, 9499, 95, 96	Other Services
NICs not under coverage		
Sections: A, B, D, F, O, T, U, Codes: 36, 491, 49212, 13, 493, 51, 641, 642, 6611, 774, 942, 9491(organisations only), 9492		

2.10 Selection of enterprises:

2.10.1 The number of enterprises selected for survey (excluding segment 9) from each FSU \times segment \times SSS is given below:

enterprise type	sector	SSS number	number of enterprises to be surveyed	
			without hg/ sb formation	with hg/ sb formation (for each segment)
establishments	manufacturing	1	2	1
		2	2	1
		3	2	1
		4	2	1
		5	2	1
		sub-total	10	5
	trade	6	2	1
		7	2	1
		8	2	1
		9	2	1
		sub-total	8	4
	services	10	2	1
		11	2	1
		12	2	1
		13	2	1
		14	2	1
		15	2	1
		16	2	1
sub-total	14	7		
OAEs	manufacturing	17	4	2
	trade	18	4	2
	services	19	4	2
	sub-total	12	6	

It may be noted that from each segment \times SSS, at least one enterprise was surveyed if there were some enterprises in the corresponding frame. In addition to the above, all the eligible enterprises of segment 9 were surveyed.

2.10.3 *Selection of Enterprises*: Sample enterprises from each SSS were selected by SRSWOR. However, all the establishments in the frame were selected for a broad category of establishments (manufacturing/trade/other services) in the following situations:

- (i) All the manufacturing establishments if total number of establishments in manufacturing SSSs is less than or equal to 10 considering both the segments 1 & 2

- (ii) All the trading establishments if total number of establishments in trading SSSs is less than or equal to 8 considering both the segments 1 & 2
- (iii) All the 'other service sector' establishments if total number of establishments in other services SSSs is less than or equal to 14 considering both the segments 1 & 2.

2.11 A Brief description of different types of service sector enterprises which were under the coverage of the survey is given below.

NIC-2008		coverage of survey
code	activity	
37	SEWERAGE	The operation and maintenance of sewer systems; Collecting and transporting of human or industrial waste water or rain water by means of sewerage networks, collectors, tanks and other means of transport (sewage vehicles etc.); Treatment of waste water or sewer by means of physical, chemical or biological processes
38	WASTE COLLECTION, TREATMENT AND DISPOSAL ACTIVITIES; MATERIALS RECOVERY	Collection of non-hazardous waste; Collection of hazardous waste; Treatment and disposal of non-hazardous waste; Treatment and disposal of hazardous waste; Materials recovery
39	REMEDICATION ACTIVITIES AND OTHER WASTE MANAGEMENT SERVICES	Remediation activities and other waste management services. This includes cleanup of contaminated buildings and sites, soil, surface or ground water and other specialized pollution-control activities.
492	OTHER LAND TRANSPORT (excluding Urban or suburban tramways [49212] and Urban or suburban underground or elevated rillways [49213])	Urban or suburban passenger bus transport ; Long-distance bus services; Charters, excursions and other occasional coach services; Rental of private cars with driver; Taxi operation; Operation of school buses and buses for transport of employees; Passenger transport by man- or animal-drawn vehicles; Motorised road freight transport; Non-motorised road freight transport.
50	WATER TRANSPORT	Sea and coastal ferry service; Sea and coastal water cruise, water taxis and other sight-seeing boats; Sea and coastal long distance water transport; Sea and coastal freight water transport; River ferry service; River cruise, water taxi, boat services; Long distance river water transport; transport of freight via rivers, canals, lakes and other inland waterways, including inside harbours and ports.

NIC-2008		coverage of survey
code	activity	
52	WAREHOUSING AND SUPPORT ACTIVITIES FOR TRANSPORTATION	Warehousing and storage. Includes cold storage, storage and warehousing of general merchandise, furniture, automobiles, gas and oil, chemicals, textiles etc. Also included is storage of goods in foreign trade zones; Service activities incidental to land transportation; Service activities incidental to water transportation; Cargo handling incidental to land transport; Cargo handling incidental to water transport; Activities of travel agents; Activities of shipping cargo agents; Activities of movers and packers; Weighing of goods.
53	POSTAL AND COURIER ACTIVITIES	All enterprises providing postal services, <i>not owned by government, Public Sector undertakings and local bodies</i> will be covered. This will include courier services.
55	ACCOMMODATION	Hotels and Motels, inns, resorts providing short term lodging facilities; includes accommodation in house boats; Provision of short term lodging facilities to members of a particular organisation such as company guest houses & similar establishments; Provision of accommodation in campgrounds, trailer parks, recreational camps and fishing and hunting camps for short stay visitors, provision of space and facilities for recreational vehicles, accommodation provided by mountain shelters; Accommodation provided student residences, school dormitories; Worker hostels and boarding houses. Dharamshala type lodging places, private guest/rest houses, tourist lodges etc. which provide short-stay accommodation are to be covered under hotels <i>provided they are run by private individuals/organisations</i> . <i>However similar facilities if provided by Govt./PSU/Local body/Statutory bodies (e.g. ISI, IIT, Universities etc.) are excluded from the purview of the coverage of this survey.</i> [A hotel is an enterprise that provides lodging services with or without arrangements for meals, other prepared food and refreshments.]
56	FOOD AND BEVERAGE SERVICE ACTIVITIES	Restaurants; Bars with or without restaurants; Cafeterias, fast-food restaurants and other food preparation in market stalls; Ice cream mobile vendors, mobile food carts; Restaurant and bar activities connected to transportation, when carried out by separate units; Event catering; Activities of food service contractors (e.g. for transportation companies); Operation of canteens or (e.g. for factories, offices,

NSS Report No. 546: Operational Characteristics of Unincorporated Non-agricultural Enterprises (Excluding Construction) in India

NIC-2008		coverage of survey
code	activity	
		hospitals or schools) on a concession basis (<i>but departmental canteens run by government will be excluded</i>); Tea/coffee shops; Fruit juice bars; Mobile beverage vendors [A restaurant generally provides eating and drinking services where prepared meals, food and refreshments and other snacks are sold for immediate consumption without any provision for lodging.]
58	PUBLISHING ACTIVITIES	Publishing of books, brochures, leaflets and similar p including publishing encyclopedias (including on CD-ROM); Publishing of atlases, maps and charts; Publishing of audio books; Publishing of directories and mailing lists; Publishing of newspapers, journals and periodicals; On-line publishing of statistics and other information; Publishing of operating systems and system software; Publishing of computer games for all platforms.
59	MOTION PICTURE, VIDEO AND TELEVISION PROGRAMME PRODUCTION, SOUND RECORDING AND MUSIC PUBLISHING ACTIVITIES	Production of motion picture, Video production, Production of television programmes or television commercials; Post production activities of motion picture, Post production activities of television programmes or television commercials; Post production of video production; Distribution of Motion picture, video tapes, CDs, DVDs and Distribution of television programme; Motion picture or video tape projection in cinemas, in the open air or i r projection facilities; Activities of cine-clubs; Activities of sound recording in studio or elsewhere; Activities of music publishing.
60	PROGRAMMING AND BROADCASTING ACTIVITIES	Radio broadcasting; Television programming and broadcasting activities. The broadcasting can be performed using different technologies, over-the-air, via satellite, via a cable network or via internet;
61	TELECOMMUNICATIONS	Activities of basic telecom services: telephone, telex and telegraph (includes the activities of STD/ISD booths); Maintenance of telecom network; Activities of the cable operators; Activities of providing internet access by the operator of the wired infrastructure; Activities of internet access by the operator of the wireless infrastructure; Activities of maintaining and operating pageing, cellur and other tetecommunication networks; Activities of other wireless telecommunications activities; Activity of internet access by the operator of the satellite infrastructure; Other satellite telecommunications activities; Specialized telecommunications applications, such as satellite tracking, communications telemetry, and radar station operations, operation of satellite terminal station, internet access over networks such as dial-up internet access etc.

NIC-2008		coverage of survey
code	activity	
62	COMPUTER PROGRAMMING, CONSULTANCY AND RELATED ACTIVITIES	Writing, modifying, testing of computer program to meet the needs of a particular client; Web-page designing; Providing software support and maintenance to the clients; Installation of computer system, and train and support the users of the system and providing hardware support including planning and designing of computer systems that integrate computer hardware, software and communication technologies; Software installation; Computer disaster recovery.
63	INFORMATION SERVICE ACTIVITIES	Data processing activities including report writing; Web hosting activities; Providing general time-share mainframe facilities to clients; Providing data entry services; Operation of web sites that use a search engine to generate and maintain extensive databases of internet addresses and content in an easily searchable format; Operation of other websites that act as portals to the internet, such as media sites providing periodically updated content; News agency activities; Telephone based information services; Activities of cyber café.
643	TRUSTS, FUNDS AND OTHER FINANCIAL VEHICLES	This class includes legal entities organized to pool securities or other financial assets, without managing, on behalf of shareholders or beneficiaries. The portfolios are customized to achieve specific investment characteristics such as diversification, risk, rate of return, and price volatility. These entities earn interest, dividends, and other property income, but have little or no employment and no revenue from the sale of services. Self-Help Groups engaged predominantly in financial intermediation will be given a special code 64309.
649	OTHER FINANCIAL SERVICE ACTIVITIES EXCEPT INSURANCE AND PENSION FUNDING ACTIVITIES	Financial leasing; Financial service activities primarily concerned with making loans by institutions not involved in monetary intermediation (such as venture capital companies, industrial banks, investment clubs), where the granting of credit can take a variety of forms, such as loans, mortgages, credit cards etc.; other financial service activities primarily concerned with distributing funds other than by making loans; Activities of hire - purchase financing, housing finance companies, commercial loan companies, other credit activities including pawn shops. A money lender whether registered under Money Lender's Act or not will be under coverage. Activity of money lenders has been given a special code 64929.
65	INSURANCE, REINSURANCE AND PENSION FUNDING,	Life insurance; insurance services other than life insurance such as accident and fire insurance, health insurance, travel insurance, property insurance, motor, marine, aviation and transport insurance,

NIC-2008		coverage of survey
code	activity	
	EXCEPT COMPULSORY SOCIAL SECURITY	pecuniary loss and liability insurance; Reinsurance (activities of assuming all or part of the risk associated with existing insurance policies originally underwritten by other insurance carriers); Pension funding (legal entities i.e. funds, plans and/or programmes organized to provide retirement income benefits exclusively for the sponsor's employees or members. This includes pension plans with defined benefits, as well as individual plans where benefits are simply defined through member's contribution).
661	OTHER FINANCIAL ACTIVITIES (excluding Administration of financial markets [6611])	Activities auxiliary to financial service activities, except insurance and pension funding. This includes the operation and supervision of financial markets other than by public authorities, such as commodity contracts exchanges, futures commodity contracts exchanges, securities exchanges, stock exchanges, stock or commodity options exchanges; dealing in financial markets on behalf of others (e.g. stock broking) and related activities, securities brokerage, commodity contracts brokerage, foreign exchange services, etc.; activities of investment advisors, mortgage advisors and brokers, financial transaction processing and settlement activities, trustee, fiduciary and custody on a fee or contract basis.
662	ACTIVITIES AUXILIARY TO INSURANCE AND PENSION FUNDING (excluding Other activities auxiliary to insurance and pension funding [6629])	Activities auxiliary to insurance and pension funding. This includes the provision of administration services of insurance, such as assessing and settling insurance claims; activities of insurance agents and brokers;
68	REAL ESTATE ACTIVITIES (Excluding operating of self-owned residential buildings)	Real estate activities with own or leased property and Real estate activities on a fee or contract basis. This class includes buying, selling, operating of self-owned or leased real estate (excluding operation of self-owned residential buildings), providing of homes and furnished or unfurnished flats or apartments for more permanent use, typically on a monthly or annual basis, development of building projects for own operation, i.e. for renting of space in these buildings, subdividing real estate into lots, without land improvement, operation of residential mobile home sites; the provision of real estate activities on a fee or contract basis including real estate related services such as, activities of real estate agents and brokers, intermediation in buying, selling and renting of real estate on a fee or contract basis, management of real estate on a fee or basis,

NIC-2008		coverage of survey
code	activity	
		appraisal services for real estate, real estate escrow agents.
69	LEGAL AND ACCOUNTING ACTIVITIES	Legal activities; Accounting, bookkeeping and auditing activities; Tax consultancy.
70	MANAGEMENT CONSULTANCY ACTIVITIES	Activities of head offices; management consultancy activities
71	ARCHITECTURE AND ENGINEERING ACTIVITIES: TECHNICAL TESTING AND ANALYSIS	Architectural and engineering activities and related technical consultancy, technical testing and analysis. This class includes architectural consulting activities, machinery, industrial process control and industrial plant design, engineering design and consulting activities for, geophysical, geologic and seismic surveying, geodetic surveying activities; performance of physical, chemical and other analytical testing of all types of materials and products, certification of products, including consumer goods, motor vehicles, aircraft, pressurized containers, nuclear plants etc. periodic road-safety testing of motor vehicles, testing with use of models or mock-ups (e.g. of aircraft, ships, dams etc.), operation of police laboratories.
72	SCIENTIFIC RESEARCH AND DEVELOPMENT	Research and experimental development on natural sciences, engineering, social sciences and humanities.
73	ADVERTISING AND MARKET RESEARCH	Advertising, market research and public opinion polling. This class includes the provision of a full range of advertising services (i.e. through in-house capabilities or subcontracting), including advice, creative services, production of advertising material, media planning, and buying; investigation into market potential, acceptance and familiarity of products and buying habits of consumers for the purpose of sales promotion and development of new prod including statistical analyses of the results, investigation into collective opinions of the public about political, economic and social issues and statistical analysis thereof.
74	OTHER PROFESSIONAL, SCIENTIFIC AND TECHNICAL ACTIVITIES	Fashion design related to textiles, wearing apparel, s jewelry, furniture and other fashion goods as well as other personal or household goods; activities of interior decorators; services of graphic designers; photographic activities (commercial and consumer photograph production; photographic film processing; a ties of photojournalists; microfilming of documents); business brokerage activities; patent brokerage activities; weather forecasting activities;

NIC-2008		coverage of survey
code	activity	
		security consulting, etc.
75	VETERINARY ACTIVITIES	These activities include the provision of animal health care and control activities for farm animals or pet animals. These activities are carried out by qualified veterinarians in veterinary hospitals. It also includes animal ambulance activities.
771	RENTING AND LEASING OF MOTOR VEHICLES	Renting and operational leasing of passenger cars (without drivers), trucks, utility trailers and recreational vehicles.
772	RENTING AND LEASING OF PERSONAL AND HOUSEHOLD GOODS	Renting and leasing of recreational and sports goods; Renting of video tapes and disks; Renting of tent, furniture, pottery and glass, kitchen and tableware, utensils, household electrical electronic equipments etc.; Renting of books, journals and magazines; Renting of jewellery, musical instruments, scenery and costumes; Renting of textiles, wearing apparel, footwear, sleeping bag, rucksack, household goods;
773	RENTING AND LEASING OF OTHER MACHINERY, EQUIPMENT AND TANGIBLE GOODS N.E.C.	Renting and leasing of other machinery, equipment and tangible goods n.e.c.
78	EMPLOYMENT ACTIVITIES	Activities of employment placement agencies; Temporary employment agency activities; Human resources provision and management of human resources functions;
79	TRAVEL AGENCY, TOUR OPERATOR AND OTHER RESERVATION SERVICE ACTIVITIES	Travel agency activities; Tour operator activities; activities of tourist guides; activities of marketing and promoting of services for visitors by providing information and assistance to organizations to locate accommodation, convention centers and entertainment venues and other travel-related reservation services (including for transportation, hotels, rest restaurants, car rentals, entertainment and sport).
80	SECURITY AND INVESTIGATION ACTIVITIES	Private security activities; Security systems services; Investigation activities
81	SERVICES TO BUILDINGS AND LANDSCAPE ACTIVITIES	Combined facilities support activities (this class includes the units that typically provide a combination of services, such as general interior cleaning, maintenance, trash disposal, laundry and related services. They provide operating staff to carry out these support activities); General cleaning of buildings; Cleaning of trains buses,

NIC-2008		coverage of survey
code	activity	
		planes etc.; Cleaning of industrial machinery; Other building and industrial cleaning activities; Landscape care and maintenance service activities.
82	OFFICE ADMINISTRATIVE, OFFICE SUPPORT AND OTHER BUSINESS SUPPORT ACTIVITIES	Combined office administrative service activities (this class includes the provision of a combination of day to day office administrative services, such as reception, financial planning, billing and record keeping, personnel and mail services etc. for others on a contract or fee basis); Photocopying, duplicating and blueprinting services; Document preparation, typing, word processing and desktop publishing services; Other specialised office support activities; Activities of call centres; Organization of conventions and trade shows ; Activities of collection agencies and credit bureaus; Packaging activities, etc.
85	EDUCATION	<p>Pre-Primary education, Primary education; General secondary education (includes Senior/Higher secondary education); Technical and vocational secondary education; Higher education; Sports and recreation education; Cultural education; Academic tutoring services; Professional examination review courses; Flying school; Professional and non-professional motor driving school; Educational support services.</p> <p>All Govt. or Govt.- aided educational institutions will be outside the survey coverage. Educational institutions where salaries of the teachers/ staffs are funded fully by the Government will be considered as Govt. aided educational institution.</p> <p>All private educational institutions will be covered whether or not recognised. This will include management training institutes, computer training centres, nursing schools, schools of music, drama, dance, fine arts, modelling, fashion designing, yoga and physical education and general coaching centres (e.g. for vario competitive examinations) etc. are to be covered. This will also include adult education centres.</p>
86	HUMAN HEALTH ACTIVITIES	<p>Hospital activities; Medical and dental practice activities; Activities of Ayurveda, Unani, homeopath practitioners; Activities of nurses, masseurs, physiotherapists or other para-medical practitioners; Activities of independent diagnostic/pathological laboratories; Activities of independent blood banks; independent ambulance Activities.</p> <p>All enterprises engaged in health and medical services <i>other than those owned by government, public sector undertakings, local bodies</i></p>

NIC-2008		coverage of survey
code	activity	
		<p>will be covered, irrespective of the system of medicine.</p> <p>All private dispensaries, clinics and consultation chambers run by doctors will be covered. An employed doctor and para-medical person doing private practice will be covered and his/her private practice alone will be considered as an enterprise.</p>
87	RESIDENTIAL CARE ACTIVITIES	<p>Nursing care facilities (homes for the elderly with nursing care, convalescent homes, rest homes with nursing care); Residential care activities for mental retardation, mental health and substance abuse; Residential care activities for the elderly and disabled; Activities provided on a round-the-clock basis directed to provide social assistance to children and special categories of persons with some limits on ability for self-care, but where medical treatment or education are not important elements such as orphanages, children's boarding homes and hostels, temporary homeless shelters, institutions that take care of unmarried mothers and their children.</p>
88	SOCIAL WORK ACTIVITIES WITHOUT ACCOMMODATION	<p>Social work activities without accommodation for the elderly and disabled; Social counseling, welfare, refugee, referral and similar services which are delivered to individuals and families in their homes or elsewhere and carried out by government offices or by private organizations, disaster relief organizations and national or local self-help organizations and by specialists providing counselling services such as child day-care activities, community and neighbourhood activities, charitable activities like fund-raising or other supporting activities aimed at social work.</p>
90	CREATIVE, ARTS AND ENTERTAINMENT ACTIVITIES	<p>Dramatic arts, music and other arts activities. This class includes Stage production and related activities; Operation of concert and theatre halls and other arts facilities; Activities of sculptors, painters, cartoonists, engravers, etchers etc.; Activities of individual writers for all subjects including fictional writing, technical writing etc.; Activities of independent journalists; Activities of restoring of works of art such as paintings etc.</p>
91	LIBRARIES, ARCHIVES, MUSEUMS AND OTHER CULTURAL ACTIVITIES	<p>Library and archives activities; Museums activities and operation of historical sites and buildings; Botanical and zoological gardens and nature reserves activities.</p>
92	GAMBLING AND BETTING ACTIVITIES	<p>Wholesale and retail sale of lottery tickets; Other gambling and betting activities. However, there may be certain gambling/ betting activities that are illegal and clandestine in nature. These activities are out of coverage for the present survey.</p>

NIC-2008		coverage of survey
code	activity	
93	SPORTS ACTIVITIES AND AMUSEMENT AND RECREATION ACTIVITIES	Operation of sports facilities; Activities of sports clubs; Other sports activities; Activities of amusement parks and theme parks.
941	ACTIVITIES OF BUSINESS, EMPLOYERS AND PROFESSIONAL MEMBERSHIP ORGANIZATIONS	Activities of chambers of commerce, guilds and similar organisations, federations of such organizations ; activities of associations of writers, painters, lawyers, doctors, journalists and other similar organizations.
949	ACTIVITIES OF OTHER MEMBERSHIP ORGANISATIONS	Activities of other membership organizations, such as organizations, will be covered only if it relates to activities other than organizational activities. Thus, activities of religious organizations providing services directly to worshippers in churches, mosques, temples, synagogues or other places, activities of organizations furnishing monastery and convent services, religious retreat activities will be excluded. However, individuals such as <i>purohits</i> who provide services directly to worshippers will only be covered. Activities of political organizations will not be covered. Activities of rotary clubs, student associations, war associations, book clubs, philatelic clubs, associations of minority groups, and the activities of other similar associations / organizations will be included.
95	REPAIR OF COMPUTERS AND PERSONAL AND HOUSEHOLD GOODS	Repair and maintenance of computer and peripheral equipment; Repair and maintenance of automated terminals like automatic teller machines, point-of-sale (POS) terminals, not mechanically operated; Repair and maintenance of communication equipment like cordless telephones, cellular phones, fax machines, commercial and video cameras etc. Repair and maintenance of consumer electronics; Repair and servicing of household appliances (refrigerators, stoves, washing machines, clothes dryers, room air conditioners, etc. Repair and servicing of home and garden equipment such lawn mowers, edgers, trimmers etc.; Repair of footwear and leather goods; Repair of furniture and home furnishings; Repair of bicycles; Repair and alteration of clothing; Repair and alteration of jewellery; Repair of watches, clocks and their parts; Repair of musical instruments; Repair of other personal and household goods.
96	OTHER PERSONAL SERVICE ACTIVITIES	Washing and (dry-) cleaning of textile and fur products; Hairdressing and other beauty treatment; Funeral and related activities; Social activities such as escort services, marriage bureaus; care services

NIC-2008		coverage of survey
code	activity	
		such as boarding, grooming and training pets etc.; Shoe shiners, porters, valet car parkers etc.; Coin-operated personal service machines such as photo booths, weighing machines, blood pressure checking machines etc.; Activities of sauna and steam baths, massage salons etc.; Astrological and spiritualists' activities; <i>Activities of aaya, dhai, governess, baby sitter etc. (however, those employed in private households are classified under NIC 97 and are excluded from coverage)</i> ; General household maintenance activities like grooming of the floor, dusting, cleaning of utensils etc.
Persons providing services to the households, for example cooks, tutors, etc., by visiting the houses of the employer (service produced within the households and consumed by the households on a regular basis) are not be considered as enterprise. However, if these types of persons provide services to enterprises/institutions other than private households, they are treated as enterprises. Similarly, if some persons provide legal, accounting or similar services to different enterprises on a fee basis, they are treated as running own account enterprise.		
If any enterprise under coverage is run by religious/ membership organizations with at least one worker hired for the services it provides then that enterprise is covered under respective NIC code of that activity.		

3. Estimation Procedure

3.1 Notations:

s = subscript for s-th stratum

t = subscript for t-th sub-stratum

m = subscript for sub-sample (m = 1, 2)

i = subscript for i-th FSU [village (panchayat ward)/ block/ non-UFS town]

d = subscript for a segment (d = 1, 2, 9)

j = subscript for j-th second stage stratum in an FSU/ segment [j = 1, 2, 3,, 19]

k = subscript for k-th sample enterprise under a particular second stage stratum within an FSU/ segment

D = total number of hg's/ sb's formed in the sample FSU

$D^* = 0$ if $D = 1$

$= (D - 1)/2$ for FSUs with $D > 1$

N = total number of FSUs in any urban sub-stratum

Z = total size of a rural sub-stratum (= sum of sizes for all the FSUs of a sub-stratum)

z = size of sample village used for selection.

n = number of sample FSUs surveyed including 'zero cases' but excluding casualty for a particular sub-sample and sub-stratum.

E = total number of enterprises listed in a second-stage stratum of an FSU / segment of sample FSU

e = number of enterprises surveyed in a second-stage stratum of an FSU / segment of sample FSU

x, y = observed value of characteristics x, y under estimation

\hat{X} , \hat{Y} = estimate of population total X, Y for the characteristics x, y

Under the above symbols,

$y_{stmidjk}$ = observed value of the characteristic y for the k-th enterprise in the j-th second stage stratum of the d-th segment (d = 1, 2, 9) of the i-th FSU belonging to the m-th sub-sample for the t-th sub-stratum of s-th stratum.

However, for ease of understanding, a few symbols have been suppressed in following paragraphs where they are obvious.

3.2 Formulae for Estimation of Aggregates for a particular sub-sample and stratum / sub-stratum:

3.2.1 Schedule 0.0:

3.2.1.1 Rural:

- (i) For estimating the number of enterprises possessing a characteristic:

$$\hat{Y} = \frac{Z}{n} \sum_{i=1}^n \frac{1}{z_i} \left[y_{i9} + y_{i1} + D_i^* \times y_{i2} \right]$$

where y_{i9} , y_{i1} , y_{i2} are the total number of enterprises possessing the characteristic y in segments 9, 1 & 2 of the i -th FSU respectively.

- (ii) For estimating the number of villages in a sub-stratum possessing a characteristic:

$$\hat{Y} = \frac{Z}{n} \sum_{i=1}^n \frac{1}{z_i} y_i$$

where, y_i is taken as 1 for sample villages possessing the characteristic and 0 otherwise.

3.2.1.2 Urban:

- (a) Estimation formula for a sub-stratum of million plus cities (excluding Mumbai):

- (i) For estimating the number of enterprises possessing a characteristic:

$$\hat{Y} = \frac{Z}{n} \sum_{i=1}^n \frac{1}{z_i} \left[y_{i9} + y_{i1} + D_i^* \times y_{i2} \right]$$

where, y_{i9} , y_{i1} , y_{i2} are the total number of enterprises possessing the characteristic y in segments 9, 1 & 2 of the i -th FSU respectively.

- (b) Estimation formula for a sub-stratum of other strata:

- (i) For estimating the number of enterprises possessing a characteristic:

$$\hat{Y} = \frac{N}{n} \sum_{i=1}^n \left[y_{i9} + y_{i1} + D_i^* \times y_{i2} \right]$$

where, y_{i9} , y_{i1} , y_{i2} are the total number of enterprises possessing the characteristic y in segments 9, 1 & 2 of the i -th FSU respectively.

[Note: There are only one FSU each in the districts Leh (Leh town) and Kargil (Kargil town) of J & K. Both of these have been selected and repeated in of the sub-rounds. Thus, for these two stratum \times sub-stratum, $N = 1$ in the above formula and n will be the mber of FSUs

actually surveyed including repetitions (n = 4 for the whole round and n = 2 for a sub-sample of the whole round assuming no casualty) for each of the two districts.]

3.2.2 Schedules 2.34:

3.2.2.1 Rural:

Estimation formula for a sub-stratum:

(i) For enterprises selected in j-th second stage stratum:

$$\hat{Y}_j = \frac{Z}{n_j} \sum_{i=1}^{n_j} \frac{1}{z_i} \left[\sum_{k=1}^{e_{i9j}} y_{i9jk} + \frac{E_{i1j}}{e_{i1j}} \sum_{k=1}^{e_{i1j}} y_{i1jk} + D_i^* \times \frac{E_{i2j}}{e_{i2j}} \sum_{k=1}^{e_{i2j}} y_{i2jk} \right]$$

(ii) For all selected enterprises:

$$\hat{Y} = \sum_j \hat{Y}_j$$

3.2.2.2 Urban:

(a) Estimation formula for a sub-stratum of million plus cities (except Mumbai):

(i) For enterprises selected in jth second stage stratum:

$$\hat{Y}_j = \frac{Z}{n_j} \sum_{i=1}^{n_j} \frac{1}{z_i} \left[\sum_{k=1}^{e_{i9j}} y_{i9jk} + \frac{E_{i1j}}{e_{i1j}} \sum_{k=1}^{e_{i1j}} y_{i1jk} + D_i^* \times \frac{E_{i2j}}{e_{i2j}} \sum_{k=1}^{e_{i2j}} y_{i2jk} \right]$$

(ii) For all selected enterprises:

$$\hat{Y} = \sum_j \hat{Y}_j$$

(b) Estimation formula for a sub-stratum of other strata:

(i) For enterprises selected in jth second stage stratum:

$$\hat{Y}_j = \frac{N}{n_j} \sum_{i=1}^{n_j} \left[\sum_{k=1}^{e_{i9j}} y_{i9jk} + \frac{E_{i1j}}{e_{i1j}} \sum_{k=1}^{e_{i1j}} y_{i1jk} + D_i^* \times \frac{E_{i2j}}{e_{i2j}} \sum_{k=1}^{e_{i2j}} y_{i2jk} \right]$$

(ii) For all selected enterprises:

$$\hat{Y} = \sum_j \hat{Y}_j$$

[Note: For segment 9, an adjustment may be necessary if $E \neq e$ for a second-stage stratum due to casualty at the detailed enquiry stage. In that case, of segment 9 (i.e. $\sum_{k=1}^{e_{i9j}} y_{i9jk}$) in the

above formulae may be replaced by $\frac{E_{i9j}}{e_{i9j}} \sum_{k=1}^{e_{i9j}} y_{i9jk}$, where E_{i9j} = (number of enterprises in the

frame of segment 9 for j^{th} SSS of i^{th} FSU as per column (4) block 6a of schedule 0.0) and e_{i9j} = (number of enterprises actually surveyed for segment 9 of j^{th} SSS of i^{th} FSU)

$E_{i9j} = e_{i9j}$ if there is no casualty.

As mentioned earlier in section 3.2.1.2, $N = 1$ in the above formula in the case of Leh and Kargil districts of J & K.]

3.2.3 Estimate for a stratum:

$$\hat{Y}_s = \sum_t \hat{Y}_{st}$$

3.3 Overall Estimate for Aggregates:

Overall estimate for aggregates for a stratum (\hat{Y}_s) based on two sub-samples is obtained as:

$$\hat{Y}_s = \frac{1}{2} \sum_{m=1}^2 \hat{Y}_{sm}$$

3.4 Overall Estimate of Aggregates at State/UT/all-India level:

The overall estimate \hat{Y} at the State/ UT/ all-India level is obtained by summing the stratum estimates \hat{Y}_s over all strata belonging to the State/ UT/ all-India.

3.5 Estimates of Ratios:

Let \hat{Y} and \hat{X} be the overall estimates of the aggregates Y and X for two characteristics y and x respectively at the State/ UT/ all-India level. Then the combined ratio estimate (\hat{R}) of the ratio

$(R = \frac{Y}{X})$ will be obtained as $\hat{R} = \frac{\hat{Y}}{\hat{X}}$.

3.6 Estimates of Error: The estimated variances of the above estimates will be as follows:

3.6.1 For aggregate \hat{Y} :

$$V\hat{a}r(\hat{Y}) = \sum_s \sum_t V\hat{a}r(\hat{Y}_{st}) \text{ where } V\hat{a}r(\hat{Y}_{st}) \text{ is given by}$$

$Var(\hat{Y}_{st}) = \frac{1}{4} (\hat{Y}_{st1} - \hat{Y}_{st2})^2$ where \hat{Y}_{st1} and \hat{Y}_{st2} are the estimates for sub-sample 1 and sub-sample 2 respectively for stratum 's' and sub-stratum 't'.

3.6.2 For ratio \hat{R} :

$$M\hat{S}E(\hat{R}) = \frac{1}{4\hat{X}^2} \sum_s \sum_t (\hat{Y}_{st1} - \hat{Y}_{st2})^2 + \hat{R}^2 (\hat{X}_{st1} - \hat{X}_{st2})^2 - 2\hat{R}(\hat{Y}_{st1} - \hat{Y}_{st2})(\hat{X}_{st1} - \hat{X}_{st2})$$

3.6.3 Estimates of Relative Standard Error (RSE):

$$R\hat{S}E(\hat{Y}) = \frac{\sqrt{Var(\hat{Y})}}{\hat{Y}} \times 100$$

$$R\hat{S}E(\hat{R}) = \frac{\sqrt{M\hat{S}E(\hat{R})}}{\hat{R}} \times 100$$

Table B1: Number of first stage units (villages/blocks) in frame, allotted and surveyed by State / UT

State / UT	rural			urban			rural + urban

Appendix C
Facsimile of Schedule 0.0 [List of Households and Non-
Agricultural Enterprises]

Appendix C

RURAL		*
URBAN		

GOVERNMENT OF INDIA
NATIONAL SAMPLE SURVEY OFFICE
SOCIO-ECONOMIC SURVEY
SIXTY-SEVENTH ROUND: JULY 2010 – JUNE 2011

CENTRAL		*
STATE		

SCHEDULE 0.0: LIST OF HOUSEHOLDS AND NON-AGRICULTURAL ENTERPRISES

[0] descriptive identification of sample village/ block	
1. state/ u.t.:	4. village name:
2. district:	5. ward/ investigator unit:
3. tehsil/ town:	6. block:

[1] identification of sample village/ block									
item no.	item	code			item no.	item	code		
1.	serial number of sample village/ block				12.	FOD sub-region			
					13.	frame code			
2.	round number	6		7	14.	frame population			
3.	schedule number	0		0	15.	selection size			
4.	sample (central-1, state-2)				16.	approx. present population			
5.	sector (rural-1, urban-2)				17.	approximate no. of non-agricultural enterprises			
6.	NSS-region				18.	total number of hg's/ sb's formed (D)			
7.	district				19.	survey code			
8.	stratum				20.	reason for original sample not surveyed (for codes 4 – 7 in item19)			
9.	sub-stratum								
10.	sub-round								
11.	sub-sample								

items 1, 4 – 11 and 13 – 15 to be copied from the sample list

CODES FOR BLOCK 1

item 13: **frame code:** rural: 2001 census – 13
 urban: 1982-87 UFS – 06, 1987-92 UFS – 07, 1992-97 UFS – 09,
 1997-2002 UFS – 11, 2002-07 UFS – 14

item 19: **survey code:** *selected village/ block surveyed:*
 inhabited – 1, uninhabited – 2, zero case – 3
selected village/ block casualty but substitute village/ block surveyed:
 inhabited – 4, uninhabited – 5, zero case – 6
selected village/ block casualty and no substitute surveyed – 7

item 20: **reason for original sample not surveyed (code):**
sample village/ block: not identifiable/ traceable– 1
 not accessible– 2
 restricted area (not permitted to survey) – 3
 others (specify) – 9

* Tick mark (Ü) may be put in the appropriate place

[2] sketch map of hamlet-group (hg)/ sub-block (sb) formation

CODES FOR BLOCK 4col.(5): **broad category code:**

manufacturing1
 trade.....2
 other services3
 remaining4

col.(6): **type of ownership code:**

proprietary/ partnership1
 Govt./ PSU2
 limited companies3
 co-operative society4
 others5

col.(7): **registration code:** registered under Sections 2m(i) and 2m(ii) of the Factories Act, 1948 or bidi and cigar workers (condition of employment) Act, 1966: yes – 1, no – 2@ col. (8): **NIC –2008 code:****2 digits** for 10 – 33, 37 – 39, 45, 47, 50, 52 – 63, 65, 68, 69, 70 – 75, 78 – 82, 85 – 93, 95, 96;**3 digits** for 461, 462, 463, 464, 465, 466, 469, 662, 663, 771, 772, 773, 941;**4 digits** for 4922, 4923, 6491, 6499, 6612, 6619, 9491 (individuals), 9499;**5 digits** for 01632, 49211, 49219, 64300, 64309, 64920, 64929.

[special codes 64309 for ‘self help group predominantly engaged in financial intermediation’ and 64929 for ‘money lending activity’ will be used for this survey]

col.(9): **eligibility code:**

operated for at least 30 days (15 days for seasonal enterprises and SHG) during last 365 days – 1
 otherwise – 2

col.(13): **enterprise type code:**

OAE1
 Establishment2

col.(14): **SSS number:**

Agricultural Enterprises (Excluding Construction)]

Appendix D

GOVERNMENT OF INDIA

NATIONAL SAMPLE SURVEY OFFICE SOCIO - ECONOMIC SURVEY

SIXTY-SEVENTH ROUND (JULY 2010 - JUNE 2011)

SCHEDULE 2. 34 : UNINCORPORATED NON-AGRICULTURAL ENTERPRISES (EXCLUDING CONSTRUCTION)

RURAL	*
URBAN	

CENTRAL	*
STATE	

[0] descriptive identification of sample enterprise	
1. state/u.t:	6. ward/inv. unit/ UFS block:
2. district:	7. name of owner:
3. tehsil/town*:	8. name of informant:
4. village name:	9. name and address of the enterprise:
5. serial no. of hamlet: (col-1,block-3.1)#	

*tick mark (✓) may be put in appropriate place. # refers to schedule 0.0.

[1] identification of sample enterprise									
item no.	item	code			item no.	item	code		
1	serial no. of sample village / block				12	FOD sub-region			
2	round number	6		7	13	segment number (1 / 2 / 9)			
3	schedule number	2	3	4	14	second stage stratum (SSS)			
4	sample (central-1, state-2)								
5	sector (rural - 1, urban - 2)								
6	nss-region				15	sample enterprise number			
7	district code				16	response code			
8	stratum.				17	informant code			
9	sub-stratum				18	survey code			
10	sub - round				19	reason for original sample not surveyed (code) [for item 18 = 2 & 3]			
11	sub - sample								

codes for block 1

- item 16 : **response code** : informant co-operative and capable - 1, informant co-operative but not capable - 2, informant busy but responded - 3, informant reluctant - 4, others - 9
- item 17 : **informant code** : owner – 1, manager – 2, others – 9
- item 18 : **survey code**: original enterprise surveyed - 1, substitute surveyed - 2, casualty - 3
- item 19 : **reason for original sample not surveyed**: informant busy – 1, informant not available – 2, informant non-cooperative – 3, others – 9

item 204 : type of ownership			
proprietary (male)	1	Self-help Group.....	5
proprietary(female)	2	Trusts	6
partnership with members of the same household	3	Others.....	9
partnership between members not all from the same household	4		
item 209 : location of the enterprise			
<u>within</u> household premises	1	with fixed premises but without any structure	4
<u>outside</u> household premises:		mobile market	5
with fixed premises and with permanent structure	2	without fixed premises(street vendors) ...	6
with fixed premises and with temporary structure/kiosk/stall	3		
Items 218 & 219 : nature of problems faced by the enterprise			
erratic power supply/ power cuts.....	01	non-recovery of financial dues	05
shortage of raw materials.....	02	non-availability of labour as and when needed.....	06
shrinkage /fall of demand	03	labour disputes and related problems	07
non-availability / high cost of credit	04	others (<i>specify in the space provided</i>)....	09
item 221 & 222 : type of assistance received from the government *			
financial loan	1	marketing	5
subsidy	2	raw material.....	6
machinery/ equipment.....	3	others	9
training	4		

* This will not include any assistance/ subsidy which are passed on to the consumers.

Note 1: Mixed activity: An enterprise at a location will be treated as pursuing mixed activity if it carries out a no. of activities simultaneously and accounts for those activities are not separable. The NIC-2008 Codes for those activities **should be different at 2-digit level**. If accounts are separable, each activity will be treat separate enterprise.

Note 2: Major activity: It is that activity which yields maximum income (1st) / turnover(2nd) /employment(3rd) (in the order mentioned)

[2] particulars of operation and background information		Item no.	code			
(1)		(2)	(3)			
whether pursuing mixed activity? (yes – 1, no – 2)		201				
major activity code (5-digitd as per NIC 2008)		202				
description of the major activity:						
If 'yes' in item 201	principal minor activity code (5-digitd as per NIC 2008) [1 st 2 digits of item 202 ?1 st 2 digits of item 203]	203				
type of ownership (code)		204				
Whether private non-profit institution? (yes-1, no-2)		205				
If 'yes' in item 205	Whether non-profit institutions serving households (NPISH)? (yes-1, no-2)	206				
If item 204 is '1' to '4'	social group of the owner / major partner (ST-1, SC-2, OBC-3, Others-4, not known-9)	207				
number of other economic activities taken up by the entrepreneur during the last 365 days (applicable if item 204 is '1' to '4')		208				
location of the enterprise (code)		209				
enterprise type during the last 365 days (Own Account Enterprise-1, Establishment-2)		210				
year of initial operation		211				
nature of operation (perennial – 1, seasonal – 2, casual – 3)		212				
number of months operated during the last 365 days		213				
number of hours the enterprise normally worked in a da during the last 30 days		214				
whether accounts maintained ? (yes-1, no-2)		215				
If 'yes' in item 215, whether data collected from books of accounts? (yes-1, no-2)		216				
did the enterprise face any problem in its operation during last 365 days? (yes-1, no-2)		217				
if yes in item 217, nature of problems faced in its operation during the last 365 days (at most two codes in order of severity of problems)	Most severe problem	218				
	Next severe problem	219				
did the enterprise receive any assistance from the government during last three years? (yes-1, no-2)		220				
if yes in item 220, types of assistance received from the government during the last three years (code) (at most 2 codes may be given in descending order of the importance of assistance)	Most important assistance	221				

		Next important assistance	222	
status of the enterprise over the last 3 years (expanding – 1, stagnant – 2, contracting – 3, operated for less than three years – 9)			223	
whether registered under any act/authority? (yes-1, no-2)			224	
Type of registration of the enterprise				
If 'yes' in item 224	whether registered under (yes-1, no-2)	Shops and Establishment Act?	225	
		Municipal Corporation/ Panchayats/ Local Body?	226	
		Vat /Sales Tax Act?	227

[2.1] activities pursued by the enterprise during last 30 days ended on / last calendar month ended on		
broad description of the activity	item no.	whether pursued the activity during the reference period (yes-1, no-2)
(1)	(2)	(3)
manufacturing activity (NIC-08 Div. 10-33, 01632)	241	
trading activity (NIC-08 Div. 45-47)	242	
transportation and storage activities (NIC-08 Groups 492, 501, 502, excluding 49212, 49213, Div. 52)	243	
postal and courier activities (NIC-08 Div. 53)	244	
accommodation and food service activities (NIC-08 Div. 55-56)	245	
information and communications (NIC-08 Div. 58-63)	246	
financial and insurance activities (NIC-08 Groups 643, 65, 649, Div. 66)	247	
real estate activities (NIC-08 Div. 68)	248	
educational activity (NIC-08 Div. 85)	249	
human health and social work activity (NIC-08 Div. 86-88)	250	
other activities [NIC-08 Industries 37, 38, 39, 69-75, 77 (excluding 7740), 78, 79, 80, 81, 82, 90, 91, 92, 93, 94, 95, 96]	251	

[3] principal operating expenses during last 30 days ended on / last calendar month ended on (Rs. in whole number)		
(1)	(2)	(3)
manufacturing activity (NIC-08 Div. 10-33, 01632)		
main raw materials consumed	Item no.	Value (Rs.)
	301	
	302	
	303	
	304	
other raw materials	305	
purchase value of the goods sold in the same condition as purchased	306	
total (items 301 to 306)	309	

trading activity (NIC-08 Div. 45-47)		
main commodities purchased	Item no.	Value (Rs.)
	311	
	312	
	313	
	314	
other commodities purchased	315	
total (items 311 to 315)	319	

transportation activities (NIC-08 Groups 492, 501, 502, excluding 49212, 49213)		
main items	Item no.	Value (Rs.)
petrol, diesel, lubricants, etc.	321	
tyres , tubes, batteries etc.	322	
repair and maintenance of transport equipment	323	
toll tax, octroi, local fees, insurance charges etc.	324	
charges paid towards storage of goods, parking of vehicles etc.	325	
total (items 321 to 325)	329	

warehousing and support activities for transportation (NIC-08 Div. 52)		
main items	Item no.	Value (Rs.)
consumable stores used in the warehouse	331	
insurance charges	332	
expenses incurred for support activities for transportation	333	
total (items 331 to 333)	339	
postal and courier activities (NIC-08 Div. 53)		
main items	Item no.	Value (Rs.)

[3] principal operating expenses during last 30 days ended on / last calendar month ended on (Rs. in whole number)		
(1)	(2)	(3)
charges for stationeries, postal articles etc.	341	
insurance charges	342	
others	343	
total (items 341 to 343)	349	

accommodation and food service activities (NIC-08 Div. 55-56)		
main items	Item no.	Value (Rs.)
articles consumed for food & drink preparation	351	
purchase value of goods traded	352	
crockery, glassware, bedding and other consumables	353	
fuels consumed	354	
total (items 351 to 354)	359	

information and communications (NIC-08 Div. 58-63)		
main items	Item no.	Value (Rs.)
call charges and rent payable (local call/ STD / ISD, cyber café, radio paging, cellular etc.)	361	
other expenses	362	
total (items 361 to 362)	369	

financial and insurance activities (NIC-08 Groups 643, 649, Div. 65, 66)		
main items	Item no.	Value (Rs.)
interest payments	371	
commission & brokerage	372	
insurance claims paid	373	
net changes in life insurance technical reserves [put (-) sign in case of negative value]	374	
service charges for work done by other concerns (contract, sub-contract, legal, audit, accounting services, etc.)	375	
others (e.g., electricity, communication, travelling, printing etc.)	376	
total (items 371 to 376)	379	

real estate activities (NIC-08 Div. 68)		
main items	Item no.	Value (Rs.)
maintenance of building, machinery and equipment	381	
other expenses (travelling, hospitality, legal etc.)	382	
total (items 381 to 382)	389	

[3] principal operating expenses during last 30 days ended on / last calendar month ended on (Rs. in whole number)		
(1)	(2)	(3)
educational activity (NIC-08 Div. 85)		
main items	Item no.	Value (Rs.)
recurring expenses on laboratory and library	391	
recurring expenses on newspaper, journals, paper, printing, stationery etc.	392	
expenses on festivals like annual day, teachers' day, health check-up, etc.	393	
expenses on consumables used in computer, Xerox, cyclostyle, etc.	394	
total (items 391 to 394)	399	

human health and social work activity (NIC-08 Div. 86-88)		
main items	Item no.	Value (Rs.)
diet of patients	401	
medicine and drugs	402	
consumables used in operation theatre, sophisticated equipments, pathological, radiological and other diagnostic tests	403	
syringes, intra veins drip sets, cotton bandages, plastering materials and other disposables	404	
uniforms, linen and laundry materials	405	
health camps, seminar, workshop, awareness programmes and other social activities	406	
training, meeting, documentation, publication, nutritional expenses	407	
total (items 401 to 407)	409	

[4] other operating expenses during last 30 days ended on / last calendar month ended on (Rs. in whole number) (All other operating expenses not covered under block 3 will be recorded here)		
items	Item no.	Value (Rs.)
(1)	(2)	(3)
electricity charges	411	
fuel and lubricant	412	
raw materials consumed for own construction of building, furniture and fixtures (including labour charges)	413	
minor repair and maintenance of	building	414
	plant and machinery	415
	transport equipment	416
	tools and other fixed assets	417
	Information, computer and telecommunication equipment (ICT)	418
rental payable on fixed assets (other than land and building)	421	
service charges for work done by other concerns (contract, sub-contract, legal, audit, advertising and other accounting services, warehousing expenses, commission expenses, etc.)	422	
travelling, freight and cartage (transport) expenses	423	
communication expenses (telephone, telegram, fax , postal, courier , e-mail etc.)	424	
purchase of consumable stores, packing materials, etc.	425	
paper, printing and stationery expenses	426	
insurance charges	427	
other expenses	428	
total (items 411 to 428)	429	
taxes on production (recurrent taxes on land, buildings or other structures, business or professional licence fees, road tax, registration fee of vehicles etc.) [excise duties and other indirect taxes are not to be included]	431	

Note 3: Apart from the industries mentioned in block 3, this block will also be applicable for NIC-08 Industries 37, 38, 39, 69-75, 77 (excluding 7740), 78, 79, 80, 81, 82, 90, 91, 92, 93, 94, 95, 96.

Note 4: Please take care that there is no duplication of entries in similar items li and 412, 323 and 416, 342 and 427 etc.

[5] principal receipts during last 30 days ended on / last calendar month ended on (Rs. in whole number)		
(1)	(2)	(3)
manufacturing activity (NIC-08 Div. 10-33, 01632)		
main products and by-products manufactured	Item no.	Value (Rs.)
	501	
	502	
	503	
	504	
other products/ by-products	505	
sale value of the goods sold in the same condition as purchased	506	
sub-total (items 501 to 506)	509	
opening stock of semi-finished goods	511	
closing stock of semi-finished goods	512	
changes in stock of semi-finished goods (item 512 – item 511) put (-) sign in case of negative value	513	
total (item 509 + item 513)	519	
trading activity (NIC-08 Div. 45-47)		
main commodities sold	Item no.	Value (Rs.)
	521	
	522	
	523	
	524	
other commodities sold	525	
sub-total (items 521 to 525)	529	
opening stock of trading goods	531	
closing stock of trading goods	532	
changes in stock of trading goods (item 532 – item 531) (put (-) sign in case of negative value)	533	
total (item 529 +item 533)	539	
transportation activities (NIC-08 Groups 492, 501, 502, excluding 49212, 49213)		
main items	Item no.	Value (Rs.)
earnings from passenger traffic	541	
earnings from goods traffic	542	

[5] principal receipts during last 30 days ended on / last calendar month ended on (Rs. in whole number)		
total (items 541 to 542)	549	
(1)	(2)	(3)
warehousing and support activities for transportation (NIC-08 Div. 52)		
main items	Item no.	Value (Rs.)
storage charges received	551	
service charges received for support activities for transportation	552	
total (items 551 to 552)	559	

postal and courier activities (NIC-08 Div. 53)		
main items	Item no.	Value (Rs.)
charges received from customers for postal and courier activities	561	
others	562	
total (items 561 to 562)	569	

accommodation and food service activities (NIC-08 Div. 55-56)		
main items	Item no.	Value (Rs.)
lodging charges, rent receivable for hiring out rooms and halls for functions, conferences and receipts from services provided like transport / travel arrangements, laundry services, gym, spa, hair dressing, swimming pool, entertainment, etc.	571	
receipts from sale of prepared food, refreshment and drinks	572	
receipts from trading of purchased food, refreshment, drinks, etc.	573	
receipts from catering services outside	574	
total (items 571 to 574)	579	

information and communications (NIC-08 Div. 58-63)		
main items	Item no.	Value (Rs.)
charges receivable from customers (STD / ISD / courier/ fax / internet etc.)	581	
other receipts	582	
total (items 581 to 582)	589	

financial and insurance activities (NIC-08 Groups 643, 649, Div. 65, 66)		
main items	Item no.	Value (Rs.)
interest receipts (cash and kind)	591	
dividend receipts	592	

[5] principal receipts during last 30 days ended on / last calendar month ended on (Rs. in whole number)		
lease income	593	
brokerage and commission	594	
(1)	(2)	(3)
net profit in share dealing	595	
income earned on chit funds	596	
net earnings from hire purchase finance	597	
premium received	598	
supplementary premium received	601	
others (e.g. consultancy, receipts from non-financial activities, if any)	602	
total (items 591 to 602)	609	
real estate activities (NIC-08 Div. 68)		
main items	Item no.	Value (Rs.)
receipts from services provided (including rent on land and building)	611	
brokerage and commission charges	612	
total (items 611 to 612)	619	
educational activity (NIC-08 Div. 85)		
main items	Item no.	Value (Rs.)
tuition fees	621	
other fees (including development fees, transport fees, examination fees, fines, library fee, etc.)	622	
funding/ donations from individuals and non-govt. institutions	623	
total (items 621 to 623)	629	
human health and social work activity (NIC-08 Div. 86-88)		
main items	Item no.	Value (Rs.)
consultation fees and charges for medicines	631	
charges for operation theatre, and other special procedures	632	
charges for ward, cabin, pathological, radiological and other diagnostic tests, diet, nursing, physiotherapy and rehabilitation, etc	633

net surplus	1204	
total (items 1201 to 1204)	1209	

[13] particulars of use of information and communication technology (ICT) by the enterprise during last 365 days ended on / last year		
main items	Item no.	(yes-1, no-2)
(1)	(2)	(3)
did the enterprise use computer/s during <reference period>	1301	
did the enterprise use the Internet during <reference period>?	1302	
does the enterprise have a web presence as on the date y?	1303	
does the enterprise have an intranet as on the date of survey?	1304	
did the enterprise receive orders for goods or services (that is, make sales) via the Internet during <reference period>?	1305	
did the enterprise place orders for goods or services (that is, make purchases) via the Internet during <reference period>?	1306	
how did the enterprise connect to the Internet during <reference period>?		
narrowband	1307	
fixed broadband	1308	
mobile broadband	1309	
does the enterprise have a local area network (LAN) as on the date of survey?	1311	
does the enterprise have an extranet as on the date of survey?	1312	
for which of the following activities did the enterprise use the Internet during <reference period>?		
sending and receiving e-mail	1313	
telephoning over the Internet/VoIP, including video conferencing	1314	
getting information about goods and services	1315	
getting information from general government organizations	1316	
interacting with general government organizations	1317	
internet banking	1318	
accessing other financial services	1319	
providing customer services	1321	
delivering products online	1322	

[13] particulars of use of information and communication technology (ICT) by the enterprise during last 365 days ended on / last year		
main items	Item no.	(yes-1, no-2)
(1)	(2)	(3)
internal or external recruitment	1323	
staff training	1324	
		number
<average> number of persons employed who routinely used computers during <reference period>.	1325	
<average> number of persons employed who routinely used the Internet at work during <reference period>.	1326	

Item No.	Explanatory Notes
1301	A computer refers to a desktop or a laptop computer. It does not include equipment with some embedded computing abilities such as mobile cellular phones, personal digital assistants (PDA) or TV sets.
1302	The Internet is a worldwide public computer network. It provides access to a number of communication services including the World Wide Web and carries email, news, entertainment and data files, irrespective of the device used (not assumed to be only via a computer - it may also be by mobile phone, games machine, digital TV, etc.). Access can be via a fixed or mobile network.
1303	A web presence includes a website, home page or presence on another entity's website (including a related business). It excludes inclusion an on-line directory of any other webpages where the business does not have control over the content of the page.
1304	An intranet refers to an internal communications network using Internet protocols and allowing communication within an organization (and with other authorized persons). It is typically set up behind a firewall to control access.
1305	Orders received include orders received via the Intern whether or not payment was made online. They include orders received via websites, specialized Internet marketplaces, extranets, EDI over the Internet, Internet-enabled mobile phones and email. They also include orders received on behalf of other organizations – and orders received by other organizations on behalf of the business. They exclude that were cancelled or not completed.
1306	Orders placed include orders placed via the Internet whether or not yment was made online. They include orders placed via websites, specialized Internet marketplaces, extranets, EDI over the Internet, Internet-enabled mobile phones and email. They exclude orders that were cancelled or not completed.
1307	Narrowband includes analogue modem (dial-up via standard phone line), Integrated Services Digital Network (ISDN), Digital Subscriber Line (DSL) speeds below 256 kbit/s, and mobile phone and other forms of access with an advertised download speed of less than 256 kbit/s. Narrowband mobile phone access services include CDMA 1x (Release 0), GPRS, WAP and imode
1308	Fixed broadband refers to technologies such as DSL, at speeds of at least 256 kbit/s, cable modem, high speed leased lines, fibre-to-the-home, powerline, satellite, fixed wireless, Wireless Local Area Network (WLAN) and WiMAX.
1309	Mobile broadband access services include Wideband CDMA (W-CDMA), known as

Item No.	Explanatory Notes
	Universal Mobile Telecommunications System (UMTS) in Europe; High-speed Downlink Packet Access (HSDPA), complemented by High-Speed Uplink Packet Access (HSUPA); CDMA2000 1xEV-DO and DCMA 2000 1xEV-DV. Access can be via any device (mobile cellular phone, laptop, PDA, etc.
1311	A LAN refers to a network connecting computers within localized area such as a single building, department or site; it may be wireless.
1312	An extranet is a closed network that uses Internet protocols to share securely a business' information with suppliers, vendors, customers or other business partners. It can take the form of a secure extension of an intranet that allows users to access some parts of it. It can also be a private part of the business' website, where business partners can navigate after authentication.
1314	VoIP refers to Voice over Internet Protocol
1317	Includes downloading/requesting forms online, making online payments and purchasing from, or selling to, government organizations. It excludes getting information from government organizations.
1318	Includes electronic transactions with a bank for payment transfers, etc. or for looking up account information.
1319	Includes electronic transactions via the Internet for other types of financial services such as purchasing shares (stocks), financial services and insurance.
1321	Includes providing online or emailed product catalogues or price lists, product specification or configuration online, after-sales support, and order tracking online.
1322	Refers to products delivered over the Internet in digitized form, e.g. reports, software, music, videos, computer games; and online services, such as computer-related services, information services, travel bookings or financial services.
1323	Including providing information about vacancies on an or website, and allowing online applications
1324	Includes e-learning applications available on an intranet or from the World Wide Web.
