

**Tabulation Plan for Schedule 33.1: Land and Livestock Holdings of Households and Situation Assessment of Agricultural Households  
NSS 77<sup>th</sup> Round (January 2019 – December 2019)**

**Notes on Tabulation Plan, Sch. 33.1**

- 1) All the tables are to be generated for each State, UT and all India. In addition, the tables are also to be generated for the following two groups of smaller states and UTs:
  - a) North-eastern states: Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura.
  - b) Groups of UTs: Andaman & Nicobar Islands, Chandigarh, Dadra & Nagar Haveli, Daman & Diu, Lakshadweep and Puducherry.
- 2) Column heading 'State' will mean any State, UT or any of the two groups of smaller States and UTs or all-India.
- 3) Size class of land possessed: The following class intervals for size class of land possessed will be used in all reports wherever tables are required to be presented by size class of land possessed.

<b>size class of land possessed (in ha)</b>	
<b>Size classes (ha.)</b>	<b>Area included in each size class</b>
< 0.01	0.000 ha. to 0.004 ha.
0.01 - 0.40	0.005 ha. to 0.404 ha.
0.41 - 1.00	0.405 ha. to 1.004 ha.
1.01 - 2.00	1.005 ha. to 2.004 ha.
2.01 - 4.00	2.005 ha. to 4.004 ha.
4.01 -10.00	4.005 ha. to 10.004 ha.
10.00+	10.005 and more
all sizes	

- The land possessed is worked out from sum of items 1 to 4 and 6 to 9 in col.3 of block 5 for season July 2018 – December 2018 & January 2019 – June 2019 and from block 5.1 for the season July 2018 – June 2019.
- First class (<0.01 ha.) will also include the households that have not reported any land
- The area collected in block 5 is in acres (0.00). The following conversion factor may be used to convert land in acre to hectare: 1.00 acre =0.405 hectares

- 4) The decile classes of Usual Monthly Per Capita Expenditure (UMPCE): The decile classes of UMPCE formed for rural areas from the current survey will be used wherever tables are required to be presented using UMPCE class. The first decile class comprises the bottom 10 percent of population in terms of UMPCE and the top (10<sup>th</sup>) decile class comprises the top 10 percent of population. The UMPCE class will be computed from the Visit 1.
- 5) The tables to be generated for the entire agricultural year (July 2018 – June 2019) will be on the basis of the common households of visit-1 and visit-2
- 6) In all cases ‘n.r.’ stands for ‘not reported’.
- 7) RSEs may be calculated for Tables 4, 27A, 27B, 35, 36, 40, 42, 51 and 52 in the same format.
- 8) Selected Crops: The following list of selected crops which will be used in all reports (mostly in report 2) wherever tables are required to be presented for selected crops. It may be noted that row for the corresponding selected crop will only be printed when it is reported in the scope of the table (i.e., frequency of occurrence greater than zero).

Crop	code	crop	code	crop	code	crop	Code
PADDY	0101	GRAM	0201	ONION	0708	SOYABEEN	1009
JOWAR	0102	ARHAR(Tur)	0202	GROUNDNUT	1001	NIGERSEED	1010
BAJRA	0103	URAD	0203	SESAMUM	1003	COTTON	1101
MAIZE	0104	MOONG	0204	RAPESEED/MUSTARD	1004	JUTE	1102
RAGI	0105	MASUR (LENTIL)	0205	COCONUT	1006		
WHEAT	0106	SUGARCANE	0401	SUNFLOWER SEED	1007		
BARLEY	0107	POTATO	0701	SAFFLOWER	1008		

- 9) Household ownership/operational holdings: The following class intervals for household ownership/ operational holdings will be used in all the reports wherever tables are required to be presented by size class of household ownership/operational holdings:

size class of ownership/ operational holding(ha)
nil
>0.000 & ≤0.002
0.002-0.005
0.005-0.040
0.040-0.500
0.500-1.000
1.000-2.000
2.000-3.000
3.000-4.000
4.000-5.000
5.000-7.500
7.500-10.000
10.000-20.000
>20.000

- For household ownership holding, land reported against item 1,5 and 6 of block 5/5.1 will be considered.
- For household operational holding, all land reported by the household against item 1 to 4 and 6 to 9 will be considered **when entry under col.4 against any of these items is 1.**

10) Based on the prescribed tabulation plan, a Key Indicator Document and two main reports will be prepared. The tentative titles of the report along with the tables to be included in the reports are given under:

<b>Report No.</b>	<b>Title of the Report</b>	<b>Tables to be included</b>
<b>(1)</b>	<b>(2)</b>	<b>(3)</b>
1	Situation Assessment of Agricultural Households in India	Table No.1 to 35 & 40
2	Land and Livestock Holdings of Rural Households in India	Table No.35 to 53

Note:

- Excluding those tables which are decided not to be part of the report as specifically mentioned in the tabulation plan
- Table No.35 and 40 will be part of both the reports.

**List of Tables**

<b>Table No.</b>	<b>Description</b>	<b>Page No</b>
<b>(1)</b>	<b>(2)</b>	<b>(3)</b>
1	Number of villages surveyed and number of households surveyed for Schedule 33.1: NSS 77 <sup>th</sup> round	A-8
2	Estimated number of households (agricultural, non-agricultural and total) for each size class (ha.) of land possessed	A-9
3	Estimated number of households (agricultural, non-agricultural and total) for different social groups	A-10
4	Estimated number of households (agricultural, non-agricultural and total) for each size class (ha.) of land possessed	A-11
5	Per 1000 distribution of agricultural households , persons , minimum and maximum of UMPCE, number per 1000 agricultural households of adults and children by sex in different UMPCE decile classes	A-12
6	Per 1000 distribution of households by household classification for different size classes of land possessed	A-13
7	Number per 1000 of agricultural households with access to different facilities/ Schemes	A-14
8	Number per 1000 of persons attended formal training in agriculture, number of literate per 1000 persons of age 7 years and above and per 1000 distribution of persons aged 15 years and above among agricultural households by level of education for each State/UT.	A-15
9	Per 1000 distribution of persons of age 15 years and above among rural households by PS during two halves of the agricultural year 2018-2019 for each size class of land possessed	A-16
10	Per 1000 distribution of persons of age 15 years and above among agricultural households by cross classification of PS during two halves of the agricultural year 2018-2019	A-17
11	Per 1000 distribution of households by time taken to canvass schedule 33.1	A-18
12	Per 1000 distribution of informants by nature of response for each sex, for each age group, and for each category of relationship to head of household	A-19
13	Number per 1000 of agricultural household which accessed technical advice from different sources	A-20
14	Number per 1000 of agricultural household by type of technical advice adopted from different sources	A-21
15	Average gross cropped area, gross area under crop, harvested value and quantity produced for agricultural households reporting cultivation as major for selected crops by irrigation	A-22
16	Per 1000 distribution of agricultural households reporting sale of crops and per 1000 distribution of quantity sold by agency of major disposal for selected crops	A-23
17	Per 1000 distribution of agricultural households reporting sale of selected crop by level of satisfaction of the sale outcome (in respect of major disposal only)	A-24
17A	Table 17A: Per 1000 distribution of disposals of selected crop to different agencies by level of satisfaction of the sale outcome for each agency of disposal (in respect of major disposal only)	A-25

<b>Table No.</b>	<b>Description</b>	<b>Page No</b>
<b>(1)</b>	<b>(2)</b>	<b>(3)</b>
18	Per 1000 distribution of agricultural households reporting use of seed by their agency of procurement for selected crops (in respect of major procurement only)	A-26
19	Per 1000 distribution of agricultural households reporting use of different farming resources by their agency of procurement (in respect of major procurement only)	A-27
20	Per 1000 distribution of agricultural households reporting use of purchased seed by their quality for selected crops (in respect of major procurement only)	A-28
20A	Per 1000 distribution of agricultural households reporting use of purchased seed by their quality for selected crops (in respect of major procurement only)	A-29
21	per 1000 distribution of agricultural households reporting use of different purchased farming resources by their quality (in respect of major procurement only)	A-30
22	Per 1000 distribution of agricultural households reporting sale of crops having awareness about MSP for selected crops	A-31
23	Per 1000 distribution of agricultural households not insuring their crops by reason for selected crops	A-32
24	Per 1000 distribution of agricultural households by status of crop insurance for selected crops	A-33
25	Number per 1000 of agricultural households which experienced crop loss and per 1000 distribution of agricultural households experienced crop loss by cause for selected crops	A-34
26	Number per 1000 agricultural households which insured additionally and experienced crop loss for selected crops	A-35
27A	Average monthly income (in Rs) per agricultural household for each size class of land possessed (considering only the out of pocket expenditure)	A-36
27B	Average monthly income ( in Rs) per agricultural household for each size class of land possessed (considering both the out of pocket and imputed expenditure)	A-37
28	Average net expenditure on productive assets ( in Rs) per agricultural household for each size class of land possessed	A-38
29	Average expenditure incurred and average receipt from sale on assets used for farm and non-farm business per agricultural household by size class of land possessed	A-39
30A	Average monthly paid out expenses and receipts for crop production per agricultural household reporting crop production by size class of land possessed	A-40
30B	Average monthly expenses (both paid out and imputed) for crop production per agricultural household reporting crop production by size class of land possessed	A-41
31A	Average monthly paid out expenses and receipts (in Rs) on farming of animals per agricultural household reporting farming of animals during a period of 30 days by State/UT.	A-42
31B	Average monthly expenses (both paid out and imputed) and receipts (in Rs) on farming of animals per agricultural household reporting farming of animals during a period of 30 days by State/UT.	A-43
32	Average expenses (Rs.) for and receipts (in Rs.) from non-farm business per agricultural household engaged in non-farm business during a period of 30 days by State/UT	A-44

<b>Table No.</b>	<b>Description</b>	<b>Page No</b>
<b>(1)</b>	<b>(2)</b>	<b>(3)</b>
33	Per 1000 distribution of amount of loan outstanding by source of loan taken for different size classes of land possessed (ha.)	A-45
34	Per 1000 distribution of amount of loan outstanding by purpose for which the loan was taken for different size classes of land possessed (ha.)	A-46
35	Per 1000 distribution of households by size class of household ownership holding, avg. area of homestead land owned per household, avg. area of land owned (excluding homestead land) per household , average area owned per household , and estimated area of household ownership holding for each size class of household ownership holding	A-47
36	Percentage distribution of area of the households belonging to different size class of household ownership holding by kind of possession	A-48
37	Per 1000 distribution of households reporting leasing-out of land and average area of such land by size class of household ownership holding for each social group	A-49
38	Per 1000 distribution of households reporting leasing-in of land and average area of such land by size class of household ownership holding for each social group	A-50
39	Percentage distribution of leased out land by terms of lease for each size class of household ownership holding	A-51
40	Number per 1000 of operational holdings, avg. area per operational holding , avg. area owned and possessed per operational holding, avg. area operated per holding, no. of parcels per holding, joint holdings per 1000 of holdings, percentage of total area of hh opr. holdings of those hhs who operated jointly, to total area of opr. holdings, avg. no. of average number of crops harvested per household opr. holding by size class of household operational holding	A-52
41	Percentage distribution of area of land for the households belonging to different size class of household operational holding by kind of possession	A-53
42	Per 1000 distribution of household operational holdings by main use of the holding for each size class of household operational holding	A-54
43	Per 1000 distribution of operational holdings by type of possession for each size class of household operational holding	A-55
44	Number of households reporting land (excluding homestead) possessed but not owned per 1000 of households and average area of land (excluding homestead) possessed but not owned per households reporting such land over type of possession by size class of household operational holding	A-56
45	Percentage distribution of area of leased in land by terms of lease for each size class of household operational holding	A-57
46	Percentage distribution of land possessed by household by type of land use for each size class of household operational holding	A-58
47	Percentage distribution of land used for crop production/ livestock farming by of major type of crop produced/ animal farming undertaken for each size class of household operational holding	A-59
48	Percentage distribution of land operated for farming of animals by major type of farming of animals undertaken for each size class of household operational holding	A-60
49	Percentage of irrigated area (considering major source of irrigation) of land used	A-61

<b>Table No.</b>	<b>Description</b>	<b>Page No</b>
<b>(1)</b>	<b>(2)</b>	<b>(3)</b>
	for crop production by size class of household operational holding	
50	Per 1000 distribution of household operational holdings of the whole agricultural year by period when agri. operation was carried out and the estimated area operated during different periods for each size class of household operational holding	A-62
51	Number of households reporting owning of livestock of different types per 1000 households for each size class of household operational holding	A-63
52	Average number of livestock owned per 1000 households by size class of household operational holding	A-64

**Note:**

- 1) This table will be generated based on common households in visit 1 and visit 2 only
- 2) This table is generated based on information collected in block 3, 6, 7, 9, 10 and 11
- 3) For working out the net receipt in col.4 and 5 both the paid out expenses and imputed expenses are to be considered
- 4) Col.2,3, 4, 7 8 monthly figures will be obtained as follows:
  - For July 2018- December 2018 and January 2019 – June 2019: reported value/6
  - For July 2018– June 2019: (reported value during July 2018- December 2018 + reported value during January 2019 – June 2019)/12
- 5) Col.5 & 6 monthly figures for July 2018– June 2019 will be worked out as:
  - {(reported value during July 2018- December 2018) \*8 +( reported value during January 2019 – June 2019)\*4}/12
- 6) Tables are to be generated for the following types of social groups:
  - i) scheduled tribe (ST),
  - ii) scheduled caste (SC),
  - iii) other backward class (OBC),
  - iv) others
  - v) all.
