## Foreword

The surveys of unincorporated non-agricultural enterprises conducted by NSSO are the primary source of data on various indicators of economic and operational characteristics of such enterprises in manufacturing, trade and other service sector (excluding construction) at national and state level. These are used for planning, policy formulation, decision support and as an input for further statistical exercises by various Government organizations, academicians, researchers and scholars. During 67<sup>th</sup> round (July 2010 to June 2011), NSSO carried out an all-India enterprise survey on economic and operational characteristics of unincorporated non-agricultural enterprises in manufacturing, trade and other service sector (excluding construction). Based on the data collected during the survey, estimates of some key economic and operational characteristics of enterprises at all India and State levels have been presented in this report.

The sampling design, concepts and definitions, schedules of enquiry and other related survey instruments were finalized by the Working Group constituted for the purpose and headed by Prof. S. R. Hashim, the then Director, Institute for Studies in Industrial Development. The other non-official members of the Group were Prof. T. J. Rao, retired Professor, ISI, Kolkata, Dr. G. Raveendran, Ex ADG, CSO, Dr. A. K. Yogi, Ex ADG, NSSO (FOD) and representatives of FICCI, CII, NCAER and ICRIER. Field work of the survey was carried out by the Field Operations Division (FOD) of National Sample Survey Office (NSSO) in which the central samples were covered. Most of the State Governments also participated in the survey on matching sample size basis. The results of the survey, based on its central sample data, are planned to be brought out by the NSSO in the form of two detailed reports. However, it has been the persistent endeavour of NSSO to bring out its survey results at the earliest to meet the timely requirements of its users. With that aim in mind and with a view to making available the salient results of the survey, well in advance of the release of its detailed reports, this report on Key Results of NSS 67<sup>th</sup> round is brought out within one year of completion of field work of the survey.

I thankfully acknowledge and appreciate the efforts made by the officials of Field Operations Division, Data Processing Division and Survey Design & Research Division of NSSO in meticulous planning and execution of various activities involved in bringing out this report. I am also thankful to National Statistical Commission (NSC) for its overall guidance. I hope, the report would be useful to planners, policy makers, academicians and researchers.

New Delhi  
June 2012

(J. Dash)

Director General & Chief Executive Officer  
NSSO

## Chapter One

### Introduction

1.1.1 The National Sample Survey Office (NSSO), Ministry of Statistics and Programme Implementation (MOSPI), Government of India, since its inception in 1950 has been conducting nationwide integrated large scale sample surveys, employing scientific sampling methods, to generate data and statistical indicators on diverse socio-economic aspects. During the period 1<sup>st</sup> July 2010 to 30<sup>th</sup> June 2011, NSSO carried out an all-India enterprise survey on economic and operational characteristics of unincorporated non-agricultural enterprises in manufacturing, trade and other service sector (excluding construction).

#### 1.2 Objective of the unincorporated non-agricultural enterprises survey

1.2.1 The main objective of the unincorporated non-agricultural enterprise surveys conducted by NSSO was to get estimates of various economic and operational characteristics of unincorporated non-agricultural enterprises in manufacturing, trade and other service sector (excluding construction) at national and State level. The survey was designed to estimate value of key characteristics per enterprise like average no. of workers, fixed assets, outstanding loans, total receipts, total operating expenses and gross value added separately for 'Own Account Enterprises (OAEs)' and 'establishments'. Information on various operational characteristics like ownership, nature of operation, location, status of registration etc., were also collected to have an insight into economic scenario of the unincorporated non-agricultural enterprises in the country. These economic and operational indicators are required for planning, policy and decision making at various levels, both within the government and outside. These aspects of the unorganised enterprise sector are captured in detail in the present NSS survey and estimates are generated.

#### 1.3 NSS Enterprise Survey

1.3.1 The household-based non-agricultural activities, irrespective of their scale of operations, were covered in the surveys of NSSO in the early periods. The non-household based units in the unorganised sector thus remained outside the coverage, primarily due to non-availability of a comprehensive frame and background information needed for formulating an efficient sampling design. The need for auxiliary information on areas of concentration of enterprises for stratification purpose was strongly felt for developing more efficient sampling designs. This demand ultimately culminated in the conduct of periodic Economic Censuses (EC), which provided the frame for the follow-up surveys on non-agricultural enterprises including the non-household based units in the service sector.

1.3.2 With the launching of the first EC in 1977, the follow-up surveys of EC on unorganised manufacturing and service sector enterprises generally used the village and block level information on number of enterprises/workers as per the EC for selection of villages and urban blocks in the first stage. The approach of data collection from enterprises was also changed from the ‘household approach’ used earlier (i.e. prior to the launching of EC) to the ‘site approach’ wherever such sites existed.

1.3.3 Last surveys of enterprises on trade, unorganised manufacturing and service sectors (excluding trade and construction) were conducted during 53<sup>rd</sup> round (January – December 1997) , 62<sup>nd</sup> round (July 2005 – June 2006) and 63<sup>rd</sup> round of NSS (July 2006 – June 2007) respectively. Other enterprise surveys carried out in between were 55<sup>th</sup> round (informal sector enterprises, 1999-2000), 56<sup>th</sup> round (unorganised manufacturing, 2000-2001) and 57<sup>th</sup> round (unorganised service sector excluding trade, finance and construction, 2001 –2002).

#### **1.4 NSS 67<sup>th</sup> round Reports on unincorporated non-agricultural enterprises**

1.4.1 The results of NSS rounds are released in reports based on comprehensive tabulation of subject parameters and indicators in various cross classifications generated from the central sample data. Corresponding to NSS 67<sup>th</sup> round survey, besides this key report the results are planned for release in other two reports. The tentative titles of the other two reports are:

- (i) Operational characteristics of unincorporated non-agricultural enterprises (excluding construction)
- (ii) Economic characteristics of unincorporated non-agricultural enterprises (excluding construction)

#### **1.5 Contents of the present report:**

1.5.1 This report brings out the key results of NSS 67<sup>th</sup> round within a year of completion of the field work for the use in decision support, policy inferences and salient analysis. It contains Three Chapters and Three Appendices. Following the present introductory chapter (Chapter One), Chapter Two outlines the features of the survey along with the definition of the key economic indicators. Key indicators for economic and operational characteristics are presented in Chapter Three. The corresponding tables elaborating the results for all-India and States are appended to this Chapter.

1.5.2 The concepts and definitions of some important terms used in the survey are explained in Appendix A. The detailed description of activity categories and notations used in the detailed table is given in the Tables A1 and A2 in Appendix A. An outline of the sample design and estimation procedure is presented in Appendix B. Appendix C gives a facsimile of the schedule canvassed in the survey.

1.5.3 The estimates of key indicators of the survey have been presented for all the States and UTs. While using the estimates for the smaller States, it may be kept in mind that the sample sizes for them may not be adequate enough for getting sufficiently reliable estimates.

## Chapter Two

### Features of the Survey

2.1.1 The enterprises covered in NSS 67<sup>th</sup> round were divided into three broad industry groups, viz. (i) manufacturing, (ii) trade and (iii) other service sector enterprises. Under the above sectoral coverage, enterprises were categorised into two types, the first type being Own Account Enterprises (OAE) i.e. those enterprises that do not employ hired workers on a fairly regular basis in the reference year and the second type being Establishments employing at least one hired worker on a fairly regular basis in the reference year. The eligibility criteria for an enterprise to be covered in the survey was at least 30 days of operation (15 days of operation for seasonal enterprises / SHGs) in the reference year i.e. “last 365 days preceding the date of survey”.

#### 2.2 Survey outline of unincorporated non-agricultural survey

2.2.1 Geographical coverage: The survey covers the whole of the Indian Union *except* (i) interior villages of Nagaland situated beyond five kilometres of the bus route and (ii) villages in Andaman and Nicobar Islands which remain inaccessible throughout the year. Leh (Ladakh) and Kargil districts of Jammu & Kashmir did not have any separate sample first-stage units (FSUs) for ‘central sample’. For these two districts, sample FSUs drawn as ‘state sample’ was considered as central sample.

2.2.2 Sub round: The survey period of one year was divided into four sub-rounds of three months’ duration each as follows:

- sub-round 1 : July - September 2010
- sub-round 2 : October - December 2010
- sub-round 3 : January - March 2011
- sub-round 4 : April - June 2011

In each of these four sub-rounds equal number of sample first stage units (FSUs) i.e. villages/ blocks were allotted for survey with a view to ensuring uniform spread of sample FSUs over the entire survey period. Every attempt was made to survey each of the FSUs during the sub-round to which it was allotted. Because of the arduous field conditions, this restriction was not strictly enforced in Andaman and Nicobar Islands, Lakshadweep and rural areas of Arunachal Pradesh and Nagaland.

## 2.3 Subject Coverage:

2.3.1 The coverage of NSS 67<sup>th</sup> round (July 2010 – June 2011) was non-agricultural unincorporated enterprises belonging to three sectors viz., Manufacturing, Trade and Other Services. The survey considered the following broad categories of enterprises:

- (a) Manufacturing enterprises excluding those registered under Sections 2m (i) and 2m (ii) of the Factories Act, 1948.
- (b) Manufacturing enterprises registered under Section 85 of Factories Act, 1948.
- (c) Enterprises engaged in cotton ginning, cleaning and baling (code 01632 of NIC- 2008) excluding those registered under Factories Act.
- (d) Enterprises manufacturing bidi and cigar excluding those registered under bidi and cigar workers (condition of employment) Act, 1966.
- (e) Trading enterprises.
- (f) Other Service sector enterprises excluding construction.

The Ownership categories of enterprises under coverage in (a) to (f) above was

- (a) Proprietary and partnership enterprises.
- (b) Trusts, Self-help groups (SHGs), Non-Profit Institutions (NPIs), etc.

And the following ownership categories of enterprises were excluded from the coverage of the survey:

- (a) Enterprises which are incorporated i.e. registered under Companies Act, 1956.
- (b) Government and public sector enterprises.
- (c) Cooperatives.

2.3.2 *Outline of sample design:* A stratified multi-stage design had been adopted for the 67<sup>th</sup> round survey. The first stage units (FSU) were the census villages (Panchayat wards in case of Kerala) in the rural sector and Urban Frame Survey (UFS) blocks in the urban sector. The ultimate stage units (USU) were enterprises in both the sectors. In case of large FSUs, one intermediate stage of sampling was done by the selection of three hamlet-groups (hgs)/ sub-blocks (sbs) from each large rural/ urban FSU.

2.3.3 *Sampling frame:* Census 2001 list of villages were used as the sampling frame for rural areas. Auxiliary information such as number of enterprises, number of workers, type of enterprises, activities of enterprises, etc. available from EC-2005 frame were used for stratification, sub-stratification and selection of enterprises. In Kerala, list of panchayat wards as per Census 2001 were used as frame since list of such wards is not available as per EC 2005 frame.

In the urban sector, EC-2005 frame was used for 26 cities with population more than a million as per census 2001. Although Mumbai is a million plus city, EC-2005 frame was not used for Mumbai because of identification problem for IV unit/blocks in the EC for the city. For other cities/towns (including Mumbai), UFS frame (2002-07 phase or latest available phase prior to 2002-07 if it was not available) was used.

2.3.4 Schedules of enquiry: During this round, the following two schedules of enquiry were canvassed, viz. Schedule 0.0: list of households and non-agricultural enterprises and Schedule 2.34: unincorporated non-agricultural enterprises (excluding construction). The detail concepts and definition of the main schedule (i.e. Schedule 2.34) is discussed in Appendix A while in Appendix C, the schedule is reproduced.

2.3.5 Out of the total number of 16000 FSUs (8380 villages and 7620 urban blocks) allotted for the central sample, 15898 FSUs (8296 villages and 7602 urban blocks) could be surveyed at the all-India level for canvassing Schedule 2.34. The total number of enterprises surveyed was 334474 (162375 in rural areas and 172099 in urban areas). The sample design and estimation procedure used for the survey is given in Appendix B document.

## 2.4 Conceptual Framework of Key Indicators

2.4.1 Enterprise: An enterprise is an undertaking which is engaged in the production and/ or distribution of some goods and/ or services meant mainly for the purpose of sale, whether fully or partly. An enterprise may be owned and operated by a single household or by several households jointly, or by an institutional body.

2.4.2 Non-agricultural enterprise: All enterprises covered under Sections 'C' to 'S' of NIC-2008 are termed as "non-agricultural enterprises".

2.4.3 Unincorporated non-agricultural enterprises: Those non-agricultural enterprises which are not incorporated (i.e. registered under Companies Act, 1956). Further, the domain of 'unincorporated enterprises' excluded (a) enterprises registered under Sections 2m(i) and 2m(ii) of the Factories Act, 1948 or bidi and cigar manufacturing enterprises registered under bidi and cigar workers (condition of employment) Act, 1966, (b) government/public sector enterprises and (c) cooperatives. In addition, Self Help groups (SHGs), Private Non-Profit Institutions (NPIs) including Non-Profit Institutions Serving Households (NPISH) and Trusts are also considered.

2.4.4 Own-account Enterprise: An enterprise, which is run without any hired worker employed on a fairly regular basis<sup>1</sup>, is termed as an own account enterprise.

2.4.5 Establishment: An enterprise which is employing at least one hired worker on a fairly regular basis is termed as establishment. Paid or unpaid apprentices, paid household member/servant/resident worker in an enterprise are considered as hired workers.

2.4.6 Worker: A worker is defined as all persons working within the premises of the enterprise who are in the payroll of the enterprise as also the working owners and unpaid family workers.

2.4.7 Formal hired worker: A formal hired worker is one having continuity of job and eligible for paid annual leave and also eligible for social security benefits like provident fund or insurance provided by the employer.

2.4.8 Informal hired worker: An informal hired worker is not having continuity of job and/or not eligible for paid annual leave and/or not eligible for social security benefits like provident fund or insurance provided by the employer.

2.4.9 Other worker/ helper: This includes all persons belonging to the household of the proprietor or households of the partners who are working in or for the enterprise without regular salary or wages. Persons working as exchange labourer in the enterprise without salary or wages will also be covered in this category. All unpaid household workers / helpers who are associated with the activities of the enterprise during the reference month are considered in this category.

2.4.10 Compensation of employees: Compensation of employees is the total remuneration, in cash or in kind, payable by an enterprise to an employee in return for work done by the employee during the accounting period. It is recorded on accrual basis.

2.4.11 Fixed Assets: Assets held for the purpose of producing or providing goods or services and not for resale in the normal course of entrepreneurial activities were classified as fixed assets. These cover all goods, new or used, that have a normal economic life of more than one year from the date of purchase.

2.4.12 Operating Expenses: The total value of services purchased and other expenses incurred during the reference period by an enterprise on raw materials, electricity, fuel, lubricants and auxiliary materials consumed; cost of maintenance, etc was considered as 'operating expenses'.

---

<sup>1</sup> "fairly regular basis" means the major part of the period when operation(s) of an enterprise are carried out during a reference period.

2.4.13 Receipts: The sale value of services produced together with the value of services rendered to other concerns and other receipts incidental to entrepreneurial activities including the value of products and by-products manufactured ,if any, by an enterprise during the reference period was considered as ‘total receipts’.

2.4.14 Gross Value Added: Gross value added is taken as additional value created by the process of production of an enterprise to the economy. Gross value added is calculated by deducting ‘total operating expenses’ and ‘distributive expenses’ from the value of ‘total receipts’ during the reference period. ‘Distributive expenses’ includes excise duties, sales tax, non-deductible vat, outward freight and transport charges, commission to selling agents etc.

## Chapter Three

### Key Findings

3.1 The present survey covers exclusively all the unincorporated non-agricultural enterprises in manufacturing, trade and other service sector (excluding construction). Data were collected on both economic and operational characteristics of the enterprises. The coverage excludes enterprises registered under Companies Act 1956, Government & Public Sector Services and Cooperatives. The present report, the first in the series, presents key estimates of some operational and economic characteristics of unincorporated non-agricultural enterprises (*hereafter 'enterprises' would refer to 'enterprises under survey coverage'*), like distribution of estimated number of enterprises by type of ownership, their location, registration status, nature of operation by Broad Activity Category for each State/Union Territory. Value of key characteristics per enterprise like average no. of workers, fixed assets, outstanding loans, total receipts, total operating expenses and gross value added are also presented. A summary of some of these results is presented and discussed in this section. Detailed tables provide estimates separately for rural, urban and for both sectors combined at the all-India and State/UT level by activity category. In addition, information for 'Own Account Enterprises (OAEs)' and 'establishments' have been presented separately. The marginal totals and the sum of the proportions presented in various detailed tables may, in some cases, differ slightly due to rounding off.

3.2 Wherever state wise results have been presented in this report, estimates have been given for all the states and UTs. However, because of small sample sizes for some of the North-eastern and smaller states, before using estimates, users may consult Relative Standard Error (RSE) given in detailed tables to determine their level of reliability.

3.3 The term 'enterprise' is used in general to represent OAEs and also establishments. In the statements, 'all' is used to denote all the enterprises taken together. A "-" has been used in the statements and tables if no enterprise was surveyed in that particular level of disaggregation. On the other hand, the figure "0" appears in some levels of disaggregation when the estimated figure is very low and has become "0" due to rounding off.

**3.4 Sample number of enterprises:** Information was collected from about 3.34 lakh enterprises engaged in the manufacturing, trade and other services activities throughout the country. About 49 per cent of these enterprises surveyed belonged to the rural sector (vide Table 2). Moreover, 66 per cent of the total surveyed enterprises were OAEs (vide Table 2).

**3.5 Estimated number of enterprises:** Before looking into various characteristics of the enterprises in the unincorporated non-agricultural sector (excluding construction), it may be

worthwhile to know the extent of their presence in the economy as a whole as well as in different broad activities as revealed by the survey. During 2010-11, out of the estimated 5.77 crore<sup>1</sup> unincorporated non-agricultural enterprises excluding construction, 30% enterprises were engaged in manufacturing, 36% enterprises were in trading and 34% enterprises were in service sector. While about 54 per cent of such enterprises were located in rural areas, 46 per cent were located in urban areas. Though in rural India, these enterprises were more or less equally (between 33 to 34 percent) distributed by broad activity category, enterprises engaged in trading sector had the dominant share (38%) of enterprises under survey coverage in urban area followed by service sector (35.5%) and manufacturing sector (26.5%). The break-up of these estimates is shown in **Statement 1**. The percentage distribution of enterprises in the unincorporated non-agricultural sector by broad activity category is also shown in **Chart C1** for rural and urban areas combined.

**Statement 1: Estimated number of enterprises by enterprise types and sector for each broad activity category**

		<b>all-India</b>							
broad activity category	number of enterprises (in '000)								
	rural			urban			rural + urban		
	OAE	estt	all	OAE	estt	all	OAE	estt	all
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)
manufacturing	9138	977	10115	5292	1803	7095	14430	2780	17210
trade	9954	611	10565	7870	2316	10186	17824	2926	20751
other services	9154	1057	10211	7402	2098	9501	16556	3156	19712
all	28246	2645	30891	20564	6218	26782	48810	8863	57673

**3.5.1 Estimated number of enterprises by enterprise type:** The survey result revealed that OAEs (85%) had the dominant share of enterprises under survey coverage. At all India level, OAEs outnumber establishments in all the three broad activity category namely 'Manufacturing' (84%), 'Trade' (86%) and 'Other Services' (84%). The same pattern of dominance can be observed in rural and urban areas also. Out of 4.9 crore OAEs, 58% OAEs were in rural sector against 42% OAEs in urban area. However urban area establishments outnumber rural area

<sup>1</sup> (1 crore = 10<sup>7</sup>)

establishments. Out of 89 lakh establishments under survey coverage, urban area has a share of 70% establishments against 30% in rural area.

**C1: Percentage of enterprises by enterprise type for each broad activity category**

**Statement 2: Percentage distribution of enterprises by broad activity category**

**all-India**

broad activity category	percentage of enterprises								
	rural			urban			rural + urban		
	OAE	estt	all	OAE	estt	all	OAE	estt	all
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)
manufacturing	32.35	36.94	32.74	25.73	29.00	26.49	29.56	31.37	29.84
trade	35.24	23.10	34.20	38.27	37.25	38.03	36.52	33.01	35.98
other services	32.41	39.96	33.05	35.99	33.74	35.48	33.92	35.61	34.18
all	100.00	100.00	100.00	100.00	100.00	100.00	100.00	100.00	100.00

3.5.2 **Statement 2** gives the percentage distribution of enterprises by broad activity category. 'Trade' had the highest percentage of enterprises for both rural (34%) & urban (38%) sectors and also for combined sector (36%). 'Other Services' had next highest share (34%) of enterprises followed by 'Manufacturing' (30%).

**Statement 3: Estimated number of enterprises in descending order in different States/UTs**

State / UT	rural			urban			rural + urban			% share

NSS KI: Key Results of Survey on Unincorporated Non-agricultural Enterprises (Excluding Construction) in India

3.5.3 **Statement 3** presents the States and UTs in descending order of estimated number of total enterprises. It is seen that Uttar Pradesh had the highest share (14.5%) in total number of enterprises followed by West Bengal (12.6%), Andhra Pradesh (9.7%), Maharashtra (8.9%) and Tamil Nadu (7.8%). Thus these five states accounted for 53.6% of enterprises at all-India level. Uttar Pradesh had the highest number of OAEs while Tamil Nadu had the highest number of establishments.

**Statement 4: Percentage distribution of enterprises by State/UT separately for each enterprise type and sector**

NSS KI: Key Results of Survey on Unincorporated Non-agricultural Enterprises (Excluding Construction) in India

3.5.4 Percentage distribution of enterprises by State/UT separately for each enterprise type and sector is presented in **Statement 4**. It is seen that West Bengal and Uttar Pradesh were the top two states having almost equal share of enterprises as well as OAEs and establishments for rural India. However, significantly lower share of West Bengal in terms of percentage of OAEs, establishments as well as enterprises for urban India compared to Uttar Pradesh resulted in significant variation between the two states at combined sector level. For urban India, Uttar Pradesh (13.7%) topped the list followed by Maharashtra (12.1%) in terms of share of enterprises.

3.6 **Estimated number of workers:** **Statement 5** reveals that during 2010-11, about 10.8 crore<sup>2</sup> workers were engaged in unincorporated non-agricultural enterprise activities excluding construction. While about 51 percent of workers were located in urban areas, 49 per cent were located in rural areas. The survey result revealed that OAEs had dominant share of workers under survey coverage in rural India. At all India level, workers engaged in OAEs outnumber those engaged in establishments in all the three broad activity category namely manufacturing (60%), trade (72%) and service (63%). Though the same pattern of dominance can be observed in rural areas also, urban areas recorded slightly higher share of workers in establishments over OAEs in ‘Manufacturing’ (53%) and ‘Other Services’ (51%).

**Statement 5: Estimated number of workers (‘000) by enterprise types and sector for each broad activity category**

<b>all-India</b>									
broad activity category	number of workers (in ‘000)								
	rural			urban			rural + urban		
	OAE	estt	all	OAE	estt	all	OAE	estt	all

all	41700	11483	53182	28064	26732	54797	69764	38215	107979

3.6.1 **Statement 6** gives the percentage distribution of workers by broad activity category. The sector ‘Other Services’ had the highest percentage of workers (36%) for rural, urban and also for rural & urban combined (36%) areas. At all India level ‘Trade’ and ‘Manufacturing’ had almost equal share (32%) of workers. The distribution is also depicted in **Chart C2**.

<sup>2</sup> (1 crore = 10<sup>7</sup>)

NSS KI: Key Results of Survey on Unincorporated Non-agricultural Enterprises (Excluding Construction) in India

3.6.2 **Statement 7** presents different States/UTs in descending order of estimated number of workers. It revealed that Uttar Pradesh had the highest share in total number of workers (15%) followed by Andhra Pradesh (11%), West Bengal (11%), Maharashtra (9%), and Tamil Nadu (8%). Thus these five states accounted for 54% of total workers of the unincorporated non-agricultural sector excluding construction.

**Statement 8: Percentage distribution of enterprises by type of ownership**

**all-India**

type of ownership		percentage distribution of enterprises								
		rural			urban			rural + urban		
		OAE	estt	all	OAE	estt	all	OAE	estt	all

3.7 **Type of ownership of enterprises:** One of the principal characteristics of an enterprise is the type of ownership it has and it may be interesting to study the distribution pattern by type of ownership. **Statement 8** gives the percentage distribution of enterprises by type of ownership of the enterprise categorized by type of enterprise separately for rural, urban and combined sector. Proprietary enterprises (i.e. enterprises owned by a single household) had the highest share (96%) of unincorporated non-agricultural enterprises, out of which only 17 per cent of the owner proprietors were females and the rest males. Only two per cent of enterprises were operated on a partnership basis. Self-help groups also constituted about 2% of the total enterprises. Share of 'trusts' (0.2%) and 'others' (0.1%) in the total number of enterprises were negligible.

**Statement 9: Percentage distribution of enterprises by type of ownership separately for rural and urban sectors for each State/UT**

NSS KI: Key Results of Survey on Unincorporated Non-agricultural Enterprises (Excluding Construction) in India

3.7.1 The corresponding distribution of unincorporated non-agricultural enterprises by type of ownership is given in **Statement 9** separately for rural and urban areas of each State/UT. It is seen that male proprietary enterprises dominated the unincorporated non-agricultural enterprises in rural and urban areas in all states except Manipur where female proprietary is more than male proprietary. The share of male proprietary enterprises is more than seventy per cent in both rural and urban areas for most of the States/UTs except a few states in North-eastern part of India. In rural areas the percentage of proprietary enterprises owned by females was the maximum in Manipur(50%) followed by Puducherry (42%), Meghalaya (34%), Karnataka (29%), Tamil Nadu (29%) whereas in urban areas the top five states in respect of female owned proprietary enterprises were Manipur (54%), Daman & Diu (40%), Meghalaya (39%), Gujarat (31%) and Puducherry (28%). Noticeably, in the north-eastern States where the female headed households are, generally, in large proportions, the proportions of female proprietors were also high as compared to other States and UTs.

3.8 **Nature of operation:** As already mentioned in Chapter One, the majority of enterprises surveyed belonged to unorganised sector. Enterprises in the unorganised sector do not sometimes operate throughout the year. The number of months of operation of an enterprise largely depends on the type of activity it carries out. A small proportion of enterprises operate only in seasons when the raw materials for the enterprise are available or certain services are in demand in the season. Broadly, an enterprise may operate more or less throughout the year or in seasons or intermittently throughout the year and accordingly they are termed as perennial, seasonal and casual enterprises, respectively. The distribution of enterprises by the nature of operation is given **Statement 10**. About 99% of the total enterprises were perennial while the seasonal and casual enterprises together constituted a little more than 1 % of the total enterprises. The distribution of unincorporated non-agricultural enterprises in respect of nature of operation does not differ significantly between rural and urban areas, or between OAE and establishments.

**Statement 10: Percentage distribution of enterprises by nature of operation in India for each broad activity category**

broad activity category	rural			urban			rural + urban		
	perennial	seasonal	casual	perennial	seasonal	casual	perennial	seasonal	casual

*NSS KI: Key Results of Survey on Unincorporated Non-agricultural Enterprises (Excluding Construction) in India*

**Statement 11: Percentage distribution of enterprises by type of location**

location of enterprise		percentage distribution of enterprises								
		rural			urban			rural + urban		
		OAE	estt	all	OAE	estt	all	OAE	estt	all
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	
within household premises		54.0	27.3	51.7	40.2	14.4	34.2	48.2	18.2	43.6
outside household premises with fixed location	permanent structure	25.1	57.1	27.8	37.0	82.4	47.5	30.1	74.9	37.0
	temporary structure	2.7	2.8	2.8	3.0	1.1	2.5	2.8	1.6	2.6
	without any structure	2.1	3.2	2.2	2.6	0.4	2.1	2.3	1.3	2.1
outside household premises without fixed location	mobile market	4.9	3.3	4.8	3.6	0.6	2.9	4.3	1.4	3.9
	street vendor	11.2	6.3	10.8	13.7	1.1	10.8	12.3	2.6	10.8
all		100.0	100.0	100.0	100.0	100.0	100.0	100.0	100.0	100.0

**3.9 Location of enterprises:** One of the characteristics of the enterprises in the unorganised sector is the presence of units that do not have fixed location. They operate as street vendors or as mobile market. On the other hand, many of them, particularly the OAEs, operate from within the household premises. It can be seen from **Statement 11** that about 85% enterprises run the business at fixed location either within the household premises or outside and about 15% operated their business without any fixed location. Around 2% of the enterprises operated under the sky without any structure but had a fixed location. The enterprises operating outside household premises without fixed location had the characteristics of street vendors i.e. those who operate on the streets or mobile market. The percentage was less in the case of establishments (4%) as compared to OAEs (17%). About 96% of establishments had fixed location as compared to 83% in case of OAEs. The estimates for the States/UTs are given in Statement 12 taking all types of enterprises together. If the enterprises located within household premises are considered, the proportion was the highest in Madhya Pradesh (70%) among rural areas and in Manipur (47%) among urban areas.

**Statement 12: Percentage distribution of enterprises by location and sector for each State/UT**

State/UT	percentage distribution of enterprises							
	rural				urban			
	within household premises	outside household premises		all	within household premises	outside household premises		all

NSS KI: Key Results of Survey on Unincorporated Non-agricultural Enterprises (Excluding Construction) in India

**3.10 Status of registration: Statement 13** gives the distribution of enterprises by status of registration. About 29% of all enterprises were registered under any Act or with any registration authority. The types of registration or authorities of registration included State Directorate of Industries, Khadi and Village Industries Commission/Board, Coir Board, Silk Board, Jute Commissioner, Pollution Control Board, Directorate of Education/AICTE/NCTE, Societies Registration Act, Indian Charitable Act, Cinematograph Act, Money Lender's Act, Public Trust Act and others. The overall proportion of registered enterprises was higher in urban areas (39%) as compared to rural areas (21%). 'Manufacturing' sector (86%) had the highest percentage of unregistered enterprises followed by 'Trade' (68%) and 'Other Services' (61%).

**Statement 13: Percentage of enterprises by status of registration for each broad activity category**

broad activity category	rural		urban		rural + urban	
	registered	unregistered	registered	unregistered	registered	unregistered
(1)	(2)	(3)	(4)	(5)	(6)	(7)
manufacturing	9.2	90.8	21.3	78.7	14.2	85.8
trade	20.5	79.5	44.9	55.1	32.5	67.5
other services	33.4	66.6	44.7	55.3	38.8	61.2
all	21.1	78.9	38.5	61.5	29.2	70.8

**3.11 Gross value added (GVA):** Table 11 gives estimates of annual gross value added (GVA) per enterprise by activity category x enterprise type. Utilising the above information, estimates of aggregate annual GVA have been derived and aggregate gross value added (Rs. in crores) by enterprise type and sector is shown in **Statement 14**. Aggregates shown against col.(4), col.(7), col.(10) and the last row may differ from the total of value figures shown against each enterprise type for each sector due to rounding off. Aggregate annual gross value added by unincorporated non-agricultural enterprises was estimated as Rs.628,356 crores<sup>3</sup>.

3.11.1 There was a differentiated distribution of annual GVA by enterprise types in rural and urban areas. Share of OAEs in aggregate GVA was much higher in rural areas (63%) than for urban areas (37%). At all-India level, Establishments contributed 55% to aggregate GVA. The overall GVA contribution of urban enterprises (69%) was much higher than rural enterprises (31%). Enterprises engaged in 'Trade' (39%) had contributed maximum to overall GVA followed by 'Other Services' (36%) and 'Manufacturing' (25%).

<sup>3</sup> 1 crore = 10<sup>7</sup>

**Statement 14: Estimated GVA of enterprises by enterprise types and sector for each broad activity category**

**all-India**

broad activity category	GVA of enterprises ( in Rs. crore)								
	rural			urban			rural + urban		
	OAE	estt	all	OAE	estt	all	OAE	estt	all
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)
manufacturing	29289	27295	56585	27323	70813	98136	56612	98108	154720
trade	54033	17361	71394	75788	96543	172332	129821	113904	243725

all	124568	73488	198055	157962	272339	430302	282530	345827	628356

3.11.2 **Statement 15** gives state-wise aggregate annual GVA in descending order and also percentage shares of major States in aggregate GVA in the descending order of their share. It is seen that Maharashtra had the highest GVA with a share of 12.2% followed by Uttar Pradesh (10.5%), Tamil Nadu (10.4%), Andhra Pradesh (8.7%) and West Bengal (7.8%). There is a high spatial polarization of economic contribution in the unincorporated non-agricultural sector. The share of top five states in terms of aggregated GVA remained nearly 50%.

3.11.3 **GVA per enterprise: Statement 16** gives the estimated annual gross value added per enterprise (GVAPE) categorised by type of enterprise separately for rural, urban and combined sector. As expected, GVAPE was substantially high for Establishments for all sectors. At all-India level, annual GVAPE in the unincorporated non-agricultural sector was estimated at Rs. 1,08,951. For rural India, annual GVAPE for OAEs and Establishments were estimated as Rs. 44,101 and Rs. 2,77,829 respectively. The corresponding estimates for urban areas were Rs. 76,813 and Rs. 4,38,003 respectively. At all-India level highest GVAPE was for enterprise engaged in ‘Trading’ estimated as Rs.1,17,454 followed by ‘Other Services’ at Rs.1,16,633 and ‘Manufacturing’ at Rs.89,900. GVAPE for enterprise engaged in ‘Manufacturing’ was significantly low compared to ‘Trading’ and ‘Other Services’ at every level of dis-aggregation (**Chart C3**).

**Statement 15: Estimated GVA (in Rs. Crore) in descending order in different States/UTs**

3.11.4 **GVA per worker (GVAPW) and Emoluments per hired worker (EPHW): Statement 17** gives the estimated annual gross value added per worker (GVAPW) and emoluments per hired worker (EPHW) separately for rural, urban and combined sector for each broad activity category. As expected, both GVAPW and EPHW were substantially high in urban areas for each broad activity category. At all-India level, annual GVAPW in unincorporated non-agricultural sector was estimated at Rs. 58,193. For rural India, annual GVAPW was estimated as Rs. 37,241 and the corresponding estimate for urban areas was Rs. 78,527 which was more than twice that of rural areas. **Chart C4** below shows GVA per worker by broad activity category. At all-India level highest GVAPW was for enterprise engaged in ‘Trading’ estimated as Rs.71,412 followed by ‘Other Services’ at Rs.59,010 and ‘Manufacturing’ at Rs.44,347. GVAPW for enterprise engaged in ‘Manufacturing’ was significantly low compared to ‘Trading’ and ‘Other Services’ at every level of dis-aggregation.

Similarly the annual EPHW in unincorporated non-agricultural sector for rural and urban areas and combined was estimated to be Rs. 36,362, Rs. 51,603 and Rs. 47,020 correspondingly. Though GVAPW was highest for enterprises engaged in ‘Trading’, enterprises engaged in ‘Other Services’ offered highest EPHW estimated as Rs. 40,861, Rs. 57,054 and Rs. 52,281 in rural, urban and combined sector respectively.

**C4: GVA (in Rs.) per worker by broad activity category**

**3.11.5 State level estimates of GVA per enterprise (GVAPE):** **Statement 18** gives State wise estimates of annual GVAPE by type of enterprise (OAEs and Establishments) for rural, urban and combined sector. As expected, estimated annual GVAPE for each state was higher for Establishments for all sectors. Again, GVAPE across all States/UTs was higher in urban areas than rural areas except for Delhi where GVAPE in rural areas is more than that of urban areas. For Delhi, GVAPE of establishments in rural areas is significantly higher than GVAPE of establishments in urban areas. Among all the states/UT, Delhi had the highest GVAPE and Odisha had the lowest GVA per enterprise. It is interesting to observe that for the states in North-east region and states smaller in area, GVAPE is significantly higher than rest of the country.

**3.11.6 State level estimates of GVA per worker and emoluments per hired worker:** **Statement 19** gives State wise estimates of annual GVA per worker (Rs.) and annual emoluments per worker (Rs.) for rural, urban and combined sector. Among all states, Arunachal Pradesh had the highest GVAPW (Rs. 1,60,910) followed by Delhi (Rs. 1,28,732) while the lowest annual GVAPW (Rs.27,378) was recorded for Odisha followed by West Bengal (Rs.41,200). GVAPW was higher in urban areas than rural areas across all States except for Delhi, Chandigarh and Daman & Diu. Similarly for EPHW among all states, Mizoram had the highest EPHW (Rs. 88,602) while the lowest annual EPHW (Rs.28,622) was recorded for Jharkhand. For majority of States EPHW was higher in urban areas than rural areas.

**Statement 18: Estimated GVA (Rs) per enterprise in different States/UTs**

NSS KI: Key Results of Survey on Unincorporated Non-agricultural Enterprises (Excluding Construction) in India

**3.12 Fixed Assets:** The net book value or market value of owned fixed assets (depending on whether the data were collected from balance sheet or through oral enquiry) was collected in the survey. These covered all old and new goods that had a normal economic life of more than one year from the date of purchase. For obtaining the value of fixed assets, the net book value or the market value of owned fixed assets as on the last date of the reference year was considered.

**Statement 20: Estimated value (Rs.) of owned fixed assets per enterprise by enterprise type**

broad activity category	value of owned fixed assets per enterprise (Rs.)

all	59043	572834	103037	155174	861193	319083	99544	775133	203364

3.12.1 **Statement 20** presents the estimated value of total fixed assets owned per enterprise by broad activity category for different enterprise types. At all India level, the estimated market value of owned fixed assets per enterprise was estimated as Rs. 2,03,364. The market value of owned fixed assets per enterprise in urban areas was about 3 times the corresponding value in rural areas. Per enterprise value of owned fixed assets for Establishments was about 8 times the same for OAEs. The activity 'Other Services' had the highest fixed assets owned per enterprise followed by the activities 'Trade' and 'Manufacturing'.

3.12.2 **Statement 21** presents the estimated value of total fixed assets owned per enterprise for different States. Among all States, Delhi and Assam had respectively the highest and the lowest fixed assets owned per enterprise. As expected, estimated value of total fixed assets owned per enterprise for each state was higher for Establishments for all sectors.

**Statement 21: Estimated value (Rs. '000) of owned fixed assets per enterprise for each States/UTs by sector**

NSS KI: Key Results of Survey on Unincorporated Non-agricultural Enterprises (Excluding Construction) in India

**Statement 22: RSEs of estimated number of enterprises by broad activity category and sector**

**all-India**

broad activity category	relative standard error (%) estimated number of enterprises								
	rural			urban			rural + urban		
	OAE	estt	all	OAE	estt	all	OAE	estt	all
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)
manufacturing	2.31	3.28	2.21	4.61	4.44	4.00	2.21	3.11	2.06
trade	2.39	4.39	2.33	2.20	4.10	2.24	1.63	3.33	1.60
other services	2.10	2.85	1.98	3.10	4.24	2.92	1.84	2.93	1.76
all	1.85	2.39	1.79	2.57	3.26	2.40	1.51	2.37	1.46
relative standard error (%) estimated number of workers									
manufacturing	2.72	5.31	2.74	4.26	6.50	4.45	2.28	4.60	2.56
trade	2.24	4.65	2.13	2.81	4.55	2.97	1.80	3.76	1.91
other services	2.45	3.82	2.22	2.86	5.14	3.50	1.89	3.78	2.11
all	1.82	3.31	1.83	2.43	3.85	2.70	1.49	2.89	1.65

**3.13 Precision of estimates:** Relative Standard Errors (RSEs) of estimated number of enterprises and estimated number of workers categorized by broad activity/sector at all-India level are given in **Statements 22** to show the reliability of estimates. It may be seen that barring RSEs for estimated number of workers for rural and urban establishments engaged in ‘Manufacturing’ (5.31% and 6.50% respectively) and urban establishments engaged in ‘Other Services’ (5.14%), RSEs are less than 5% at all-India level both for estimated number of enterprises and estimated number of workers for all other activity categories, indicating that estimates are fairly reliable. Corresponding State wise RSEs are available in Table 18 & 19. The data users are advised to use the estimates with caution particularly in cases where RSEs of estimates are high (say, more than 15% or so).

# **Appendix A**

## **Concepts and Definitions**

## Appendix A

### Concepts and Definitions

1 Important concepts and definitions of some important terms used in the survey and relevant to this report are explained in the following paragraphs.

1.1 **Population coverage:** The following rules regarding the population/households covered were followed while visiting households for the purpose of listing of enterprises:

1. Under-trial prisoners in jails and indoor patients of hospitals, nursing homes etc., were excluded, but residential staff therein was during listing. The persons of the first category were considered as normal members of their parent households. Convicted prisoners undergoing sentence were outside the coverage of the survey.
2. Floating population, i.e., persons without any normal residence were not considered. But households residing in open space, roadside shelter, under a bridge, etc., more or less regularly in the same place, were taken into account.
3. Foreign nationals were not considered, nor do their domestic servants, if by definition the latter belong to the foreign national's household. If, however, an enterprise was run by a member of such household located within the premises of the household or without any fixed premises, it was listed as an enterprise.
4. Persons residing in barracks of military and paramilitary forces (like police, BSF, etc.) was kept outside the survey coverage due to difficulty in conduct of survey therein. However, civilian population residing in their neighbourhood, including the family quarters of service personnel, were covered.
5. Orphanages, rescue homes, *ashrams* and vagrant houses were outside the survey coverage but enterprises run by them and located within the premises of those institutions were considered. However, persons staying in old age homes, students staying in *ashrams*/ hostels and the residential staff (other than monks/ nuns) of these ashrams were treated as forming households (as per the standing practice in NSS) for the purpose of identifying enterprises through such households. For orphanages, although orphans were not covered, the persons looking after them and staying there were considered as forming households.

1.2 **House:** Every structure, tent, shelter, etc. was considered as a house irrespective of its use. It might have been used for residential or non-residential purpose or both or even it might have been vacant.

**1.3 Household:** A group of persons who normally lived together and taking food from a common kitchen constituted a household. It included temporary stay-aways (those whose total period of absence from the household was expected to be less than 6 months) but excluded temporary visitors and guests (expected total period of stay less than 6 months). Even though the determination of the actual composition of a household was left to the judgment of the head of the household, the following procedures were adopted as guidelines.

(i) Each inmate (including residential staff) of a hostel, mess, hotel, boarding and lodging house, etc., constituted a single-member household. If, however, a group of persons among them normally pool their income for spending, they were together treated as forming a single household. For example, a family living in a hotel was treated as a single household.

(ii) In deciding the composition of a household, more emphasis was given on 'normally living together' than on 'ordinarily taking food from a common kitchen'. In case the place of residence of a person was different from the place of boarding, he or she was treated as a member of the household with whom he or she resided.

(iii) A resident employee, or domestic servant, or a paying guest (but not just a tenant in the household) was considered as a member of the household with whom he or she resided even though he or she was not a member of the same family.

(iv) When a person sleeps in one place (say, in a shop or in a room in another house because of space shortage) but usually took food with his or her family, he or she was treated not as a single member household but as a member of the household in which other members of his or her family stayed.

(v) If a member of a family (say, a son or a daughter of the head of the family) stayed elsewhere (say, in hostel for studies or for any other reason), he/ she was not considered as a member of his/ her parent's household. However, he/ she were considered as a single member household if the hostel is listed.

**1.4 Public works:** 'Public works' were those activities which were sponsored by Government or Local Bodies, and which covered local area development works like construction of roads, dams, bunds, digging of ponds, etc., as relief measures, or as an outcome of employment generation schemes under the poverty alleviation programme such as National Rural Employment Guarantee Act (NREG) programme, Sampoorna Grameen Rozgar Yojana (SGRY), National Food for Work Programme (NFFWP), etc.

**1.5 National Rural Employment Guarantee Act (NREGA):** The National Rural Employment Guarantee Act, 2005 (NREGA) is an important step towards the realization of the right to work and to enhance the livelihood security of the households in the rural areas of the country. The Scheme provides at least 100 days of guaranteed wage employment in every financial year to every household whose adult members volunteer to do unskilled manual work. Adult means a person who has completed his/ her eighteen years of age. Unskilled manual work means any

*NSS KI: Key Results of Survey on Unincorporated Non-agricultural Enterprises (Excluding Construction) in India*

physical work which any adult person is capable of doing without any special skill/ training. The implementing agency of the scheme may be any Department of the Central Government or a State Government, a Zila Parishad, Panchayat/ Gram Panchayat or any local authority or Government undertaking or non-governmental organization authorized by the Central Government or the State Government. If an applicant for employment under the scheme is not provided employment within 15 days of receipt of his application seeking employment or from the date on which employment has been sought, the applicant will be entitled for getting daily unemployment allowances.

**1.6 Enterprise:** An enterprise is an undertaking which is engaged in the production and/ or distribution of some goods and/ or services meant mainly for the purpose of sale, whether fully or partly. An enterprise may be owned and operated by a single household or by several households jointly, or by an institutional body.

**1.7 Non-agricultural enterprise:** All enterprises covered under Sections 'C' to 'S' of NIC-2008 are "non-agricultural enterprises". All non-agricultural enterprises will be henceforth referred to as NAE for this survey.

**1.8 Unincorporated non-agricultural enterprises:** Non-agricultural enterprises which are not incorporated (i.e. registered under Companies Act, 1956) were covered in the survey. Further, the domain of 'unincorporated enterprises' excluded (a) enterprises registered under Sections 2m(i) and 2m(ii) of the Factories Act, 1948 or bidi and cigar manufacturing enterprises registered under bidi and cigar workers (condition of employment) Act, 1966, (b) government/public sector enterprises and (c) cooperatives. Thus the coverage was restricted primarily to all household proprietary and partnership enterprises. In addition, Self Help groups (SHGs), Private Non-Profit Institutions (NPIs) including Non-Profit Institutions Serving Households (NPISH) and Trusts were also covered.

**1.9 Manufacturing Enterprise:** A manufacturing enterprise was a unit engaged in the physical or chemical transformation of materials, substances or components into new products. It covers units working for other concerns on materials supplied by them. The units primarily engaged in maintenance and repair of industrial, commercial and similar machinery and equipment, which were, in general, classified in the same class of manufacturing as those specialising in manufacturing the goods were also included.

Thus all activities covered by NIC – 2008 divisions 10 to 33 of NIC- 2008 were considered as 'manufacturing' for the purpose of the survey. In addition, the activity of cotton ginning, cleaning and baling (NIC - 2008 code 01632) was covered in the present survey. However the production of goods for the sole purpose of domestic consumption was not considered as manufacturing.

**1.10 Trading Enterprise:** A trading enterprise is an undertaking engaged in trade. Trade is defined to be an act of purchase of goods and their disposal by way of sale without any intermediate physical transformation of the goods. Thus all the trading activities, both wholesale and retail (perennial, casual or seasonal) listed under NIC-08 divisions 45 to 47 was treated as trade in this survey. The activities of intermediaries who do not actually purchase or sell goods but only arrange their purchase and sale and earn remuneration by way of brokerage and commission was also treated as trade. The purchase and sale agents, brokers listed under NIC-08 division and auctioneers listed under NIC group were also covered in this survey.

**1.11 Servicing Enterprise:** A servicing enterprise or service sector enterprise is engaged in activities carried out for the benefit of a consuming unit and typically consists of changes in the condition of consuming units realized by the activities of servicing unit at the demand of the consuming unit. It is possible for a unit to produce a service for its own consumption provided that the type of activity is such that it could have been carried out by another unit. Some examples of changes that a producer of service brings about in the condition of consumers of service are:

- a) Changes in the condition of consumer's goods: the producer works directly on goods owned by the consumer by transporting, cleaning, repairing or otherwise transforming them;
- b) Changes in the physical condition of persons: the producer transports the persons, provides them with accommodation, provides them with medical or surgical treatments, improves their appearance etc;
- c) Changes in the mental condition of persons: the producer provides education, information, advice, entertainment or similar services;
- d) Changes in the general economic state of the institutional unit itself: the producer provides insurance, financial intermediation, protection, guarantees, etc.

All activities under NIC – 2008 Sections D – U except section G (trade) are considered as service activities other than trade. However, sections D (Electricity, gas, steam and air conditioning supply), F (Construction), O (Public administration and defence; compulsory social security), T (Activities of households as employer; undifferentiated goods and services producing activities of households for own use) and U (Activities of extraterritorial organisations and bodies) were excluded from coverage of this survey. Only unincorporated enterprises in the service sector under coverage were surveyed. Among these also, activities under certain NIC - 2008 codes, viz. 36 (water collection, treatment and supply), 491 (transport via railways), 49212 (urban or suburban tramways), 49213 (urban or suburban underground or elevated railways), 493 (transport via pipeline), 51 (air transport), 641 (monetary intermediation), 642 (activities of holding companies), 6611 (Administration of financial markets), 774 (Leasing of nonfinancial intangible assets), 942 (activities of trade unions), 9491 (activities of religious organisations [although activities of individuals are covered] ), 9492 (activities of political organisations) were kept out of survey coverage.

**1.12 Financial enterprise:** A financial enterprise is a servicing enterprise that is principally engaged in financial intermediation or in auxiliary financial activities which are closely related to financial intermediation. Financial intermediation is a productive activity in which an institutional unit incurs liabilities on its own account for the purpose of acquiring financial assets by engaging in financial transactions on the market. The role of financial intermediaries is to channel funds from lenders to borrowers by intermediating between them.

**1.13 Household Enterprise:** A household enterprise is one which is run by one or more members of a household or run jointly by two or more households on partnership basis irrespective of whether the enterprise is located in the premises of the household(s) or not. In other words, all proprietary and partnership enterprises are household enterprises.

**1.14 Non-household Enterprise:** Non-household enterprises are those which are institutional i.e. owned and run by the public sector (Central or State Government, local self-governments, local bodies, government undertakings, etc.), corporate sector, co-operative societies, other type of societies, institutions, associations, trusts, etc. Non-household enterprises covered under public sector were not included in the current survey.

**1.15 Own-account Enterprise:** An enterprise, which is run without any hired worker employed on a fairly regular basis<sup>1</sup>, is termed as an own account enterprise.

**1.16 Establishment:** An enterprise which is employing at least one hired worker on a fairly regular basis is termed as establishment. Paid or unpaid apprentices, paid household member/servant/resident worker in an enterprise are considered as hired workers.

**1.17 Non-directory establishment (NDE):** An establishment having one to five workers (household and hired taken together) is termed as a non-directory establishment.

**1.18 Directory establishment (DE):** A directory establishment is an establishment, which has got six or more workers (household and hired taken together).

**1.19 Perennial enterprise:** Enterprises that are run more or less regularly throughout the year are called perennial enterprises.

**1.20 Seasonal enterprise:** Seasonal enterprises are those, which are usually run in a particular season or fixed months of a year.

---

<sup>1</sup> "fairly regular basis" means the major part of the period when operation(s) of an enterprise are carried out during a reference period.

**1.21 Casual enterprise:** Enterprises that are run occasionally, for a total of at least 30 days in the last 365 days, are called ‘casual enterprises’.

**1.22 Classification of enterprises based on ownership:**

(i) *Proprietary:* When an individual is the sole owner of an enterprise it is a proprietary enterprise. Own account production of fixed assets for own use, when produced by a single member, was classified as proprietary enterprise.

(ii) *Partnership:* Partnership is defined as the ‘relation between persons who have agreed to share the profits of a business carried on by all or any one of them acting for all’. There may be two or more owners, belonging to the same or different households, on a partnership basis, with or without formal registration (where there is a tacit understanding about the distribution of profit among the so-called partners). Own account production of fixed assets, when produced by two or more members belonging to the same or different households will be classified as partnership enterprises. Thus, own account production of fixed assets by a group of households for community use was classified as partnership enterprise. The partnership enterprises registered under Limited Liability Partnership (LLP) Act, 2008 were excluded from coverage of the survey. Also, partnership enterprises registered under Factories Act, 1948 was outside the survey coverage.

(iii) *Government/public Sector Enterprise:* An enterprise, which is wholly owned/ run/managed by Central or State governments, quasi-government institutions, local bodies like Panchayat, Zilla Parisad, City Corporation, Municipal authorities, etc., autonomous bodies like Universities, Education boards, and institutions like schools, libraries etc. set up by the government, panchayat, etc., was considered as public sector enterprise. Enterprises owned/ managed by a single or a group of private persons with no participation of the Government, local body etc. in it, both in terms of management and shares, was considered as private sector enterprises. An enterprise was not considered as a public sector enterprise if it is run on a loan granted by government, local body, etc.

(iv) *Private Limited Company:* Private company means a company which by its articles:

- (a) restricts the right to transfer its shares, if any,
- (b) limits the number of its members to fifty not including-
  - (i) persons who are in the employment of the company, and
  - (ii) persons who, having been formerly in the employment of the company, were members of the company while in that employment and have continued to be members after the employment ceased; and
- (c) prohibits any initiation to the public to subscribe for any share in, or debentures of, the company.

Where two or more persons hold jointly one or more shares in a company, they were considered as a single member in this survey.

(v) *Public Limited Company*: A public limited company is defined as a company that is not a private company. As such public companies can have an unlimited number of members and can invite the public to subscribe to its shares and debentures. The minimum number of members required to form a public company is seven.

(vi) *Co-operative Societies*: Co-operative society is one that is formed through the co-operation of a number of persons, recognised as members of the society to benefit themselves. In the process, the funds are raised by members' contributions/investments and the profits generated out of the society's activities are shared by the members. A government agency itself can also be a member or shareholder of a registered co-operative society but this fact cannot render the society into a public sector enterprise for the purpose of this survey.

(vii) *Trust*: An arrangement through which one set of people, the trustees, are the legal owners of property which is administered in the interest of another set, the beneficiaries. Trusts may be set up to provide support for individuals or families, to provide pensions, to run charities, to liquidate the property of the bankrupts for the benefit of their creditors, or for the safe keeping of securities bought by trusts with their investor's money. The assets, which trusts hold are regulated by law, must be administered in the interests of the beneficiaries, and not for the profit of the trustees.

(viii) *Non-Profit Institutions (NPI)*: Non-profit institutions are legal or social entities created for the purpose of producing goods and services whose status does not permit them to be a source of income, profit or other financial gain for the units that establish, control or finance them. In practice, their productive activities are bound to generate either surpluses or deficits but the units that establish, control or finance them cannot appropriate surpluses. The articles of association by which they are established are drawn up in such a way that the institutional units which control or manage them are not entitled to a share in any profits or other income which the NPI's receive and for this reason, they are frequently exempted from various kinds of taxes.

NPIs are principally market producers but they may engage in non-market production also. It is important to distinguish between NPI's engaged in market and non-market production as this affects the sector of the economy to which an NPI is allocated. Most market NPIs serving businesses are created by associations of the businesses whose interests they are designed to promote. They consist of chambers of commerce, agricultural, manufacturing or trade associations, employers' organisations, research or testing laboratories or other organisations or institutes which engage in activities which are of mutual interest or benefit to the group of businesses that control and finance them.

**1.23.1 Self-help Groups:** A self-help group (SHG) is a financial intermediary usually composed of between 10-20 local persons. Members of a SHG make small regular savings contributions over a few months until there is enough capital in the group to begin lending. Funds may then be lent back to the members or to others in the locality for any purpose. Also many SHGs are 'linked' to banks for the delivery of microcredit. The characteristic features of self-help groups may be summarised as follows:

- SHG is a small group generally comprising of people who are poor or economically weak, who have voluntarily come forward to form a group for improvement of the social and economic status of the members.
- It can be formal (registered) or informal.
- The concept underlines the principle of Thrift, Credit and Self Help.
- Members of SHG agree to save regularly and contribute to a common fund.
- The members agree to use this common fund and such other funds (like grants and loans from banks), which they may receive as a group, to give small loans to needy members as per the decision of the group.
- The ideal size of an SHG is 10 to 20 members. Also, legally it is required that an informal group should not be of more than 20 people). However, in difficult areas like deserts, hills and areas with scattered and sparse populations and in case of disabled persons, this number may be 5-20.
- The group need not be registered.
- From one family, only one person can become a member of an SHG. (More families can join SHGs this way).
- The group normally consists of either only men or only women.
- Members should be between the age group of 21-60 years.
- Members should be poor people [the term poor is in relation to the economic and living conditions and this has no relation to poverty line. People living above poverty line (APL) can also form SHG like people living below poverty line (BPL)].

### 1.23.2 Activity of self-help groups

In most cases, self-help groups are engaged in financial intermediation only i.e. the activity of the SHG is confined to providing loans to the members and the members can utilise the loan for any purpose - personal or entrepreneurial. However, an SHG may be formed initially and later and it may be engaged in group-based enterprise. Examples of such group-based activities are given below:

- Collective organisation of marketing for the produce of individual enterprises established using micro-credit, particularly milk collection centres/ diary cooperatives at village level.

- Collective activities of SHGs using group credit to access larger natural assets for production e.g. leasing lands and ponds for cultivation and pisciculture.
- Other collective economic activities based on group credit that combines labour and management: stone-cutting, processing rice, managing a tent house etc.
- Management of government contracts such as running ration shops (as part of public distribution systems), cooking mid-day meal for school children, managing a subsidised fodder depot etc.

While listing the self-help groups engaged in financial intermediation and self-help groups running group based enterprises, the following three cases should be considered:-

- (a) The SHG was engaged in financial activities only. In that case, it was listed under financial intermediation.
- (b) An SHG was formed and later it was engaged only in some non-financial activity. In that case if that activity was under survey coverage, then it was listed under the corresponding non-financial activity. The enterprise would continue to be considered as SHG.
- (c) An SHG was engaged in financial as well as non-financial activity. In that case, the major activity was decided based on maximum value added / sales turnover/ employment in that order. The enterprise would continue to be considered as SHG.

### 1.23.3 Determination of eligibility of an SHG

An SHG was considered as eligible enterprise for the purpose of survey if the total number of days of operation of that SHG in last 365 days was at least 15. Working days would include-

- a) Days of meeting.
- b) Days of interaction with the bank for purpose of deposit/withdrawal/loan/repayment etc.
- c) Days of performing other jobs related to SHG like maintenance of register.

### 1.23.4 Determination of number of working owners of an SHG

Those members of SHG who are regularly attending meetings or taking part in decision making procedure like secretary, treasurer, active committee member etc. was considered as working owners.

**1.24 Mixed Activity:** There are enterprises that carry out a number of activities simultaneously. For example, a bakery may also sell cold drinks, a rice mill may sell sugar, a factory may run a hospital in its premises, etc. Each such activity was treated as a separate enterprise if information for them was separately available. If the accounts were not separable then the data pertaining to the enterprise as a whole was collected and the enterprise was classified as having mixed activities and the activities of such enterprises are generally a mixture of NIC's. The activities

may be mixed at any level of NIC, but for the present survey an enterprise was considered to have mixed activities if its activities are different at 2-digit level of NIC-2008. The appropriate NIC in such cases was determined on the basis of major activity. Major activity refers to the activity which yields maximum income/turnover/employment. The above criteria are applied in the given order, i.e., income first, then turnover and then employment, to determine the major activity.

**1.25 Multiple Activity:** Since many of the entrepreneurs belonging to the unorganised and informal sector operate at small or marginal levels, the phenomenon of carrying out more than one activity simultaneously or at different points of time is quite prevalent. If the activities were carried out at one point of time at the same location and the information was not separately available, then it was taken as “mixed activity”. Carrying out of more than one economic activity by the entrepreneur during the reference year was called multiple activities. It differs from mixed activities in the sense that former is with respect to the entrepreneur whereas the latter is with respect to the enterprise. However, an entrepreneur of a manufacturing enterprise manufacturing woollen garments before winter and cotton clothes before summer was not considered as carrying out multiple activities.

**1.26 Reference Period:** *Last 30 days preceding the date of survey* or *last month* had been used as the reference period to collect most of the data. Various items of receipts and expenses as well as data on employment, emoluments, rent, interest, net surplus and value added for the enterprises were collected for the above reference period only. However, for seasonal enterprises the reference period was the last 30 days (preceding the date of survey), if they have worked continuously for last 30 days or more (including scheduled holidays) in the current season. For seasonal enterprises which had worked for less than 30 days in the current season, last month would refer to an average month in the last working season.

1.26.1 If some enterprise was unable to give information for the last 30 days and was able to give information for the latest calendar month from their books, figures for the latest calendar month were taken. Month would refer to a period of 30 days. For some of the items like value of fixed assets, amount of loan outstanding etc., the reference period was ‘as on the date of survey’. For some other items like net additions to fixed assets, number of months operated, number of other economic activities taken up etc., the period of reference was the ‘last 365 days preceding the date of survey’. For enterprises maintaining accounts and giving information from their books of accounts, reference year, ‘last 30 days/ last month’ and ‘last date of the reference year’ would respectively relate to ‘last accounting year for which information is available’, ‘last month of the said accounting year’ and ‘last date of the accounting year’.

**1.27 Subsidy:** Subsidies are current unrequited payments that government units, including non-resident government units, make to enterprises on the basis of the levels of their production activities or the quantities or values of the goods and services which they produce, sell, import or

export. Subsidies can also be received by an enterprise for achieving a particular type of efficiency in production (e.g., getting ISO certification, implementing pollution control measures, repaying interests in time, etc.). Subsidies are equivalent to negative taxes on production in so far as the impact on the operating surplus is in the opposite direction to that of taxes on production. Subsidies can be on production or on interest. Various types of subsidies are back-end subsidies on interest, export subsidies, duty drawback, etc. Subsidies do not include grants that governments may make to enterprises in order to finance their capital formation, or compensate them for damage to their capital assets, such grant being treated as capital transfers.

**1.28 Taxes on Products:** Taxes are compulsory, unrequited payments, in cash or in kind, made by institutional units to government units. *A tax on a product is a tax that is payable per unit of some good or service.* Tax on product may be a specific amount of money per unit of quantity of a good or service, the quantity being measured either in terms of discrete units or continuous physical variables such as volume, weight, strength, distance, time, etc. or it may be calculated *ad valorem* as a specified percentage of the price per unit or value of the goods and services transacted. Some examples of taxes on products are VAT, excise duties, general sales tax, service tax, export duties, turnover tax, taxes on financial and capital transactions (mainly inheritances and gifts), etc.

**1.29 Taxes on Production:** *Taxes on production consist of all taxes that the enterprise incurs as a result of engaging in production.* It is payable irrespective of the profitability of the enterprise and consists of all taxes except those included under 'Taxes on Products'. Some examples of taxes on production are recurrent taxes on land, buildings or other structures, business or professional licence fees, road tax and registration fee of vehicles, taxes on pollution, taxes on international transactions such as travel abroad, foreign remittances, etc. Stamp taxes on sale of specified products, which relate to per unit of product sold (e.g., per unit of alcoholic beverages) will be considered as taxes on products, but other stamp taxes (e.g., stamps on legal documents or cheques) will be considered as taxes on production.

**1.30 Worker:** For this survey, a worker was defined as all persons working within the premises of the enterprise who were in the payroll of the enterprise as also the working owners and unpaid family workers. The worker may serve the enterprise in any capacity - primary or supervisory. He/she may or may not receive wages/salaries in return to his/her work incidental to or connected with the entrepreneurial activity. Salespersons appointed by an enterprise for selling its services and apprentices, paid or unpaid were also treated as workers.

**1.30.1** *Volunteers, who work without salary / honorarium, were not considered as workers.* Voluntary participation without remuneration in production of goods and services in philanthropic organisation/ institutions or in any other organisation/ institution or even in the individual capacity will not render one to be counted as worker/enterprise. Voluntary participation will mean that the person has performed these activities without coercion or

obligation but has participated in his/ her own volition. Moreover, the voluntary participation in the work should be without remuneration, which means that the person does not become entitled to receive, in respect of the work performed by him/ her, any compensation including honorarium from the institution/ organisation. For the purpose of the survey, minor contingencies/ honorarium received from the institution/ organization against the voluntary work done may not be considered as remuneration. To determine 'minor', average daily wage received by the lowest paid full-time/part-time worker of that enterprise may be used as a guiding tool.

1.30.2 Some enterprises do not hire individuals like porters, sweepers, accountants, etc., on a fairly regular basis. These individuals can **work in one or more enterprises** in a locality, has some autonomy to determine the charges receivable by him depending upon volume of job performed and usually receive service charges as and when they render such services to the enterprise. Such persons were not considered as workers of the enterprise using their services. Instead, they were considered as independent OAEs.

1.30.3 If an enterprise has some contract with some other agency (e.g. security, cleaning, nursing, midwife), or persons (like CA, lawyer, etc.), the employees of the agency (or persons) who were working within the premises of the enterprise under survey (e.g. sweeper, guard, nurse, etc.) were not counted as the employee of the enterprise. Rather they were considered as the worker of the agency (or separate OAE, for persons).

1.31 **Working owner.** In the case of proprietary enterprises, if the owner himself/ herself works in the enterprise on a fairly regular basis, the entry should be made against item 1. In fact, in most of the own-account enterprises the owner himself/ herself manages all activities of the enterprise without help of anybody else (on fairly regular basis). For all such enterprises essentially the value '1' shall be recorded in the appropriate column against item 1. In the case of partnership enterprises, if only one partner or some of the partners or all the partners work in the enterprise on a fairly regular basis then information for them shall be recorded against this item.

1.32 **Formal hired worker:** A formal hired worker is one having continuity of job and eligible for paid annual leave and also eligible for social security benefits like provident fund or insurance provided by the employer.

1.33 **Informal hired worker:** An informal hired worker is not having continuity of job and/or not eligible for paid annual leave and/or not eligible for social security benefits like provident fund or insurance provided by the employer.

1.34 **Other worker/ helper:** This includes all persons belonging to the household of the proprietor or households of the partners who are working in or for the enterprise without regular salary or wages. Persons working as exchange labourer in the enterprise without salary or wages

will also be covered in this category. All unpaid household workers / helpers who are associated with the activities of the enterprise during the reference month are considered in this category.

**1.35 Working on Contract:** The enterprises in the unorganised sector are mainly small units. In many cases, the enterprises are seen to be working as per orders from a bigger unit. In such cases, certain conditions are put on the servicing unit by the contractor or master unit. Conditions may pertain to sale of products, supply of raw materials, mode of payment etc. In many cases, the contractor specifies the design of the product to the servicing unit e.g. garment manufacturing, shoe manufacturing etc. If the surveyed enterprise had undertaken any work on contract during the reference year, it was considered as 'enterprises working on contract'.

**1.36 Fixed Assets:** Assets held for the purpose of producing or providing goods or services and not for resale in the normal course of entrepreneurial activities were classified as fixed assets. These cover all goods, new or used, that have a normal economic life of more than one year from the date of purchase.

**1.37 Investments:** An enterprise can purchase shares, debentures and other securities to earn interest and dividend. These shares, debentures and other securities are called investments. If securities are purchased and sold at regular intervals to make gains using market values of the securities, then these investments are called investments for trade. Otherwise, it is called investments (other than trade).

**1.38 Financial liability:** Financial liability is the total liability incurred by the enterprise as on a particular date (generally the last date of the accounting year). It includes capital deployed by the partners of an enterprise, share capital, reserve and surplus amount noted in the balance sheet, long-term loans and also all short-term commitments for payments like unpaid wages etc. With regard to loan, any borrowing in cash or kind to be repaid in cash or kind was treated as loan. Loans taken for the purpose of utilising the same in the entrepreneurial activities of an enterprise were considered even if such loans were used for other purposes. On the other hand, loans taken for other purposes but ultimately used in the enterprise were excluded.

**1.39 Compensation of employees:** Compensation of employees is the total remuneration, in cash or in kind, payable by an enterprise to an employee in return for work done by the employee during the accounting period. It is recorded on accrual basis, i.e. measured by the value of remuneration in cash or in kind which an employee becomes entitled to receive from an employer in respect of work done during the relevant period, whether paid in advance, simultaneously or in arrears. Self employed persons (like working owners or unpaid family workers) receive mixed income and not compensation of employees. However, the books of accounts of some enterprises show salary payment to one or two working owners. In such cases, these payments were recorded as compensation to employee. Compensation of employees has

two main components, i) wages and salaries payable in cash or in kind and ii) value of social contributions payable by the employer. Wages and salaries also included goods or services provided to employees as remuneration in kind instead of, or in addition to, remuneration in cash.

**1.40 Transfers:** A transfer is a transaction in which an institutional unit provides a good, service or asset to another unit without receiving from the later any good, service or asset in return. A cash transfer consists of the payment of currency or transferable deposit by one unit to another without any counterpart (or return). A transfer in kind consists either of the transfer of ownership of a good or asset, other than cash, or provision of a service, again without any counterpart (or return).

**1.41 Operating Expenses:** The total value of services purchased and other expenses incurred during the reference period by an enterprise on raw materials, electricity, fuel, lubricants and auxiliary materials consumed; cost of maintenance, etc was considered as ‘operating expenses’.

**1.42 Receipts:** The sale value of services produced together with the value of services rendered to other concerns and other receipts incidental to entrepreneurial activities including the value of products and by-products manufactured ,if any, by an enterprise during the reference period was considered as ‘total receipts’.

**1.43 Gross Value Added:** Gross value added is taken as additional value created by the process of production of an enterprise to the economy. Gross value added is calculated by deducting ‘total operating expenses’ and ‘distributive expenses’ from the value of ‘total receipts’ during the reference period. ‘Distributive expenses’ includes excise duties, sales tax, non-deductible vat, outward freight and transport charges, commission to selling agents etc.

<b>Table A1: Coverage of the survey in terms of NIC – 2008 codes</b>	
<b>A. NIC 2008 codes under coverage of the survey</b>	
<b>Division/ Group</b>	<b>Description</b>
	<b>Manufacturing</b>

## Appendix B

### Sample Design and Estimation Procedure

#### 1. Introduction

1.1 Since its inception National Sample Survey Office (NSSO), Ministry of Statistics and Programme Implementation (MOSPI), Government of India, in 1950 has been conducting nationwide integrated large scale sample surveys, employing scientific sampling methods, to generate data and statistical indicators on diverse socio-economic aspects. The sixty-seventh round of NSS is devoted exclusively for collection of data on economic and operational characteristics of unincorporated non-agricultural enterprises in manufacturing, trade and other service sector (excluding construction). The field operations of the survey commenced on 1<sup>st</sup> July 2010 and will continue up to 30<sup>th</sup> June 2011. Last surveys of enterprises on trade, unorganised manufacturing and service sectors (excluding trade and construction) were conducted during 53<sup>rd</sup> round (January – December 1997) , 62<sup>nd</sup> round (July 2005 – June 2006) and 63<sup>rd</sup> round of NSS (July 2006 – June 2007) respectively. Other enterprise surveys carried out in between were 55<sup>th</sup> round (informal sector enterprises, 1999-2000), 56<sup>th</sup> round (unorganised manufacturing, 2000-2001) and 57<sup>th</sup> round (unorganised service sector excluding trade, finance and construction, 2001 –2002).

#### 2. Sample Design

2.1 *Outline of sample design:* A stratified multi-stage design had been adopted for the 67<sup>th</sup> round survey. The first stage units (FSU) were the census villages (Panchayat wards in case of Kerala) in the rural sector and Urban Frame Survey (UFS) blocks in the urban sector. The ultimate stage units (USU) were enterprises in both the sectors. In case of large FSUs, one intermediate stage of sampling was the selection of three hamlet-groups (hgs)/ sub-blocks (sbs) from each large rural/ urban FSU.

2.2 *Sampling frame to be used for selection of first stage units:* Census 2001 list of villages have been used as the sampling frame for rural areas. Auxiliary information such as number of enterprises, number of workers, type of enterprises, activities of enterprises, etc. available from EC-2005 frame were used for stratification, sub-stratification and selection of enterprises. In Kerala, list of panchayat wards as per Census 2001 was used as frame since list of such wards is not available as per EC 2005 frame.

In the urban sector, EC-2005 frame was used for 26 cities with population more than a million as per census 2001. Although Mumbai is a million plus city, EC-2005 frame could not be used for Mumbai because of identification problem for IV unit/blocks in the EC for the city. For other

cities/towns (including Mumbai), UFS frame (2002-07 phase or latest available phase prior to 2002-07 if it is not available) was used.

2.3 *Stratification*: Each district was a basic stratum in both rural and urban areas. However, in case of urban, each city with population of 1 million or more as per Census 2001 forms a separate stratum and all other cities/towns of a district are grouped to form another stratum.

2.4 *Sub-stratification*:

(i) Rural: There were three sub-strata in the rural sector, viz.:

- (1) Villages with at least 5 establishments (NDE/DE) under coverage in the manufacturing sector as per EC-2005 information;
- (2) Remaining villages having at least 5 NDE/DE under coverage in the services sector including trade as per EC-2005 information;
- (3) Remaining villages of the stratum.

For the State(s) where EC-2005 information could be used as auxiliary information for stratification/sub-stratification due to limitations of EC 2005 frame, each district was sub-stratified into 'r/4' sub-strata with a sample allocation of 4 per sub-stratum where 'r' is the sample allocation for the district/stratum. The sub-strata were formed by arranging the villages in terms of population so that total population of each sub-stratum is approximately the same.

(ii) Urban, Million plus cities (excluding Mumbai):

For each stratum / million plus city, 20 sub-strata were formed as follows:

- |                   |   |
|-------------------|---|
| Sub-stratum 1:    | Blocks with one or more establishment in insurance & pension funding;   |
| Sub-stratum 2:    | Remaining blocks with one or more establishment in storage & warehousing;   |
| Sub-stratum 3:    | Remaining blocks with one or more establishment in accommodation;   |
| Sub-strata 4-8:   | Remaining blocks with one or more establishment in broad activities of manufacturing (as per SSS formation discussed subsequently under para 3.9);                              |
| Sub-strata 9-12:  | Remaining blocks with one or more establishment in broad activities of trade (as per SSS formation in para 3.9);  |
| Sub-strata 13-19: | Remaining blocks with one or more establishment in broad activities of other services (as per SSS formation in para 3.9) excluding the activities covered under sub-strata 1-3. |
| Sub-strata 20:    | All remaining blocks of the stratum.  |

(iii) Urban, Other cities and towns (including Mumbai): Two sub-strata were formed:

Sub-stratum 1: UFS block types: Bazaar area (BA)/ Industrial area (IA)/ Hospital area/ (HA)/ Slum area (SA) which are likely to contain relatively higher number of enterprises;

Sub-stratum 2: Remaining UFS blocks of the stratum.

Note that if the number of FSUs in the frame of a rural or urban sub-stratum was found to be less than 8, then separate sub-stratum was not formed and it was merged with the adjacent sub-stratum. There is only one town (Leh) in Leh district and one town (Kargil) in Kargil district of J & K. These two towns were out of UFS coverage. These were treated as sub-stratum 2 and the entire town was treated as one FSU.

*2.5 Total Sample size (FSUs):* A sample of 16000 FSUs for central sample and 18248 FSUs for state sample have been allocated at all-India level. Allocations for the State/UTs and sectors for central and state samples are given in Table B1.

*2.6 Allocation of total sample FSUs:*

(i) All-India allocation over States:

All-India sample size (FSUs) had been allocated to different State/UTs taking into account the minimum allocations required for a State/UT and the proportion of non-agricultural workers as per EC-2005 in the State/UT.

(ii) State/UT allocation over rural/urban sectors: State/UT sample sizes had been allocated to rural and urban sectors of the State/UT in proportion to number of non-agricultural workers as per EC-2005 with the constraint that urban allocation should not be too high compared to rural allocation and both rural and urban allocations were in multiples of 8.

(iii) State  $\times$  sector allocation over strata: Stratum allocations of State/UT sample sizes for each sector had been made in proportion to number of non-agricultural workers as per EC-2005. For the States/UTs where census 2001 frame was used in the rural sector, allocations to strata were made in proportion to population as per census.

(iv) Stratum allocation over sub-strata: Allocations to sub-strata was made

(a) In proportion to number of non-agricultural workers under coverage as per EC-2005 in rural sector as well as in million plus cities (after assuming the number as 1 for those villages/blocks where number of non-agricultural workers is 0);

(b) In proportion to number of blocks with a double weight to sub-stratum 1 for other than million plus cities.

The minimum allocation for a sub-stratum was 4.

2.7 Selection of FSUs:

(a) Rural & million plus cities: From each sub-stratum, required number of sample villages/blocks had been selected by probability proportional to size with replacement (PPSWR), size being the number of total non-agricultural workers under coverage in the village/block as per EC-2005. For the State(s) where EC-2005 information could be used as auxiliary information for selection of FSUs due to limitations of EC 2005 frame, size for PPSWR selection had been the population of the village as per Census 2001.

(b) Urban (other than million plus cities): From each sub-stratum FSUs were selected by using Simple Random Sampling Without Replacement (SRSWOR). However, for Leh and Kargil towns, each town was selected 4 times, once in each sub-round.

Both rural and urban samples had been drawn in the form of two independent sub-samples and equal number of samples had been allocated among the four sub rounds.

2.8 Formation of segment 9 and selection of hamlet-groups/ sub-blocks:

2.8.1 Formation of Segment 9: After determining the boundaries of the sample FSU, all non-agricultural enterprises with 20 or more workers in the entire FSU and had been operated for at least one day during last 365 days preceding the day of survey (hereinafter to be called as ‘big enterprises’) were listed and all the eligible units under coverage were surveyed. All the listed big units (whether under coverage or not) constituted segment 9 and all eligible enterprises under coverage were surveyed in segment 9.

2.8.2 Criterion for hamlet-group/ sub-block formation: After forming the segment 9 as stated above, it was to be determined whether listing had to be done in the whole sample FSU or not. For this, approximate present population (P) and approximate total number of non-agricultural enterprises (E) for the whole FSU was ascertained first from knowledgeable persons. Depending upon the values of ‘P’ and ‘E’, it was divided into a suitable number (say, D) of ‘hamlet-groups’ in the rural sector and ‘sub-blocks’ in the urban sector as stated below. Final value of ‘D’ was the higher of the two values ‘P’ and ‘E’ based on the dual criteria. While considering enterprise criteria, segment 9 enterprises, if any, was excluded from the count of ‘E’, if possible.

Population/enterprise dual criteria			
population (P)	no. of hgs/ sbs to be formed	no. of non-agricultural enterprises (E)	no. of hgs/ sbs to be formed
less than 1200	1	less than 120	1
1200 - 1599	4	120 - 159	4
1600 - 1999	5	160 - 199	5

Population/enterprise dual criteria			
population (P)	no. of hgs/ sbs to be formed	no. of non-agricultural enterprises (E)	no. of hgs/ sbs to be formed
2000 - 2399	6	200 - 239	6
and so on	...	and so on	...

For rural areas of Himachal Pradesh, Sikkim, Uttarakhand (except four districts Dehradun (P), Nainital (P), Hardwar and Udham Singh Nagar), Poonch, Rajouri, Udhampur, Doda, Leh (Ladakh), Kargil districts of Jammu and Kashmir and Idukki district of Kerala, the number of hamlet-groups were formed as follows:

Population/enterprise dual criteria			
population (P)	no. of hgs/ sbs to be formed	no. of non-agricultural enterprises (E)	no. of hgs/ sbs to be formed
less than 600	1	less than 120	1
600 - 799	4	120 - 159	4
800 - 899	5	160 - 199	5
1000 - 1199	6	200 - 239	6
and so on	...	and so on	...

2.8.3 *Formation and selection of hamlet-groups/ sub-blocks*: In case hamlet-groups/ sub-blocks were formed in the sample FSU, the same was done either by more or less equalizing population or by equalising number of non-agricultural enterprises. If the criterion for deciding the value of 'D' was population, then hgs/sbs were formed by equalising population. On the other hand if enterprise criterion had been used for deciding the value of 'D', then equalise the number of non-agricultural enterprises to form 'D' number of hg/sb. If the value of 'D' was same for both population and enterprise criteria, then hg/sb may be formed by equalising population.

2.8.4 *Segments 1 & 2*: Two segments (in addition to segment 9 already formed) were selected from a large FSU wherever hamlet-groups/sub-blocks were formed in the following manner – Segment 1 was the hg/sb having maximum number of establishments under the coverage. Two more hg's/sb's were chosen by SRSWOR and combined to form Segment 2. Listing and selection of the enterprises were done independently in the two selected segments. The FSUs without hg/ sb formation was treated as sample segment number 1.

### 2.9 Formation of Second Stage Strata and allocation of enterprises for schedule 2.34:

A maximum of nineteen (19) second-stage strata (SSS) were formed within each sample FSU. Composition of various SSS was as follows:

- (i) 5 SSS considering various broad manufacturing groups were formed in each segment for Manufacturing sector Establishments: (1) SSS 1 - Food products, Beverage and Tobacco Products, (2) SSS 2 - Textiles, Leather, etc. and Cotton ginning, cleaning and baling, (3) SSS 3 - Wood and wood products, paper and paper products, printing and publishing etc & Furniture, (4) SSS 4 - Petroleum Products, chemicals, rubber, metals, metal products, machinery and equipments, etc., and (5) SSS 5 – remaining manufacturing activities.
- (ii) 4 SSS were formed in each segment for Trade sector Establishments: SSS 6 comprises the activities of commission agents. Excluding the activities of commission agents, three more SSS were formed. They were as follows: SSS 7 - Trade and repair of motor vehicles and motor cycles; SSS 8 – other wholesale trade and SSS 9 – other retail trade.
- (iii) 7 SSS were formed in each segment for Service sector Establishments (other than trade) corresponding to the following broad activities: SSS 10 – Accommodation & food service, SSS 11 - Transport, storage, information & communication, SSS 12 - Financial & insurance activities, SSS 13 - Real Estate and Renting and Business Activities, SSS 14 - Education, SSS 15 – Human health & Social work, and SSS 16 - Other services.
- (iv) 3 SSS were formed in each segment for own account enterprises (OAEs) as follows: SSS 17 – OAEs in Manufacturing, SSS 18 – OAEs in Trade, and SSS 19 – OAEs in Other services.

NIC 2008 codes grouped under each SSS are listed in the following table:

SSS number	NIC 2008 Codes	Description of major activities
<b>A. Establishments</b>		
<b>A.1 Manufacturing</b>		
1	10 – 12	Food products, Beverages and Tobacco products
2	01632, 13 – 15	Cotton ginning, cleaning and bailing, Textiles, Wearing Apparel, Leather and Leather products
3	16 – 18, 31, 32	Wood and wood products, paper and paper products, printing etc.
4	19 – 25, 27, 28, 33	Petroleum Products, Chemicals, Pharmaceuticals, Rubber, Plastics, Metals, Metal products, machinery and equipments etc.
5	26, 29, 30	Remaining manufacturing activities

SSS number	NIC 2008 Codes	Description of major activities
<b>A.2 Trade</b>		
6	461	Commission agents for wholesale trade
7	45	Trade and repair of motor vehicles and motorcycles
8	462, 463, 464, 465, 466, 469	Other wholesale trade
9	47	Other retail trade
<b>A.3 Other Services</b>		
10	55, 56	Accommodation and food service activities
11	49211, 49219, 4922, 4923, 50, 52, 53, 58 – 63	Transport, Storage, Information and Communication
12	64300, 64309 (SHG), 6491, 64920, 64929 (activity of money lenders), 6499, 65, 6612, 6619, 662, 663	Financial and Insurance activities
13	68, 69, 70 – 75, 771, 772, 773, 78 – 82	Real Estate, Professional, Scientific and Technical, Rental & Leasing activities
14	85	Education
15	86 – 88	Human Health and Social work
16	37 – 39, 90 – 93, 941, 9491, 9499, 95, 96	Other personal services
<b>B. OAEs : Manufacturing, Trade and Other Services</b>		
17	01632, 10 – 33	Manufacturing
18	45 – 47	Trade
19	37 – 39, 49211, 49219, 4922, 4923, 50, 52 – 63, 64300, 64309, 6491, 64920, 64929, 6499, 65, 6612, 6619, 662, 663, 68, 69, 70 – 75, 771, 772, 773, 78 – 82, 85 – 93, 941, 9491, 9499, 95, 96	Other Services
<b>NICs not under coverage</b>		
Sections: A, B, D, F, O, T, U, Codes: 36, 491, 49212, 49213, 493, 51, 641, 642, 6611, 774, 942, 9491(organisations only), 9492		

## 2.10 Selection of enterprises:

2.10.1 The number of enterprises selected for survey (excluding segment 9) from each FSU × segment × SSS is given below:

enterprise type	sector	SSS number	number of enterprises to be surveyed	
			without hg/ sb formation	with hg/ sb formation (for each segment)
establishments	manufacturing	1	2	1
		2	2	1
		3	2	1
		4	2	1
		5	2	1
		<b>sub-total</b>	<b>10</b>	<b>5</b>
	trade	6	2	1
		7	2	1
		8	2	1
		9	2	1
		<b>sub-total</b>	<b>8</b>	<b>4</b>
	services	10	2	1
		11	2	1
		12	2	1
		13	2	1
		14	2	1
		15	2	1
		16	2	1
	<b>sub-total</b>	<b>14</b>	<b>7</b>	
OAEs	manufacturing	17	4	2
	trade	18	4	2
	services	19	4	2
	<b>sub-total</b>	<b>12</b>	<b>6</b>	

It may be noted that from each segment × SSS, at least one enterprise was surveyed if there were some enterprises in the corresponding frame. In addition to the above, all the eligible enterprises of segment 9 were surveyed.

2.10.3 *Selection of Enterprises:* Sample enterprises from each SSS were selected by SRSWOR. However, all the establishments in the frame were selected for a broad category of establishments (manufacturing/trade/other services) in the following situations:

- (i) All the manufacturing establishments if total number of establishments in manufacturing SSSs is less than or equal to 10 considering both the segments 1 & 2
- (ii) All the trading establishments if total number of establishments in trading SSSs is less than or equal to 8 considering both the segments 1 & 2

- (iii) All the 'other service sector' establishments if total number of establishments in other services SSSs is less than or equal to 14 considering both the segments 1 & 2.

2.11 A Brief description of different types of service sector enterprises which were under the coverage of the survey is given below.

NIC-2008		coverage of survey
code	activity	
37	SEWERAGE	The operation and maintenance of sewer systems; Collecting and transporting of human or industrial waste water or rain water by means of sewerage networks, collectors, tanks and other means of transport (sewage vehicles etc.); Treatment of waste water or sewer by means of physical, chemical or biological processes
38	WASTE COLLECTION, TREATMENT AND DISPOSAL ACTIVITIES; MATERIALS RECOVERY	Collection of non-hazardous waste; Collection of hazardous waste; Treatment and disposal of non-hazardous waste; Treatment and disposal of hazardous waste; Materials recovery
39	REMEDIATION ACTIVITIES AND OTHER WASTE MANAGEMENT SERVICES	Remediation activities and other waste management services. This includes cleanup of contaminated buildings and sites, soil, surface or ground water and other specialized pollution-control activities.
492	OTHER LAND TRANSPORT (excluding Urban or suburban tramways [49212] and Urban or suburban underground or elevated railroads [49213])	Urban or suburban passenger bus transport ; Long-distance bus services; Charters, excursions and other occasional coach services; Rental of private cars with driver; Taxi operation; Operation of school buses and buses for transport of employees; Passenger transport by man- or animal-drawn vehicles; Motorised road freight transport; Non-motorised road freight transport.
50	WATER TRANSPORT	Sea and coastal ferry service; Sea and coastal water cruise, water taxis and other sight-seeing boats; Sea and coastal long distance water transport; Sea and coastal freight water transport; River ferry service; River cruise, water taxi, boat services; Long distance river water transport; transport of freight via rivers, canals, lakes and other inland waterways, including inside harbours and ports.
52	WAREHOUSING AND SUPPORT	Warehousing and storage. Includes cold storage, storage and warehousing of general merchandise, furniture, automobiles, gas and oil, chemicals, textiles etc. Also included is storage of goods in

NIC-2008		coverage of survey
code	activity	
	ACTIVITIES FOR TRANSPORTATION	foreign trade zones; Service activities incidental to land transportation; Service activities incidental to water transportation; Cargo handling incidental to land transport; Cargo handling incidental to water transport; Activities of travel agents; Activities of shipping cargo agents; Activities of movers and packers; Weighing of goods.
53	POSTAL AND COURIER ACTIVITIES	All enterprises providing postal services, <i>not owned by government, Public Sector undertakings and local bodies</i> will be covered. This will include courier services.
55	ACCOMMODATION	Hotels and Motels, inns, resorts providing short term lodging facilities; includes accommodation in house boats; Provision of short term lodging facilities to members of a particular organisation such as company guest houses & similar establishments; Provision of accommodation in campgrounds, trailer parks, recreational camps and fishing and hunting camps for short stay visitors, provision of space and facilities for recreational vehicles, accommodation provided by mountain shelters; Accommodation provided by student residences, school dormitories; Worker hostels and boarding houses.  Dharamshala type lodging places, private guest/rest houses, tourist lodges etc. which provide short-stay accommodation are to be covered under hotels <i>provided they are run by private individuals/organisations</i> .  <i>However similar facilities if provided by Govt./PSU/Local body/Statutory bodies (e.g. ISI, IIT, Universities etc.) are excluded from the purview of the coverage of this survey.</i>  [A hotel is an enterprise that provides lodging services with or without arrangements for meals, other prepared food and refreshments.]
56	FOOD AND BEVERAGE SERVICE ACTIVITIES	Restaurants; Bars with or without restaurants; Cafeterias, fast-food restaurants and other food preparation in market stalls; Ice cream mobile vendors, mobile food carts; Restaurant and bar activities connected to transportation, when carried out by separate units; Event catering; Activities of food service contractors (e.g. for transportation companies); Operation of canteens or (e.g. for factories, offices, hospitals or schools) on a concession basis ( <i>but departmental canteens run by government will be excluded</i> ); Tea/coffee shops; Fruit juice bars; Mobile beverage vendors

NIC-2008		coverage of survey
code	activity	
		[A restaurant generally provides eating and drinking services where prepared meals, food and refreshments and other snacks are sold for immediate consumption without any provision for lodging.]
58	PUBLISHING ACTIVITIES	Publishing of books, brochures, leaflets and similar publications, including publishing encyclopedias (including on CD-ROM); Publishing of atlases, maps and charts; Publishing of audio books; Publishing of directories and mailing lists; Publishing of newspapers, journals and periodicals; On-line publishing of statistics and other information; Publishing of operating systems and system software; Publishing of computer games for all platforms.
59	MOTION PICTURE, VIDEO AND TELEVISION PROGRAMME PRODUCTION, SOUND RECORDING AND MUSIC PUBLISHING ACTIVITIES	Production of motion picture, Video production, Production of television programmes or television commercials; Post production activities of motion picture, Post production activities of television programmes or television commercials; Post production activities of video production; Distribution of Motion picture, video tapes, CDs, DVDs and Distribution of television programme; Motion picture or video tape projection in cinemas, in the open air or in other projection facilities; Activities of cine-clubs; Activities of sound recording in studio or elsewhere; Activities of music publishing.
60	PROGRAMMING AND BROADCASTING ACTIVITIES	Radio broadcasting; Television programming and broadcasting activities. The broadcasting can be performed using different technologies, over-the-air, via satellite, via a cable network or via internet;
61	TELECOMMUNICATIONS	Activities of basic telecom services: telephone, telex and telegraph (includes the activities of STD/ISD booths); Maintenance of telecom network; Activities of the cable operators; Activities of providing internet access by the operator of the wired infrastructure; Activities of internet access by the operator of the wireless infrastructure; Activities of maintaining and operating paging, cellur and other tetecommunication networks; Activities of other wireless telecommunications activities; Activity of internet access by the operator of the satellite infrastructure; Other satellite telecommunications activities; Specialized telecommunications applications, such as satellite tracking, communications telemetry, and radar station operations, operation of satellite terminal station, internet access over networks such as dial-up internet access etc.
62	COMPUTER PROGRAMMING, CONSULTANCY AND RELATED	Writing, modifying, testing of computer program to meet the needs of a particular client; Web-page designing; Providing software support and maintenance to the clients; Installation of computer system, and train and support the users of the system and providing hardware

NIC-2008		coverage of survey
code	activity	
	ACTIVITIES	support including planning and designing of computer systems that integrate computer hardware, software and communication technologies; Software installation; Computer disaster recovery.
63	INFORMATION SERVICE ACTIVITIES	Data processing activities including report writing; Web hosting activities; Providing general time-share mainframe facilities to clients; Providing data entry services; Operation of web sites that use a search engine to generate and maintain extensive databases of internet addresses and content in an easily searchable format; Operation of other websites that act as portals to the internet, such as media sites providing periodically updated content; News agency activities; Telephone based information services; Activities of cyber café.
643	TRUSTS, FUNDS AND OTHER FINANCIAL VEHICLES	This class includes legal entities organized to pool securities or other financial assets, without managing, on behalf of shareholders or beneficiaries. The portfolios are customized to achieve specific investment characteristics such as diversification, risk, rate of return, and price volatility. These entities earn interest, dividends, and other property income, but have little or no employment and no revenue from the sale of services. Self-Help Groups engaged predominantly in financial intermediation will be given a special code 64309.
649	OTHER FINANCIAL SERVICE ACTIVITIES EXCEPT INSURANCE AND PENSION FUNDING ACTIVITIES	Financial leasing; Financial service activities primarily concerned with making loans by institutions not involved in monetary intermediation (such as venture capital companies, industrial banks, investment clubs), where the granting of credit can take a variety of forms, such as loans, mortgages, credit cards etc.; other financial service activities primarily concerned with distributing funds other than by making loans; Activities of hire - purchase financing, housing finance companies, commercial loan companies, other credit activities including pawn shops. A money lender whether registered under Money Lender's Act or not will be under coverage. Activity of money lenders has been given a special code 64929.
65	INSURANCE, REINSURANCE AND PENSION FUNDING, EXCEPT COMPULSORY SOCIAL SECURITY	Life insurance; insurance services other than life insurance such as accident and fire insurance, health insurance, travel insurance, property insurance, motor, marine, aviation and transport insurance, pecuniary loss and liability insurance; Reinsurance (activities of assuming all or part of the risk associated with existing insurance policies originally underwritten by other insurance carriers); Pension funding (legal entities i.e. funds, plans and/or programmes organized to provide retirement income benefits exclusively for the sponsor's

NIC-2008		coverage of survey
code	activity	
		employees or members. This includes pension plans with defined benefits, as well as individual plans where benefits are simply defined through member's contribution).
661	OTHER FINANCIAL ACTIVITIES (excluding Administration of financial markets [6611] )	Activities auxiliary to financial service activities, except insurance and pension funding. This includes the operation and supervision of financial markets other than by public authorities, such as commodity contracts exchanges, futures commodity contracts exchanges, securities exchanges, stock exchanges, stock or commodity options exchanges; dealing in financial markets on behalf of others (e.g. stock broking) and related activities, securities brokerage, commodity contracts brokerage, foreign exchange services, etc.; activities of investment advisors, mortgage advisors and brokers, financial transaction processing and settlement activities, trustee, fiduciary and custody services on a fee or contract basis.
662	ACTIVITIES AUXILIARY TO INSURANCE AND PENSION FUNDING (excluding Other activities auxiliary to insurance and pension funding [6629] )	Activities auxiliary to insurance and pension funding. This includes the provision of administration services of insurance, such as assessing and settling insurance claims; activities of insurance agents and brokers;
68	REAL ESTATE ACTIVITIES (Excluding operating of self-owned residential buildings)	Real estate activities with own or leased property and Real estate activities on a fee or contract basis. This class includes buying, selling, operating of self-owned or leased real estate (excluding operation of self-owned residential buildings) , providing of homes and furnished or unfurnished flats or apartments for more permanent use, typically on a monthly or annual basis, development of building projects for own operation, i.e. for renting of space in these buildings, subdividing real estate into lots, without land improvement, operation of residential mobile home sites; the provision of real estate activities on a fee or contract basis including real estate related services such as, activities of real estate agents and brokers, intermediation in buying, selling and renting of real estate on a fee or contract basis, management of real estate on a fee or contract basis, appraisal services for real estate, real estate escrow agents.
69	LEGAL AND ACCOUNTING	Legal activities; Accounting, bookkeeping and auditing activities; Tax consultancy.

NIC-2008		coverage of survey
code	activity	
	ACTIVITIES	
70	MANAGEMENT CONSULTANCY ACTIVITIES	Activities of head offices; management consultancy activities
71	ARCHITECTURE AND ENGINEERING ACTIVITIES: TECHNICAL TESTING AND ANALYSIS	Architectural and engineering activities and related technical consultancy, technical testing and analysis. This class includes architectural consulting activities, machinery, industrial process control and industrial plant design, engineering design and consulting activities for, geophysical, geologic and seismic surveying, geodetic surveying activities; performance of physical, chemical and other analytical testing of all types of materials and products, certification of products, including consumer goods, motor vehicles, aircraft, pressurized containers, nuclear plants etc. periodic road-safety testing of motor vehicles, testing with use of models or mock-ups (e.g. of aircraft, ships, dams etc.), operation of police laboratories.
72	SCIENTIFIC RESEARCH AND DEVELOPMENT	Research and experimental development on natural sciences, engineering, social sciences and humanities.
73	ADVERTISING AND MARKET RESEARCH	Advertising, market research and public opinion polling. This class includes the provision of a full range of advertising services (i.e. through in-house capabilities or subcontracting), including advice, creative services, production of advertising material, media planning, and buying; investigation into market potential, acceptance and familiarity of products and buying habits of consumers for the purpose of sales promotion and development of new products, including statistical analyses of the results, investigation into collective opinions of the public about political, economic and social issues and statistical analysis thereof.
74	OTHER PROFESSIONAL, SCIENTIFIC AND TECHNICAL ACTIVITIES	Fashion design related to textiles, wearing apparel, shoes, jewelry, furniture and other fashion goods as well as other personal or household goods; activities of interior decorators; services of graphic designers; photographic activities (commercial and consumer photograph production; photographic film processing; activities of photojournalists; microfilming of documents); business brokerage activities; patent brokerage activities; weather forecasting activities; security consulting, etc.
75	VETERINARY ACTIVITIES	These activities include the provision of animal health care and control activities for farm animals or pet animals. These activities are carried out by qualified veterinarians in veterinary hospitals. It also includes animal ambulance activities.

NIC-2008		coverage of survey
code	activity	
771	RENTING AND LEASING OF MOTOR VEHICLES	Renting and operational leasing of passenger cars (without drivers), trucks, utility trailers and recreational vehicles.
772	RENTING AND LEASING OF PERSONAL AND HOUSEHOLD GOODS	Renting and leasing of recreational and sports goods; Renting of video tapes and disks; Renting of tent, furniture, pottery and glass, kitchen and tableware, utensils, household electrical and electronic equipments etc.; Renting of books, journals and magazines; Renting of jewellery, musical instruments, scenery and costumes; Renting of textiles, wearing apparel, footwear, sleeping bag, rucksack, household goods;
773	RENTING AND LEASING OF OTHER MACHINERY, EQUIPMENT AND TANGIBLE GOODS N.E.C.	Renting and leasing of other machinery, equipment and tangible goods n.e.c.
78	EMPLOYMENT ACTIVITIES	Activities of employment placement agencies; Temporary employment agency activities; Human resources provision and management of human resources functions;
79	TRAVEL AGENCY, TOUR OPERATOR AND OTHER RESERVATION SERVICE ACTIVITIES	Travel agency activities; Tour operator activities; activities of tourist guides; activities of marketing and promoting of services for visitors by providing information and assistance to organizations to locate accommodation, convention centers and entertainment venues and other travel-related reservation services (including for transportation, hotels, rest restaurants, car rentals, entertainment and sport).
80	SECURITY AND INVESTIGATION ACTIVITIES	Private security activities; Security systems service activities; Investigation activities
81	SERVICES TO BUILDINGS AND LANDSCAPE ACTIVITIES	Combined facilities support activities (this class includes the units that typically provide a combination of services, such as general interior cleaning, maintenance, trash disposal, laundry and related services. They provide operating staff to carry out these support activities); General cleaning of buildings; Cleaning of trains buses, planes etc.; Cleaning of industrial machinery; Other building and industrial cleaning activities; Landscape care and maintenance service activities.
82	OFFICE ADMINISTRATIVE, OFFICE SUPPORT	Combined office administrative service activities (this class includes the provision of a combination of day to day office administrative services, such as reception, financial planning, billing and record

NIC-2008		coverage of survey
code	activity	
	AND OTHER BUSINESS SUPPORT ACTIVITIES	keeping, personnel and mail services etc. for others on a contract or fee basis); Photocopying, duplicating and blueprinting services; Document preparation, typing, word processing and desktop publishing services; Other specialised office support services activities; Activities of call centres; Organization of conventions and trade shows ; Activities of collection agencies and credit bureaus; Packaging activities, etc.
85	EDUCATION	<p>Pre-Primary education, Primary education; General secondary education (includes Senior/Higher secondary education); Technical and vocational secondary education; Higher education; Sports and recreation education; Cultural education; Academic tutoring services; Professional examination review courses; Flying school; Professional and non-professional motor driving school; Educational support services.</p> <p>All Govt. or Govt.- aided educational institutions will be outside the survey coverage. Educational institutions where salaries of the teachers/ staffs are funded fully by the Government will be considered as Govt. aided educational institution.</p> <p>All private educational institutions will be covered whether or not recognised. This will include management training institutes, computer training centres, nursing schools, schools of music, drama, dance, fine arts, modelling, fashion designing, yoga and physical education and general coaching centres (e.g. for various competitive examinations) etc. are to be covered. This will also include adult education centres.</p>
86	HUMAN HEALTH ACTIVITIES	<p>Hospital activities; Medical and dental practice activities; Activities of Ayurveda, Unani, homeopath practitioners; Activities of nurses, masseurs, physiotherapists or other para-medical practitioners; Activities of independent diagnostic/pathological laboratories; Activities of independent blood banks; independent ambulance Activities.</p> <p>All enterprises engaged in health and medical services <i>other than those owned by government, public sector undertakings, local bodies</i> will be covered, irrespective of the system of medicine.</p> <p>All private dispensaries, clinics and consultation chambers run by doctors will be covered. An employed doctor and para-medical person doing private practice will be covered and his/her private practice alone will be considered as an enterprise.</p>
87	RESIDENTIAL CARE ACTIVITIES	Nursing care facilities (homes for the elderly with nursing care, convalescent homes, rest homes with nursing care); Residential care

NIC-2008		coverage of survey
code	activity	
		activities for mental retardation, mental health and substance abuse; Residential care activities for the elderly and disabled; Activities provided on a round-the-clock basis directed to provide social assistance to children and special categories of persons with some limits on ability for self-care, but where medical treatment or education are not important elements such as orphanages, children's boarding homes and hostels, temporary homeless shelters, institutions that take care of unmarried mothers and their children.
88	SOCIAL WORK ACTIVITIES WITHOUT ACCOMMODATION	Social work activities without accommodation for the elderly and disabled; Social counseling, welfare, refugee, referral and similar services which are delivered to individuals and families in their homes or elsewhere and carried out by government offices or by private organizations, disaster relief organizations and national or local self-help organizations and by specialists providing counselling services such as child day-care activities, community and neighbourhood activities, charitable activities like fund-raising or other supporting activities aimed at social work.
90	CREATIVE, ARTS AND ENTERTAINMENT ACTIVITIES	Dramatic arts, music and other arts activities. This class includes Stage production and related activities; Operation of concert and theatre halls and other arts facilities; Activities of sculptors, painters, cartoonists, engravers, etchers etc.; Activities of individual writers for all subjects including fictional writing, technical writing etc.; Activities of independent journalists; Activities of restoring of works of art such as paintings etc.
91	LIBRARIES, ARCHIVES, MUSEUMS AND OTHER CULTURAL ACTIVITIES	Library and archives activities; Museums activities and operation of historical sites and buildings; Botanical and zoological gardens and nature reserves activities.
92	GAMBLING AND BETTING ACTIVITIES	Wholesale and retail sale of lottery tickets; Other gambling and betting activities. However, there may be certain gambling/ betting activities that are illegal and clandestine in nature. These activities are out of coverage for the present survey.
93	SPORTS ACTIVITIES AND AMUSEMENT AND RECREATION ACTIVITIES	Operation of sports facilities; Activities of sports clubs; Other sports activities; Activities of amusement parks and theme parks.
941	ACTIVITIES OF BUSINESS, EMPLOYERS AND PROFESSIONAL	Activities of chambers of commerce, guilds and similar organisations, federations of such organizations ; activities of associations of writers, painters, lawyers, doctors, journalists and other similar organizations.

NIC-2008		coverage of survey
code	activity	
	MEMBERSHIP ORGANIZATIONS	
949	ACTIVITIES OF OTHER MEMBERSHIP ORGANISATIONS	<p>Activities of other membership organizations, such as religious organizations, will be covered only if it relates to activities other than organizational activities. Thus, activities of religious organizations providing services directly to worshippers in churches, mosques, temples, synagogues or other places, activities of organizations furnishing monastery and convent services, religious retreat activities will be excluded. However, individuals such as <i>purohits</i> who provide services directly to worshippers will only be covered.</p> <p>Activities of political organizations will not be covered.</p> <p>Activities of rotary clubs, student associations, war veterans' associations, book clubs, philatelic clubs, associations of minority groups, and the activities of other similar associations / organizations will be included.</p>
95	REPAIR OF COMPUTERS AND PERSONAL AND HOUSEHOLD GOODS	<p>Repair and maintenance of computer and peripheral equipment; Repair and maintenance of automated terminals like automatic teller machines, point-of-sale (POS) terminals, not mechanically operated; Repair and maintenance of communication equipment like cordless telephones, cellular phones, fax machines, commercial TV and video cameras etc. Repair and maintenance of consumer electronics; Repair and servicing of household appliances ( refrigerators, stoves, washing machines, clothes dryers, room air conditioners, etc. ); Repair and servicing of home and garden equipment such lawn mowers, edgers, trimmers etc.; Repair of footwear and leather goods; Repair of furniture and home furnishings; Repair of bicycles; Repair and alteration of clothing; Repair and alteration of jewellery; Repair of watches, clocks and their parts; Repair of musical instruments; Repair of other personal and household goods.</p>
96	OTHER PERSONAL SERVICE ACTIVITIES	<p>Washing and (dry-) cleaning of textile and fur products; Hairdressing and other beauty treatment; Funeral and related activities; Social activities such as escort services, marriage bureaus; Pet care services such as boarding, grooming and training pets etc.; Shoe shiners, porters, valet car parkers etc.; Coin-operated personal service machines such as photo booths, weighing machines, blood pressure checking machines etc.; Activities of sauna and steam baths, massage salons etc.; Astrological and spiritualists' activities; <i>Activities of aaya, dhai, governess, baby sitter etc. (however, those employed in private households are classified under NIC 97 and are excluded from coverage);</i> General household maintenance activities like grooming of the floor, dusting, cleaning of utensils etc.</p>

NIC-2008		coverage of survey
code	activity	
<p>Persons providing services to the households, for example cooks, tutors, etc., by visiting the houses of the employer (service produced within the households and consumed by the households on a regular basis) are not be considered as enterprise. However, if these types of persons provide services to enterprises/institutions other than private households, they are treated as enterprises. Similarly, if some persons provide legal, accounting or similar services to different enterprises on a fee basis, they are treated as running own account enterprise.</p>		
<p>If any enterprise under coverage is run by religious/ political/other membership organizations with at least one worker hired for the services it provides then that enterprise is covered under respective NIC code of that activity.</p>		

### 3. Estimation Procedure

#### 3.1 Notations:

s = subscript for s-th stratum

t = subscript for t-th sub-stratum

m = subscript for sub-sample (m = 1, 2)

i = subscript for i-th FSU [village (panchayat ward)/ block/ non-UFS town]

d = subscript for a segment (d = 1, 2, 9)

j = subscript for j-th second stage stratum in an FSU/ segment [ j = 1, 2, 3, ....., 19]

k = subscript for k-th sample enterprise under a particular second stage stratum within an FSU/ segment

D = total number of hg's/ sb's formed in the sample FSU

$D^* = 0$  if  $D = 1$

$= (D - 1)/2$  for FSUs with  $D > 1$

N = total number of FSUs in any urban sub-stratum

Z = total size of a rural sub-stratum (= sum of sizes for all the FSUs of a sub-stratum)

z = size of sample village used for selection.

n = number of sample FSUs surveyed including 'zero cases' but excluding casualty for a particular sub-sample and sub-stratum.

E = total number of enterprises listed in a second-stage stratum of an FSU / segment of sample FSU

e = number of enterprises surveyed in a second-stage stratum of an FSU / segment of sample FSU

x, y = observed value of characteristics x, y under estimation

$\hat{X}$ ,  $\hat{Y}$  = estimate of population total X, Y for the characteristics x, y

Under the above symbols,

$y_{stmidjk}$  = observed value of the characteristic y for the k-th enterprise in the j-th second stage stratum of the d-th segment (d = 1, 2, 9) of the i-th FSU belonging to the m-th sub-sample for the t-th sub-stratum of s-th stratum.

However, for ease of understanding, a few symbols have been suppressed in following paragraphs where they are obvious.

3.2 Formulae for Estimation of Aggregates for a particular sub-sample and stratum / sub-stratum:

3.2.1 Schedule 0.0:

3.2.1.1 Rural:

(i) For estimating the number of enterprises possessing a characteristic:

$$\hat{Y} = \frac{Z}{n} \sum_{i=1}^n \frac{1}{z_i} \left[ y_{i9} + y_{i1} + D_i^* \times y_{i2} \right]$$

where  $y_{i9}$ ,  $y_{i1}$ ,  $y_{i2}$  are the total number of enterprises possessing the characteristic  $y$  in segments 9, 1 & 2 of the  $i$ -th FSU respectively.

(ii) For estimating the number of villages in a sub-stratum possessing a characteristic:

$$\hat{Y} = \frac{Z}{n} \sum_{i=1}^n \frac{1}{z_i} y_i$$

where,  $y_i$  is taken as 1 for sample villages possessing the characteristic and 0 otherwise.

3.2.1.2 Urban:

(a) Estimation formula for a sub-stratum of million plus cities (excluding Mumbai):

(i) For estimating the number of enterprises possessing a characteristic:

$$\hat{Y} = \frac{Z}{n} \sum_{i=1}^n \frac{1}{z_i} \left[ y_{i9} + y_{i1} + D_i^* \times y_{i2} \right]$$

where,  $y_{i9}$ ,  $y_{i1}$ ,  $y_{i2}$  are the total number of enterprises possessing the characteristic  $y$  in segments 9, 1 & 2 of the  $i$ -th FSU respectively.

(b) Estimation formula for a sub-stratum of other strata:

(i) For estimating the number of enterprises possessing a characteristic:

$$\hat{Y} = \frac{N}{n} \sum_{i=1}^n \left[ y_{i9} + y_{i1} + D_i^* \times y_{i2} \right]$$

where,  $y_{i9}$ ,  $y_{i1}$ ,  $y_{i2}$  are the total number of enterprises possessing the characteristic  $y$  in segments 9, 1 & 2 of the  $i$ -th FSU respectively.

[Note: There are only one FSU each in the districts Leh (Leh town) and Kargil (Kargil town) of J & K. Both of these have been selected and repeated in each of the sub-rounds. Thus, for these two stratum  $\times$  sub-stratum,  $N = 1$  in the above formula and  $n$  will be the number of FSUs actually surveyed including repetitions ( $n = 4$  for the whole round and  $n = 2$  for a sub-sample of the whole round assuming no casualty) for each of the two districts.]

3.2.2 Schedules 2.34:

3.2.2.1 Rural:

Estimation formula for a sub-stratum:

(i) For enterprises selected in j-th second stage stratum:

$$\hat{Y}_j = \frac{Z}{n_j} \sum_{i=1}^{n_j} \frac{1}{z_i} \left[ \sum_{k=1}^{e_{i9j}} y_{i9jk} + \frac{E_{i1j}}{e_{i1j}} \sum_{k=1}^{e_{i1j}} y_{i1jk} + D_i^* \times \frac{E_{i2j}}{e_{i2j}} \sum_{k=1}^{e_{i2j}} y_{i2jk} \right]$$

(ii) For all selected enterprises:

$$\hat{Y} = \sum_j \hat{Y}_j$$

3.2.2.2 Urban:

(a) Estimation formula for a sub-stratum of million plus cities (except Mumbai):

(i) For enterprises selected in j<sup>th</sup> second stage stratum:

$$\hat{Y}_j = \frac{Z}{n_j} \sum_{i=1}^{n_j} \frac{1}{z_i} \left[ \sum_{k=1}^{e_{i9j}} y_{i9jk} + \frac{E_{i1j}}{e_{i1j}} \sum_{k=1}^{e_{i1j}} y_{i1jk} + D_i^* \times \frac{E_{i2j}}{e_{i2j}} \sum_{k=1}^{e_{i2j}} y_{i2jk} \right]$$

(ii) For all selected enterprises:

$$\hat{Y} = \sum_j \hat{Y}_j$$

(b) Estimation formula for a sub-stratum of other strata:

(i) For enterprises selected in j<sup>th</sup> second stage stratum:

$$\hat{Y}_j = \frac{N}{n_j} \sum_{i=1}^{n_j} \left[ \sum_{k=1}^{e_{i9j}} y_{i9jk} + \frac{E_{i1j}}{e_{i1j}} \sum_{k=1}^{e_{i1j}} y_{i1jk} + D_i^* \times \frac{E_{i2j}}{e_{i2j}} \sum_{k=1}^{e_{i2j}} y_{i2jk} \right]$$

(ii) For all selected enterprises:

$$\hat{Y} = \sum_j \hat{Y}_j$$

[Note: For segment 9, an adjustment may be necessary if  $E \neq e$  for a second-stage stratum due to casualty at the detailed enquiry stage. In that case, contribution of segment 9 (i.e.  $\sum_{k=1}^{e_{i9j}} y_{i9jk}$ ) in the

above formulae may be replaced by  $\frac{E_{i9j}}{e_{i9j}} \sum_{k=1}^{e_{i9j}} y_{i9jk}$ , where  $E_{i9j}$  = (number of enterprises in the

frame of segment 9 for j<sup>th</sup> SSS of i<sup>th</sup> FSU as per column (4) block 6a of schedule 0.0) and  $e_{i9j}$  = (number of enterprises actually surveyed for segment 9 of j<sup>th</sup> SSS of i<sup>th</sup> FSU)

$E_{i9j} = e_{i9j}$  if there is no casualty.

As mentioned earlier in section 3.2.1.2,  $N = 1$  in the above formula in the case of Leh and Kargil districts of J & K. ]

3.2.3 Estimate for a stratum:

$$\hat{Y}_s = \sum_t \hat{Y}_{st}$$

3.3 Overall Estimate for Aggregates:

Overall estimate for aggregates for a stratum ( $\hat{Y}_s$ ) based on two sub-samples is obtained as:

$$\hat{Y}_s = \frac{1}{2} \sum_{m=1}^2 \hat{Y}_{sm}$$

3.4 Overall Estimate of Aggregates at State/UT/all-India level:

The overall estimate  $\hat{Y}$  at the State/ UT/ all-India level is obtained by summing the stratum estimates  $\hat{Y}_s$  over all strata belonging to the State/ UT/ all-India.

3.5 Estimates of Ratios:

Let  $\hat{Y}$  and  $\hat{X}$  be the overall estimates of the aggregates Y and X for two characteristics y and x respectively at the State/ UT/ all-India level. Then the combined ratio estimate ( $\hat{R}$ ) of the ratio

$(R = \frac{Y}{X})$  will be obtained as  $\hat{R} = \frac{\hat{Y}}{\hat{X}}$ .

3.6 Estimates of Error: The estimated variances of the above estimates will be as follows:

3.6.1 For aggregate  $\hat{Y}$ :

$V\hat{a}r(\hat{Y}) = \sum_s \sum_t V\hat{a}r(\hat{Y}_{st})$  where  $V\hat{a}r(\hat{Y}_{st})$  is given by

$V\hat{a}r(\hat{Y}_{st}) = \frac{1}{4} (\hat{Y}_{st1} - \hat{Y}_{st2})^2$  where  $\hat{Y}_{st1}$  and  $\hat{Y}_{st2}$  are the estimates for sub-sample 1 and sub-sample 2 respectively for stratum 's' and sub-stratum 't'.

3.6.2 For ratio  $\hat{R}$  :

$$M\hat{S}E(\hat{R}) = \frac{1}{4\hat{X}^2} \sum_s \sum_t \left[ (\hat{Y}_{st1} - \hat{Y}_{st2})^2 + \hat{R}^2 (\hat{X}_{st1} - \hat{X}_{st2})^2 - 2\hat{R}(\hat{Y}_{st1} - \hat{Y}_{st2})(\hat{X}_{st1} - \hat{X}_{st2}) \right]$$

3.6.3 Estimates of Relative Standard Error (RSE):

$$R\hat{S}E(\hat{Y}) = \frac{\sqrt{V\hat{a}r(\hat{Y})}}{\hat{Y}} \times 100$$

$$R\hat{S}E(\hat{R}) = \frac{\sqrt{M\hat{S}E(\hat{R})}}{\hat{R}} \times 100$$

**Table B1: Number of first stage units (villages/blocks) allotted and surveyed by State / UT**

\* This will not include any assistance/ subsidy which are passed on to the consumers.

**Note 1: Mixed activity:** An enterprise at a location will be treated as pursuing mixed activity if it carries out a no. of activities simultaneously and accounts for those activities are not separable. The NIC-2008 Codes for those activities **should be different at 2-digit level**. If accounts are separable, each activity will be treated as separate enterprise.

**Note 2: Major activity:** It is that activity which yields maximum income (1<sup>st</sup>) / turnover(2<sup>nd</sup>) /employment(3<sup>rd</sup>) (in the order mentioned)

[2] particulars of operation and background information		Item no.	code			
(1)		(2)	(3)			
whether pursuing mixed activity? (yes – 1, no – 2)		201				
major activity code (5-digitd as per NIC 2008)		202				
description of the major activity:						
If 'yes' in item 201	principal minor activity code (5-digitd as per NIC 2008) [ 1 <sup>st</sup> 2 digits of item 202 ≠1 <sup>st</sup> 2 digits of item 203]	203				
type of ownership (code)		204				
Whether private non-profit institution? (yes-1, no-2)		205				
If 'yes' in item 205	Whether non-profit institutions serving households (NPISH)? (yes-1, no-2)	206				
If item 204 is '1' to '4'	social group of the owner / major partner (ST-1, SC-2, OBC-3, Others-4, not known-9)	207				
number of other economic activities taken up by the entrepreneur during the last 365 days (applicable if item 204 is '1' to '4')		208				
location of the enterprise (code)		209				
enterprise type during the last 365 days (Own Account Enterprise-1, Establishment-2)		210				
year of initial operation		211				
nature of operation (perennial – 1, seasonal – 2, casual – 3)		212				
number of months operated during the last 365 days		213				
number of hours the enterprise normally worked in a day during the last 30 days		214				
whether accounts maintained ? (yes-1, no-2)		215				
If 'yes' in item 215, whether data collected from books of accounts? (yes-1, no-2)		216				
did the enterprise face any problem in its operation during last 365 days? (yes-1, no-2)		217				
if yes in item 217, nature of problems faced in its operation during the last 365 days (at most two codes in order of severity of problems)	Most severe problem	218				
	Next severe problem	219				
did the enterprise receive any assistance from the government during last three years? (yes-1, no-2)		220				
if yes in item 220, types of assistance received from the government during the last three years (code) (at most 2 codes may be given in descending order of the importance of assistance)	Most important assistance	221				

		Next important assistance	222	
status of the enterprise over the last 3 years (expanding – 1, stagnant – 2, contracting – 3, operated for less than three years – 9)			223	
whether registered under any act/authority? (yes-1, no-2)			224	
<b>Type of registration of the enterprise</b>				
If 'yes' in item 224	whether registered under (yes-1, no-2)	Shops and Establishment Act?	225	
		Municipal Corporation/ Panchayats/ Local Body?	226	
		Vat /Sales Tax Act?	227	
		Provident Fund Act?	228	
		Employees State Insurance Corporation Act?	229	
	any other industry-specific Act/ Authority (give at most three codes)		230	
			231	
		232		
<b>Type of agreement with other units</b>				
Whether the enterprise has any prior marketing agreement with other units ? (yes-1, no-2)			233	
If yes in item 233, supply out of the produce of enterprise covered in the agreement (codes) (whole produce/services-1, portion of produce/services -2)			234	
coverage of the agreement with other units (codes)			235	
does the agreement cover post agreement input price escalation ? (yes-1, no-2)			236	
percentage of payments generally received at the time of sale / delivery under the agreement			237	
whether supplying to a single parent unit ? (yes-1, no-2)			238	
If yes in item 238, whether the parent unit has remained more or less the same in the past three years (only in case of enterprise existing for three or more years) (yes-1, no-2, not applicable-9)			239

<average> number of persons employed who routinely used computers during <reference period>.	1325	
<average> number of persons employed who routinely used the Internet at work during <reference period>.	1326	

Item No.	Explanatory Notes
1301	A computer refers to a desktop or a laptop computer. It does not include equipment with some embedded computing abilities such as mobile cellular phones, personal digital assistants (PDA) or TV sets.
1302	The Internet is a worldwide public computer network. It provides access to a number of communication services including the World Wide Web and carries email, news, entertainment and data files, irrespective of the device used (not assumed to be only via a computer - it may also be by mobile phone, games machine, digital TV, etc.). Access can be via a fixed or mobile network.
1303	A web presence includes a website, home page or presence on another entity's website (including a related business). It excludes inclusion in an on-line directory of any other webpages where the business does not have control over the content of the page.
1304	An intranet refers to an internal communications network using Internet protocols and allowing communication within an organization (and with other authorized persons). It is typically set up behind a firewall to control access.
1305	Orders received include orders received via the Internet whether or not payment was made online. They include orders received via websites, specialized Internet marketplaces, extranets, EDI over the Internet, Internet-enabled mobile phones and email. They also include orders received on behalf of other organizations – and orders received by other organizations on behalf of the business. They exclude orders that were cancelled or not completed.
1306	Orders placed include orders placed via the Internet whether or not payment was made online. They include orders placed via websites, specialized Internet marketplaces, extranets, EDI over the Internet, Internet-enabled mobile phones and email. They exclude orders that were cancelled or not completed.
1307	Narrowband includes analogue modem (dial-up via standard phone line), Integrated Services Digital Network (ISDN), Digital Subscriber Line (DSL) at speeds below 256 kbit/s, and mobile phone and other forms of access with an advertised download speed of less than 256 kbit/s. Narrowband mobile phone access services include CDMA 1x (Release 0), GPRS, WAP and imode
1308	Fixed broadband refers to technologies such as DSL, at speeds of at least 256 kbit/s, cable modem, high speed leased lines, fibre-to-the-home, powerline, satellite, fixed wireless, Wireless Local Area Network (WLAN) and WiMAX.
1309	Mobile broadband access services include Wideband CDMA (W-CDMA), known as Universal Mobile Telecommunications System (UMTS) in Europe; High-speed Downlink Packet Access (HSDPA), complemented by High-Speed Uplink Packet Access (HSUPA); CDMA2000 1xEV-DO and DCMA 2000 1xEV-DV. Access can be via any device (mobile

Item No.	Explanatory Notes
	cellular phone, laptop, PDA, etc.
1311	A LAN refers to a network connecting computers within a localized area such as a single building, department or site; it may be wireless.
1312	An extranet is a closed network that uses Internet protocols to share securely a business' information with suppliers, vendors, customers or other business partners. It can take the form of a secure extension of an intranet that allows external users to access some parts of it. It can also be a private part of the business' website, where business partners can navigate after authentication.
1314	VoIP refers to Voice over Internet Protocol
1317	Includes downloading/requesting forms online, making online payments and purchasing from, or selling to, government organizations. It excludes getting information from government organizations.
1318	Includes electronic transactions with a bank for payment, transfers, etc. or for looking up account information.
1319	Includes electronic transactions via the Internet for other types of financial services such as purchasing shares (stocks), financial services and insurance.
1321	Includes providing online or emailed product catalogues or price lists, product specification or configuration online, after-sales support, and order tracking online.
1322	Refers to products delivered over the Internet in digitized form, e.g. reports, software, music, videos, computer games; and online services, such as computer-related services, information services, travel bookings or financial services.
1323	Including providing information about vacancies on an intranet or website, and allowing online applications
1324	Includes e-learning applications available on an intranet or from the World Wide Web.
